<sup>^</sup> The new Companies Act 2016 ("Act") which came into effect on 31 January 2017, abolished the concept of nominal or par value in shares and consequently, the authorised share capital of a company is no longer applicable. Consequently, the amount standing to the credit of the share premium account of the Company on the commencement of the Act became part of the Company's share capital pursuant to Section 618(2) of the Act. Notwithstanding this provision, the Company may within 24 months from the commencement of the Act, use the amount of RM1,496,594,000 standing to the credit of its share premium account on 31 January 2017 for the purposes set out in Section 618(3) of the Act. There is no impact on the number of ordinary shares in issue of the Company as a result of this transition.

## EXPLANATORY NOTES TO THE INTERIM REPORT FOR THE QUARTER ENDED 30 SEPTEMBER 2019

### A EXPLANATORY NOTES PURSUANT TO MALAYSIAN FINANCIAL REPORTING STANDARD (“MFRS”) 134, INTERIM FINANCIAL REPORTING

#### A1 BASIS OF PREPARATION

The interim financial report has been prepared in accordance with MFRS 134, Interim Financial Reporting and Paragraph 9.22 of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad. These financial statements also comply with IAS 34 Interim Financial Reporting issued by the International Accounting Standards Board.

The interim financial reports should be read in conjunction with the Group’s audited financial statements for the financial year ended 31 December 2018 and the accompanying explanatory notes attached to this interim financial report.

These explanatory notes attached to the interim financial statements provide an explanation of events and transactions that are significant to an understanding of the changes in the financial position and performance of the Company and its subsidiaries (“the Group”) since the year ended 31 December 2018.

#### A2 CHANGES IN ACCOUNTING POLICIES

The significant accounting policies adopted are consistent with those of the audited financial statements of the Group for the year ended 31 December 2018, except for the adoption of the following MFRSs and amendments to MFRSs that are relevant to its operations:

##### MFRS 16 Leases

Except as otherwise indicated below, the adoption of the above MFRSs and amendments to MFRSs does not have significant impact on the financial statements of the Group.

##### **MFRS 16 Leases**

MFRS 16 was issued in January 2016 and it replaces MFRS 117 Leases, IC Interpretation 4 Determining whether an Arrangement contains a Lease, SIC-15 Operating Leases-Incentives and SIC-27 Evaluating the Substance of Transactions Involving the Legal Form of a Lease. MFRS 16 sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases under a single on-balance sheet model similar to the accounting for finance leases under MFRS 117.

The standard includes two recognition exemptions for lessees – leases of ‘low-value’ assets (e.g., personal computers) and short-term leases (i.e., leases with a lease term of 12 months or less). At the commencement date of a lease, a lessee will recognise a liability to make lease payments (i.e., the lease liability) and an asset representing the right to use the underlying asset during the lease term (i.e., the right-of-use asset). Lessees will be required to separately recognise the interest expense on the lease liability and the depreciation expense on the right-of-use asset.

Lessees will be also required to remeasure the lease liability upon the occurrence of certain events (e.g., a change in the lease term, a change in future lease payments resulting from a change in an index or rate used to determine those payments). The lessee will generally recognise the amount of the remeasurement of the lease liability as an adjustment to the right-of-use asset.

Lessor accounting under MFRS 16 is substantially unchanged from today’s accounting under MFRS 117. Lessors will continue to classify all leases using the same classification principle as in MFRS 117 and distinguish between two types of leases: operating and finance leases.

MFRS 16, which is effective for annual periods beginning on or after 1 January 2019, requires lessees and lessors to make more extensive disclosures than under MFRS 117.

#### Transition to MFRS 16

The Group plans to adopt MFRS 16 retrospectively to each prior reporting year presented with the cumulative effect of initially applying MFRS 16 as an adjustment to the opening balance of retained earnings (or other component of equity, as appropriate) at the date of initial application. The Group will elect to apply the standard to contracts that were previously identified as leases applying MFRS 117 and IC Interpretation 4. The Group will therefore not apply the standard to contracts that were not previously identified as containing a lease applying MFRS 117 and IC Interpretation 4.

The Group has performed a detailed impact assessment of MFRS 16. As the Group mainly acts as a lessor, the impact of MFRS 16 adoption is expected to be insignificant to the financial statements.

The Group will elect to use the exemptions proposed by the standard on lease contracts for which the lease terms ends within 12 months as of the date of initial application, and lease contracts for which the underlying asset is of low value.

Due to the adoption of MFRS 16, the Group’s operating profit will improve, while its interest expense will increase. This is due to the change in the accounting for expenses of leases that were classified as operating leases under MFRS 117.

The Group adopt the standard using the full retrospective approach, requiring the restatement of comparative period presented in the financial statements.

## A12 CONTINGENT LIABILITIES OR CONTINGENT ASSETS

The contingent liabilities of the Company as at the end of the current quarter are as follows:

	As at 30 September 2019 RM'000
(a) Corporate guarantees given to banks to secure banking facilities granted to subsidiary companies	159,672

- (b) As announced by the Company on 11 February 2019, two of its wholly-owned subsidiaries, namely Windsor Triumph Sdn Bhd and Sunny Uptown Sdn Bhd were served by the Inland Revenue Board of Malaysia ("IRB") with Notices of Additional Assessment for the Year of Assessment 2013, for additional income tax totalling RM25,558,750.50 and penalty totalling RM14,057,312.78 as follows:

Name of Company	Additional Assessment (RM)	Penalty (RM)	Total Amount (RM)
Windsor Triumph Sdn Bhd	8,990,750.00	4,944,912.50	13,935,662.50
Sunny Uptown Sdn Bhd	16,568,000.50	9,112,400.28	25,680,400.78

The additional assessment raised against Windsor Triumph Sdn Bhd by the IRB arises from an adjustment by the IRB of the market value of properties that Windsor Triumph Sdn Bhd has withdrawn as a stock-in-trade to hold as investment property.

The additional assessment raised against Sunny Uptown Sdn Bhd by the IRB arises from an adjustment by the IRB of the selling price at market value, of properties that Sunny Uptown Sdn Bhd had assigned to another wholly-owned subsidiary of the Company on an “as is” basis.

Both subsidiaries relied on valuations by a professional, independent and experienced registered Valuer. These valuations were adjusted by the IRB by substituting them with valuations subsequently conducted by the Jabatan Penilaian dan Perkhidmatan Harta.

Upon consulting the Company’s tax solicitors, the Company is of the view that there are strong grounds to challenge the basis and validity of the disputed Notices of Additional Assessment raised by the IRB and the penalty imposed. Windsor Triumph Sdn Bhd and Sunny Uptown Sdn Bhd have filed an appeal to dispute the said Notices of Additional Assessment.

Accordingly, the Directors of the Company are of the opinion that no provision in respect of the tax liability in dispute is required to be made in the financial statements as at the reporting date.
