For the 3 months ended 31 March 2022, the group achieved turnover of RM8.8 million, an 8% decrease compared to corresponding period. The decrease is attributed to lower ASP segment revenue as a result of lower trading volume and value at Bursa Malaysia. It was partially offset by higher AS business segment during this period under review.

Profit Before Tax (PBT) and Profit After Tax (PAT) recorded at RM4 million and RM2.9 million, both lower by 27% respectively, mainly due to lower revenue.

B. EXPLANATORY NOTES AS PER MAIN MARKET LISTING REQUIREMENTS (APPENDIX 9B)

B2. Variation of Results against Preceding Quarter

	Current Quarter	Immediate Preceding Quarter	Changes	
	31/03/22	31/12/21

The Group's revenue for current quarter was 2% or RM213,000 lower compared to immediate preceding quarter. The decrease is attributed to lower ASP segment revenue.

PBT and PAT recorded higher by RM472,000 and RM1.3 million respectively due to lower cost of sales and lower tax provision.

B3. Prospects for 2022

Geopolitical tensions, inflationary pressure, rising commodity prices and interest rate increase drove market sentiment in global equity exchanges. Share trading activities, as measured by Bursa Malaysia's Average Daily Trading Volume and Value, had decreased significantly compared to the performance in 2020 and 2021. This is expected to dampen our customers' business volume.

Our customers are closely monitoring their spend and seek to accelerate time to market for their new product and service offering. We are actively supporting them through developing new solutions to help them improve and digitalise their internal processes to reduce operational costs and increase work efficiency. We are also enhancing existing system capability and renewed focus to develop new product offering to meet their current and trending trading needs.

To manage our own cost base, we continuously monitor our operating expenditure, review current processes and procedures in order to improve productivity and efficiency.

Given the above and barring any unforeseen circumstances, the Group is positive on the performance of our future business.
