## CHAIRMAN'S STATEMENT

DEAR SHAREHOLDERS,

ON BEHALF OF THE BOARD OF DIRECTORS ("THE BOARD"), I AM PLEASED TO PRESENT THE ANNUAL REPORT OF KIMLUN CORPORATION BERHAD ("OUR COMPANY") FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2017 ("FY2017").

### Our Performance

For FY2017, we achieved revenue of RM985.19 million, which was 4.7% higher compared to RM940.68 million registered in the financial year ended 31 December 2016 ("FY2016"). The higher revenue achieved in FY2017 was mainly attributable to higher revenue achieved by the construction division, partly offset by the decline in manufacturing and trading ("M&T") revenue.

Despite of the higher revenue achieved, we recorded a lower profit attributable to owners of the Company of RM68.48 million, which was 16.4% lower compared to the results achieved in FY2016. This was mainly attributable to lower profit generated by the M&T division consequential upon lower revenue and gross profit margin achieved by this division.

### Business Review

During FY2017, we secured, amongst others the following sizable projects and sales orders:

- (i) the construction of 2 blocks of condominiums and ancillary buildings at Mukim Petaling, Selangor for a contract sum of RM214.76 million;
- (ii) the construction of 1 block of office complex for Majlis Bandaraya Johor Bahru in Mukim of Plentong, Johor for a contract sum of RM263 million; and
- (iii) the supply of various pre-cast concrete components to Klang Valley MRT Line 2 and Singapore Thomson-East Coast MRT Line. The aggregate value of these sales orders was approximately RM49 million.

## CHAIRMAN'S STATEMENT

### Looking Ahead

The Board is consciously optimistic of our performance in 2018 on the back of estimated construction and manufacturing balance order book of approximately RM1.79 billion and RM0.34 billion respectively as at 31 December 2017. The Board is optimistic that the construction sector of Malaysia and Singapore will continue to be vibrant in 2018, thus offer order book replenishment prospects.

### Recent Corporate Development

During FY2017, the Company implemented a dividend reinvestment plan ("DRP") that provides the shareholders with an option to elect to reinvest their dividends in new shares of the Company ("New Shares") from the entire FY2016 final dividend ("Second DRP").

91.2% of shareholders had elected to reinvest their dividend pursuant to the Second DRP. The electable portion of the FY2016 final dividend which was not reinvested in new shares in the Company was paid in cash on 8 August 2017.

### Reward to Shareholders – Dividend

While we do not adopt a formal dividend policy, our Company has been declaring dividends within a range from 23% to 30% of the profit attributable to owners of the Company for the past 7 financial years. In respect of FY2017, the Board recommends a final single tier dividend of 5.5 sen per share. The recommended final dividend is subject to the approval of the shareholders at the forthcoming Annual General Meeting ("AGM"), and it represents a pay-out ratio of approximately 25.8% of FY2017's profit attributable to owners of the Company.

The Board has determined that the DRP will apply to the proposed final dividend in respect of FY2017 and all shareholders of the Company be given an option to reinvest the entire final dividend in New Shares ("Reinvestment Option"), subject to approvals being obtained from the following:

- (i) Bursa Securities for the listing of and quotation for the New Shares to be issued pursuant to the implementation of the DRP for the final dividend on the Main Market of Bursa Securities;
- (ii) Shareholders in the forthcoming AGM for the declaration of the final dividend and the issuance of such number of New Shares as may be required pursuant to the exercise of the Reinvestment Option by the shareholders; and
- (iii) Approval from other relevant authorities and/ or parties, if required.

Our Company is always mindful to reward our loyal shareholders who have supported our growth over the years while trying to strike a balance with the funding needs at our different development phases.

### Acknowledgement

On behalf of the Board, I would like to extend my heartfelt gratitude to our shareholders, bankers, customers, business partners and regulatory authorities for their continued support, guidance and assistance. Your Board would like to express our appreciation to our management team and employees for their hard work and dedication.

**Pang Tin @ Pang Yon Tin**  
Chairman

## CHAIRMAN'S STATEMENT

## 主席文告

敬爱的股东，  
本人谨代表董事局提呈金轮企业有限公司（“本公司”）截至2017年12月31日财政年（“2017财政年”）的年度报告。

## 我們的表現

我们在2017财政年的营业额报九亿八千五百一十九万令吉，较2016财政年的九亿四千零六十八万令吉，增长了4.7%，归功于建筑业务贡献较高的营业额。

虽然我们在2017财政年达到较高的集团营业额，但其中的制造和贸易业务的营业额和毛利润率却下降，导致该年的集团盈利下滑了16.4%。

## 业务回顧

我們在2017财政年接獲多宗的工程与销售订单，包括以下几项大型的工程与订单：

## 1. 共管公寓

获颁总值二亿一千四百七十六万令吉的合约，以在雪兰莪州八打靈區建設兩棟 共管公寓。

## 2. 办公大楼

获颁总值二亿六千三百万令吉的合约，以在柔佛州建設新山市议会的一棟办公大楼。

## 3. 捷运

获颁总值四千九百万令吉的供应合约，為巴生谷捷运第二条路线与及新加坡汤姆森东海岸捷运路线供应预制混凝土构件。

## CHAIRMAN'S STATEMENT

### 前景与展望

董事局对2018年的业务前景抱着谨慎乐观的态度。截至2017年12月31日，建筑与制造订单额分别为十七亿九千万令吉以及三亿四千万令吉。

董事局对马来西亚和新加坡的建筑领域在2018年的发展维持乐观。因此，我们接下来的合约订单前景仍将令人鼓舞。

### 企业最新进展

我们为2016财政年的终期股息进行了股息再投资计划 (DRP)，在该计划下股东们可以选择把他们的股息再投资在公司所发出的新股。多达91.2%的股东选择了把股息再投资，其余的股息则已在2017年8月8日以现金的方式付给股东。

### 股东回馈—股息

虽然本公司没有实行正规的股息政策，本公司在过去七个财政年的派息率都介于集团净利的23%至30%。

随着我们在2017财政年取得良好的盈利，董事局建议派发每股5.5仙的终期单层股息，惟需在来临的股东常年大会上获得股东批准。该终期单层股息，代表着2017财政年派息率为集团净利的大约25.8%。

董事局决定让股东们可以在DRP下选择把他们的2017财政年的终期股息再投资在公司所发出的新股，惟需获得以下的批准：

1. 大馬交易所批准在DRP下所發出的新股在大馬交易所主板上市
2. 股东们批准2017财政年的终期股息以及在DRP下發出新股
3. 其他監管單位的批准

一直以来，我们都致力地在派发股息以及保留资金供作未来发展用途之间取得平衡。

### 致谢

我谨代表董事会，衷心感谢我们的股东、来往银行、客户、业务伙伴以及有关监管当局对我们的持续支持，指导以及协助。董事会谨借此机会感谢我们的管理层以及员工的辛勤工作以及奉献精神。

彭廷  
主席

## MANAGEMENT DISCUSSION AND ANALYSIS

### FINANCIAL REVIEW

#### Group Revenue and Profitability

Revenue recorded in FY2017 was RM985.19 million which was RM44.51 million or 4.7% higher compared to the revenue achieved in FY2016. The higher revenue achieved in FY2017 was mainly attributable to higher revenue achieved by the construction division, partly offset by the decline in revenue from the manufacturing and trading ("M&T") division.

Our Group's gross profit ("GP") margin achieved in FY2017 of 14.1% was lower compared to 16.0% in FY2016 mainly due to lower GP margins achieved by both the construction and M&T divisions.

Despite of the higher revenue achieved in FY2017, our Group's GP decreased by RM11.34 million or 7.5% against FY2016 due to the lower GP margin achieved in FY2017.

The selling and administrative expenses in FY2017 increased by RM4.18 million compared to FY2016, mainly due to an increase in provision for doubtful debts of RM10.20 million, variance in foreign exchange difference of RM2.41 million, partly offset by a decrease in carriage outward expenses of RM9.78 million in line with lower delivery of finished goods to customers.

A foreign exchange loss of RM1.23 million was recorded in FY2017 compared to foreign exchange gains of RM1.18 million recorded in FY2016. The foreign exchange loss was incurred as Ringgit Malaysia strengthened against the Singapore Dollar during FY2017.

Finance costs were lower in FY2017 against FY2016 due to overall lower utilisation of financing facilities during the year as strong cash inflows were generated from operating activities.

Share of profit of joint ventures was lower in FY2017 mainly due to the completion of the property development project known as Cyber Bistari (Hyve) ("Hyve") carried out by a joint venture company in FY2016.

Income tax expense for FY2017 of RM21.70 million declined compared to FY2016, in line with the lower profit before taxation achieved, and the recognition of certain tax incentives available to the Group.

As a result of lower gross profit, other income and share of profit of joint ventures, coupled with higher expenses incurred, profit before taxation ("PBT") and profit after taxation ("PAT") of FY2017 of RM90.03 million and RM68.34 million respectively were lower than FY2016. This was 17.4% and 16.6% lower compared to the PBT and PAT of RM108.97 million and RM81.92 million achieved in FY2016, respectively.

Our net profit attributable to owners of the Company for FY2017 was RM68.48 million. The net profit attributable to owners of the Company has a commendable growth over the past 5 years, from RM35.72 million in the financial year ended 31 December 2013 to RM68.48 million in FY2017, registering a compounded annual growth rate of 17.7% per annum.

#### Segmental Revenue and Gross Profit\*

\*: The segmental revenue and gross profit stated in the commentary in relation to the respective segment was inclusive of inter-segment transactions.

#### Construction Division

The construction division's revenue grew by 14.5% to achieve higher revenue of RM872.43 million in FY2017 compared to RM761.98 million recorded in FY2016. The improvement in construction revenue was mainly due to higher balance orders in hand carried forward from FY2016 vis-à-vis the amount of balance orders in hand carried forward from FY2015 as tabulated in table 1 below, and the construction activities of several new projects picked up momentum during the year.

The construction division's GP margin declined from 12.4% in FY2016 to 12.2% in FY2017. The decline in GP margin was mainly due to the execution of better margin projects and the recognition of some larger variation orders approved in FY2016. Despite of lower GP margin achieved, GP increased by 13.1% from RM94.45 million in FY2016 to RM106.86 million in FY2017 on the back of higher revenue achieved.

#### M&T Division

The M&T division achieved a lower revenue of RM118.47 million in FY2017 compared to RM182.69 million recorded in FY2016, which is a decline of 35.2%, despite of the amount of balance orders in hand carried forward from FY2016 was higher vis-à-vis the amount of balance order in hand carried forward from FY2015, as follows.

Table 1

	Balance orders in hand carried forward from	
	FY2016	FY2015
Construction	RM1.67 billion	RM0.94 billion
M&T	RM0.26 billion	RM0.17 billion

This is mainly due to the completion of the tunnel lining segments ("TLS") supply orders for Singapore's underground power transmission network in FY2016 and Singapore MRT Thomson Line in the early part of FY2017, while the delivery of segmental box girders ("SBG") for Klang Valley Mass Rail Transit line 2 project ("KVMRT2") were minimal during FY2017.

GP margin declined from 30.6% in FY2016 to 22.7% in FY2017. The decline in GP margin was mainly due to:

- lower revenue achieved by the pre-cast concrete products sub-division; and
- approximately 22% of the M&T revenue was contributed by the new quarry products sub-division which earned a lower GP margin compared to the pre-cast concrete products sub-division.

The M&T division's GP declined by RM29.11 million in FY2017 to RM26.85 million as a result of lower revenue and GP margin.

## MANAGEMENT DISCUSSION AND ANALYSIS

**Property Development Division**

The property development division recorded revenue of RM15.71 million in FY2017 against RM6.31 million in FY2016 as more completed houses were sold during the period.

The Property Development division achieved a GP of RM3.12 million for FY2017, which was higher compared to RM0.80 million recorded in FY2016, on the back of higher revenue recognised and improvement in GP margin.

The improvement in GP margin of the property development division was mainly due to better margin products were sold during the period.

**Financial Position**

Shareholders' funds increased from RM539.26 million as at 31 December 2016 to RM607.64 million as at 31 December 2017, attributable to comprehensive income generated and issuance of shares pursuant to the dividend reinvestment plan and warrants conversion during FY2017.

Non-current assets increased from RM230.74 million as at 31 December 2016 to RM302.07 million as at 31 December 2017. This was largely due to the following:

- (i) the purchase of property, plant and equipment ("PPE") amounting to RM78.04 million during FY2017, partly offset by the depreciation charges of RM26.65 million. The PPE acquired were mainly site vehicles, heavy machineries including road rollers, motor graders, compactor and excavators to meet the requirements of construction projects, and crusher plant and premix plant for quarry operations; and
- (ii) the increase in land held for property development upon the completion of the acquisition of a land lease in Medini Iskandar ("Medini Lease") during FY2017.

Current assets increased from RM754.46 million as at 31 December 2016 to RM846.15 million as at 31 December 2017 mainly due to the combined effect of the following:

- (i) increase in inventories by RM55.44 million, mainly attributable to SBG stocks in hand following active production during FY2017, and the reclassification of the cost of unsold houses in Taman Puteri @ Pekan Nenas development from property development costs to inventories ("Reclassification of Development Costs") upon the completion of the said development during FY2017;
- (ii) decrease in property development costs by RM22.12 million due to Reclassification of Development Costs;
- (iii) net increase in trade and other receivables and other current assets by RM50.82 million, in line with higher scale of operation; and
- (iv) marginal increase in cash and bank balances by RM7.55 million.

Current liabilities increased from RM375.71 million as at 31 December 2016 to RM456.42 million as at 31 December 2017 mainly due to net increase in trade and other payables and other current liabilities by RM80.38 million, which in turn was attributable to higher deposits collected from customers, and higher scale of operation.

Non-current liabilities increased by RM13.78 million during FY2017 mainly due to the draw down of hire purchase facilities to finance the purchase of PPE during FY2017.

Net gearing ratio as at 31 December 2017 was 0.07 times, slightly higher than the ratio as at 31 December 2016 of 0.06 times.

**Cash Flow**

For FY2017, the Group registered net cash inflow from operating activities of RM89.45 million. Net cash used in investing activities of RM37.03 million was mainly for the purchase of PPE and Medini Lease. Net cash used in financing activities of RM45.23 million was mainly for the payment of dividend and repayment of loans and borrowings and finance leases, partly offset by the proceeds derived from the issuance of new shares pursuant to dividend reinvestment plan and warrants conversion. Due to the net cash inflow of RM7.18 million during FY2017, the Group's cash and cash equivalents was RM61.50 million as at 31 December 2017.

## MANAGEMENT DISCUSSION AND ANALYSIS

### PROSPECTS AND OUTLOOK

Your Board is consciously optimistic of our performance in 2018 on the back of estimated construction and manufacturing balance order book of RM1.79 billion and RM0.34 billion respectively as at 31 December 2017, contributed by numerous construction contracts and supply contracts. The balance order book provides a good earnings visibility to our Group and is expected to keep our Group busy for the next 2 years. Your Board is optimistic that the construction sector in Malaysia and Singapore will continue to be vibrant in 2018, thus providing opportunities to our Group to replenish its order book.

Our key challenges and risks include operational, credit, liquidity, human resources and market risks. Please refer to pages 51 to 52 of this Annual Report for nature of the key risks and the Group's control measures to mitigate the risks.

### Focus and Strategies for 2018 and 2019

#### Construction Division :

- Focus in the execution of projects in hand
- Leverage on the diversified construction services track record to actively bid for new public and private sector projects solely or jointly with parties whom have complementary strengths

#### Manufacturing Division :

- Focus in the production of pre-cast components for KVMRT Line 2 and Singapore MRT
- Bid for orders from KVMRT Line 3, Malaysia-Singapore High Speed Rail, Singapore Deep Tunnel Sewerage System (DTSS) and private sector

#### Property Development Division :

- Development planning of land bank in hand and in the pipeline
- Engage experience real estate agents and participate in roadshow to market balance stocks
- Explore potential land bank in strategic locations

We have commissioned a new premix plant in Sarawak during the last quarter of FY2017. Most of the products of this plant will be used in our Pan Borneo Highway Sarawak project ("PBH"). This plant together with our quarry operation in Sarawak will mitigate our risk of shortage in the supply and unfavourable price movement of aggregate and premix.

In addition, the Group plans to embark on feasibility study on expansion of our Industrialised Building System ("IBS") capability and capacity and automation of our operation.

## MANAGEMENT DISCUSSION AND ANALYSIS

### Malaysian Construction Sector

The sector is expected to benefit from the construction projects to be rolled out under the 11th Malaysia Plan ("11MP") covering the period from 2016 to 2020 ("Plan Period"). The construction sector is estimated to expand by 10.3% per annum during the Plan Period, attributable to continued civil engineering works and a growing residential subsector to fulfil the demand for housing, particularly from the middle-income group.

The Malaysian Government has allocated RM260 billion for development expenditure under the 11MP, up 13% as compared to 10th Malaysia Plan. The Group has secured the following contracts under the 11MP, which will keep the Group busy for the next few years:

- (a) the supply contracts in relation to the supply of SBG and TLS to KVMRT Line 2, with aggregate contract value of approximately RM252 million. The supplies of products under these contracts are expected to be completed in 2019; and
- (b) the PBH – our 30% held joint venture company, Zecon Kimlun Consortium Sdn Bhd was awarded with a work package under the PBH for a contract sum of RM1.46 billion. The estimated completion period of this project is end March 2020.

With the strong track record in various types of construction works, and the supply of pre-cast concrete components to KVMRT Line 1, KVMRT Line 2 and Singapore MRT projects, the Group will compete for potential contracts from civil engineering projects such as the KVMRT Line 3, Malaysia-Singapore High Speed Rail and Rapid Transit System, when opportunities arise. In addition, the Group will continue to seek for business opportunities from private sector's projects.

Further, the Group will continue to seek for business opportunities from the public and private sector's housing projects.

The residential sub-sector in Malaysia is expected to remain strong in view of the increased demand for housing, particularly from the middle income group, and the Malaysian Government's continuous support for home ownership. In response to the strong demand for affordable housing, the Malaysian government targets to construct one million units of affordable houses over a period of five years (2013-2018) under various housing schemes.

For larger scale of affordable houses development, we believe that most of these projects will be constructed using IBS construction method due to the Malaysian Government's policy that the content of IBS components in every new government project is to be increased to no less than 70% with effect from 31 October 2008, save for certain exceptions. Being one of the few established contractors with IBS design capabilities backed by pre-cast concrete manufacturing plants, we are in the position to take advantage on the roll out of these projects.

In response to property market slowdown since 2014, there is an increasing number of private sector property developers shifting their focus to launch larger quantum of affordable houses of various types to capture the mass market demand.

### Prospects in Johor Iskandar Malaysia ("IM")

As to the business prospects in Johor, our home base, your Board remains positive of order book replenishment prospects despite of the oversupply of mixed-use and higher end high-rise residential properties in IM which have resulted in some developers scaling back and slowing down on their launches of such properties in IM hotspot areas. This is in view of the followings:

- (i) some of these developers shifted their focus to landed properties, industrial parks or affordable homes developments, or moving out to suburbs which continue to see healthy demand;
- (ii) potential growth arose from the implementation of 11MP which:
  - (a) has identified strategies to accelerate investment and provide infrastructure for regional economic corridors including IM;
  - (b) has identified Johor Bahru as one of the four competitive cities for which city competitiveness master plans will be developed under the 11MP, based on the key principles that increase liveability and stimulate economic growth; and
  - (c) reaffirms that the Government will provide support to construct essential infrastructure such as roads, drainage, and utilities for RAPID development.

In addition, the proposed construction of Rapid Transit System Link connecting Johor Bahru and Singapore, and the High Speed Rail connecting Kuala Lumpur and Singapore is expected to boost the connectivity of IM upon completion, thus benefitting the region's growth and development greatly.

Our on-going construction projects within IM include the construction of service apartments, affordable apartments, offices, factories, hospital and infrastructure for a diversified clientele including UEM Sunrise Bhd Group, SP Setia Bhd Group, Mah Sing Group, United Malayan Land Bhd Group, IGB Corporation Bhd Group and IOI Properties Bhd Group.

The variety of construction jobs that we undertake demonstrates our capability to fulfil various construction requirements of different types and phases of development.

## MANAGEMENT DISCUSSION AND ANALYSIS

### Industrialised Building System (“IBS”)

We have witnessed an increase in demand for IBS construction method and pre-cast building components consequential upon the following developments affecting the construction sector:

- (a) the Malaysian Government's 70% IBS Content Policy;
- (b) the Construction Industry Transformation Programme (CITP), a five-year plan formulated by the Ministry of Works and CIDB Malaysia, targets that by 2020, 100% of public projects worth RM10 million and above must achieve a minimum IBS score of 70 whereas for private projects, the goal is to attain a minimum IBS score of 50; and
- (c) the shortage in the supply of foreign labour consequential upon the tightening of foreign labour policy by the Malaysian government from time to time, affecting in particular construction projects which adopts labour intensive conventional construction method.

With our IBS design capabilities, established pre-cast concrete manufacturing plants and proven track record in the construction of apartments, shopping malls, schools and semi-detached houses using IBS construction method, we believe that we are well positioned to reap greater opportunities arising from the above stated developments in the construction industry.

### Singapore Construction Sector

The total construction demand is projected to be between \$26 billion to \$31 billion in 2018, up from the \$24.5 billion (preliminary estimate) awarded in 2017. Public sector projects slated to be awarded this year include new public housing projects, redevelopment of National Skin Centre and Woodlands Integrated Health Campus, and mega infrastructure projects which include the second phase of the Deep Tunnel Sewerage System (“DTSS2”), North-South Corridor Expressway and new MRT works.

According to the Singapore Land Transport Master Plan, the Singapore government targets to extend its rail network to 360 km by 2030. Pursuant to the Singapore 2013 Land Transport Master Plan, there will be two new MRT lines with a total route length of 70 km and extension of a total route length of 8 km to existing lines to be built by 2030. According to Public Utilities Board of Singapore (“PUB”), the construction of Phase 2 of Singapore’s underground water superhighway for used water management, the DTSS2, which comprises a 40 km deep tunnel, 60 km link sewers and 12 km of deep seas outfalls has commenced in November 2017 and is targeted to complete by end 2024. The progressive award of work packages under DTSS2 is still ongoing.

Our subsidiary, SPC Industries Sdn Bhd (“SPC”) has supplied TLS to Singapore MRT projects since 2006. It secured approximately 40% of the total TLS orders of the completed Downtown Line 2 and 3, the on-going Thomson Line, Thomson East Coast Line. Further, SPC has been a frequent supplier of jacking pipes to various sewerage projects in Singapore.

With its strong track record in Singapore, SPC is well positioned to compete for further potential sales orders from future MRT and sewerage projects. The expansion of the rail network and DTSS2 present business opportunities for us to bid for TLS, sleepers and jacking pipes sales orders till 2030.

The increase in construction activities will have spill-over effects on the building and construction material industries, where we will bid for the supply of various types of pre-cast concrete products to MRT and non-MRT projects in Singapore and Malaysia.

### Property Development Ventures

The Hyve, which is within the central business district of Cyberjaya, Selangor was completed in July 2016. It achieved a take-up rate of 92% and the balance unsold stocks is valued at RM20 million.

Taman Puteri in Pekan Nenas, Johor was completed in March 2017, and the balance unsold stocks is valued at RM20 million.

Our Property Development division will continue its efforts to market the Hyve and Taman Puteri notwithstanding the softening of the property market.

In view of weaker market sentiment, we decided to defer the launching of our SOHO and retail properties development in Medini, and the bungalows development in Shah Alam U10. We are in the preliminary planning stage of our land bank in Kota Tinggi, Johor. The launching of the development on this land bank is not expected in the next 2 years.

## MANAGEMENT DISCUSSION AND ANALYSIS

We have entered into agreements to acquire the following properties ("New Land") to increase our land bank to ensure the availability of land for future development:

### New Land Bank in the Pipe Line

Location	Purchase Price (RM)	Expected Completion of Acquisition	Land Area, Tenure and Land Use On Completion of the Acquisition
Within Iskandar Puteri, Iskandar Malaysia, Johor	82 million	2018	29.00 acres freehold agriculture land
Within Meridin East township which is 2.5km away from the Senai-Desaru Highway, and approximately 28km from Johor Bahru city centre	22 million	2020	17.90 acres freehold commercial land
Within a matured township, Taman Sri Pulai Perdana, which is approximately 24km from Johor Bahru city centre	14 million	2020	5.15 acres freehold commercial land
Seksyen U10 Shah Alam. It is approximately 3km from the entrance of DASH Expressway	68 million	2020	47 units of vacant detached lots for bungalow development, and 30 units of bungalows, with total land area of 20.23 acres. All units are leasehold (expiring in 2103)

The purchase consideration of the New Land is expected to be satisfied by internally generated funds and bank borrowings. For illustrative purpose, assuming 60% of the purchase consideration is financed through bank borrowings, the Group's gearing ratio is expected to increase by 0.19 times, computed based on the audited shareholders' equity as at 31 December 2017.

Upon the completion of all the acquisitions, the total land bank of the Group will increase to 227 acres.

#### DIVIDEND POLICY

While we do not adopt a formal dividend policy, our Company has been declaring dividends within a range from 23% to 30% of the profit attributable to owners of the Company for the past 7 financial years.

Further, our Company has established a dividend reinvestment plan that provides our shareholders with an option to elect to reinvest their dividends in new shares in the Company.

Our Company is always mindful to reward our loyal shareholders who have supported our growth over the years while trying to strike a balance with the funding needs at our different development phases.

## GENERAL SUSTAINABILITY STATEMENT

### Introduction

Businesses that embrace sustainability are able to thrive together with the society that they serve in the long-term. In line with this, sustainability is an essential part of the corporate culture at Kimlun Corporation Berhad ("Kimlun") and its subsidiary companies ("the Group") that guides every aspect of our daily activities and is the key to our continued success. Our business units embrace sustainable business practices in tandem with our pursuit of sustainable economic growth.

We recognise that our operations would have an impact on economic, environment and social conditions of the communities within which we operate. We integrate our business approaches with key Economic, Environmental and Social aspects towards achieving and delivering long-term sustainable values to our stakeholders.

### Governance Structure

Sustainability is addressed at the highest level at Kimlun. Our Board of Directors oversees the business affairs of the Group and is collectively responsible for our long-term success. The main duties of our Board include providing leadership on Kimlun's overall strategy, which takes into consideration sustainability issues, its framework and policies. Our Board also ensures the adequacy of the Group's framework for risk management and internal controls. The Group's sustainability framework can be illustrated as follows:

## GENERAL SUSTAINABILITY STATEMENT

### Scope of Sustainability Reporting and Basis for the Scope

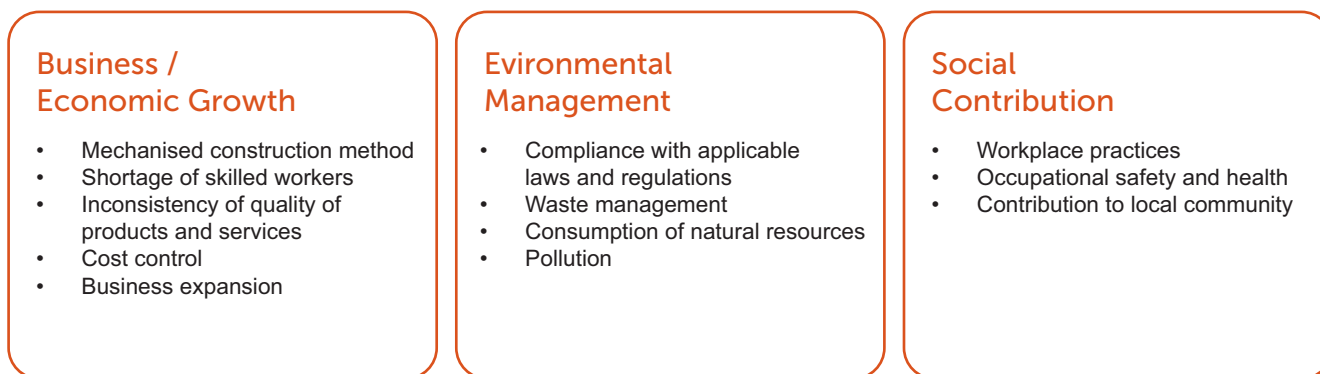

Our sustainability reporting covers our key business activities, namely construction and pre-cast concrete components manufacturing business carried out by our wholly-owned subsidiary companies. Property Development division has been excluded as its revenue contribution was minimal and not expected to be significant in the near future, and almost all of its construction needs are performed by our construction division. It also excludes joint ventures for which Kimlun does not have full management and/or operational control.

### Material Sustainability Matters (“MSM”)

In identifying our MSM which reflect our significant economic, environmental and social impacts, we have considered the following:

- (i) the nature of our business and our corporate strategy;
- (ii) risks assessment and risks scoring based on matrix developed pursuant to our enterprise risk framework;
- (iii) our understanding of our stakeholders’ needs. Our understanding of stakeholders’ need is obtained through our engagement with them by way of:
  - discussions
  - survey;
  - participation in activities conducted by external stakeholders such as public authorities, charitable organisations and investment banks; and
  - dialogues with financial analysts from time to time as a means of effective communication that enables the Company to convey information relating to the Company’s performance, corporate strategy and other matters which may be of interest to the investing community, at the same time obtain feedback from the financial analysts.

Based on our assessment, the most significant MSM identified and categorised into three broad categories as follows:

### Management of Sustainability Matters

The construction industry is generally regarded as labour intensive, dangerous and polluting. Construction projects involve long periods of work and delivery, complicated processes and rely heavily on in-situ construction methods involving the use of formworks and a huge amount of wet trades. The main challenges faced by the industry players include shortage of skilled labour, quality of works, cost control as well as compliances with the laws and regulations in relation to safety, health and environment. Occupational safety and health is always a challenge as the industry has a high level of work site accident injuries and fatalities. Construction activities are also inherently harmful to the environment, impacting the environment with noise, dust, muddy run-offs, and significant amounts of waste. In addition, the industry is very competitive and its vibrancy depends on property development projects and public sector projects planned and launched by the respective project owners.

The ability to deal with these challenges will have direct impact on the performance of the Group and its sustainability.

Generally, our key operation processes are governed by approved policies and procedures to ensure amongst others, that our operations are conducted in an orderly manner for delivery of quality products and services, and in compliance with applicable laws and regulations.

## GENERAL SUSTAINABILITY STATEMENT

We have taken the following actions to deal with the challenges and MSM identified :

**Industrialised Building System ("IBS")**

IBS is a technique of construction whereby components are manufactured in a controlled environment, either at-site or off-site, and transported, positioned and assembled into construction works.

We recommend our clients to adopt IBS in their project, and we have an IBS design team backed by pre-cast concrete manufacturing plants to assist our client as early as at the development planning stage. For those developments which the involvement of our construction arm, Kimlun Sdn Bhd ("KLSB"), begins only at construction stage, KLSB will advise its client to convert some elements to IBS component/pre-cast components. KLSB actively creates awareness and receptiveness of IBS construction method among its clients as this method renders:

- (i) Higher quality products with lower wastage due to factory-controlled prefabrication environment. This reduces pollution which may be caused by construction waste and lesser wastage of natural resources such as iron and cement;
- (ii) Shorten time of construction due to the introduction of prefabricated components replacing on-site construction. The reduction in construction period reduces the inconvenience caused to the public during construction period;
- (iii) Lower reliance on foreign labour. This reduces the social impact arising from employing foreign labour for construction works.

## GENERAL SUSTAINABILITY STATEMENT

### Occupational Safety and Health

KLSB recruited a qualified personnel with extensive experience in SH to lead its SH team. His scope of responsibility includes overseeing KLSB's compliance of SH related matters, recommend appropriate compliance measures and seek for appropriate advisory services from relevant specialist where necessary. He is assisted by a team of more than 20 SH personnel with various years of experience and qualification.

SPC is accredited with Occupational Health and Safety Management Certification (OHSAS) 18000, an international standard which provides a framework to identify, control and decrease the risks associated with SH within the workplace. It follows the guideline under the OHSAS 18000 as to its planning for hazard identification, risk assessment and SH management. The SH committee which comprise of the senior management of SPC and representatives of production workers oversee SH matter of SPC.

The SH's activities include:

- identify and assess the potential hazards in the workplaces, and summarised risks identified into a risk assessment report;
- recommend SH practices and protection equipment to manage the risk;
- conduct induction training when contractors first enter into the new project site;
- perform periodic tool box briefing which emphasize on SH matters and enforce the requirement of personal protective equipment; and
- conduct workplace audit to identify SH compliance. Non-conformance will be recorded and any issue noted will be followed up for resolution.

We also require our sub-contractors to ensure their workers comply with SH practices recommended by us. KLSB implements a reward and punishment system which is applicable to both our and our sub-contractors' workers. Workers who have shown good SH attitude, proactive in SH matters and comply with our SH requirements, will be rewarded with monetary incentives to be decided by the SH Committee whereas worker who does not comply with our SH requirement will be imposed with penalty.

We provide appropriate personal protective equipment to our employees in accordance with their job requirements. We have also in place in every construction sites safety devices such as safety net for arresting falling or flying objects for the safety of people beyond or below the net, and fire extinguishers for fire fighting purpose.

To relieve the financial burden of our employees in seeking medical treatment and ensuring medical treatment is sought timely, we purchase hospital and surgical insurance and personal accident insurance for our local employees, and workmen compensation insurance for our foreign labour.

### Corporate Social Responsibility

Corporate social responsibility has formed part of the core values that Kimlun will always uphold while conducting itself as a responsible business entity. We are always mindful of contributing back to the local community where we derive our economic benefits. We recognise the essential needs to safeguard the welfare of our employees and to contribute to the community where our Group operates in. In line with these core fundamental values, we always strive to seek a balance between our social responsibilities and our obligations to maximise value for our shareholders.

### Welfare of Employees

Human capital is the key asset of Kimlun. Our employees' development is critical to the Company's growth. We provide a conducive environment where our employees can explore, express, exchange and execute ideas for individual as well as collective excellence.

We practice equal employment opportunity and there are no barriers to employment or development in our Group by reason of an individual's gender, race, religion and age. The recruitment or promotion of a candidate is dependent on our organisational needs, the candidate's skills, experience, core competencies and other qualities.

## GENERAL SUSTAINABILITY STATEMENT

To be a high-performance organisation, it is crucial to develop a competent, capable and motivated workforce that can meet the business challenges of today and tomorrow. The nature of our business is such that we require specialist technical and engineering expertise. Hence, we continuously undertake concerted efforts to groom our employees towards realising their fullest potential. During the year, we arranged numerous customised internal and external training programs in relation to our core businesses in order to improve our employees' technical knowhow.

Safety and quality continues to be a priority in our operations. Occupational health and safety not only contributes to corporate goals but also plays a part in the social and ethical role of the organisation. We inculcate the culture of safety, health and environmental consciousness in our business operations, and provide and maintain safe systems of work, make arrangements for ensuring the safe use, handling, storage and transport of equipment and materials, as well as provide necessary information, instruction, training and supervision to our employees.

Various internal training and external courses in relation to occupational health and safety, and quality management system were conducted during the year to ensure a safe working environment, and that a systematic and efficient construction and production process was upheld. For the year under review, we spent approximately RM283,000 for staff training and development.

### **Contribution to Community**

We also serve the community to improve the quality of the lives of the less fortunate. During the year, we supported numerous organisations and causes, either directly or in conjunction with other enterprises, mainly via monetary contribution and sponsorship. In terms of charitable contributions to society, we had spent approximately of RM785,000. Amongst the charitable bodies, parties and events that we had supported were TPBIP Fonguang Foundation Education Institution Building, Pertubuhan Ihsan Johor, Eco World Charity Dinner, Mah Sing Foundation, Rotary Club of Johor Bahru-OCBC Charity Walkathon 2017 and Penang flood victims through Penang Chinese Town Hall .

We participated in various local government agencies' initiatives to build a caring society with united and harmonious living environment. We also supported the Pertubuhan Kebajikan Mental Selangor, Tabung Kebajikan Kesatuan Pekerja - Pekerja Rendah Awam – PBT Johor, Malam Jasa Pahlawanku PVATM (Kebajikan) and Persatuan Pesara Polis Negeri Johor during the year.

# CORPORATE GOVERNANCE OVERVIEW STATEMENT

## INTRODUCTION

The Board of Directors (“the Board”) is accountable and responsible for the performance and affairs of Kimlun Corporation Berhad (“the Company”), including practising a high level of good governance. All Board members are expected to show good stewardship and act in a professional manner, as well as upholding the core values of integrity and enterprise with due regard to their fiduciary duties and responsibilities. To this end, the Board implements the principles and practices of the Malaysian Code on Corporate Governance 2017 (“MCCG 2017”) towards achieving corporate excellence.

This Corporate Governance Overview Statement sets out the principal features of the Company and its subsidiaries’ (collectively referred to as “the Group”) corporate governance approach, summary of corporate governance practices during the financial year as well as key focus areas in relation to corporate governance for the financial year ended 31 December 2017 (“FY2017”). The detailed application for each practice as set out in the MCCG 2017 is disclosed in the Corporate Governance Report (“CG Report”) which is available on the Company’s website at <http://www.kimlun.com> and via an announcement on the website of Bursa Malaysia.

## A. BOARD LEADERSHIP AND EFFECTIVENESS

The Board adopted a Board Charter which sets out the authority, role, responsibilities, membership and operation of the Board. The Board reviews the Board Charter from time to time and makes any necessary amendments to ensure it complies with relevant laws, regulations and practices, and remain relevant and effective in the light of the Board’s objectives. The last review of the Board Charter was on 29 March 2018.

The Board Charter is accessible at <http://www.kimlun.com>.

### Authority

The Board’s roles and responsibilities are governed by the Constitution of the Company and also in accordance with the Companies Act 2016, the Main Market Listing Requirements (“MMLR”) of Bursa Malaysia Securities Berhad (“Bursa Securities”), the MCCG 2017 of Securities Commission Malaysia (“SC”), the Capital Markets and Services Act 2007 (“CMSA”) and any other prevailing regulatory corporate governance practices and laws.

### Board Composition

The Constitution of the Company provides for a minimum of two directors and a maximum of ten directors. In compliance with Paragraph 15.02 of the MMLR, there shall be at least two directors or one-third (1/3) of the Board, whichever is higher, who are Independent Directors.

The Board consists of eight qualified individuals with diverse set of skills, experience and knowledge necessary to govern the Company. Three of the Directors are Independent Non-Executive Directors (“Independent Director”), thus the Company has complied with Paragraph 15.02 of the MMLR. The composition and size of the Board is such that it facilitates the decision making of the Company.

The Independent Directors provide objective and independent views and judgement in decision-making processes of the Board covering issues of strategy, performance and risks. The presence of the Independent Directors fulfills a pivotal role in corporate governance accountability and ensures the interests of all shareholders are indeed taken into account by the Board.

Pursuant to Practice 4.2 of the MCCG 2017, the tenure of an Independent Director shall not exceed a cumulative term of nine (9) years. However, upon completion of the 9 years, the Independent Director may continue to serve the Board as a Non-Independent Director. If the Board intends to retain an Independent Director beyond 9 years, it shall provide justification and seek annual shareholders’ approval. The maximum tenure of an Independent Director shall not exceed a cumulative term of twelve (12) years.

The size and composition of the current Board is well balanced with a good and appropriate mix of knowledge, skills, attributes and core competencies. The Board which currently comprises of three Independent Directors and five Executive Directors is able to discharge its duties professionally and effectively, uphold good governance standards in their conduct and that of the Board.

The Independent Directors are able to exercise strong independent judgement and provide balance to the Board with their unbiased and independent views, advice and judgement to all Board deliberations. All the Independent Directors fulfill the criteria of independence as defined in the MMLR and they impartially provide check and balance to the Board.

The Executive Chairman has demonstrated strong commitment and judgement in overseeing the management function, looking after the best interest of all shareholders and ensuring that contributions by all Directors were forthcoming on matters being deliberated and that no particular Board member dominated in any of the discussions. This ensures the balance of power and authority within the Board.

## CORPORATE GOVERNANCE OVERVIEW STATEMENT

The Board does not have a formal policy on boardroom and senior management diversity, nevertheless the Board is committed to ensuring directors and senior management of the Company possess diverse sets of skills, knowledge and experience. In addition, the directors of the Company must have the ability to devote sufficient time and attention to the Company, and are independent taking into account the candidate's character, integrity and professionalism.

On boardroom diversity, the current composition of the Board is diverse in terms of skills, experiences, gender, age and nationality. The background of each Director can be found on pages 6 to 9 of this Annual Report. Despite the Group is operating mainly in the construction industry which is male-dominant whereby males made up of 86% of the Group's work force, the Board is supportive of the boardroom gender diversity recommended by MCCG 2017 as the Board currently has a female member (i.e. 12.5% of the Board). The Board is committed to have at least one female Director on the Board. Underpinning the Company's boardroom gender diversity is the commitment to ensure that all Directors are appointed on merit, in line with the standards as set out in Paragraph 2.20A of the MMLR. The Board through the Nomination Committee ("NC") will review the proportion of the female to male board members during the annual assessment of the Directors' performance taking into consideration the appropriate skills, experience and characteristics required in the context of the needs of the Group. At the subsidiary companies level, 50% of the directors (other than those Directors(s) who also serve on the board of subsidiary companies) appointed by the Company to represent its interest in the subsidiary companies are female.

The Group practices equal employment opportunity, there are no barriers to employment or development in our Group by reason of an individual's gender. The recruitment or promotion of a candidate to the position of senior management is dependent on our organisational needs, the candidate's skills, experience, core competencies and other qualities.

The Board is satisfied with the level of time committed by its members in discharging their duties and roles as Directors of the Company. All the Directors have high attendance at the Board meetings or committee meetings (where applicable) during FY2017, and complied with Paragraph 15.06 of the MMLR on the limit of five directorships in public listed companies.

The Board acknowledges the recommendations by the MCCG 2017 that at least half of the board comprises independent directors. The Board will assess the impact of the recommendations on the composition of the Board, and endeavour to adopt the recommendation within three years.

The Board does not consider that it is necessary to nominate a Senior Independent Non-Executive Director to whom concerns may be conveyed. All members of the Board have demonstrated that they are always available to members and stakeholders whereby all issues can be openly discussed during Board meetings.

The composition and size of the Board are reviewed from time to time to ensure its appropriateness.

### Appointment

The NC is responsible for making recommendations to the Board for the appointment of new Directors. All nomination to the Board shall first be considered by the NC, taking into consideration inter-alia the current and future needs of the Group, the Corporate Governance Guide issued by Bursa Securities and the credential of the potential Director.

The NC shall meet with the shortlisted candidates to assess their suitability before formally considering and recommending them for appointment to the Board. In assessing the suitability of candidates, the NC shall consider the candidates' characters, experiences, competencies, integrity, time commitment and other qualities, and board diversity including gender diversity and the mix of skills, qualifications, expertise and experience, knowledge, professionalism and integrity which would contribute to the overall desired composition of the Board.

Based on the NC's recommendation, the Board will evaluate and decide on the appointment of the proposed candidates. Prior to such appointment, the selected candidate will be briefed on the Company's vision and mission, its philosophy and nature of business, the corporate strategy and the expectations of the Company concerning input from Directors.

### Election and re-election

Pursuant to Article 93 of the Company's Constitution, Directors appointed during the year by the Board shall hold office until the next Annual General Meeting ("AGM") and shall then be eligible for re-election. In accordance with Article 86 of the Constitution, at least one-third (1/3) of the Directors shall retire from office at every AGM. All Directors shall retire from office at least once every three years but shall be eligible for re-election. Retiring Directors who are seeking re-election are subject to Directors' assessment by the NC.

In FY2017, the NC had reviewed all Directors who are due for retirement by rotation, and standing for re-election at the Company's Ninth AGM. The NC found that they met the criteria of character, experience, integrity, competence and time to effectively discharge their respective roles as Directors as prescribed by the MMLR.

## CORPORATE GOVERNANCE OVERVIEW STATEMENT

### Independence of Director

The Board only considers Directors to be independent where they are independent of management and free from any business or other relationship that could materially interfere with or could reasonably be perceived to interfere with the exercise of their unfettered and independent judgement.

The NC reviews the independence of each Independent Non-Executive Director annually or whenever necessary, in light of information relevant to this assessment as disclosed by each Independent Non-Executive Director to the Board.

None of the Independent Non-Executive Directors has served on the Board for more than nine years, however, all of them would have exceeded the cumulative tenure of nine years after 23 October 2018. The NC has assessed the independence of all Independent Non-Executive Directors during FY2017, and has determined and informed the Board that all Independent Non-Executive Directors remain objective and independent. The Board concurred with the findings of the NC, and considered the suitability of each of the Independent Non-Executive Directors to continue to act as independent directors of the Company. The Board resolved to seek shareholders' approval for all the Independent Non-Executive Directors to continue serving as independent directors based on the following justifications:

- (i) each of them has fulfilled the criteria under the definition of independent as set out in the MMLR;
- (ii) each of them has during their present tenure as Independent Non-Executive Director developed valuable insight of the Group and its business. Their experience enables them to discharge their duties and responsibilities independently, objectively and effectively in the decision making processes of the Board;
- (iii) each of them has vast experience, knowledge and skills in a diverse range of business and therefore provide constructive opinion, counsel, oversight and guidance as directors; and
- (iv) each of them has devoted sufficient time and attention to their professional obligations to the Company for informed and balanced decision making

On the same justification, with regards to the one Independent Director who is seeking for re-election pursuant to Article 86 of the Company's Constitution at the forthcoming Ninth AGM, the Board recommends and supports his re-election.

### New Directorship

While the Board allows its Directors to accept appointments to other boards, the Directors are required to discuss with the Chairman and the Chief Executive Officer ("CEO") before accepting the new appointment and to indicate the time expected to be spent on the new appointment.

### Role of Board

The Board's role is to represent and serve the interests of the shareholders. It is primarily responsible for overseeing and supervising the management of the business affairs of the Group.

The responsibilities of the Board include:

- (i) Formulating the Group's strategic plans and strategies with economic, environmental and social considerations in line with sustainability practices for the Group;
- (ii) Overseeing the conduct of the Group's business to evaluate whether the business is being properly managed with good corporate governance;
- (iii) Establishing an effective risk management and internal control framework which includes identifying the principal risks and ensuring the implementation of appropriate systems to manage these risks;
- (iv) Succession planning including assessing that all candidates for senior management position are of sufficient calibre;
- (v) Developing and implementing an investor relation programme and shareholder communication policy for the Company;
- (vi) Together with senior management, promote good corporate governance culture which reinforces ethical, prudent and professional behaviour;
- (vii) Reviewing the adequacy and the integrity of the Group's risk management framework and internal control systems, including systems for compliance with applicable laws, regulations, rules, directives and guidelines; and
- (viii) ensuring the integrity of the Company's financial and non-financial reporting.

## CORPORATE GOVERNANCE OVERVIEW STATEMENT

Matters which shall be reserved for decision by the Board, supported by any recommendation as may be made from time to time by the Board Committees (as appropriate) include:

- (a) Approval of corporate plans and programmes;
- (b) Approval of annual budgets;
- (c) Approval of new ventures;
- (d) Approval of material acquisitions and disposals of undertakings and properties;
- (e) Approval of the annual financial statements and interim reports; and
- (f) Any matters or transactions that fall within the ambit of the Board pursuant to the Companies Act 2016, MMLR, the Company's Constitution or any other applicable laws and regulations.

The Board delegates responsibility for the day-to-day operation of the Group's business to the Executive Directors and recognizes its responsibility for ensuring that the Group operates within a framework of prudent and effective control.

### **Chairman and Chief Executive Officer ("CEO")**

The roles and responsibilities of the Chairman and the CEO are clearly defined and segregated to ensure a balance of power and authority such that no one individual has unfettered power of decision. The Chairman is responsible for leadership of the Board in ensuring the effectiveness of all aspects of its role.

The responsibilities of the Chairman include:

- (a) leading the Board in its responsibilities for the business and affairs of the Company and its oversight of management;
- (b) overseeing the Board in the effective discharge of its supervisory role;
- (c) ensuring the integrity and effectiveness of the governance process of the Board;
- (d) facilitating the effective contribution of all Directors and ensuring constructive relations be maintained between the Board and Management;
- (e) ensuring that there is regular and effective evaluation of the Board's performance; and
- (f) ensuring appropriate steps are taken to provide effective communication with stakeholders and that their views are communicated to the Board as a whole

The CEO is responsible for implementing the policies and decisions of the Board, overseeing day-to-day operations as well as development and implementation of business and corporate strategies and plans. All Board authorities conferred on the management is delegated through the CEO and this will be considered as the CEO's authority and accountability.

### **Board Committees**

The Board, in discharging its fiduciary duties, may from time to time establish Committees as it considers necessary to assist it in carrying out its responsibilities.

The Board has established three Board Committees, namely Audit Committee ("AC"), NC and Remuneration Committee ("RC"), each entrusted with specific tasks and operates within clearly defined terms of reference approved by the Board. The Chairman of the respective Committees reports to the Board on the outcome of the Committee meetings and such reports or minutes will be included in the Board papers.

The respective committees' terms of reference are available for reference at the Company's website at <http://www.kimlun.com>.

#### **a. Audit Committee**

Please refer to pages 47 to 49 of this Annual Report for composition of the AC, AC meetings held and the summary of activities of AC in the discharge of its duties during FY2017.

**Board Meetings and Attendance**

The Board shall meet at least five times a year. Directors are informed at the end of each year about the number and the tentative dates of Board meeting and Board committee meetings in the following year. In exceptional circumstances, additional meetings may be convened. During Board meetings, the CEO and members of the Management team, will table and present reports for the Board's consideration, deliberation and direction.

Directors are required to inform the Board of conflicts or potential conflicts of interest they may have in relation to particular items of business transacted by the Group or the Company. The interested Directors should abstain themselves from discussion or decisions on matters in which they have a conflicting interest.

The Chairman of the AC, RC and NC would inform the Directors at Board meetings of any salient matters noted by the Committee and which require the Board's notice, direction or approval.

Agenda, board papers and any other documents are made available around seven days in advance to the Board to facilitate well-informed Board deliberation and decision-making. In addition, members of the Management are frequently invited to the Board meetings to explain and clarify the items tabled to the Board.

All proceedings of the Board meetings are minuted. All Board members ensure that the minutes of meetings accurately reflect the deliberations and decisions of the Board.

### Access to Information and Independent Professional Advice

All Directors, whether as a full Board or in their individual capacity have unrestricted access to all information of the Group on a timely basis in an appropriate form and quality necessary to enable them to discharge their duties and responsibilities. In exercising their duties, the Directors have unrestricted access to the advice and services of the Company Secretary and are also entitled to obtain independent professional opinions or advice from external consultants at the Company's expenses, when the need arises. Any request for professional opinions or advice from external consultants shall be raised for the consideration and consent of the Chairman. Upon his consent of the request, the Chairman shall authorise a Director or a member of the Senior Management to source for the advice of a suitable professional advisers or external consultants, based on the requirements of the Board.

### Directors' Remuneration

On an annual basis, the RC considers market competitiveness, business results and individual performance in evaluating the Executive Directors' remuneration. The RC will then recommend to the Board, the remuneration package for the Directors. The Board, as a whole, will determine the level of remuneration paid to its Directors, taking into consideration the recommendation of the RC.

The level and make-up of remuneration should be effective and sufficient enough to:-

- attract and retain the Directors needed to run the Group successfully; and
- motivate and create incentives for Directors to perform at their best;

The remuneration package for Executive Directors comprises of a number of separate elements such as basic salary, allowances, bonuses and benefit-in-kind. The level of remuneration of the Executive Directors takes into consideration the Directors' contribution and commitment to the Company, the performance of the Group, the compensation levels for comparable positions among other similar Malaysian public listed companies and market condition.

In the case of Non-Executive Directors, the level of remuneration should reflect the experience and level of responsibilities undertaken by the particular Non-Executive Director concerned. Non-Executive Directors will be paid a basic fee as ordinary remuneration and they will also be paid a sum based on their responsibilities in Board committees and for their attendances at the meetings. The fee is subject to the approval of the shareholders.

No Board member, whether executive or non-executive, will be involved in deciding his own remuneration.

During FY2017, the RC had reviewed the remuneration of the Directors taken into consideration the respective Director's experience, level of responsibility, contribution and commitment to the Company, the performance of the Group, the compensation levels for comparable positions among other similar Malaysian public listed companies and market condition. Based on the result of its review, the RC made recommendation to the Board on the remuneration package for the Directors for financial year ending 2018. The Board concurred with the recommendation of the RC, and that shareholders' approval be sought at the Ninth AGM on the payment of Directors' fees and benefits up to an amount of RM300,000 to the Independent Directors for the period commencing from the date of the forthcoming Ninth AGM until the next AGM of the Company.

The Group's top 5 senior management are the 5 Executive Directors of the Company. Their respective remuneration is disclosed above.

### Board Evaluation and Performance

The NC evaluates the effectiveness and performance of the Board as a whole, the Board Committees and the individual Directors on an annual basis. The process is internally facilitated and conducted through questionnaires covering a variety of assessment criteria.

The criteria on which assessment is made is developed, maintained and reviewed by the NC. The assessment criteria includes the mix of skills, experience, competency, time commitment, character, integrity, independence, ability to constructively challenge and contribute to the development of strategy, diversity and other qualities required to meet the needs of the Group and to comply with the provisions of the MMLR. The NC, upon discussion of the results, will present the findings to the Board.

Based on the evaluation conducted in FY2017, the NC found that the Board as a whole, the Board Committees and the individual Directors are effective and possess the criteria required to discharge their duties professionally and effectively, and uphold good governance standards in their conduct. The NC presented their findings to the Board, and the Board concurred with the findings of the NC.

## CORPORATE GOVERNANCE OVERVIEW STATEMENT

**Directors' Training**

All Directors of the Company have attended the Mandatory Accreditation Programme as required by the Bursa Securities. The Directors continue to update their knowledge and enhance their skills through appropriate continuing education programmes and life-long learning. This will enable Directors to effectively discharge duties and sustain active participation in the Board deliberations.

The Board is notified of training programmes or workshops conducted by Bursa Securities for its consideration of participation and the Board receives updates of the MMLR from the Company Secretary from time to time. The external auditors also briefed the Directors on any changes to the Malaysian Financial Reporting Standards that would affect the Group's financial statements during the financial year under review. All the Directors after assessing their own training needs, had attended the following training/seminar/conference:-

- (g) serve as a focal point for stakeholders' communication and engagement on corporate governance issues.

The Company Secretary's appointments and resignations are subject to Board's approval.

## CORPORATE GOVERNANCE OVERVIEW STATEMENT

### B. EFFECTIVE AUDIT AND RISK MANAGEMENT

#### Financial Reporting

The Board aims to present a balanced, clear and meaningful assessment of the Group's financial performance and position, and prospects in presenting the annual financial statements and quarterly reports as well as announcement to Bursa Securities. The Board is assisted by the AC in reviewing the Group's financial reporting processes and accuracy of its financial results, and scrutinising information for disclosure to ensure compliance with applicable approved accounting standards in Malaysia and the provisions of the Act.

#### Internal Control

The Board acknowledges its overall responsibility for maintaining a sound system of internal controls to safeguard shareholders' investment and the Group's assets. However, the Board recognises that such system is structured to manage rather than eliminate the possibility of encountering risk of failure to achieve corporate objectives.

The Statement on Risk Management and Internal Control is set out on page 50 of the Annual Report providing an overview of the state of internal controls, risk management framework and internal audit function within the Group.

#### Relationship with Auditors

The Company has established a formal, transparent and appropriate relationship with the Company's auditors, both internal and external. The internal auditors and the external auditors have direct access to the AC at all times. From time to time, the auditors will highlight to the AC and the Board matters that require the Board's attention.

The AC meets with the external auditors at least twice a year without the presence of Executive Directors and management to discuss their audit plan and audit findings. The AC reviews with the external auditors the annual audited financial statements before recommending them to the Board for its approval.

The AC assesses the effectiveness of both internal and external audit as well as the suitability, independence and objectivity of the external auditors. In its assessment, the AC considered several factors, which included adequacy of experience and resources of the firm and the professional staff assigned to the audit. Written assurance shall be obtained from the external auditors yearly, confirming their independence in accordance with the Bylaws (on Professional Ethics, Conduct and Practice) of the Malaysian Institute of Accountants.

Being satisfied with the external auditors, Ernst & Young's ("EY") performance, technical competency and audit independence, the AC recommended the appointment of EY as external auditors for FY2017. The Board at its meeting held on 29 March 2018 approved the AC's recommendation for the shareholders' approval to be sought at the Ninth AGM on the appointment of EY as external auditors of the Company for FY2018.

### C. INTEGRITY IN CORPORATE REPORTING AND MEANINGFUL RELATION WITH STAKEHOLDERS

#### DISCLOSURE POLICY, INVESTOR RELATIONS AND SHAREHOLDER COMMUNICATION

The Board shall place great importance in ensuring the high standards of transparency and accountability in its communication to shareholders, analysts and the public. The shareholders shall be informed of all material matters affecting the Company and Group.

The channels of communication, amongst others, are as follows:-

- (a) timely announcements made to Bursa Securities, which includes quarterly financial results, material contracts awarded, changes in the composition of the Group and any other material information that may affect investors' decision making;
- (b) conducts dialogues with financial analysts from time to time as a means of effective communication that enables the Board and Management to convey information relating to the Company's performance, corporate strategy and other matters affecting shareholders' interests;
- (c) The Company's website which provides easy access to corporate information pertaining to the Company and its activities and is continuously updated. All announcements made to Bursa Securities are updated on the Company's website as soon as practical.

## CORPORATE GOVERNANCE OVERVIEW STATEMENT

The AGM is the principal forum for dialogue with shareholders. At each AGM, a presentation is given by the CEO or the Finance Director ("FD") to explain the Group's strategy, performance and major developments to shareholders. The Board also encourages shareholders to participate in the question and answer session at the AGM.

Key investor relation activities during FY2017 include the followings:

- Semi-annually investors and financial analysts briefings;
- Participation in Invest Malaysia Kuala Lumpur event and other events or roadshows organised by investment banks;
- Private meetings with fund managers, investors and financial analysts

The Board is mindful on the importance of maintaining proper corporate disclosure procedures with the aim to provide shareholders and investors with comprehensive, accurate and quality information on a timely basis. Personnel and working team for preparing the disclosure will conduct due diligence and proper verification, as well as coordinate the efficient disclosure of material information to the investing public. The Company also ensures that confidential information is handled properly by Directors, employees and relevant parties to avoid leakage and improper use of such information.

### STRENGTHEN RELATIONSHIP BETWEEN COMPANY AND SHAREHOLDERS

The Company dispatches its notice of AGM to shareholders at least 28 days before the AGM, in advance of the notice period as required under the Companies Act 2016 and MMLR. The additional time given to shareholders allows them to go through the Annual Report and Circular to Shareholders, and make the necessary attendance and voting arrangements.

The Company allows a member to appoint a proxy who may be a member of the Company. If the proxy is not a member of the Company, he/she need not be an advocate, an approved company auditor or a person approved by the Companies Commission of Malaysia. The Company has also removed the limit on the number of proxies to be appointed by an exempt authorised nominee with shares in the Company for Omnibus account to allow greater participation of beneficial owners of shares at general meetings of the Company. The Constitution of the Company further accord proxies the same rights as members to speak at the general meeting. Essentially, a corporate representative, proxy or attorney is entitled to attend, speak and vote as if they were a member of the Company.

The AGM is the principal forum for dialogue with individual shareholders, as it provides shareholders the opportunity to ask questions about the resolutions being proposed or about the Group's operations in general. In every AGM, the CEO or FD conducts a presentation on the performance of the Group and encourages the shareholders to enquire about the Group's performance. The Directors, Company Secretary and the Company's external auditors are available to respond to the queries raised. The Share Registrar is available to attend to matters relating to shareholders' interests. Summary of key matters discussed at the AGM was published on the Company's website at <http://www.kimlun.com>.

Extraordinary General Meetings ("EGM") are held as and when required. When an EGM is held to obtain shareholders' approval on certain business or corporate proposals, comprehensive circulars to shareholders will be sent within prescribed deadlines in accordance with regulatory and statutory provisions.

The Board put all resolutions to vote by poll and make an announcement of the detailed results showing the number of votes cast for and against each resolution.

This statement is made in accordance with the resolution of the Board of Directors dated 29 March 2018.

# AUDIT COMMITTEE REPORT

## AUDIT COMMITTEE COMPOSITION AND MEETINGS

The members of the Audit Committee ("AC") comprise of:-

1. **Kek Chin Wu**  
Chairman / Independent Non-Executive Director
2. **Dato' Paduka (Dr.) Ir. Hj. Keizrul Bin Abdullah**  
Member / Independent Non-Executive Director
3. **Chua Kee Yat @ Koo Kee Yat**  
Member / Independent Non-Executive Director

The AC, which consists solely of Independent Non-Executive Directors, comprise qualified individuals with the required skills and expertise to discharge the committee's functions and duties. All members of the AC, including the Chairman, will hold office only so long as they serve as Directors of the Company. The members of the AC are financially literate and have contributed to meaningful discussions in overseeing the integrity of the financial reporting processes and financial statements.

Annually, the term of office, independence and performance of the AC and each of its members are assessed by the Nomination Committee. Based on the said assessment, the AC and its members are found to have effectively discharged its duties in accordance with its terms of reference. The Board and the Nomination Committee were of the view that the AC has provided valuable recommendations to assist the Board in making informed decisions. The Board is kept informed of the AC's deliberations through its minutes and report, which is a standing agenda item in the scheduled meetings of the Board.

During the financial year ended 31 December 2017 ("FY2017"), the AC met five (5) times. The AC meetings were appropriately structured through the use of agendas, which were distributed to members prior to the meeting. The meeting attendance of the AC members is as follows:

- (b) Reviewed the 2017 Circular to Shareholders in relation to the renewal of shareholders' mandate for Recurrent RPT, prior to its recommendation to the Board of Directors for approval.

## AUDIT COMMITTEE REPORT

### (5) Annual Report and Corporate Governance

- (a) Reviewed the application of corporate governance principles and the extent of the Group's compliance with the best practices set out under the Malaysian Code on Corporate Governance 2017 ("MCCG 2017"). In discharging its duty, the AC obtained the advices of the Company Secretary on MCCG 2017, and discussed with the Executive Directors on the application of the best practices set out under the MCCG 2017;
- (b) Reviewed the following statements/reports and recommended the same to the Board for inclusion in the 2017 Annual Report:
  - (i) General Sustainability Statement;
  - (ii) Corporate Governance Overview Statement;
  - (iii) Corporate Governance Report;
  - (iv) Statement on Risk Management and Internal Control; and
  - (v) Audit Committee Report.

### (6) Risk Management

Discussed with the Board of Directors, the material key risks affecting the Group, the mitigation plans and strategies implemented by Management and the residual risk scores of these risks.

### SUMMARY OF ACTIVITIES OF INTERNAL AUDIT FUNCTION

The Company has outsourced its internal audit function to a professional services firm. The internal audit function has been mandated to continually assess and monitor the Group's system of internal control.

During the financial year, the internal auditors carried out internal audit reviews to assess the adequacy and integrity of the system of internal control as established by the Management, so as to provide reasonable assurance that:-

- the system of internal control continues to operate satisfactorily and effectively;
- assets and resources are safeguarded;
- integrity of records and information is protected;
- internal policies, procedures and standards are adhered to; and
- applicable rules and regulations are complied with.

The scope of work, as approved by the AC, was essentially based on the risk profiles of individual business units in the Group, where areas of higher risk were included for internal audit. The internal audit covered key operational, financial and compliance controls, including the risk management process deployed by Management. Among the scope of coverage during the financial year were reviews of the procurement management system, safety and health function, related party transactions and production management system.

The internal audit reports ("IA Reports") with details on audit scope and methodology, process flow, critical process risks and relevant control activities, audit findings, areas of concern that require improvements, and audit recommendations were presented to the AC for its review and deliberation. The results of the audits in the IA Reports and the recommended corrective actions on reported weaknesses to be undertaken by the relevant Management team members within the required timeframes would be discussed at the Board meetings. The IA Reports were also forwarded to the Management for the necessary corrective actions. The internal auditors also conducted follow-up audits on key engagements to ensure that the corrective actions were implemented appropriately.

This statement is made in accordance with the resolution of the Board of Directors dated 29 March 2018.

# STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

## INTRODUCTION

The Board is committed to maintaining a sound system of risk management and internal control in the Group to safeguard shareholders' investments and the Group's assets. The Board is pleased to provide the Statement on Risk Management and Internal Control which outlines the nature and scope of risk management and internal control of the Group for the financial year ended 31 December 2017 ("FY2017") under review, in accordance with paragraph 15.26(b) of Main Market Listing Requirements of Bursa Malaysia Securities Berhad ("Bursa Securities"). For the purpose of this Statement, the Group comprises the holding company and its subsidiaries.

## RESPONSIBILITIES OF THE BOARD

The Board acknowledges the importance of maintaining effective and sound system of risk management and internal control, covering all its financial and operating activities, to safeguard shareholders' investments and the Group's assets. Notwithstanding this, due to the limitations that are inherent in any system of internal control, the Group's internal control system is designed to manage, rather than eliminate, the risk of failure to achieve business objectives, and can only provide reasonable but not absolute assurance against material misstatement or loss. Accordingly, the Board affirms its responsibility for the Group's system of risk management and internal controls and its commitment to review its effectiveness, adequacy and integrity to ensure implementation of an appropriate system to effectively and continuously identify, evaluate and manage principal risks of the Group and to mitigate the effects of the principal risks on achieving the Group's business objectives.

The Group's system of internal control covers risk management and financial, operational and compliance controls. The Board continually reviews the system of internal control to ensure that it provides a reasonable but not absolute assurance against material misstatement of financial information and records, or against financial losses or fraud.

The Board has established an ongoing process for identifying, evaluating and managing the significant risks faced by the Group. The Management assists the Board in the implementation of the Board's policies and procedures on risk and control by identifying and assessing the risks faced, and in the design, operation and monitoring of suitable internal controls to mitigate and control these risks.

The Board has received assurance from the Chief Executive Officer and the Chief Financial Officer that the Group's risk management and internal control system is operating adequately and effectively in all material aspects.

The Board has taken the necessary steps to ensure that appropriate systems are in place for the assets of the Group to be adequately safeguarded through the prevention and detection of fraud and other irregularities and material misstatements. The Board is of the view that the risk management and internal control system in place for the year under review and up to the date of issuance of the financial statements is adequate and effective.

## RISK MANAGEMENT FRAMEWORK

The Board has overall accountability for ensuring that risks are effectively managed across the Group, and on behalf of the Board, the Audit Committee ("AC") reviews the effectiveness of the Group's risk management process.

During FY2017, the Group operates within an enterprise risk management framework. A Risk Management Committee ("RMC") that comprises Executive Directors of the Company and appointed key management personnel has been established to assume the following functions:

- a) To oversee the risk management activities of the Group. The RMC supports the Board in fulfilling its responsibility for identifying significant risks and ensuring the implementation of appropriate systems to manage the overall risk exposure of the Group; and
- b) To review and recommend the Group's risk management policies and strategies for the Board's approval.

The main functions and duties of the RMC include, but are not limited to:

- (i) Provides oversight, direction and counsel to the Group risk management process which includes:
  - Evaluating and identifying new risks;
  - Reviewing and updating the Risk Register and ensuring that significant risks are being responded to appropriately; and
  - Monitoring the Group risk exposures and ensuring the implementation of management action plans to mitigate significant risks identified

## STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

- (ii) Evaluates the effectiveness of the risk management processes and support system to identify, assess, monitor and manage the Group's key risks;
- (iii) Meets with senior management on a semi-annual basis to discuss and deliberate on the significant risks affecting the Group within the context of the business objectives and strategy;
- (iv) Establish Group risk management guidelines and policies and ensure implementation of the objectives outlined therein and compliance thereto;
- (v) Recommends for the Board's approval the Group risk management policies, strategies and risk tolerance levels, and any proposed changes thereto;
- (vi) Reviews significant investment proposals

A risk management report is to be tabled for AC and Board discussion annually or at shorter interval where necessary. The report identifies principal risks affecting or are likely to affect the Group, and the appropriate systems or actions to manage the risks.

The key risks and some of the control measures for FY2017 are set out below:

Risk area	Control measures taken to mitigate the risks
<p>Operational Risks</p> <ul style="list-style-type: none"> <li>As in any business, the Group is subject to operational risks. ## STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

### Market risks

- The Group operates in a competitive environment and failure to compete effectively against its existing competitors and new market entrants will affect its performance
- Established quality control procedures and project tendering guidelines to ensure quality services and products to customers, and cost efficiency.
- Nurture close relationship with customers, sub-contractors and suppliers.
- Establish wide range of services and products to diversify product risks and reduce reliance on any particular services or products for revenue.
- Focus in more technical demanding products and services to create a market niche or speciality.
- Bid for projects jointly with parties which have complementary strength to the Group.
- Diversify base of customers, sub-contractors and suppliers.

### Human resource risks

- The Group believes its future success largely depends on the Group's ability to hire, develop, motivate and retain competent employees and key personnel. The Group's key management team may be difficult to replace as they have been instrumental in the development, growth and success of the Group
- Succession planning in human resources.
- Competitive remuneration packages to attract talents.
- Appropriate training and development to nurture and groom existing staff force.
- Internship program for university students to identify potential talents that the Group can employ.

## INTERNAL CONTROL

The Group has established an organisation structure outlining the lines of responsibilities and authorities for planning, executing, controlling and monitoring the business operations aligned to business and operations requirements which supports the maintenance of a strong control environment. It has extended the responsibilities of the AC and of the Board to include the assessment of internal controls through the internal audit function.

Other key elements of the system of internal control of the Group are as follows:-

- The Board established a hierarchical organisation structure with proper segregation of duties for key functions of the operations of the Group;
- Delegation of authority including authorisation limits at various levels of management and those requiring the Board's approval are clearly defined to ensure accountability and responsibility;
- Standard operating procedure manuals set out the policies and procedures for day to day operations to be carried out. Reviews are performed to ensure that documentation remains current, relevant and aligned with evolving business and operational needs;
- Formation of committee to evaluate and approve related party project tenders;
- Appointment of staff is based on the required level of qualification, experience and competency to fulfil their responsibilities. Training and development programmes are carried out to ensure that staff are kept up to date with the necessary competencies and knowledge to carry out their responsibilities towards achieving the Group's objectives;
- There is an annual budgeting process. The Board reviews the actual performance against budget;
- Regular and comprehensive information are provided to the Board for monitoring and tracking of performance of the Group;
- Periodic operational review meetings are held and attended by the Executive Directors, heads of department and key management staff to consider financial and operational issues of the Group as well as any management proposal;
- Active involvement of directors in the operation and management of newly set up branch and subsidiary companies;
- Centralised control of financial resources by head office of respective subsidiary companies;
- Formalised whistle blowing policy and code of conduct are established to ensure high standards of conduct and ethics in the business operations;
- ISO 9001:2008 Quality Management System has been implemented for certain subsidiaries of the Company. Annual surveillance audits are conducted by a certification body to provide assurance of compliance with ISO 9001:2008;
- Adequate insurance coverage and physical safeguarding of major assets are in place to guard against any mishap that may result in material losses to the Group;
- The internal audit function provides assurance of the effectiveness of the system of internal control within the Group. Internal audits are conducted to review the effectiveness of the control procedures and are directed towards areas with significant risks as identified by the AC and Management, and the risk management process is being audited to provide assurance on the management of risks; and
- Review of internal audit reports and follow-up on audit findings by the AC. The internal audit reports are deliberated by the AC and are subsequently presented to the Board on a quarterly basis where the AC sought clarifications from the Executive Directors on internal control matters and provided its views and recommendations on areas where improvements could be made.

## STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

### INTERNAL AUDIT FUNCTION

The Group has outsourced its internal audit function to a professional service firm. The firm and its assigned personnel are free from any relationships or conflicts of interest, which could impair their objectivity and independence. The internal audit function has been mandated to continually assess and monitor the Group's system of internal control. The total cost paid or payable by the Group to the professional service firm amounted to RM48,000 for FY2017.

The internal audit function adopts a risk-based approach and prepares its audit strategy and plans based on the risk profiles of individual business unit of the Group. These plans are updated periodically and approved by the AC. The internal audit function employs the widely used internal control guidance, the Internal Control - Integrated Framework issued by the Committee of Sponsoring Organisations ("COSO") of the Treadway Commission in assessing and monitoring the effectiveness of the Group's internal control. The monitoring, review and reporting arrangements undertaken by the Internal Auditor gives reasonable assurance that the internal controls embedded within the major business processes of the Group are appropriate to the Group's operations to adequately manage the key risks of the Group.

The key elements of the Group's internal audit function are described below:

1. Prepare a detailed Audit Plan based on a risk-based methodology with the scope and frequency of the internal audit activities for the AC's approval.
2. Carry out all activities to conduct the audits in an effective, professional and timely manner.
3. Report to the Management upon completion of each audit on any significant control lapses and/or deficiencies noted from the reviews for their verification and corrective action plan.
4. Report to the AC on all significant non-compliance, internal control weaknesses and agreed actions taken by Management to resolve the audit issues identified.
5. Follow-up on internal audit issues identified to ascertain whether agreed corrective action plan has been carried out by the Management.

### WEAKNESSES IN INTERNAL CONTROLS WHICH RESULTED IN MATERIAL LOSSES

There were no major weaknesses in internal controls which resulted in material losses during the financial year under review until the date of approval of this Statement.

### REVIEW OF THE STATEMENT BY EXTERNAL AUDITORS

The external auditors have reviewed this Statement on Risk Management and Internal Control and reported to the Board that nothing has come to their attention that causes them to believe the Statement is inconsistent with their understanding of the process adopted by the Board in reviewing the adequacy and integrity of the Group's internal control system.

This statement is made in accordance with the resolution of the Board of Directors dated 29 March 2018.

## STATEMENT ON DIRECTORS' RESPONSIBILITY

For the audited financial statement

The Directors acknowledged their responsibilities as required by the Companies Act 2016 to prepare the financial statements for each financial year so as to give a true and fair view of the state of affairs of the Group and the Company as at end of the financial year and of the results and cash flow of the Group and the Company for the financial year then ended.

In the preparation of the financial statements, the Directors have:

- adopted appropriate accounting policies and apply them consistently;
- made judgments and estimates that are reasonable and prudent;
- ensured that applicable approved accounting standards have been complied with; and
- ensured the financial statements has been prepared on a going concern basis.

The Directors are responsible for ensuring that proper accounting and other records are kept which disclose with reasonable accuracy at any time the financial position of the Group and the Company and to enable them to ensure that the financial statements comply with the Companies Act 2016. The Directors are also responsible for safeguarding the assets of the Group and hence for taking reasonable steps for prevention and detection of fraud and other irregularities.

This statement on Directors' responsibility is made in accordance with the resolution of the Board of Directors dated 29 March 2018.

# FINANCIAL STATEMENTS

## DIRECTORS' REPORT

(cont'd)

The directors have pleasure in presenting their report together with the audited financial statements of the Group and of the Company for the financial year ended 31 December 2017.

### Principal activities

The principal activity of the Company is investment holding.

The principal activities and other information of the subsidiaries are disclosed in Note 15 to the financial statements.

### Results

	Group RM	Company RM
Profit net of tax	68,337,857	19,818,753
Attributable to:		
Owner of the company	68,483,747	19,818,753
Non-Controlling Interests	(145,890)	-
	68,337,857	19,818,753

There were no material transfers to or from reserves or provisions during the financial year.

In the opinion of the directors, the results of the operations of the Group and of the Company during the financial year were not substantially affected by any item, transaction or event of a material and unusual nature.

### Dividend

The amount of dividend paid by the Company since 31 December 2016 was as follows:

	RM
In respect of the financial year ended 31 December 2016 as reported in the directors' report of that year:	
Final (single-tier) dividend of 6.50 sen per ordinary share, on 310,426,637 ordinary shares, declared on 13 June 2017 and paid on 8 August 2017	20,177,730

The shareholders of the Company ("Shareholders") have been granted an option to elect to reinvest their entitlement of the abovementioned final dividend in new ordinary shares in the Company ("New Shares") in accordance with the approved Dividend Reinvestment Plan of the Company ("DRP"). The reinvestment rate for the abovementioned dividend was 91.2%.

At the forthcoming Annual General Meeting ("AGM"), a final (single-tier) dividend in respect of the financial year ended 31 December 2017, of 5.50 sen per ordinary share will be proposed for shareholders' approval. The financial statements for the current financial year do not reflect this proposed dividend. Such dividend, if approved by the shareholders, will be accounted for in equity as an appropriation of retained earnings in the financial year ending 31 December 2018.

The Board of Directors has determined that the DRP will apply to the final dividend and the Shareholders be given an option to reinvest the entire final dividend in New Shares ("Reinvestment Option"), subject to approvals being obtained from the following:

- (i) Bursa Malaysia Securities Berhad ("Bursa Securities") for the listing of and quotation for the New Shares to be issued pursuant to the implementation of the DRP for the final dividend on the Main Market of Bursa Securities;
- (ii) Shareholders in the forthcoming AGM for the declaration of the final dividend and the issuance of such number of New Shares as may be required pursuant to the exercise of the Reinvestment Option by the Shareholders; and
- (iii) Approval from other relevant authorities and/ or parties, if required.

Details of the Warrants 2014/2024 are disclosed in Note 30(b) to the financial statements.

### Other statutory information

- Before the statements of comprehensive income and statements of financial position of the Group and of the Company were made out, the directors took reasonable steps :
  - to ascertain that proper action had been taken in relation to the writing off of bad debts and the making of provision for doubtful debts and satisfied themselves that there were no known bad debts and that adequate provision has been made for doubtful debts; and
  - to ensure that any current assets which were unlikely to realise their value as shown in the accounting records in the ordinary course of business had been written down to an amount which they might be expected so to realise.
- At the date of this report, the directors are not aware of any circumstances which would render:
  - it necessary to write off any bad debts or the amount of the provision for doubtful debts in the financial statements of the Group and of the Company inadequate to any substantial extent; and
  - the values attributed to current assets in the financial statements of the Group and of the Company misleading.
- At the date of this report, the directors are not aware of any circumstances which have arisen which render adherence to the existing method of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate.
- At the date of this report, the directors are not aware of any circumstances not otherwise dealt with in this report or financial statements of the Group and of the Company which would render any amount stated in the financial statements misleading.

**DIRECTORS' REPORT**  
(cont'd)**Other statutory information (cont'd)**

(e) As at the date of this report, there does not exist :

- (i) any charge on the assets of the Group or of the Company which has arisen since the end of the financial year which secures the liabilities of any other person; or
- (ii) any contingent liability of the Group and of the Company which has arisen since the end of the financial year.

(f) In the opinion of the directors :

- (i) no contingent or other liability has become enforceable or is likely to become enforceable within the period of twelve months after the end of the financial year which will or may affect the ability of the Group or of the Company to meet its obligations when they fall due; and
- (ii) no item, transaction or event of a material and unusual nature has arisen in the interval between the end of the financial year and the date of this report which is likely to affect substantially the results of the operations of the Group or of the Company for the financial year in which this report is made.

## INDEPENDENT AUDITORS' REPORT

To the members of Kimlun Corporation Berhad (Incorporated in Malaysia)

### Report on the audit of the financial statements

#### *Opinion*

We have audited the financial statements of Kimlun Corporation Berhad, which comprise the statements of financial position as at 31 December 2017 of the Group and of the Company, and the statements of comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 65 to 116.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Company as at 31 December 2017, and of their financial performance and their cash flows for the year then ended in accordance with Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

#### *Basis for opinion*

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### *Independence and other ethical responsibilities*

We are independent of the Group and of the Company in accordance with the By-Laws (on Professional Ethics, Conduct and Practice) of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

#### *Key audit matters*

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the Group and of the Company for the current year. We have determined that there is no key audit matter to communicate in our report on the financial statements of the Company. The key audit matter for the audit of the financial statements of the Group is described below. This matter was addressed in the context of our audit of the financial statements of the Group and of the Company as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on this matter. Our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the Auditors' responsibilities for the audit of the financial statements section of our report, including those in relation to this matter. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial statements. The results of our audit procedures, including the procedures performed to address the matter below, provide the basis of our audit opinion on the accompanying financial statements.

#### **(i) Revenue and cost of construction recognition**

The Group is involved in a number of significant construction contracts for which it applies the percentage of completion method. The revenue and cost of construction projects computed based on stage of completion method contributed to approximately 88% and 90% respectively of the Group's revenue and cost.

We focused on this area because management made significant judgement and estimates in determining the following:

- The stage of completion. Significant judgement and estimates are required in determining the estimated total contract costs and the extent of cost incurred, which forms part of the computation of percentage of completion for long term contracts;
- The contract revenue. The estimated contract revenue is subject to variations in contract works, the estimated costs to complete and renegotiations; and
- The recoverability of the construction contracts. Reimbursement of costs not included in the contract price is subject to a high level of uncertainty and negotiations with customers.

The notes relating to revenue recognition are disclosed in Note 2.26 (a), Note 3.2 (b)(i) and Note 4 to the financial statements.

## INDEPENDENT AUDITORS' REPORT

To the members of Kimlun Corporation Berhad (Incorporated in Malaysia) (cont'd)

### *Key audit matters (cont'd)*

#### **(i) Revenue and cost of construction recognition (cont'd)**

As part of our audit, we performed the following:

We obtained an understanding of significant projects in respect of contractual terms and conditions;

We obtained an understanding of the relevant controls performed by management in estimating the timing of revenue recognition, total contract costs, profit margin, and percentage of completion of a contract;

We discussed the status of projects under construction with the management, finance and the project leaders. We also observed the progress of the projects by performing site visits and compared the estimated stage of completion to architect certificates;

We assessed management's assumptions in determining the percentage of completion of a contract. Our audit procedures included amongst others, agreeing the estimated construction cost to the awarded contracts, and assessing the completeness of the cost incurred by vouching to the latest progress claims from sub-contractors.

In relation to variations in contract works and reimbursement of costs not included in the contract price, we agreed the amounts to supporting evidence including but not limited to approved variation orders and correspondence with customers;

We reviewed management's workings on the computation of percentage of completion; and

We reviewed management's workings on the computation of revenue. Our audit procedures included, amongst others and where applicable, agreeing the contract revenue to the original signed contracts, letter of awards and approved variation orders.

#### *Information other than the financial statements and auditors' report thereon*

The directors of the Company are responsible for the other information. The other information comprises the Directors' Report and Annual Report, but does not include the financial statements of the Group and of the Company and our auditors' report thereon.

Our opinion on the financial statements of the Group and of the Company does not cover the other information and we do not and will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Group and of the Company, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Group and of the Company or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information that we obtained prior to the date of this auditors' report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to the directors of the Company and take appropriate action.

#### *Responsibilities of the directors for the financial statements*

The directors of the Company are responsible for the preparation of financial statements of the Group and of the Company that give a true and fair view in accordance with Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia. The directors are also responsible for such internal control as the directors determine is necessary to enable the preparation of financial statements of the Group and of the Company that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Group and of the Company, the directors are responsible for assessing the Group's and the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or the Company or to cease operations, or have no realistic alternative but to do so.

## INDEPENDENT AUDITORS' REPORT

To the members of Kimlun Corporation Berhad (Incorporated in Malaysia) (cont'd)

*Auditor's responsibilities for the audit of the financial statements*

Our objectives are to obtain reasonable assurance about whether the financial statements of the Group and of the Company, as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia, we exercise professional judgement and maintain professional skepticism throughout the planning and performance of the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's or the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Group and of the Company or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group or the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities and business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

\* Effective from 31 January 2017, the Companies Act 2016 ("the Act") abolished the concept of authorised share capital and par value of share capital. Consequently, the amount standing to the credit balance of share premium became a part of the Company's ordinary share capital pursuant to the transitional provision set out in Section 618(2) of the Act. Notwithstanding this provision, the Company may within 24 months from the commencement of the Act, use this amount for purposes as set out in Section 618(3) of the Act. There is no impact on the number of ordinary shares in issue or the relative entitlement of any members of the Company as a result of this transition.

<u>Description</u>	<u>Effective for annual periods beginning on or after</u>
FRS 107 Disclosure Initiative (Amendments to FRS 107)	1 January 2017
FRS 112, Recognition of Deferred Tax Assets for Unrealised Losses (Amendments to FRS 112)	1 January 2017
Annual Improvements to FRS Standards 2014–2016 Cycle - Amendments to FRS 12 Disclosure of Interests in Other Entities: Clarification of the scope of disclosure requirements in MFRS 12	1 January 2017

Adoption of the above new standards and amended FRSs and Annual Improvements did not have any effect on the financial performance or position of the Group and of the Company.

##### 2.3 Malaysian Financial Reporting Standards ("MFRS")

The Group and the Company will be required to prepare financial statements using the MFRS Framework in its first MFRS financial statements for the year ending 31 December 2018.

The directors are of the opinion that the financial performance and financial position as disclosed in these financial statements for the year ended 31 December 2017 would not be significantly different if prepared under the MFRS Framework.

##### 2.4 Current versus non-current classification

Assets and liabilities in the statements of financial position are presented based on current/non-current classification. An asset is current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

## NOTES TO THE FINANCIAL STATEMENTS

### FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2017 (cont'd)

## 2. Summary of significant accounting policies (cont'd)

### 2.4 Current versus non-current classification (cont'd)

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

### 2.5 Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability; or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible to by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

Valuation techniques that are appropriate in the circumstances and for which sufficient data are available, are used to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities;
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable;
- Level 3 - Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group and the Company determine whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

Policies and procedures are determined by senior management for both recurring fair value measurement and for non-recurring measurement.

External valuers are involved for valuation of significant assets and significant liabilities. Involvement of external valuers is decided by senior management. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained. The senior management decides, after discussions with the external valuers, which valuation techniques and inputs to use for each case.

For the purpose of fair value disclosures, classes of assets and liabilities are determined based on the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

## 2. Summary of significant accounting policies (cont'd)

### 2.6 Basis of consolidation

The consolidated financial statements comprise the financial statements of the Group and its subsidiaries as at the reporting date. The financial statements of the subsidiaries used in the preparation of the consolidated financial statements are prepared for the same reporting date as the Group. Consistent accounting policies are applied for like transactions and events in similar circumstances.

The Group controls an investee if and only if the Group has all the following:

- (i) Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee);
- (ii) Exposure, or rights, to variable returns from its investment with the investee; and
- (iii) The ability to use its power over the investee to affect its returns.

When the Group has less than a majority of the voting rights of an investee, the Group considers the following in assessing whether or not the Group's voting rights in an investee are sufficient to give it power over the investee:

- (i) The size of the Group's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- (ii) Potential voting rights held by the Group, other vote holders or other parties;
- (iii) Rights arising from other contractual arrangements; and
- (iv) Any additional facts and circumstances that indicate that the Group has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

Subsidiaries are consolidated when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. All intra-group balances, income and expenses and unrealised gains and losses resulting from intra-group transactions are eliminated in full.

Losses within a subsidiary are attributed to the non-controlling interests even if that results in a deficit balance.

Changes in the Group's ownership interests in subsidiaries that do not result in the Group losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. The resulting difference is recognised directly in equity and attributed to owners of the Company.

When the Group loses control of a subsidiary, a gain or loss calculated as the difference between

- (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets and liabilities of the subsidiary and any non-controlling interest, is recognised in profit or loss. The subsidiary's cumulative gain or loss which has been recognised in other comprehensive income and accumulated in equity are reclassified to profit or loss or where applicable, transferred directly to retained earnings. The fair value of any investment retained in the former subsidiary at the date control is lost is regarded as the cost on initial recognition of the investment.

#### *Business combinations*

Business combinations are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred, measured at acquisition date fair value and the amount of any non-controlling interests in the acquiree. The Group elects on a transaction-by-transaction basis whether to measure the non-controlling interests in the acquiree either at fair value or at the proportionate share of the acquiree's identifiable net assets. Transaction costs incurred are expensed and included in administrative expenses.

Any contingent consideration to be transferred by the acquirer will be recognised at fair value at the acquisition date. Subsequent changes in the fair value of the contingent consideration which is deemed to be an asset or liability, will be recognised in accordance with FRS 139 either in profit or loss or as a change to other comprehensive income. If the contingent consideration is classified as equity, it will not be remeasured. Subsequent settlement is accounted for within equity. In instances where the contingent consideration does not fall within the scope of FRS 139, it is measured in accordance with the appropriate FRS.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts by the acquiree.

## NOTES TO THE FINANCIAL STATEMENTS

### FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2017 (cont'd)

## 2. Summary of significant accounting policies (cont'd)

### 2.6 Basis of consolidation (cont'd)

If the business combination is achieved in stages, the acquisition date fair value of the acquirer's previously held equity interest in the acquiree is remeasured to fair value at the acquisition date through profit or loss.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests over the net identifiable assets acquired and liabilities assumed. If this consideration is lower than fair value of the net assets of the subsidiary acquired, the difference is recognised in profit or loss.

### 2.7 Subsidiaries

A subsidiary is an entity over which the Group has all the following:

- (i) Power over the investee (i.e existing rights that give it the current ability to direct the relevant activities of the investee);
- (ii) Exposure, or rights, to variable returns from its investment with the investee; and
- (iii) The ability to use its power over the investee to affect its returns.

In the Company's separate financial statements, investments in subsidiaries are accounted for at cost less impairment losses. On disposal of such investments, the difference between net disposal proceeds and their carrying amounts is included in profit or loss.

### 2.8 Transactions with non-controlling interest

Non-controlling interest represents the equity in subsidiaries not attributable, directly or indirectly, to owners of the Company, and is presented separately in the consolidated statement of comprehensive income and within equity in the consolidated statement of financial position, separately from equity attributable to owners of the Company.

Changes in the Company owners' ownership interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions. In such circumstances, the carrying amounts of the controlling and non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiary. Any difference between the amount by which the non-controlling interest is adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

### 2.9 Investment in joint venture

A joint venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require the unanimous consent of the parties sharing control.

On acquisition of an investment in associate or joint venture, any excess of the cost of investment over the Group's share of the net fair value of the identifiable assets and liabilities of the investee is recognised as goodwill and included in the carrying amount of the investment. Any excess of the Group's share of the net fair value of the identifiable assets and liabilities of the investee over the cost of investment is excluded from the carrying amount of the investment and is instead included as income in the determination of the Group's share of the joint venture's profit or loss for the period in which the investment is acquired.

A joint venture is equity accounted for from the date on which the investee becomes a joint venture.

Under the equity method, on initial recognition, the investment in a joint venture is recognised at cost, and the carrying amount is increased or decreased to recognise the Group's share of the profit or loss and other comprehensive income of the joint venture after the date of acquisition. When the Group's share of losses in a joint venture equal or exceeds its interest in the joint venture, the Group does not recognise further losses, unless it has incurred legal or constructive obligations or made payments on behalf of the joint venture.

Profits and losses resulting from upstream and downstream transactions between the Group and its joint venture are recognised in the Group's financial statements only to the extent of unrelated investors' interests in the joint venture. Unrealised losses are eliminated unless the transaction provides evidence of an impairment of the asset transferred.

## NOTES TO THE FINANCIAL STATEMENTS

### FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2017 (cont'd)

## 2. Summary of significant accounting policies (cont'd)

### 2.9 Investment in joint venture (cont'd)

All joint ventures have financial year end of 31 December, other than Zecon Kimlun Consortium Sdn. Bhd. which has financial year end of 30 June. For the purpose of applying equity method for this joint venture, the last audited financial statements available and the management financial statements to 31 December of this joint venture have been used. Where necessary, adjustments are made to bring the accounting policies in line with those of the Group.

After application of the equity method, the Group applies FRS 139 Financial Instruments: Recognition and Measurement to determine whether it is necessary to recognise any additional impairment loss with respect to its net investment in the joint venture. When necessary, the entire carrying amount of the investment is tested for impairment in accordance with FRS 136 Impairment of Assets as a single asset, by comparing its recoverable amount (higher of value in use and fair value less costs to sell) with its carrying amount. Any impairment loss is recognised in profit or loss. Reversal of an impairment loss is recognised to the extent that the recoverable amount of the investment subsequently increases.

### 2.10 Foreign currency

#### (a) Functional and presentation currency

The individual financial statements of each entity in the Group are measured using the currency of the primary economic environment in which the entity operates ("the functional currency"). The consolidated financial statements are presented in Ringgit Malaysia (RM), which is also the Company's functional currency.

#### (b) Foreign currency transactions

Transactions in foreign currencies are measured in the respective functional currencies of the Company and its subsidiaries and are recorded on initial recognition in the functional currencies at exchange rates approximating those ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the reporting date. Non-monetary items denominated in foreign currencies that are measured at historical cost are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items denominated in foreign currencies measured at fair value are translated using the exchange rates at the date when the fair value was determined.

Exchange differences arising on the settlement of monetary items or on translating monetary items at the reporting date are recognised in profit or loss except for exchange differences arising on monetary items that form part of the Group's net investment in foreign operation, which are recognised initially in other comprehensive income and accumulated under foreign currency translation reserve in equity. The foreign currency translation reserve is reclassified from equity to profit or loss of the Group on disposal of the foreign operation.

Exchange differences arising on the translation of non-monetary items carried at fair value are included in profit or loss for the period except for the differences arising on the translation of non-monetary items in respect of which gains and losses are recognised directly in equity. Exchange differences arising from such non-monetary items are also recognised directly in equity.

#### (c) Foreign operation

The assets and liabilities of foreign operation are translated into RM at the rate of exchange ruling at the reporting date and income and expenses are translated at average exchange rates for the year, which approximates the exchange rates at the dates of the transactions. The exchange differences arising on the translation are taken directly to other comprehensive income. On disposal of a foreign operation, the cumulative amount recognised in other comprehensive income and accumulated in equity under foreign currency translation reserve relating to that particular foreign operation is recognised in the profit or loss.

## NOTES TO THE FINANCIAL STATEMENTS

### FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2017 (cont'd)

## 2. Summary of significant accounting policies (cont'd)

### 2.10 Foreign currency (cont'd)

#### (c) Foreign operation

The principal exchange rate used for every unit of foreign currency ruling at the reporting date is as follows:

	2017 RM	2016 RM
Singapore Dollar	3.0395	3.1017

### 2.11 Property, plant and equipment

All items of property, plant and equipment are initially recorded at cost. The cost of an item of property, plant and equipment is recognised as an asset if, and only if, it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably.

Subsequent to recognition, property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment losses. When significant parts of property, plant and equipment are required to be replaced in intervals, the Group recognises such parts as individual assets with specific useful lives and depreciation, respectively. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred. Freehold land is measured at cost less impairment losses.

Freehold land has an unlimited useful life and therefore is not depreciated. Depreciation is computed on a straight-line basis over the estimated useful lives of the assets as follows:

Leasehold land	1.25%
Buildings	3% - 10%
Plant, machinery and motor vehicles	10% - 33.33%
Furniture and equipment	10% - 20%

Construction in progress included in property, plant and equipment are not depreciated as these assets are not yet available for use.

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The residual value, useful life and depreciation method are reviewed at each financial year-end, and adjusted prospectively, if appropriate.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on derecognition of the asset is included in the profit or loss in the year the asset is derecognised.

### 2.12 Investment properties

Investment properties are properties which are held either to earn rental income or for capital appreciation or for both. Such properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are measured at cost less accumulated depreciation and any accumulated impairment loss.

Investment properties are derecognised when either they have been disposed of or when the investment property is permanently withdrawn from use and no future economic benefit is expected from its disposal. Any gain or loss on the retirement or disposal of an investment property is recognised in profit or loss in the year of retirement or disposal.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2017 (cont'd)

### 2. Summary of significant accounting policies (cont'd)

#### 2.13 Properties held for sale

Properties are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the sale is highly probable and the asset is available for immediate sale in its present condition subject to terms that are usual and customary.

Immediately before classification as properties held for sale, the measurement of the non-current asset is brought up-to-date in accordance with applicable FRSs. Then, on initial classification as held for sale, non-current asset is measured in accordance with FRS 5 that is at the lower of carrying amount and fair value less costs to sell. Any differences are included in profit or loss.

#### 2.14 Impairment of non-financial assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any such indication exists, or when an annual impairment assessment for an asset is required, the Group makes an estimate of the asset's recoverable amount.

An asset's recoverable amount is the higher of an asset's fair value less costs to sell and its value in use. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units ("CGU")).

In assessing value in use, the estimated future cash flows expected to be generated by the asset are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Where the carrying amount of an asset exceeds its recoverable amount, the asset is written down to its recoverable amount. Impairment losses recognised in respect of a CGU or groups of CGUs are allocated first to reduce the carrying amount of any goodwill allocated to those units or groups of units and then, to reduce the carrying amount of the other assets in the unit or groups of units on a pro-rata basis.

Impairment losses are recognised in profit or loss.

An assessment is made at each reporting date as to whether there is any indication that previously recognised impairment losses may no longer exist or may have decreased. A previously recognised impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increase cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised previously. Such reversal is recognised in profit or loss. Impairment loss on goodwill is not reversed in a subsequent period.

#### 2.15 Financial assets

Financial assets are recognised in the statements of financial position when, and only when, the Group and the Company become a party to the contractual provisions of the financial instrument.

When financial assets are recognised initially, they are measured at fair value, plus, in the case of financial assets not at fair value through profit or loss, directly attributable transaction costs.

The Group and the Company determine the classification of its financial assets at initial recognition and categorise its financial assets as loans and receivables and other investments.

##### (a) Loans and receivables

Financial assets with fixed or determinable payments that are not quoted in an active market are classified as loans and receivables.

Subsequent to initial recognition, loans and receivables are measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the loans and receivables are derecognised or impaired, and through the amortisation process.

Loans and receivables are classified as current assets, except for those having maturity dates later than 12 months after the reporting date which are classified as non-current.

## NOTES TO THE FINANCIAL STATEMENTS

### FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2017 (cont'd)

## 2. Summary of significant accounting policies (cont'd)

### 2.15 Financial assets (cont'd)

#### (b) Other investments

Other investments are carried at cost less impairment loss. On disposal of other investments, the difference between net disposal proceeds and the carrying amount is recognised in the profit or loss.

A financial asset is derecognised when the contractual right to receive cash flows from the asset has expired. On derecognition of a financial asset in its entirety, the difference between the carrying amount and the sum of the consideration received and any cumulative gain or loss that had been recognised in other comprehensive income is recognised in profit or loss.

### 2.16 Impairment of financial assets

The Group and the Company assess at each reporting date whether there is any objective evidence that a financial asset is impaired.

#### (a) Trade and other receivables and other financial assets carried at amortised cost

To determine whether there is objective evidence that an impairment loss on financial assets has been incurred, the Group and the Company consider factors such as the probability of insolvency or significant financial difficulties of the debtor and default or significant delay in payments. For certain categories of financial assets, such as trade receivables, assets that are assessed not to be impaired individually are subsequently assessed for impairment on a collective basis based on similar risk characteristics. Objective evidence of impairment for a portfolio of receivables could include the Group's and the Company's past experience of collecting payments, an increase in the number of delayed payments in the portfolio past the average credit period and observable changes in national or local economic conditions that correlate with default on receivables.

If any such evidence exists, the amount of impairment loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the financial asset's original effective interest rate. The impairment loss is recognised in profit or loss.

The carrying amount of the financial asset is reduced by the impairment loss directly for all financial assets with the exception of trade receivables, where the carrying amount is reduced through the use of an allowance account. When a trade receivable becomes uncollectible, it is written off against the allowance account.

If in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed to the extent that the carrying amount of the asset does not exceed its amortised cost at the reversal date. The amount of reversal is recognised in profit or loss.

#### (b) Unquoted and other investments carried at cost

If there is objective evidence (such as significant adverse changes in the business environment where the issuer operates, probability of insolvency or significant financial difficulties of the issuer) that an impairment loss on financial assets carried at cost has been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the current market rate of return for a similar financial asset. Such impairment losses are not reversed in subsequent periods.

### 2.17 Cash and cash equivalents

Cash and short-term deposits in the statements of financial position comprise cash at banks and on hand and short-term deposits include short-term deposits pledged to banks, which are subject to an insignificant risk of change in value.

For the purpose of the statements of cash flows, cash and cash equivalents are presented net of bank overdrafts.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2017 (cont'd)

### 2. Summary of significant accounting policies (cont'd)

#### 2.18 Construction contracts

Where the outcome of a construction contract can be reliably estimated, contract revenue and contract costs are recognised as revenue and expenses respectively by using the stage of completion method. The stage of completion is measured by reference to the proportion of contract costs incurred for work performed to date to the estimated total contract costs.

Where the outcome of a construction contract cannot be reliably estimated, contract revenue is recognised to the extent of contract costs incurred that are likely to be recoverable. Contract costs are recognised as expenses in the year in which they are incurred.

When it is probable that total contract costs will exceed total contract revenue, the expected loss is recognised as an expense immediately.

Contract revenue comprises the initial amount of revenue agreed in the contract and variations in contract work, claims and incentive payments to the extent that it is probable that they will result in revenue and they are capable of being reliably measured.

When the total of costs incurred on construction contracts plus recognised profits (less recognised losses) exceeds progress billings, the balance is classified as amount due from customers on contracts. When progress billings exceed costs incurred plus recognised profits (less recognised losses), the balance is classified as amount due to customers on contracts.

#### 2.19 Land held for property development and property development costs

##### (a) Land held for property development

Land held for property development consists of land where no development activities have been carried out or where development activities are not expected to be completed within the normal operating cycle. Such land is classified within non-current assets and is stated at cost less any accumulated impairment losses.

Land held for property development is reclassified as property development costs at the point when development activities have commenced and where it can be demonstrated that the development activities can be completed within the normal operating cycle.

##### (b) Property development costs

Property development costs comprise all costs that are directly attributable to development activities or that can be allocated on a reasonable basis to such activities.

When the financial outcome of a development activity can be reliably estimated, property development revenue and expenses are recognised in the profit or loss by using the stage of completion method. The stage of completion is determined by the proportion that property development costs incurred for work performed to date bear to the estimated total property development costs.

Where the financial outcome of a development activity cannot be reliably estimated, property development revenue is recognised only to the extent of property development costs incurred that is probable will be recoverable, and property development costs on properties sold are recognised as an expense in the period in which they are incurred.

Any expected loss on a development project, including costs to be incurred over the defects liability period, is recognised as an expense immediately.

Property development costs not recognised as an expense are recognised as an asset, which is measured at the lower of cost and net realisable value.

The excess of revenue recognised in profit or loss over billings to purchasers is classified as accrued billings within trade receivables and the excess of billings to purchasers over revenue recognised in profit or loss is classified as progress billings within trade payables.

## NOTES TO THE FINANCIAL STATEMENTS

### FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2017 (cont'd)

## 2. Summary of significant accounting policies (cont'd)

### 2.20 Inventories

Inventories are stated at the lower of cost and net realisable value. Costs incurred in bringing the inventories to their present location and condition are accounted for as follows:

- Raw materials: purchase costs on a first-in first-out basis.
- Finished goods: costs of direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity. These costs are assigned on a first-in first-out basis.

Net realisable value is the estimated selling price in the ordinary course of business less estimated costs of completion and the estimated costs necessary to make the sale.

### 2.21 Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic resources will be required to settle the obligation and the amount of the obligation can be estimated reliably.

Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provision is reversed. If the effect of the time value of money is material, provisions are discounted using a current pre tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

### 2.22 Financial liabilities

Financial liabilities are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability.

Financial liabilities, within the scope of FRS 139, are recognised in the statement of financial position when, and only when, the Group and the Company become a party to the contractual provisions of the financial instrument. Financial liabilities are classified as either financial liabilities at fair value through profit or loss or other financial liabilities.

#### (a) Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

The Group and the Company have not designated any financial liabilities as at fair value through profit or loss.

#### (b) Other financial liabilities

The Group's and the Company's other financial liabilities include trade payables, other payables and loans and borrowings.

Trade and other payables are recognised initially at fair value plus directly attributable transaction costs and subsequently measured at amortised cost using the effective interest method.

Loans and borrowings are recognised initially at fair value, net of transaction costs incurred, and subsequently measured at amortised cost using the effective interest method. Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

For other financial liabilities, gains and losses are recognised in profit or loss when the liabilities are derecognised, and through the amortisation process.

## NOTES TO THE FINANCIAL STATEMENTS

### FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2017 (cont'd)

## 2. Summary of significant accounting policies (cont'd)

### 2.22 Financial liabilities (cont'd)

A financial liability is derecognised when the obligation under the liability is extinguished. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in profit or loss.

### 2.23 Borrowing costs

Borrowing costs are capitalised as part of the cost of a qualifying asset if they are directly attributable to the acquisition, construction or production of that asset. Capitalisation of borrowing costs commences when the activities to prepare the asset for its intended use or sale are in progress and the expenditures and borrowing costs are incurred. Borrowing costs are capitalised until the assets are substantially completed for their intended use or sale.

All other borrowing costs are recognised in profit or loss in the period they are incurred. Borrowing costs consist of interest and other costs that the Group and the Company incurred in connection with the borrowing of funds.

### 2.24 Employee benefits

#### (a) Short term benefits

Wages, salaries, bonuses and social security contributions are recognised as an expense in the year in which the associated services are rendered by employees. Short term accumulating compensated absences such as paid annual leave are recognised when services are rendered by employees that increase their entitlement to future compensated absences. Short term non-accumulating compensated absences such as sick leave are recognised when the absences occur.

#### (b) Defined contribution plans

The Group participates in the national pension schemes as defined by the laws of the countries in which it has operations. The Malaysian companies in the Group make contributions to the Employee Provident Fund in Malaysia, a defined contribution pension scheme. Contributions to defined contribution pension schemes are recognised as an expense in the period in which the related service is performed.

### 2.25 Leases

#### (a) As lessee

Finance leases, which transfer to the Group substantially all the risks and rewards incidental to ownership of the leased item, are capitalised at the inception of the lease at the fair value of the leased asset or, if lower, at the present value of the minimum lease payments. Any initial direct costs are also added to the amount capitalised. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are charged to profit or loss. Contingent rents, if any, are charged as expenses in the periods in which they are incurred.

Leased assets are depreciated over the estimated useful life of the asset.

Operating lease payments are recognised as an expense in profit or loss on a straight-line basis over the lease term. The aggregate benefit of incentives provided by the lessor is recognised as a reduction of rental expense over the lease term on a straight-line basis.

#### (b) As lessor

Leases where the Company retains substantially all the risks and rewards of ownership of the asset are classified as operating leases. Initial direct costs incurred in negotiating an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income.

## NOTES TO THE FINANCIAL STATEMENTS

### FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2017 (cont'd)

## 2. Summary of significant accounting policies (cont'd)

### 2.26 Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured. Revenue is measured at the fair value of consideration received or receivable.

#### (a) Construction contracts

Revenue from construction contracts is accounted for by the stage of completion method as described in Note 2.18.

#### (b) Sale of goods

Revenue from sale of goods is recognised upon the transfer of significant risk and rewards of ownership of the goods to the customer. Revenue is not recognised to the extent where there are significant uncertainties regarding recovery of the consideration due, associated costs or the possible return of goods.

#### (c) Sales of development properties

Revenue from sales of development properties is accounted for by the stage of completion method as described in Note 2.19(b).

#### (d) Sales of completed development properties

Revenue relating to sale of completed development properties is recognised net of discounts upon the transfer of risks and rewards. Revenue is not recognised to the extent where there are significant uncertainties regarding recovery of the consideration due.

#### (e) Interest income

Interest income is recognised on a time proportion basis that reflects the effective yield on the asset.

#### (f) Rental income

Rental income is recognised on accrual basis.

#### (g) Dividend income

Dividend income is recognised when the Group's right to receive payment is established.

### 2.27 Taxes

#### (a) Current income tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted by the reporting date.

Current taxes are recognised in profit or loss except to the extent that the tax relates to items recognised outside profit or loss, either in other comprehensive income or directly in equity.

#### (b) Deferred tax

Deferred tax is provided using the liability method on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all temporary differences, except:

- where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2017 (cont'd)

### 2. Summary of significant accounting policies (cont'd)

#### 2.27 Taxes (cont'd)

##### (b) Deferred tax (cont'd)

Deferred tax assets are recognised for all deductible temporary differences, carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised except:

- where the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax assets to be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the year when the asset is realised or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity and deferred tax arising from a business combination is adjusted against goodwill on acquisition.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

##### (c) Goods and Services Tax ("GST")

Revenues, expenses and assets are recognised net of the amount of GST except:

- Where the amount of GST incurred in a purchase of assets or services is not recoverable from the taxation authority, the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- Receivables and payables that are stated with the amount of GST included.

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the statements of financial position.

#### 2.28 Segment reporting

For management purposes, the Group is organised into operating segments based on their products and services which are independently managed by the respective segment managers responsible for the performance of the respective segments under their charge. The segment managers report directly to the management of the Company who regularly review the segment results in order to allocate resources to the segments and to assess the segment performance. Additional disclosures on each of these segments are shown in Note 36, including the factors used to identify the reportable segments and the measurement basis of segment information.

#### 2.29 Share capital and share issuance expenses

An equity instrument is any contract that evidences a residual interest in the assets of the Group and the Company after deducting all of its liabilities. Ordinary shares are equity instruments.

Ordinary shares are recorded at the proceeds received, net of directly attributable incremental transaction costs. Ordinary shares are classified as equity. Dividends on ordinary shares are recognised in equity in the period in which they are declared.

## NOTES TO THE FINANCIAL STATEMENTS

### FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2017 (cont'd)

## 2. Summary of significant accounting policies (cont'd)

### 2.30 Contingencies

A contingent liability or asset is a possible obligation or asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of uncertain future events not wholly within the control of the Group.

Contingent liabilities and assets are not recognised in the statements of financial position of the Group and of the Company.

## 3. Significant accounting judgements and estimates

The preparation of the Group's and of the Company's financial statements require management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities at the reporting date. However, uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amount of the asset or liability affected in the future.

### 3.1 Judgements made in applying accounting policies

There are no critical judgements made by the management in the process of applying the Group's and the Company's accounting policies that have significant effect on the amounts recognised in the financial statements.

### 3.2 Key sources of estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date that have a significant risk of causing a material adjustments to the carrying amounts of assets and liabilities within the next financial year are discussed below:

#### (a) Useful lives of plant and equipment

The cost of plant and equipment of the Group is depreciated on a straight-line basis over the assets' estimated economic useful lives. Management estimates the useful lives of these plant and equipment to be between 3 to 30 years. These are common life expectancies applied in the industry. Changes in the expected level of usage and technological developments could impact the economic useful lives and the residual values of these assets, therefore, future depreciation charges could be revised. The carrying amount of the Group's plant and equipment at the reporting date is disclosed in Note 12.

#### (b) Revenue recognition

##### (i) Construction and property development revenue

The Group recognises construction and property development revenues and expenses in the statements of comprehensive income by using the stage of completion method. The stage of completion is determined by the proportion that construction and property development cost incurred for work performed to date bear to the estimated total construction and property development costs.

Significant judgement is required in determining the stage of completion, the extent of the construction and property development cost incurred, the estimated total construction and property development revenue and costs, as well as the recoverability of the construction and property development projects. In making the judgement, the Group evaluates based on past experience and internal budgeting.

##### (ii) Contract manufacturing revenue

The Group recognises revenues in the statements of comprehensive income based on progress claims to main contractors pursuant to the terms and conditions of the supply agreement.

Significant judgement is required in determining the point of revenue recognition pursuant to the terms of the supply agreements. In making the judgement, the Group evaluates based on the interpretation of the respective terms and conditions of each supply agreement.

## NOTES TO THE FINANCIAL STATEMENTS

### FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2017 (cont'd)

### 3. Significant accounting judgements and estimates (cont'd)

#### 3.2 Key sources of estimation uncertainty (cont'd)

##### (c) Income taxes

Judgement is involved in determining the Group's and the Company's provision for income taxes as there are certain transactions and computations for which the ultimate tax determination is uncertain during the ordinary course of business.

The Group and the Company recognised liabilities for expected tax issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matter is different from the amounts that were initially recognised, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.

##### (d) Impairment of loans and receivables

The Group and the Company assess at each reporting date whether there is any objective evidence that a financial asset is impaired. To determine whether there is objective evidence of impairment, the Group and the Company consider factor such as the probability of insolvency or significant financial difficulties of the debtor and default or significant delay in payments.

When there is objective evidence of impairment, the amount and the timing of future cash flows are estimated based on historical loss experience for assets with similar credit risk characteristics. The carrying amount of the Group's and of the Company's loans and receivables at the reporting date is disclosed in Note 20.

##### (e) Deferred tax assets

Deferred tax assets are recognised for all unused tax credit to the extent that it is probable that taxable profit will be available against which the investment allowances and capital allowances can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and level of future taxable profits together with future tax planning strategies.

Domestic income tax is calculated at the Malaysian statutory tax rate of 24% (2016: 24%) of the estimated assessable profit for the year.

The corporate tax rate applicable to the Singapore subsidiary of the Group was 17% for the year of assessment 2017 and 2016.

The above reconciliation is prepared by aggregating separate reconciliations for each national jurisdiction.

## NOTES TO THE FINANCIAL STATEMENTS

### FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2017 (cont'd)

#### 11. Earnings per share

##### (a) Basic earnings per share

Basic earnings per share amounts are calculated by dividing profit attributable to owners of the Company by the weighted average number of ordinary shares in issue during the financial year.

The following reflect the profit and share data used in the computation of basic earnings per share for the years ended 31 December:

	<b>Group</b>	
	<b>2017</b>	<b>2016</b>
Profit net of tax attributable to owners of the Company (RM)	68,483,747	81,920,837

## NOTES TO THE FINANCIAL STATEMENTS

### FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2017 (cont'd)

#### 28. Share capital, share premium and treasury shares (cont'd)

##### (a) Share capital

During the financial year, the Company increased its issued and paid-up ordinary share capital from RM155,144,969 to RM223,817,821 by way of:

- (i) issuance of 9,199,803 ordinary shares arising from the DRP pertaining to the final (single tier) dividend of 6.50 sen in respect of the financial year ended 31 December 2016.
- (ii) issuance of 1,055,200 ordinary shares arising from the conversion of Warrants 2014/2024, at the exercise price of RM1.68 per warrant.

The new ordinary shares issued rank pari passu in all respects with the existing ordinary shares of the Company.

The holders of ordinary shares are entitled to receive dividends as and when declared by the Company. All ordinary shares carry one vote per share without restrictions and rank equally with regard to the Company's residual assets.

Dividends to owners of the Company and non-controlling interests are recognised in the statement of changes in equity in the period in which they are declared.

##### (b) Treasury shares

Treasury shares relate to ordinary shares of the Company that are held by the Company. The amount consists of the acquisition costs of treasury shares.

The directors of the Company are committed to enhance the value of the Company for its shareholders and believe that the share purchase plan can be applied in the best interests of the Company and its shareholders.

##### Implementation of Companies Act 2016

- (i) Under Companies Act 2016 in Malaysia, which came into effect on 31 January 2017, the concept of authorised share capital is no longer applicable.
- (ii) In accordance with Section 74 of the Companies Act 2016 in Malaysia, the Company's share no longer have a par or nominal value with effect from 31 January 2017.

Pursuant to Section 618 of the Companies Act 2016 in Malaysia, the amount standing to the credit of the Company's share premium account became part of the Company's share capital. There is no impact on the number of shares in issue or the relative entitlement of any members of the Company as a result of this transition.

#### 29. Retained earnings

## NOTES TO THE FINANCIAL STATEMENTS

### FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2017 (cont'd)

#### 33. Fair value

##### (a) Fair value of assets that are disclosed at fair value

The following table shows an analysis of asset disclosed at fair value by level of fair value hierarchy:

	Level 1 RM	Level 2 RM	Level 3 RM	Total RM
<b>2017</b>				
Investment properties	-	-	10,026,000	10,026,000
Other investments	294,669	-	-	294,669
<b>2016</b>				
Investment properties	-	-	6,060,000	6,060,000
Other investments	180,431	-	-	180,431

The fair values of investment properties are determined by the Directors based on estimated current price in an active market.

##### (b) Financial instruments that are not carried at fair value and whose carrying amounts are reasonable approximation of fair value

The following are classes of financial instruments that are not carried at fair value and whose carrying amounts are reasonable approximation of fair value:

	Note
Trade and other receivables (current)	20
Cash and bank balances (current)	23
Loans and borrowings (current)	24
Loans and borrowings (non-current)	24
Trade and other payables (current)	25

The carrying amounts of these financial assets and liabilities of the Group and of the Company at the reporting date approximate fair values due to the relatively short term maturity of these financial instruments whilst the carrying value of long term borrowings is estimated to be approximate the fair value estimated based on the current rates available for borrowing with the same maturity profile.

Fair value of retention sums on construction contract are estimated by discounting expected future cash flows at market incremental lending rate at the reporting date.

##### Guarantees

The fair value of the guarantees provided by the Company in connection with credit facilities, construction contracts and development agreement granted to its subsidiaries is estimated to be minimal as the chances of the financial institutions and third parties to call upon the guarantees are not probable.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2017 (cont'd)

### 34. Financial risk management objectives and policies

The Group and the Company are exposed to financial risks arising from their operations and the use of financial instruments. The key financial risks include credit risk, liquidity risk, interest rate risk and foreign currency risk.

The Board of Directors approves and reviews policies and procedures for the management of these risks, which are executed by the Management. The audit committee provides independent oversight to the effectiveness of the risk management process.

The Group and the Company do not undertake any trading of derivative financial instruments.

The following sections provide details regarding the Group's and the Company's exposure to the above-mentioned financial risks and the objectives, policies and processes for the management of these risks.

#### (a) Credit risk

Credit risk is the risk of loss that may arise on outstanding financial instruments should a counterparty default on its obligations. The Group's and the Company's exposure to credit risk arises primarily from trade and other receivables. For cash and bank balances, the Group and the Company minimise credit risk by dealing exclusively with high credit rating counterparties.

The Group and the Company minimise and monitor its credit risk by strictly limiting the Group's and Company's associations to business partners with high credit worthiness. Receivable balances are monitored on an ongoing basis.

##### Exposure to credit risk

At the reporting date, the Group's and the Company's maximum exposure to credit risk is represented by:

- the carrying amount of each class of financial assets recognised in the statements of financial position.
- an amount of RM607,001,468 (2016 : RM577,924,735) relating to corporate guarantees provided by the Company to several financial institutions for its subsidiaries' credit facilities, and to third parties for the credit facilities granted by suppliers and to the joint venture and subsidiaries' performance in construction contracts.

##### Credit risk concentration profile

The Group and the Company do not have any significant exposure to any individual customers or counterparties nor does it have any major concentration of credit risk related to any financial instruments.

##### Financial assets that are neither past due nor impaired

Information regarding trade and other receivables that are neither past due nor impaired is disclosed in Note 20. Deposits with banks that are neither past due nor impaired are placed with or entered into with reputable financial institutions.

##### Financial assets that are either past due or impaired

Information regarding financial assets that are either past due or impaired is disclosed in Note 20.

#### (b) Liquidity risk

Liquidity risk is the risk that the Group and the Company will encounter difficulty in meeting financial obligations due to shortage of funds. The Group's and the Company's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities. The Group's and the Company's objective is to maintain a balance between continuity of funding and flexibility through the use of stand-by credit facilities.

To ensure continuity of funding, the Group's and the Company's policy is to manage the debt maturity profile, operating cash flows and the availability of funding to support the operating cycle of the business.

##### Analysis of financial instruments by remaining contractual maturities

The table below summarises the maturity profile of the Group's and of the Company's liabilities at the reporting date based on contractual undiscounted repayment obligations.

(c) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of the Group's and the Company's financial instruments will fluctuate because of changes in market interest rates.

The Group's primary interest rate risk relates to interest-bearing borrowings. The investments in financial assets including fixed deposits are mainly short term in nature and they are not held for speculative purposes.

The Group manages its interest rate exposure by using a mix of fixed and floating rate debts and actively reviewing its debt portfolio, taking into account the investment holding period and nature of its assets.

Sensitivity analysis for interest rate risk

During the financial year, if interest rates had been 50 basis points lower/higher, with all other variables held constant, the Group's net profit after tax would be increased/decreased by RM492,490 during the year (2016: RM437,134). The assumed movement in basis points for interest rate sensitivity analysis were based on the prior year observable market environment.

## NOTES TO THE FINANCIAL STATEMENTS

### FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2017 (cont'd)

#### 34. Financial risk management objectives and policies (cont'd)

##### (d) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

The Group has transactional currency exposures arising from sales or purchases that are denominated in a currency other than the respective functional currencies of Group's entities. The foreign currencies in which these transactions are denominated are mainly Singapore Dollar ("SGD"), United States Dollar ("USD") and Euro ("EUR"). The Group did not enter into any forward currency contracts during the financial years ended 31 December 2017 and 2016.

The Group is also exposed to currency translation risk arising from its investments in foreign operation in Singapore. The Group's net investments in Singapore is not hedged as currency positions in SGD is considered to be long-term in nature.

The Group does not expect any material effect on the Group's profit net of tax and equity arising from the effect of reasonably possible changes to foreign currency exchange rates at the end of the reporting period.

#### 35. Capital management

The primary objective of the Group's capital management is to ensure that it maintains a strong credit rating and healthy capital ratios in order to support its business and maximise shareholder value.

The Group manages its capital structure and makes adjustments to it, in light of changes in economic conditions. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. No changes were made in the objectives, policies or processes during the years ended 31 December 2017 and 2016.

The Group monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Group includes within net debt, loans and borrowings less cash and bank balances whereas total capital comprises equity attributable to owners of the Company.

The gearing ratios as at 31 December 2017 and 2016 are as follows :

	Note	2017 RM	2016 RM

#### 36. Segment Information

For management purposes, the Group is organised into business units based on their products and services, and has four reportable operating segments as follows:

- (i) Construction
- (ii) Manufacturing and trading of construction materials and provision of quarry services
- (iii) Investment holding
- (iv) Property development

Management monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on operating profit or loss which, in certain respects as explained in the table below, is measured differently from operating profit or loss in the consolidated financial statements.

Transfer prices between operating segments are on an arm's length basis in a manner similar to transactions with third parties.

#### 37. Dividends

	Group and Company 2017 RM	2016 RM
<b>Recognised during the financial year:</b>		
Dividends on ordinary shares:		
• Final (single tier) dividend for 6.50 sen (2016: 5.80 sen) per share	20,177,730	17,431,465

The shareholders of the Company ("Shareholders") have been granted an option to elect to reinvest the entire portion of the final dividend in respect of the financial year ended 31 December 2016 in new ordinary shares in the Company ("New Shares") in accordance with the approved Dividend Reinvestment Plan of the Company ("DRP"). The reinvestment rate for the abovementioned dividend was 91.2%.

At the forthcoming Annual General Meeting ("AGM"), a final (single-tier) dividend in respect of the financial year ended 31 December 2017, of 5.50 sen per ordinary share will be proposed for shareholders' approval. The financial statements for the current financial year do not reflect this proposed dividend. Such dividend, if approved by the shareholders, will be accounted for in equity as an appropriation of retained earnings in the financial year ending 31 December 2018.

## NOTES TO THE FINANCIAL STATEMENTS

### FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2017 (cont'd)

#### **37. Dividends (cont'd)**

The Board of Directors has determined that the DRP will apply to the final dividend and the Shareholders be given an option to reinvest the entire final dividend in New Shares ("Reinvestment Option"), subject to approvals being obtained from the following:

- (i) Bursa Malaysia Securities Berhad ("Bursa Securities") for the listing of and quotation for the New Shares to be issued pursuant to the implementation of the DRP for the final dividend on the Main Market of Bursa Securities;
- (ii) Shareholders in the forthcoming AGM for the declaration of the final dividend and the issuance of such number of New Shares as may be required pursuant to the exercise of the Reinvestment Option by the Shareholders; and
- (iii) Approval from other relevant authorities and/ or parties, if required.

#### **38. Authorisation of financial statements for issue**

The financial statements for the year ended 31 December 2017 were authorised for issue in accordance with a resolution of the directors on 29 March 2018.

(Resolution 12)

**PROPOSED RENEWAL OF SHAREHOLDERS' MANDATE FOR THE AUTHORITY TO THE COMPANY TO PURCHASE ITS OWN SHARES OF UP TO TEN PER CENT (10%) OF THE TOTAL NUMBER OF ISSUED SHARES ("SBB MANDATE")**

"THAT subject to compliance with the Companies Act 2016 ("the Act"), the Constitution of the Company, Bursa Malaysia Securities Berhad's Main Market Listing Requirements and all other applicable laws, regulations and guidelines, the Company be and is hereby authorised to allocate an amount not exceeding the retained profits of the Company for the purpose of purchasing such number of issued shares in the Company ("KLCB Shares") as may be determined by the Directors of the Company provided that the aggregate number of KLCB Shares purchased pursuant to this resolution does not exceed ten per cent (10%) of the total number of issued KLCB Shares at any point of time;

NOTICE OF NINTH (9<sup>TH</sup>) ANNUAL GENERAL MEETING

THAT upon completion of the purchase by the Company of its own shares, the Directors are authorised to deal with the KLCB Shares in the following manner:-

- i) to cancel the KLCB Shares so purchased; or
- ii) to retain the KLCB Shares so purchased as treasury shares for distribution as dividends to shareholders, resell through Bursa Malaysia Securities Berhad and/or transfer in accordance with the relevant rules of Bursa Malaysia Securities Berhad; or
- iii) combination of (i) and (ii) above;

or in any other manner as prescribed by the Act, rules, regulations and orders made pursuant to the Act and the requirements of Bursa Malaysia Securities Berhad and any other relevant authority for the time being in force;

AND THAT the Directors be and are hereby empowered to carry out the above immediately upon the passing of this resolution and from the date of the passing of this resolution until:

- i) the conclusion of the next AGM of the Company following the general meeting at which this resolution was passed, at which time it shall lapse, unless by an ordinary resolution passed at that meeting, the authority is renewed, either unconditionally or subject to conditions; or
- ii) the expiration of the period within which the next AGM is required to be held pursuant to Section 340(2) of the Act (but shall not extend to such extension as may be allowed pursuant to Section 340(4) of the Act); or
- iii) revoked or varied by ordinary resolution passed by the shareholders of the Company in general meeting;

whichever is earlier;

AND THAT the Directors and/or any of them be and are hereby authorised to complete and do all such acts and things as they may deemed fit and expedient in the interest of the Company to give full effect to the SBB Mandate."

## 12. ORDINARY RESOLUTION VII

(Resolution 13)

### **PROPOSED RENEWAL OF THE AUTHORITY TO ALLOT NEW ORDINARY SHARES IN THE COMPANY ("NEW KLCB SHARES"), FOR THE PURPOSE OF DIVIDEND REINVESTMENT PLAN ("DRP") THAT PROVIDES THE SHAREHOLDERS OF THE COMPANY THE OPTION TO ELECT TO REINVEST THEIR CASH DIVIDEND IN NEW KLCB SHARES ("PROPOSED RENEWAL OF DRP")**

"THAT pursuant to the DRP as approved by the shareholders at the Extraordinary General Meeting held on 24 June 2016 and subject to the approval of the relevant regulatory authorities, approval be and is hereby given to the Company to allot such number of New KLCB Shares from time to time as may be required to be allotted pursuant to the DRP until the conclusion of the next AGM upon such terms and conditions and to such persons as the Board of the Company at their absolute discretion, deem fit and in the best interest of the Company PROVIDED THAT the issue price of the said New KLCB Shares shall be fixed by the Board at not more than ten per cent (10%) discount to the adjusted five (5)-day volume weighted average market price ("VWAMP") of KLCB Shares immediately prior to the price-fixing date, of which the VWAMP shall be adjusted ex-dividend before applying the abovementioned discount in fixing the issue price;

AND THAT the Directors and the Secretary of the Company be and are hereby authorised to do all such acts and enter into all such transactions, arrangements and documents as may be necessary or expedient in order to give full effect to the DRP with full power to assent to any conditions, modifications, variations and/or amendments (if any) as may be imposed or agreed to by any relevant authorities or consequent upon the implementation of the said conditions, modifications, variations and/or amendments, as they, in their absolute discretion, deem fit and in the best interest of the Company."

## 13. To consider any other business of which due notice shall be given in accordance with the Act.

### NOTES:-

#### 1. Appointment of Proxy

- (a) A member entitled to attend and vote at the Meeting is entitled to appoint proxy(ies) (or in the case of a corporation, a duly authorised representative) to attend and vote in his stead. A proxy may but need not be a member of the Company.
- (b) The instrument appointing a proxy shall be in writing under the hand of the appointor or of his attorney duly authorised in writing or, if the appointor is a corporation, either under the corporation's Seal or under the hand of an officer or attorney duly authorised.
- (c) A member shall be entitled to appoint not more than two (2) proxies to attend and vote at the same meetings, and that appointment shall be invalid unless he specifies the proportions of his shareholdings to be represented by each proxy.
- (d) Where a member of the Company is an authorised nominee as defined under the Securities Industry (Central Depositories) Act, 1991 ("SICDA"), it may appoint at least one proxy in respect of each securities account it holds with ordinary shares of the Company standing to the credit of the said securities account.
- (e) Where a member of the company is an exempt authorised nominee as defined under the SICDA which holds ordinary shares in the company for multiple beneficial owners in one securities account ("omnibus account"), there is no limit to the number of proxies which the exempt authorised nominee may appoint in respect of each omnibus account it holds.
- (f) Where the authorised nominee or an exempt authorised nominee appoints more than one proxy, the proportion of the shareholdings to be represented by each proxy must be specified in the instrument appointing the proxies.
- (g) The instrument appointing a proxy and the power of attorney or other authority, if any, under which it is signed or a notarially certified copy of that power or authority shall be deposited at the share registrar of the Company at Unit 32-01, Level 32, Tower A, Vertical Business Suite, Avenue 3, Bangsar South, No. 8, Jalan Kerinchi, 59200 Kuala Lumpur or alternatively, the Customer Services Centre at Unit G-3, Ground Floor, Vertical Podium, Avenue 3, Bangsar South, No. 8, Jalan Kerinchi, 59200 Kuala Lumpur, not less than forty-eight (48) hours before the time for holding the meeting or any adjournment thereof.
- (h) Only the members whose names appear on the Record of Depositors as at 15 June 2018 shall be entitled to attend and vote at this meeting or appoint proxy (proxies) to attend and vote on their behalf.

#### 2. Audited Financial Statements for the financial year ended 31 December 2017

The Audited Financial Statements in Agenda 1 is meant for discussion only as the approval of the shareholders is not required pursuant to the provision of Section 340(1)(a) of the Companies Act 2016. Hence, this Agenda is not put forward for voting by shareholders.

#### 3. Resolutions 1 to 3 – Re-election of Directors

Pang Tin @ Pang Yon Tin, Sim Tian Liang and Chua Kee Yat @ Koo Kee Yat are standing for re-election as Directors of the Company and being eligible, have offered themselves for re-election at the 9th AGM.

The Board had through the Nomination Committee carried out assessment of the Directors standing for re-election, and agreed that they met the criteria as prescribed by Paragraph 2.20A of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad on character, experience, integrity, competence and time to effectively discharge their role as Directors.

The Board had also through Nomination Committee carried out assessment on the independence of Chua Kee Yat @ Koo Kee Yat, and is satisfied that he met the criteria of independence as prescribed in the Main Market Listing Requirements of Bursa Malaysia Securities Berhad.

NOTICE OF NINTH (9<sup>TH</sup>) ANNUAL GENERAL MEETING**4. Resolution 4 – Declaration of a Final Single Tier Dividend**

Pursuant to Paragraph 8.26(2) of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad, the final single tier dividend, if approved, will be paid no later than three (3) months from the date of shareholders' approval.

**5. Resolution 5 – Directors' Fees and Benefits**

The Directors' fees and benefits proposed for the period from this 9th AGM until the date of next AGM are calculated based on the current Board size and number of scheduled Board and Committee Meetings for 2018 up to the next AGM. This resolution is to allow the Company to make payment of Directors' fees and benefits up till the next AGM of the Company. In the event the proposed amount is insufficient (e.g. due to more meetings or enlarged Board size), approval will be sought at the next AGM for the shortfall.

**6. Resolution 6 – Re-appointment of Auditors**

The Board has through the Audit Committee, assessed the suitability and independence of the External Auditors, Messrs Ernst & Young and considered the re-appointment of Messrs Ernst & Young as Auditors of the Company. The Board and the Audit Committee collectively agreed and satisfied that Messrs Ernst & Young has the relevant criteria prescribed by Paragraph 15.21 of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad.

**7. Explanatory Notes on Special Business****(i) Resolutions 7, 8 and 9 – Continuing in Office as Independent Non-Executive Director**

The Board had through the Nomination Committee conducted an annual performance evaluation and assessment of Chua Kee Yat @ Koo Kee Yat, Dato' Paduka (Dr.) Ir. Hj. Keizrul Bin Abdullah @ Lim Teik Keat and Kek Chin Wu who will have served as an Independent Non-Executive Directors ("INED") of the Company for a cumulative term of nine years respectively on 23 October 2018 and recommended for them to continue to act as INEDs based on the following justifications:-

- a. Each of them has fulfilled the criteria under the definition of independent as set out in the Main Market Listing Requirements of Bursa Malaysia Securities Berhad;
- b. Each of them has during their present tenure as Independent Non-Executive Director developed valuable insight of the Group and its business. Their experience enables them to discharge their duties and responsibilities independently, objectively and effectively in the decision making processes of the Board;
- c. Each of them has vast experience, knowledge and skills in a diverse range of business and therefore provide constructive opinion, counsel, oversight and guidance as directors; and
- d. Each of them has devoted sufficient time and attention to his professional obligations to the Company for informed and balanced decision making.

**(ii) Resolution 10 – Authority to Allot Shares**

The resolution is proposed for the purpose of granting a renewed general mandate ("General Mandate") and empowering the Directors to allot shares in the Company up to an amount not exceeding in total ten per cent (10%) of the total number of issued shares of the Company for such purposes as the Directors consider would be in the interest of the Company.

This authority, unless revoked or varied by the Company at a general meeting, will expire at the next AGM.

The renewed General Mandate is to provide flexibility to the Company to issue new securities without the need to convene separate general meeting to obtain its shareholders' approval so as to avoid incurring additional cost and time. The purpose of this renewed General Mandate is for possible fund raising exercise including but not limited to further placement of shares for purpose of funding current and/or future investments projects, working capital, repayment of bank borrowings and acquisition.

As at the date of this notice, the Company did not issue any shares pursuant to the mandate granted to the Directors at the Eighth AGM because there were no investment(s), acquisition(s) or working capital that require fund raising activity.

**(iii) Resolution 11 – RRPT Mandate**

This resolution, if passed, will authorise the Company and each of its subsidiaries to enter into recurrent related party transactions of a revenue or trading nature in the ordinary course of business. For further information on the recurrent related party transactions, please refer to the Circular to Shareholders dated 27 April 2018 enclosed together with the Company's Annual Report 2017.

## NOTICE OF NINTH (9<sup>TH</sup>) ANNUAL GENERAL MEETING

(iv) Resolution 12 – SBB Mandate

This resolution, if passed, will give the Company the authority to purchase its own ordinary shares of up to ten per cent (10%) of the number of issued shares of the Company. For further information on SBB Mandate, please refer to the Statement to Shareholders dated 27 April 2018 enclosed together with the Company's Annual Report 2017.

(v) Resolution 13 - Proposed Renewal of DRP

The shareholder had at the AGM held on 13 June 2017 approved the authority for Director to allot New KLCB Shares in relation to DRP and such authority will expire at the conclusion of this AGM. The Company's DRP provides the shareholders of the Company the option to elect to reinvest their cash dividend in New KLCB Shares.

This resolution, if passed, will give the Company the authority to the Board to allot New KLCB Shares under the DRP in respect of dividend declared in this AGM and subsequently, until the conclusion of the next AGM. A renewal of this authority will be sought at the next AGM.
