# CHAIRMAN'S STATEMENT

# "

**Dear Valued Shareholders,** 

FINANCIAL YEAR 2023 HAS BEEN A PIVOTAL YEAR OF STRATEGIC PROGRESS FOR NI HSIN GROUP BERHAD ("NI HSIN" OR "THE COMPANY")

On behalf of the Board of Directors of NI HSIN, I am pleased to present to you the Annual Report and Audited Financial Statements of NI HSIN and its subsidiaries ("the Group") for the financial year ended 31 December 2023 ("FY2023").

# "

NI HSIN's venture into the Vehicle ("EV") Electrical 2-wheeler industry proved a significant game changer for the Group. We have made significant strides in the Malaysian EV 2-wheelers market since the launch of EBIXON BOLD and EBIXON TORQ models, for personal and commercial use respectively, in November 2022. The collaboration between our wholly-owned subsidiary Ni Hsin EV Tech Sdn Bhd ("NHEVT"), Dongguan Tailing Motor Vehicle Co., Ltd. ("TAILG") and Nanjing Vmoto Manufacturing Co, Ltd ("VMOTO") to supply EV motorcycles on CKD basis for assembly for the Malaysian market, brings about the benefits of cost efficiency from the reduced production and shipping costs, while providing technology transfer to

Malaysia. Thus, we are able to supply affordable efficient ecofriendly electric motorcycles to Malaysians and help accelerate the transition to cleaner mobility, benefiting both economies and the environment. This underscores our commitment to the sustainability agenda to combat climate change and play a contributing role in Malaysia's aim to become a carbon-neutral nation by 2050 as set under the 12<sup>th</sup> Malaysia Plan.

#### Financial Performance Review

The Group recorded a total revenue of RM28.8 million in FY2023, a reduction of 17% over the total revenue achieved in financial year ended 31 December 2022 ("FY2022") attributed to lower sales

in the Cookware, Stainless Steel Products and Logistics Divisions while revenue in the Food and Beverage Division almost doubled as the Café & Restaurant business improved. Gross Profit ("GP") margin achieved during the year was 19% against 29% in the previous year due to lower sales. The Group recorded a Loss Before Taxation ("LBT") of RM7.61 million in FY2023 against a LBT of RM4.45 million in FY2022 due to the depreciation of Japanese Yen against Malaysian Ringgit and expenses incurred in the EV Division which has yet to record material sales volume. A more detailed review of the Group's financial performance is covered under the section on Management Discussion and Analysis in this Annual Report.

### CHAIRMAN'S STATEMENT (CONT'D)

#### **Business Operations**

#### **Cookware and Stainless Steel Products Divisions**

Cookware Division The experienced lower demand for Cookware and Stainless Steel Products as a result of the global economic and trade slowdown. This year, the Group has succeeded in securing sales orders in China and Taiwan which are new markets for the Stainless Steel Products Division. In another scenario, sales were affected by a change in tariff codes that prevented us from exporting our clad metals into Thailand. The issue was resolved through close cooperation and collaboration with the customer via a strategic solution to supply of semi-finished cookware to the said customer.

#### Food & Beverage ("F&B") Division

The Blackbixon Café & Restaurant was launched in July 2022 and has garnered steadily growing following on social media arising from popular innovative offerings such as the giant croissant. The Group has opened its second Blackbixon Café & Restaurant at PJ33 in Petaling Jaya in January 2024 with several more locations in the Klang Valley being planned within the next few years.

#### **Electrical Vehicle ("EV") Division**

NHEVT aims to be the market leader in EV 2-wheelers in Malaysia. Being locally assembled, our EV motorcycles are priced competitively. Our collaboration with TAILG and VMOTO have accorded us with a wide product range of EV motorcycles well suited for the Malaysian market needs. VMOTO manufactures and distributes high performance and competitive electric vehicle products to international B2B and B2C markets. We have models that cater to the B2C, B2B and B2G segments. Our business model includes plans which provide business opportunities to the B40 segment in Malaysia.

The Madani government had in its 2024 Budget announced low carbon initiatives which will help drive demand for EV motorcycles. Taking the lead, Putrajaya, the administrative capital, will serve as an example of a low-carbon city in Malaysia. Solar panels will be installed on government buildings, and the federal administration has already started using electric vehicles as official vehicles. The government is targeting a total of 1.5 million electric vehicles (EVs) in the country by 2040 and electric motorcycles account for a sizeable portion.

Premised on the above we are excited and optimistic of the Group's financial performance and prospect in the foreseeable future while building the Group's resilience in overcoming the challenges.

#### ACKNOWLEDGEMENT AND **APPRECIATION**

I wish to extend my heartfelt gratitude to the Board of Directors, the Management and Staff of our Group for their contribution, dedication and commitment. I would like to take this opportunity to express my heartiest gratitude to our previous Independent Non-Executive Director, Mr Ler Leong Keh, for his excellent contribution to the Group and a warm welcome to Dato' Shamsuddin Bin Mohd Mahayidin, Independent Non-Executive Director.

Our gratitude and sincere thanks are also extended to our valued customers, bankers, business associates, suppliers and regulatory bodies for their invaluable support, assistance and confidence in the Group. We are also grateful to our valued shareholders for their continued support and commitment to NI HSIN.

# MANAGEMENT DISCUSSION AND ANALYSIS

#### **OVERVIEW OF THE GROUP'S BUSINESS AND OPERATIONS**

NI HSIN Group Berhad ("NI HSIN" or "the Company") and its subsidiaries ("the Group") had its humble beginning in 1989 specialising in stainless steel products, namely multi-ply stainless steel premium cookware, multi-ply clad metals and stainless steel convex mirror. The Company was listed on Bursa Malaysia on 28 July 2005.

Currently, the Group's business is categorised into five divisions:

- Cookware
- Stainless Steel Products
- Food & Beverage ("F&B")
- Logistics Services
- Electrical Vehicle ("EV")

Our manufacturing and production facilities covering an area of approximately 4.5 acres are located in Seri Kembangan, Selangor.

#### **COOKWARE DIVISION**

The products manufactured under the cookware division include premium multi-ply stainless steel cookware and pressure cookers which are sold locally and exported overseas. Our multi-ply stainless steel cookware has a strong track record in the Japanese market which demands very high standards in respect of quality and safety. Our products have attained SG IH, SG and CE certifications.

The Group provides Original Equipment Manufacturing ("OEM") and Original Design Manufacturing ("ODM") services to our customers who sell the cookware in their own brand names. Besides the OEM/ODM cookware products, the Group also distributes cookware under the brand Wonderchef from Japan and Pentoli which is our in-house brand.

#### **STAINLESS STEEL PRODUCTS DIVISION**

In the stainless steel products division are our proprietary multi-ply clad metal and stainless steel convex mirror. The multi-ply clad metal is used internally in the manufacture of our stainless steel cookware as well as sold to cookware manufacturers worldwide. The stainless steel convex mirror is produced using our proprietary polishing process to achieve a highly reflective mirror-like finish. It is virtually unbreakable, with long lasting shine, can withstand extreme weather conditions and is thus virtually maintenance free. It is a formidable substitute to the conventional glass, polycarbonate and acrylic types which are vulnerable to cracks and are not durable.

#### Food & Beverage ("F&B") Division

The F&B business entails the manufacturing and distribution of health and bioenergy beverages in capsules and operation of café and restaurant. Customers are provided with BLACKBIXON Coffee machines to brew the beverages under our cafe@ home@office@anywhere concept.

The Group's maiden BLACKBIXON CAFÉ & RESTAURANT outlet at Jalan Inai in downtown Kuala Lumpur is a favourite lunch place among office workers and families during weekends looking for nourishing and tasty Western classics. It offers freshly prepared breads and pastries, a wide selection of hearty and delicious breakfast, lunch and dinner favourites accompanied by specialty coffees and must try Blackbixon signature drinks. The Cafe has a total area of 5993 sq ft occupying two floors and can accommodate up to 200 pax. The ground floor has an air-conditioned indoor dining area and a glass house dining area alfresco style. The first floor houses a VIP dining area, accommodating up to 50 pax, which can also be utilised for private functions like birthday parties, workshops or seminars. The Café is tastefully furnished with exquisite art pieces and Blackbixon themed wall graffities and has a roof top garden with spectacular view of the Kuala Lumpur skyline, especially the night view.

#### **Logistics Services Division**

The Group's logistics business covers freight, forwarding, haulage & transportation, warehousing and international agency services.

The current market is mainly domestic with approximately 5% from other regional markets and are spread out over various sectors such as:

- Chemical industries
- PPE Glove industries
- Electronic Industries
- Personal Care Industries
- Plastic Industries
- Others

The Group's warehousing facility, strategically located in the Klang Valley, is equipped with Automated Storage and Retrieval System ("ASRS"). The ASRS is designed to buffer, store, and retrieve product and inventory on demand, well suited for the 5PL and Fulfilment Services business.

#### Electric Vehicle ("EV") Division

Ni Hsin EV Tech Sdn Bhd ("NHEVT"), a wholly owned subsidiary, had obtained the manufacturing licence from the Ministry of Trade and Industry (MITI) for manufacturing and assembly of the EV motorcycles at our manufacturing facilities in Seri Kembangan. The Company received conditional approval from Malaysian Investment Development Authority (MIDA) for pioneer status for the assembly of EV motorcycles.

Besides TAILG, NHEVT had also collaborated with Nanjing Vmoto Manufacturing Co, Ltd ("VMOTO") to supply high-powered EV motorcycles to add to the range of models offered to the market. VMOTO is a world leading, fully integrated, new energy e-mobility solution provider, as a brand owner, designer, manufacturer and distributor of high quality electric two-wheeler vehicles with European designs and uncompromising quality and related EV business solutions harnessing technology that is sustainable, innovative and exhilarating. The models offered by VMOTO can be ideally equipped according to specific requests, installing accessories such as panniers, sirens, radio systems, well suited for police, army and security enforcement units thereby widening our market coverage.

#### **KEY MARKETS**

Our key markets for the cookware and stainless steel products divisions are as follows:

Division	Japan	Asia Pacific (excluding Japan)	USA & Canada	Europe
Cookware	48%	41%	8%	3%
Stainless Steel Products	66%	20%	2%	12%

#### FINANCIAL PERFORMANCE REVIEW

For the financial year ended 31 December 2023 ("FY2023"), the Group achieved a total revenue of RM28.8 million a reduction of 17% over the total revenue achieved in financial year ended 31 December 2022 ("FY2022") of RM34.7 million. The lower revenue recorded during FY2023 was mainly due to lower sales in the Cookware, Stainless Steel Products and Logistics Services Divisions while revenue in the Food and Beverage Division almost doubled as the Café & Restaurant business improved.

Gross Profit ("GP") margin achieved during the year was down to 19% compared to the previous year of 29% as a result of the lower sales. The Group recorded a Loss Before Taxation ("LBT") of RM7.61million in FY2023 against a LBT of RM4.45 million in FY2022 as a result of lower sales in the Cookware and Stainless Steel Products Divisions coupled with the depreciation of Japanese Yen against the Malaysian Ringgit and expenses incurred in the EV Division which has yet to record material sales volume. Consequently, the Group incurred a Loss After Taxation ("LAT") of RM7.4 million in FY2023 compared to a LAT of RM5.0 million recorded in FY2022.

The Group's net assets per share as at 31 December 2023 stood at RM0.17. The Group's non-current assets has increased to RM67.57 million compared with the non-current assets of RM64.95 million as at 31 December 2022 due to recognition of goodwill and increase in right-of-use assets of RM1.89 million and RM1.17 million respectively. Inventories decreased to RM20.59 million as at 31 December 2023 due to reduction of inventories level in Cookware Division and Stainless Steel Products Division. Receivables, deposits and prepayments recorded a decrease of RM1.51 million to RM3.57 million as compared to that in 31 December 2022. The Group's net current assets was RM34.92 million as at 31 December 2023. The Group is in a positive net cash position as at 31 December 2023 with cash and cash equivalent of RM14.55 million after deducting all borrowings of the Group.

The Group's net operating cash outflow for FY2023 was RM0.10 million. The net cash outflow from investing activities was RM4.52 million, being investment in an equity interest of a subsidiary and purchase of plant and equipment. Net cash outflow from financing activities was RM1.39 million, mainly attributable to the cost of repurchase of treasury shares and repayment of bank borrowings. The net resultant impact to the Group's cash flow was a decrease in cash of RM5.83 million during FY2023. Net cash and cash equivalents amounted to RM15.14 million as at 31 December 2023.

11

#### SALES PERFORMANCE BY DIVISION

The Group's performance by each Division for the financial year ended 31 December 2023 is as follows:

#### **Cookware Division**

The Cookware Division's revenue for FY2023 decreased by RM4.58 million or 35.8% to RM8.20 million compared with the revenue achieved in FY2022 of RM12.79 million as sales to all regions except for Europe decreased by RM4.68 million. However, the sales to Europe increased by RM0.01 million. The cookware revenue by geographical market for FY2023 is as follows:

	FY2023	FY2023 FY2022		Increase/(Decrease)		
	RM'000	RM'000	RM'000	%		
Japan	3,912	7,415	(3,503)	(47.2)		
Asia Pacific (excluding Japan)	3,402	4,412	(1,010)	(22.9)		
USA &Canada	628	798	(170)	(21.3)		
Europe	259	156	103	66.0		
	8,201	12,781	(4,580)	(35.8)		

#### **Stainless Steel Products Division**

The Stainless Steel Products Division's revenue for FY2023 decreased by RM1.56 million or 10.3% to RM13.6 million compared with the revenue achieved in FY2022 of RM15.15 million due to lower sales to Thailand, Japan and Europe. Sales was affected by the change in tariffs of clad metals by the customs department of Thailand resulting in the imposition of taxes on clad metals imported into the country which were previously exempted. Whereas in Europe, sales were adversely affected by stiff competition. The revenue for the Stainless Steel Products Division by geographical market for the period is as follows:

	FY2023	FY2022	Increase	/(Decrease)
	RM'000	RM'000	RM'000	%
Japan	8,912	9,115	(203)	(2.2)
Asia Pacific (excluding Japan)	2,678	3,551	(873)	(24.6)
USA &Canada	308	405	(97)	(24.0)
Europe	1,697	2,082	(385)	(18.5)
	13,595	15,153	(1,558)	(10.3)

#### **F&B** Division

The F&B Division's revenue for FY2023 improved to RM4.25 million as compared to RM2.28 million in FY2022 as sales picked up for the Blackbixon Café and Restaurant which commenced business in end July 2022.

#### **Logistics Services Division**

The Logistics Services Division's revenue for FY2023 was RM1.94 million as compared to RM4.48 million in FY2022. The Division generated a lower revenue for the period as supply chains normalise, alleviating some pressure on demand.

#### **Electric Vehicle Division**

The EV Division's revenue for FY2023 was RM0.71 million having just started operations in January 2023.

NHEVT has made inroads in promoting to and educating the management teams of government agencies, GLCs and corporate entities on the advantages of adopting EV motorcycles in their operations. Several local councils and GLCs have contracted to use EBIXON motorcycles in their routine functions. NHEVT is also working closely with Permodalan Darul Ta'zim Sdn Bhd, a wholly-owned company of the Johor State Government, to formulate and propose the "green lane" scheme at the Johor CIQ complex exclusively for electric motorcycles crossing between Malaysia and Singapore to the Johor State Government. The objective of the "green Lane" scheme at the Johor CIQ complex is to boost the transition from ICE twowheelers to EV two-wheelers in Johor.

To capture market share NHEVT has established a comprehensive sales and marketing network with the appointment of Distributors, Master Dealers and Dealers around the Peninsula and East Malaysia. The business model of the EV Division includes rent-to-own and rental schemes too. The Division works with a Master Dealer to rent out EBIXON motorcycles to the public and tourists to promote eco-tourism especially in tourist destinations like Penang, Perlis, Langkawi and Sarawak.

Our product offerings cater to the B2C, B2B and B2G segments. The models, EBIXON TC-MAX and EBIXON CPX-PRO, to be supplied by VMOTO, can be ideally equipped according to specific requests, installing accessories such as panniers, sirens, radio systems, well suited for police, army and security enforcement units. Our business model includes plans which provide business opportunities to the B40 segment in Malaysia.

#### **PROSPECTS AND STRATEGIES**

#### World Economy Outlook

The global economy is anticipated to exhibit moderate growth after experiencing a period of economic downturn. the IMF projected the global growth outlook to 3% in 2024 (2023: 3%). Nevertheless, it remains constrained due to heightened downside risks, particularly tightening of monetary policies to ease inflationary pressures, hence, impeding a robust global economic recovery. Meanwhile, world trade growth is also expected to record 3.7% in 2024.

#### Malaysia Economic Outlook and Growth Prospects

The Malaysian economy is projected to grow between 4%-5% in 2024, underpinned by continued expansion in domestic demand and improvement in external demand: Growth will be driven by resilient domestic expenditure, with additional support from the expected recovery in exports. Tourism is expected to improve further, while the implementation of new and ongoing multi-year projects by both the private and public sectors would support investment activity. Nevertheless, domestic growth remains subject to downside risks from both external and domestic factors. (Source: Bank Negara Malaysia)

#### **Cookware and Stainless Steel Products Divisions**

The Group continues to leverage on its credentials, being an established, reputable and trustworthy player in the cookware and stainless steel products industries, excellent product quality with Japan SG certification and a Complete vertical integration of manufacturing - from materials production to product manufacturing to sales, to drive the business.

Product quality, innovation and broadening products portfolio, monitoring costs, broadening marketing networks and addressing the needs of customers to ensure business continuity remain the focus of the Management.

The Group has successfully opened up markets in China and Taiwan. With the successful brainstorming and negotiations with the customer in Thailand to supply semi-finished goods, delivery of orders is expected in Q2 2024. To improve sales in the stainless steel products division the Group is expanding its product range to include road safety products in addition to convex mirror.

#### **F&B** Division

Our maiden Blackbixon Café & Restaurant at Jalan Inai has received very positive response from the public and is popular with office workers and families. The strength of the Café & Restaurant lies in competitive and affordable product pricing, excellent food and pastries and innovative product offerings like the Giant Croissant which attracted many fans through social media. We are always using the best and freshest ingredients.

The Group has opened its second Blackbixon Café & Restaurant at PJ33 in Petaling Jaya in January 2024 with several more locations in the Klang Valley planned within the next couple of years.

#### **Logistics Services Division**

The Logistics Services Division will continue to face challenges in financial year ending 31 December 2024. Amidst rapid changes and unforeseen challenges, staying agile, embracing technological advancements and maintaining a customer-centric approach have never been more crucial.

We are focusing on warehousing services to our customers in 2024 leveraging on our warehousing facilities with ASRS

#### **Electric Vehicle Division**

Going forward, NHEVT's technical team researched and developed functional boxes for different business models like the temperature-controlled boxes for hot and cold deliveries, standard boxes for ordinary parcel deliveries, and even boxes from which you can prepare and serve hot food like satay, besides coffee. These boxes can be packaged together with our EBIXON TORQ targeting the delivery services and entrepreneur market. We believe there is niche in the temperature-controlled delivery market especially using EV motorcycles with Malaysia targeting net zero carbon emission by 2050. NHEVT is filing for patent for some of these functional boxes.

Malaysia's electric two-wheeler market is on an upward trajectory, driven by environmental consciousness, technological advancements, and supportive government policies. The Malaysian electric two-wheeler market is predicted to grow at a 15.4% CAGR during the forecast period 2025 to 2030 in terms of revenue size. This growth is primarily driven by anticipated government initiatives and the need to curb vehicular emissions. The introduction of the RM2,400 rebate to purchasers earning not more than RM10,000 per month through MARiiCAS by the Malaysian government is seen to be a primary driver. Other government policies supporting the transition of the ICE two-wheeler to two-wheeler EVs include tax incentives, and installation of charging infrastructure.

The pioneer status approval from MIDA grants the Company tax exemption on 70% of the Company's income for a period of 5 years. The Group expects the electric vehicle division to make a positive contribution to its financial performance in the near future.

The Board of Directors ("**the Board**") of Ni Hsin Group Berhad ("**NHG**" or "**the Company**") is pleased to present the Corporate Governance Overview Statement ("**Statement**") for the financial year ended 2023 ("**FYE 2023**") which outlines the summary of application of corporate governance practices as promulgated by the Malaysian Code on Corporate Governance 2021 ("**MCCG**") issued by Securities Commission Malaysia.

This Statement is prepared in compliance with Paragraph 15.25(1) of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad ("**Bursa Securities**") ("**Listing Requirements**") and guided by Practice Note 9 of Listing Requirements and the Corporate Governance Guide (4th edition) issued by Bursa Securities.

This Statement should also be read together with the Corporate Governance Report 2023 of the Company ("**CG Report**") which is made available on the Company's website: www.ni-hsin.com as well as via an announcement on the website of Bursa Securities and in conjunction with the other statements in the Annual Report (e.g. Statement on Risk Management and Internal Control, Audit and Risk Management Committee ("**ARMC**") Report and Sustainability Statement) as the application of certain governance enumerations may be more evidently expressed in the context of the respective statements.

#### PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS

#### 1. Board Responsibilities

#### a. Board of Directors

The Group is headed by an experienced and effective Board. The Board assumes overall responsibility in leading the strategic direction, future expansion, corporate governance, risk management, human resource planning and development, investments made by the Company and overseeing the proper conduct of business of the Group.

In discharging its duties, the Board delegates certain of its responsibilities to the Board Committees, namely ARMC, Nomination Committee ("**NC**") and Remuneration Committee ("**RC**") which operate within defined Terms of Reference ("**TOR**"). The Chairpersons of the respective Board Committees report to the Board on key matters deliberated at the respective Board Committee meetings and make recommendations to the Board for final decision, where necessary.

The Board is cognisant that changes in strategy, personnel and the external environment may be necessary to drive changes in the way that we operate in order to maximise the Board's effectiveness. We therefore recognise the benefits of regularly evaluating our own effectiveness and that of our Committees (at least annually) so that we can take any actions necessary to ensure that we continue to perform effectively.

#### b. Separation of Position of Chairman and Chief Executive Officer

The Company does not have a Chief Executive Officer, the Board was assisted by four (4) Executive Directors. The Chairman is an Independent Non-Executive Director who is responsible for overseeing the effective discharge of the Board's supervisory role emphasising on governance and compliance while the Executive Directors are responsible for the day-to-day operation of the Group's business. The role of the Chairman and Executive Directors are distinct and separate to engender accountability and facilitate clear division of responsibilities to ensure there is a balance of power and authority in the Company. The ability to meet responsibilities is underpinned by having in place a balanced and effective Board which brings together a wide range of skills and expertise, and our governance framework which enables effective decision-making within a structure of clear accountabilities.

The Board concurred with the guidance of MCCG that the Chairman of the Board should not involve in any Board Committees to ensure check and balance as well as the objectivity will not be impaired or influenced by the Chairman of the Board who also sits on Board Committee(s). The Chairman of the Board is not a member of any Board Committees.

#### PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS (CONTINUED)

#### 1. Board Responsibilities (continued)

#### c. Company Secretaries

The Board and Board Committee are supported by two (2) qualified and competent Company Secretaries. All Directors have unrestricted access to the advice and services of the Company Secretaries to enable them to discharge their duties and responsibilities effectively. The Company Secretaries play an advisory role to the Board in relation to the Company's Constitution, Board's policies and procedures, corporate governance and compliance with the relevant regulatory requirements and legislations.

#### d. Board Meeting

The Board conducts at least five (5) meetings in each financial year. An annual meeting calendar is prepared and circulated to the Directors before the beginning of each year to help the Directors in planning their schedule ahead. Additional meetings will be held as and when required.

The Board recognises that the decision-making process is highly dependent on the quality of information furnished. The meeting agenda, the relevant reports and Board papers are prepared and furnished to the Directors and Board Committee members at least five (5) business days before the meeting to allow the Directors to have sufficient time to read them for effective discussion and decision making at the meetings.

The record on the Directors' attendance at the Board and Board Committees meetings during the FYE 2023 is set out below:-

Dato' Shamsuddin Bin Mohd Mahayidin <sup>(3)</sup> Independent Non-Executive Director	1/1	1/1	N/A	N/A

(1) Appointed as Director on 10 January 2023.

(2) Resigned as Director on 14 July 2023.

(3) Appointed as Director on 15 September 2023.

The minutes of meetings of Board and Board Committees will be circulated to all Directors and Board Committee members for review and comments within a reasonable timeframe prior to the Chairman's confirmation at the next Board and Board Committees meeting.

#### PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS (CONTINUED)

#### 1. Board Responsibilities (continued)

#### e. Board Charter

The Board has established a Board Charter to promote high standards of corporate governance which is designed to provide guidance and clarity to Directors and the Management with regards to the role of the Board and its Committees. The Board Charter sets out the key values and principles of the Company as well as the duties and responsibilities of the Board, the Chairman, the Executive Directors, the Independent Director and the Board Committees. The Board Charter also includes a formal schedule of matters reserved for the deliberation of the Board.

The Board Charter is regularly reviewed by the Board to ensure it complies with legislations and best practices, and remains effective and relevant to the Board's objectives.

The Board Charter is available at the Company's website.

#### f. Code of Conduct

The Board has adopted the Code of Conduct for Directors, officers and employees of the Group to promote an environment of integrity and engender ethical behaviour within the Group.

The Code of Conduct is available at the Company's website.

#### g. Whistle Blowing Policies and Procedures

The Company has established the Whistle Blowing Policies and Procedures ("**WPP**") which serves as a guide to employees or any external party to report any breach or suspected breach of any law or regulation, including business principles and the Group's policies and guidelines, in a safe and confidential manner.

The WPP outlines the relevant procedures such as when, how and to whom a concern may be properly raised about the genuinely suspected or instances of wrongdoing at the Company and its subsidiaries.

The WPP is available at the Company's website.

#### h. Anti-Bribery and Anti-Corruption Policy and Procedure

The Company has adopted the Anti-Bribery and Anti-Corruption Policy and Procedure ("**ABACPP**") following the enforcement of Section 17A of the Malaysian Anti-Corruption Commission Act 2009. The ABACPP serves as a guideline to all Directors, employees and stakeholders on their obligation to prevent and mitigate any forms of bribery and corruption that may arise in the ordinary course of business, and to promote highest standards of ethical conduct of business within the Group.

The ABACPP is available at the Company's website.

#### i. Sustainability

The Company acknowledges the importance of sustainability performance of the Group which has been recognised as one of the considerations to stakeholders in their decision-making. The Board, together with the Management have integrated sustainability considerations into the day-to-day operations to ensure the sustainability strategies and plans are effectively implemented in the Group.

Materiality assessment on the sustainability matters has been conducted on regular basis to ensure that the sustainability matters remain relevant to the stakeholders.

#### PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS (CONTINUED)

#### 1. Board Responsibilities (continued)

#### i. Sustainability (continued)

The Board continuously keep themselves abreast with the sustainability issues relevant to the Group through periodical updates by Securities Commission Malaysia.

The detailed disclosures on the sustainability practices and performance of the Group are set out in the Sustainability Statement on page 46 of this Annual Report.

#### 2. Board Composition

#### a. Composition and Diversity

The Board is well balanced, comprising experienced businessmen and qualified professionals of diverse knowledge, skill, extensive experience and expertise in areas such as strategic planning, business development, finance, corporate affairs, marketing and operations.

As at 31 December 2023, the Board comprised eight (8) members, comprising four (4) Independent Non-Executive Directors and four (4) Executive Directors. This complies with Paragraph 15.02(1) of the Listing Requirements which requires at least two (2) or one-third (1/3) of the Board of the Company, whichever is higher, are Independent Directors.

During the financial year under review, Mr Tung Fook Heng and Dato' Shamsuddin Bin Mohd Mahayidin were appointed as Independent Non-Executive Directors of the Company on 10 January 2023 and 15 September 2023 respectively.

On 14 July 2023, Mr Ler Leong Keh resigned from the Board.

As at 31 December 2023, there was approximately 37.5% women representation in the Board which complied with Practice 5.9 of MCCG.

#### b. NC Composition

The role of the NC is to assist the Board in ensuring that the Board comprises individuals with the requisite skills, knowledge, professional expertise and character.

The NC comprises exclusively Non-Executive Directors who are independent. Currently, the members are as follows:

Ler Leong Keh (*Chairman*)<sup>(1)</sup> Tung Fook Heng (*Chairman*)<sup>(2)</sup> Poo Chii Miin @ Chermaine Poo (*Member*) Dato' Shamsuddin Bin Mohd Mahaydin (*Member*)<sup>(3)</sup>

- (1) Ceased as Chairperson of Nomination Committee following his resignation as Independent Non-Executive Director of the Company on 14 July 2023.
- (2) Appointed as member of Nomination Committee on 10 April 2023 and redesignated as Chairperson of Nomination Committee on 15 September 2023.
- (3) Appointed as member of Nomination Committee on 15 September 2023.

The Board does not consider it is necessary to appoint a Senior Independent Director as all existing members of the Board devote sufficient time commitment to the issues which are openly discussed during Board meetings.

#### PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS (CONTINUED)

#### 2. Board Composition (continued)

#### c. Tenure of Independent Director

The Board has yet to develop a policy which limits the tenure of its independent directors to nine (9) years. Nonetheless, the Board is mindful of the prescribed Practice of the MCCG pertaining to the Board independence. The Board further recognises that tenure of directorship is not an absolute indicator of a Directors' independence and objectivity wherein the spirit, intention, purpose and attitude should also be considered.

The Board will provide justification and seek shareholders' approval should it decides to retain an Independent Director who has served in that capacity for a cumulative period of nine (9) years and more.

Notwithstanding that, an Independent Director who has served a cumulative term of twelve (12) years and above must resign or be re-designated as a Non-Independent Director in accordance with the Listing Requirements.

As at the date of this Statement, none of the Independent Directors has served the Company beyond nine (9) years.

#### d. Appointment to the Board

The NC will identify and recommend candidates to the Board if there is any vacancy arising from resignation, retirement or any other reasons or if there is a need to appoint additional Director with the required criteria based on recommendation from existing Directors, Senior Management or major shareholders.

The Board has adopted the Directors' Fit and Proper Policy, which serves as a guide to the NC and the Board in conducting assessment on potential candidates to be appointed as Directors/ existing Directors seeking for re-election and to ensure the Directors possess the right blend of qualifications, expertise, track record, character and integrity, and time commitment to effectively discharge their roles and responsibilities as Directors of the Group.

In recommending the appointment of Directors, the NC will review the suitability of candidates based on skills, knowledge, character, integrity, expertise and experience, competency, commitment (including time commitment) and where appropriate, the independence of candidates for appointment as Independent Non-Executive Directors.

The assessment of the Independent Directors is in accordance with the criteria as set out in the Board Charter and Listing Requirements.

#### e. Re-election of Directors

In accordance with the Company's Constitution, an election of Directors shall take place each year at an Annual General Meeting ("**AGM**") and one-third (1/3) of the Directors are subject to retirement by rotation, in any event, each Director shall retire from office once in every three (3) years. The Directors to retire in each year are the Directors who have been longest in office since their last appointment or re-election. The Directors appointed by the Board during the financial year are subject to retirement at the next AGM held following their appointments in accordance with the Company's Constitution. All retiring Directors are eligible for re-election. The re-election of each Director is voted on separate resolution during the AGM of the Company.

#### PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS (CONTINUED)

#### 2. Board Composition (continued)

#### e. Re-election of Directors (continued)

Based on the schedule of rotation, the following Directors are subject to retirement by rotation pursuant to the Company's Constitution at the forthcoming Twentieth AGM:-

- (1) Encik Rizvi Bin Abdul Halim (Clause 95)
- (2) Mr Lai Kian Huat (Clause 95)
- (3) Dato' Shamsuddin Bin Mohd Mahayidin (Clause 102)

Both Encik Rizvi Bin Abdul Halim and Mr Lai Kian Huat have expressed their intention to seek for re-election at the forthcoming Twentieth AGM while Dato' Shamsuddin Bin Mohd Mahayidin has express his intention not to seek for re-election at the forthcoming Twentieth AGM and shall retire at the conclusion of the Twentieth AGM.

The NC had also taken into the consideration the outcome of the Directors' self-assessment before making recommendations to the Board for Directors who would be seeking for reelection at the Annual General Meeting, and whether the Directors are 'fit and proper' under the Directors' Fit and Proper Policy after receiving submissions from the aforesaid retiring Directors.

The NC took reasonable steps to conduct checks using external information as part of the assessment process on whether the directors have the (i) Character and Integrity; (ii) Experience and Competence; and (iii) Time Commitment to do the job in accordance with the Directors' Fit & Proper Policy. The fit and proper assessments are supported by relevant independent sources in relation to the persons being assessed.

The profile on directors who are standing for re-election are provided in the Annual Report to facilitate shareholders to make informed decision.

#### f. Annual Evaluation

The assessment criteria of the Board and Board committees include an evaluation of the size and composition of the Board and Board committees, access to information, accountability, processes, performance of the Board and Board committees in relation to discharging its principal responsibilities, communication with Management and standards of conduct by the Directors and committee members.

The internally facilitated evaluation process is led by the NC Chairman who is an Independent Director and supported by the Company Secretaries. The evaluation process is conducted via questionnaires to review the effectiveness of the Board and its committees, and based on self-review and peer assessment. The NC reviewed the outcome of the assessment and was satisfied with the composition of the Board and Board Committees in respect of their balanced mix of skills, experience and expertise as well as individual Directors' personal attributes and contribution to the Board.

The outcome of the assessment was then reported to the Board, in particular, areas for improvement and also used as part of the basis of recommending retiring Director for reelection at the AGM.

#### 3. Remuneration

Currently, the RC comprises the following members:-

Ler Leong Keh (*Chairman*)<sup>(1)</sup> Tung Fook Heng (*Chairman*)<sup>(2)</sup> Poo Chii Miin @ Chermaine Poo (*Member*) Dato' Shamsuddin Bin Mohd Mahaydin (*Member*)<sup>(3)</sup>

- (1) Ceased as Chairperson of Remuneration Committee following his resignation as Independent Non-Executive Director of the Company on 14 July 2023.
- (2) Appointed as member of Remuneration Committee on 10 April 2023 and redesignated as Chairperson of Remuneration Committee on 15 September 2023.
- (3) Appointed as member of Remuneration Committee on 15 September 2023.

The RC is responsible for recommending the remuneration framework and policy as well as the remuneration package of the Executive Directors to ensure rewards commensurate with their contributions to the profit and growth of the Group. In the case of Non-Executive Directors, the level of remuneration reflects the experience and level of responsibilities undertaken.

The disclosure for the remuneration of the Directors in both the Group and the Company who served during the financial year ended 31 December 2023 are disclosed in the CG Report of the Company.

There is no separate disclosure on the remuneration of the Senior Management as the Executive Directors are the Senior Management and have been disclosed as above and on page 132 of this Annual Report.

#### PRINCIPAL B: EFFECTIVE AUDIT AND RISK MANAGEMENT

#### 1. ARMC

As at 31 December 2023, the ARMC comprises three (3) Independent Non-Executive Directors. The Chairperson of the ARMC is not the Chairperson of the Board, ensuring that the impairment of objectivity on the Board's review of the ARMC's findings and recommendation remains intact.

The ARMC assesses the performance (including independence) and recommends to the Board annually the appointment or re-appointment of the external auditors guided by the factors as prescribed under Paragraph 15.21 of the Listing Requirements. The external auditors confirmed that they are and have been independent throughout the conduct of the audit engagement in accordance with the independence criteria set out by the Malaysian Institute of Accountants.

Throughout the ARMC, the Board maintains a transparent relationship with the external auditors in seeking professional advice on the internal control and ensuring compliance with the appropriate accounting standards.

The TOR of ARMC sets out its rights, duties, responsibilities and criteria on the composition of ARMC, which includes former key audit partner of the Group to observe cooling-off period of at least three (3) years before being able to be appointed as member of ARMC.

The NC reviews the composition of the ARMC annually and recommends to the Board for approval ensuring that only Independent Non-Executive Directors who are financially literate and have the required knowledge, skill and experience are considered for membership of ARMC.

The composition of the ARMC, including its roles and responsibilities, number of meetings and attendance of ARMC, summary of ARMC activities and Internal Auditors' activities during the financial year under review are set out in ARMC Report of this Annual Report.

#### 2. Risk Management and Internal Control Framework

The Board acknowledges the significance of a sound system of risk management and internal control to manage the overall risk exposure of the Group. The Group has its in-house internal audit function, which is led by Ms Bhavanpreet Kaur, the Internal Audit Manager and reports directly to the ARMC. Details of the in-house internal audit function are set out in the Statement on Risk Management and Internal Control and ARMC Report of the Annual Report 2023. The Board affirms its overall responsibility with established and clear functional responsibilities and accountabilities which are carried out and monitored by the Risk Management Working Committee ("**RMWC**"). RMWC reports directly to the ARMC. The adequacy and effectiveness of the internal controls and risk management framework were reviewed by the ARMC. The Board is satisfied with the performance of the RMWC and ARMC in discharging their responsibilities in accordance with their TOR.

The Board obtained assurance from the Executive Director (who is in charge of Financial and Corporate Affairs) and the Managing Director of the major subsidiaries of the Company that the internal control and risk management framework are adequate and effective in all material aspect. The details of the Risk Management and Internal Control Framework are described in the Statement on Risk Management and Internal Control of this Annual Report.

Subsequent to the financial year, the Group has outsourced its internal audit function to IBDC (Malaysia) Sdn. Bhd., which is helmed by Mr Yuji Wong Een Joon, whose profile, qualification and competency were assessed by the ARMC prior to approving its appointment. The performance of internal audit function shall be assessed by the ARMC on annual basis.

# PRINCIPLE C: INTEGRITY IN CORPORATE REPORTING AND MEANINGFUL RELATIONSHIP WITH STAKEHOLDERS

#### **1.** Communication with Stakeholders

The Board has formalised a Corporate Disclosure Guide to ensure that communication with stakeholders is executed in a timely, concise and transparent manner.

The Company has the following posted on the Company's website at www.ni-hsin.com, with the intention of building a communication channel between the Company and the stakeholders:-

(i) Announcements submitted to Bursa Securities and media press releases

The Company has all its material announcements submitted to Bursa Securities and media press releases posted on the Company's website and stakeholders may access the announcements and media press releases from the Company's website.

(ii) Investor section which provides relevant corporate information

The Company's website consists of an Investor section dedicated to provide corporate information to the stakeholders' such as share price, general corporate information, directors' profile, corporate structure and policies approved by our Board.

(iii) <u>General telephone number and email address</u>

The general line number and general enquiry email address of the Company are provided for the stakeholders to send in any enquiries to the Company directly.

The Company has put in place a Code of Conduct on confidentiality to ensure that confidential information is handled properly by Directors, employees and relevant parties to avoid leakage and improper use of such information. The Board is mindful that information which is expected to be material must be announced immediately.

Members of Senior Management are directly involved in investor relations through investor briefings with financial analysts, institutional shareholders and fund managers.

#### 2. Conduct of General Meetings

The Company's AGM is the principal forum for dialogue with its shareholders, as it provides shareholders the opportunity to ask questions about the resolutions being proposed or about the Group's operations in general.

In line with the good governance practice, the notice of the Nineteenth AGM and Annual Report were issued to shareholders at least twenty-eight (28) days before the date of the Nineteenth AGM to accord shareholders with sufficient time to review the Group's financial and operational performance as well as the resolutions proposed to be tabled at the Nineteenth AGM. Sufficient time was allocated to shareholders to raise their queries and the Directors had addressed all the questions raised by the shareholders during the Nineteenth AGM.

The voting at the Nineteenth AGM was conducted by way of poll and an independent scrutineer was appointed to validate the votes cast. All the resolutions set out in the Notice of Nineteenth AGM were duly carried. The full minutes of the Nineteenth AGM detailing the meeting proceedings, including the questions raised by shareholders with the responses from the Company were published on the Company's website within thirty (30) business days after the conclusion of the AGM.

#### FOCUS AREA ON CORPORATE GOVERNANCE

Corporate governance was clearly imperative for the Group in the year 2023 against the backdrop of regulatory changes in the domestic corporate governance realm and a relatively challenging economic environment that is characterised by volatile market conditions. Against the aforementioned setting, during the financial year under review, the Board directed its focus on the core duties of the Board which is grounded on the creation of long-term value for stakeholders.

In light of the improvements in the corporate governance regulations, the Board has reviewed and updated its existing policies and procedures to ensure they are kept contemporaneous whilst equally kept relevant to the Company's needs. The Board will look into the enhancements or developments of corporate governance policies and procedures, as the case may be.

This Statement together with the CG Report was approved by the Board of Directors of NHG on 22 April 2024.

## AUDIT AND RISK MANAGEMENT COMMITTEE REPORT

#### 4. INTERNAL AUDIT FUNCTION

During the financial year under review, the Company has its in-house internal audit function, headed by Ms Bhavanpreet Kaur. The Group recognises that an internal audit function is essential in ensuring the effectiveness of the Group's system of internal control and is considered an integral part of the assurance framework on the adequacy and effectiveness of the Group's risk management and internal control process. The internal audit function is independent of the activities and operations of the Group.

Details of the internal audit personnel, Ms Bhavanpreet Kaur who carried out the internal audit works for the financial year ended 31 December 2023 is as follows:-

Name Qualification & Accreditation		Qualification & Accreditation	

Bhavanpreet Kaur Internal Auditor-In-Charge

- Bachelor of Accounting (Hons.)
- Member of the Institute of Internal Auditors Malaysia (IIAM)

During the financial year under review, the Internal Auditors carried out internal audit reviews based on an annual audit plan approved by the ARMC to assess the adequacy and integrity of the system of internal control as established by the Management, so as to provide reasonable assurance that:-

- the system of internal control continues to operate satisfactorily and effectively;
- assets and resources are safeguarded;
- integrity of records and information is protected;
- internal policies, procedures and standards are adhered to; and
- applicable rules and regulations are complied with.

The scope of work, as approved by the ARMC, was essentially based on the risk profiles of companies in the Group, where areas of higher risk were included for internal audit. The internal audit covered key operational, financial and compliance controls, including the risk management process deployed by Management. Audit findings and areas of concern that need improvements were highlighted in the internal audit reports and reviewed at the ARMC meetings. The relevant Management members were made responsible for ensuring that corrective actions on reported weaknesses were taken within the required timeframes. The Internal Auditors conducted follow-up audits on key engagement to ensure that the corrective actions were implemented appropriately. During the Board meetings, the Chairman of the ARMC briefed the Board on audit matters and the minutes of the ARMC meetings were duly noted by the Board.

The cost incurred in the internal audit function during the financial year amounted to approximately RM87,000.

The internal audit functions are as set out in the Statement on Risk Management and Internal Control on pages 41 to 45 of the Annual Report.

On 22 April 2024, the ARMC has reviewed and approved the outsourced of internal audit function to IBDC (Malaysia) Sdn. Bhd.. The performance of internal audit function shall be assessed by the ARMC on annual basis.

#### INTRODUCTION

The Board of Directors is pleased to present the following Statement on Risk Management and Internal Control of the Group for the financial year ended 31 December 2023 in accordance with the "Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Issuers".

#### RESPONSIBILITY

The Board acknowledges the importance of maintaining a sound system of risk management and internal control to safeguard the shareholders' investments and the Group's assets. Accordingly, the Board affirms its responsibility for the Group's system of risk management and internal control and its commitment to review its effectiveness, adequacy and integrity. The Group's existing system of internal control includes financial, operational and compliance controls and risk management procedures. Due to the limitations that are inherent in any system of risk management and internal control, this system is designed to manage, rather than eliminate, the risk of failure to achieve business objectives. The Board also recognises that a sound system of risk management and internal control can only reduce but not eliminate the possibility of poor judgement in decision making, human error, control process being deliberately circumvented by employees, management overriding controls and the occurrence of unforeseeable circumstances. Accordingly, the system provides only reasonable but not absolute assurance against material misstatement of management and financial information and records or against financial losses or fraud.

For the reporting period the Board has received assurance from the Managing Director of major subsidiaries and the Executive Director (who is in charge of Financial and Corporate Affairs) who are members of the Risk Management Working Committee ("RMWC") that the Group's risk management and internal control system is operating adequately and effectively, in all material aspects, based on the risk management and internal control system of the Group. Following the review of the risk management and internal control system in accordance with the guidelines for directors on risk management and internal control, the Statement on Risk Management and Internal Control: Guidance for Directors of Public Listed Companies, it was decided that the functions of the RMWC shall come under the purview of the Audit and Risk Management Committee ("ARMC").

The ongoing process for identifying, evaluating and managing the significant risks faced by the Group in its achievement of objectives and strategies is further elaborated in the following paragraphs.

#### **RISK MANAGEMENT**

The Board and Management are mindful of measures required to identify risks residing in any major proposed transactions, changes in nature of activities or venturing into new operating environment.

The Group operates a risk management framework in which the Board assumes overall responsibility with established and clear functional responsibilities and accountabilities under two lines of defence for the management of risk.

The first line of defence of risk management activities were carried out by the Group's RMWC which comprises of Executive Directors and Corporate Head. The RMWC is currently chaired by Mr Khoo Chee Kong (Managing Director of major subsidiaries). As part of the Risk Management process, a Registry of Risk and a risk management policy was maintained during the period to identify principal business risks and updated for on- going changes in the risk profile. The risk management policy summarises risk management methodology, approach and processes, roles and responsibilities, and various risk management concept. The respective heads of departments are entrusted to identify risks and to ensure that adequate control systems are implemented to mitigate significant risks faced by the Group. Significant risk factors identified are reported to the Board for further elaboration and strategic decision making.

#### **RISK MANAGEMENT (CONTINUED)**

Key management staff and Heads of Department are delegated with the responsibility to manage risks of their respective areas of responsibilities. They are also responsible for creating a risk-awareness culture within the organisation to ensure greater understanding of the importance of risk management and that its principles are embedded in key operational processes. In the periodic management meetings, key risks and mitigating controls are deliberated. Significant risks affecting the Group's strategic and business plans are then escalated to the Board and discussed at their scheduled meetings.

The second line of defence is the Group's Internal Audit function, which is currently headed by Ms Bhavanpreet Kaur, a Certified Internal Auditor of The Institute of Internal Auditors Malaysia (IIAM) that reports directly to the ARMC. The ARMC provides independent assurance of the adequacy and reliability of the risk management processes and system of internal controls.

#### **INTERNAL AUDIT FUNCTION**

The internal audit function is carried out in accordance with The International Standards for the Professional Practice of Internal Auditing set by the Institute of Internal Auditors. The primary objective of the internal audit function is to carry out reviews of the internal control system to determine if the internal control procedures have been complied with as well as to make recommendations to strengthen the internal control system so as to foster a strong management control environment.

The Board is fully aware of the importance of the internal audit function and this function is currently managed by internal resources, an independent professional personnel, namely Ms Bhavanpreet Kaur to provide an independent assurance the Board requires on the effectiveness and efficiency of the Group's system of internal control.

The internal audit work for the financial year ended 31 December 2023 was handled by Ms Bhavanpreet Kaur with the profile as disclosed below:

Name Qualification & Accreditation		alification & Accreditation
Bhavanpreet Kaur	•	Bachelor of Accounting (Hons.)
Internal Auditor-In-Charge	•	Member of the Institute of Internal Auditors Malaysia (IIAM)

The internal audit adopts a risk-based approach and prepares its audit strategy and plan based on the risk profiles from the comprehensive risk assessment of the specific business units of the Group. Scheduled internal audits are carried out by the internal auditors based on the annual internal audit plan presented to and approved by the ARMC. On a guarterly basis, the internal auditors present to the ARMC the internal audit reports which summarise the audit approach, scope, key risks, significant audit findings, the overall opinion for the internal control review, management comments on the audit findings and recommendations, and the follow-up review reports on the internal audit cycles previously conducted to confirm the actions taken by the management on the recommendations are appropriate. The cost of internal audit function for the financial year ended 31 December 2023 was approximately RM87,000, which included expenses.

The review of the adequacy and effectiveness of the internal control process has been undertaken by the internal audit function, and necessary actions have been taken to remedy significant failing or weaknesses identified for the financial year 2023.

#### THE SYSTEM OF RISK MANAGEMENT AND INTERNAL CONTROL

The system is designed to manage the principal risks attributed to the Group's operations and due to the limitations that are inherent in any system, the Board takes cognizance that the system can only provide reasonable but not absolute assurance against material loss or misstatement.

The key elements of the Group's internal control system are as follows:-

- An organisational structure with defined responsibilities and delegation of authorities for Committees of the Board and Operational Committees;
- Company's Policies and Procedures, which set out the guidelines and expected standards for the Group's operations, are under regular review and update so as to maintain its effectiveness at all times;
- A strategic planning and an annual budgeting process has been established, whereby all key operating subsidiaries of the Group are required to prepare budgets and business plans for the coming year;
- Operational review meetings are held and attended by the Executive Directors and the department heads to assess the performance of the Group's operations;
- Monthly financial reporting by the subsidiaries to the holding company. Actual performance compared with budget is reviewed monthly with major variances being followed up and management action taken where necessary;
- Each department measures its performance against its business objectives and monitors the identified risks associated with the achievability of its objectives;
- The public releases of quarterly financial reports are made after the review by the ARMC and the approval of the Board;
- There are guidelines within the Group for hiring and termination of staff. Appointment of staff is based on the required level of qualification, experience and competency to fulfil their responsibilities. Training and development are provided for selected employees to enhance their competency in carrying out their responsibilities;
- A formal employee appraisal to evaluate and measure employee's performance and their competency is performed at least once a year;
- A centralised accounting and disbursement function ensures compliance with the procedures and approval authority;
- A co-ordinated procurement function for major purchases and maintenance expenditures that ensures adherence to approval procedures as well as to leverage on economies of scale;
- Regular production meetings, which involve the senior production management and related units to promptly address any production problems faced; and
- ISO 9001:2015 Quality Management System has been implemented for a subsidiary, Ni Hsin Corporation Sdn. Bhd.. Documented internal procedures and standard operating procedures have been put in place and internal quality audits are carried out by the management and annual surveillance audits are conducted by a certification body to provide assurance of compliance with the procedures.

#### THE SYSTEM OF RISK MANAGEMENT AND INTERNAL CONTROL (CONTINUED)

The key aspects of the risk management process are:

- The RMWC coordinates and oversees risk management activities across the Group;
- The RMWC will report to the Board significant risks that require the Board's attention;
- . An enterprise risk assessment will be performed with inputs from Executive Directors and Heads of Departments;
- The RMWC maintains a Registry of Risk which is the identification and analysis of risks to the achievement of business objectives. A scoring of the risks is then performed based on the likelihood of the risks occurring and the evaluation of the consequence of the occurrence. This forms a basis for determining how risks should be managed. The Registry of Risk is updated on a half yearly basis, and when any material changes in risks are identified;
- The RMWC then deliberates and decides the risk response to the identified risks. The risk response . could be to transfer, reduce, accept or avoid the risks. The residual risks are then tabled to determine whether it should be reported as a key issue or a supplemental issue where internal controls could be used to mitigate the risks;
- Heads of Departments will then monitor and review the key risks and report to the RMWC from time to time. Any significant change in existing risks with significant impact or the emergence on new risks will warrant an immediate reporting to the RMWC; and
- Key risks will be highlighted to the internal audit function to review and monitor proper controls are implemented and carried out to mitigate those risks.

#### MONITORING AND REVIEW OF THE SYSTEM OF RISK MANAGEMENT AND INTERNAL CONTROL

The existing system of risk management and internal control has operated effectively in the year under review and up to the date of issuance of this statement. Although control lapses were identified for certain business processes within the Group, there were no significant failures or weaknesses that has resulted in material loss that requires disclosure in the Group's annual report for the financial period under review. The Board is committed towards operating a sound system of risk management and internal control and will strive for continuous improvement where necessary, to further enhance the Group's system of risk management and internal control. The Board has reviewed the risk management and internal control system in accordance with the guidelines for directors on risk management and internal control, the Statement on Risk Management and Internal Control: Guidance for Directors of Public Listed Companies.

The Board is of the view that the system of risk management and internal control being instituted throughout the Ni Hsin Group Berhad and its subsidiaries are adequate and effective.

#### **REVIEW OF THE STATEMENT BY EXTERNAL AUDITOR**

The external auditors have reviewed this Statement on Risk Management and Internal Control (the "Statement") pursuant to the scope set out in Audit and Assurance Practice Guide ("AAPG") 3, *Guidance for Auditors on Engagements to Report on the Statement on Risk Management and Internal Control included in the Annual Report* issued by the Malaysian Institute of Accountants ("MIA") for inclusion in the annual report of the Group for the year ended 31 December 2023, and reported to the Board that nothing has come to their attention that cause them to believe that the statement intended to be included in the annual report of the Group, in all material respects:

- (a) has not been prepared in accordance with the disclosures required by paragraphs 41 and 42 of the Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Issuers, or
- (b) is factually inaccurate.

APPG 3 does not require the external auditors to consider whether the Directors' Statement on Risk Management and Internal Control covers all risks and controls, or to form an opinion on the adequacy and effectiveness of the Group's risk management and internal control system including the assessment and opinion by the Board of Directors and management thereon. The auditors are also not required to consider whether the processes described to deal with material internal control aspects of any significant problems disclosed in the annual report will, in fact, remedy the problems.

The Board of Directors is pleased to present this Sustainability Statement ("**Statement**") from Ni Hsin Group Berhad ("**NHG**"). This Statement covers NHG and its subsidiaries, namely Ni Hsin Corporation Sdn. Bhd. ("**NHC**"), Ever-Grow Advanced Materials Sdn. Bhd. ("**EGAM**"), Blackbixon2go Sdn. Bhd. ("**BB2GO**"), Pride Logistics Alliance Sdn. Bhd. ("**PLA**"), Ni Hsin EV Tech Sdn. Bhd. ("**NHEVT**") and Ni Hsin Food & Beverages Sdn. Bhd. ("**NHFB**"), collectively referred to as the "**Group**". Our business activities include manufacturing and sale of multi-ply stainless steel cookware, stainless steel products, food and beverages, logistics services and electric motorcycles.

The Board is primarily responsible for the Group's sustainability strategies, practices and performance. We continue to receive support from the Audit and Risk Management Committee ("**ARMC**") and Management in overseeing and managing the Group's overall sustainability strategies, priorities and targets. We strive to integrate economic, environmental and social considerations into the Group's strategy to position NHG for sustainable growth. In alignment with Management's planning and execution of the Group's sustainability strategy, we provide guidance and introduce policies and initiatives to manage the Group's ESG risks and impacts.

This year, we have reviewed and approved a refreshed set of material topics, taking into consideration the significant developments in the industry and sustainability landscape. The Group has also enhanced its sustainability disclosures by quantifying each reported indicator and setting relevant targets, where appropriate.

This Statement has been prepared on a best effort basis and we look forward to your continued support as we progress in our sustainability journey.

#### **REPORTING SCOPE AND BASIS**

This Statement has been prepared in accordance with Bursa Malaysia Securities Berhad's Main Market Listing Requirements ("**Listing Requirements**") relating to Bursa Malaysia's Sustainability Reporting Guide 3<sup>rd</sup> Edition.

This Statement covers the Group's sustainability performance and progress of our business operations in Malaysia from 1 January 2023 to 31 December 2023. Where possible, historical data has been included to provide a meaningful comparison for our stakeholders in understanding the Group's sustainability performance over the years.

#### FEEDBACK AND CONTACT POINT

We welcome stakeholders' feedback on this Statement and any other relevant matters to improve our sustainability measures and reporting standards. Any feedback, comments and enquiries can be directed to <u>info@ni-hsin.com</u>.

#### SUSTAINABILITY STATEMENT (CONT'D)

#### SUSTAINABILITY GOVERNANCE

A sustainable business requires the concerted effort across all levels of the organisation, from senior management to ground-level employees.

The Board oversees the Group's strategic direction on sustainability matters including setting strategies, priorities and targets, with the support of the ARMC. Our Sustainability Committee ("**SC**"), comprising Executive Directors and Managing Director of major subsidiaries, assists the Board with the alignment of the Group's sustainability strategy to long-term business growth and goals, the review and execution of sustainability initiatives and policies. Under the purview of the SC is the Sustainability Working Group ("**SWG**"), led by our Head of Corporate and Business Development and represented by the Heads of Departments ("**HODs**"). The SWG is responsible for the day-to-day implementation of our sustainability efforts and monitors our sustainability performance.

#### STAKEHOLDER ENGAGEMENT

We regularly engage with our stakeholders through various channels to ensure that the Group addresses stakeholders' concerns and stays ahead of the challenges and trends in the fast-changing sustainability landscape. The table below provides information on the frequency of engagements with different stakeholder groups and their areas of concern.

#### MATERIAL MATTERS

NHG acknowledges that our material sustainability matters can shape our business strategy and our ability to create long-term value to our stakeholders. Material matters across the economic, environmental, social and governance areas which have greater significance to the Group are identified and prioritised through a materiality assessment process.

#### **Materiality Assessment Process**

We have re-evaluated our existing topics through a refreshed materiality assessment annually, to identify and prioritise the most significant sustainability issues relevant to our business. Our materiality process involved identifying, assessing, and prioritising the material matters with internal stakeholders and key stakeholder groups (i.e., suppliers and customers).

#### **Materiality Matrix**

There are 14 material topics reported this year. Of the 14 material matters, 9 topics namely Economic Performance, Supply Chain Management, Compliance with Laws and Regulations, Waste Management, Greenhouse Gas ("**GHG**") Emissions, Water Management, Diversity, Equity and Inclusion, Customer Data Privacy and Security and Local Communities were newly added, taking into consideration our peers, relevant frameworks, and reflecting our greater commitment to transparency. While the other material topics remain consistent with the previous year, they have been renamed or regrouped to better reflect our most significant impacts on the environment, people and the wider community.

2 The material topic "Workplace management" reported in FY2022 has been renamed to "Employee Management".

#### ECONOMIC PERFORMANCE

NHG's economic performance is a crucial factor in supporting the Group's sustainability agenda. We aim to continuously generate and share significant economic benefits with our stakeholders.

NHG's cookware and stainless steel products divisions maintain a market presence across Asia Pacific, USA, Canada and Europe. We spare no effort to achieve good economic performance and diligently engage with our customers – both current and prospective – to expand our market share. This year, the Group has succeeded in securing sales orders in China and Taiwan which are new markets for the stainless steel products division. We managed to retain customers through our efforts in engaging and cooperating actively with them despite cross border customs hurdles, where a change in tariff codes prevented us from exporting our clad metals into Thailand. The Group solved the issue by working closely and brainstorming with customers and successfully supplied semi-finished products to our customers in Thailand. As for the Electric Vehicle ("**EV**") division, we have put in considerable effort to promote our electric motorcycles to the Government, in line with Malaysia's target to achieve carbon neutrality by 2050. The Group approached various government departments, GLCs and corporate entities to expand the adoption of EV two-wheelers in security, surveillance, enforcement as well as operational functions.

We conduct regular management meetings to monitor and analyse our financial performance, budgets and forecasts. This allows us to gain valuable insights into our financial position which contribute to important decision-making aligned with our business objectives.

In FY2023, we recorded a revenue<sup>1</sup> of RM28.8 million, a reduction of 17.04% from RM34.8 million recorded in FY2022. Consistently the Group suffered a Loss After Tax ("LAT") of RM7.4 million, an increase of 48.77% from the RM5.0 million LAT in FY2022 mainly driven by lower sales in the cookware, stainless steel products and logistics services divisions. In FY2023, RM37.4 million was expensed in the form of operating costs, employee benefits, taxes and expenses.

#### **PRODUCT QUALITY & SAFETY**

At NHG we are committed to providing our customers with reliable, innovative and user-friendly products. We believe that engaging and communicating effectively with our customers enable us to gain insights into our customers' expectations and preferences. We conduct periodic surveys to gather feedback from our customers in terms of our services, delivery, product quality, technical support and cost management.

We have adopted a Scorecard Review system to monitor customers' feedback. The results are reported at management meetings where we discuss on the complaints and issues faced by customers, improvements and subsequent implementation plans. This allows us to learn from our customers' feedback and further enhance our product quality by reviewing our quality control procedures and implementing more effective processes.

In FY2023, our customer satisfaction level has maintained a score of 82%. Our product performance has exceeded previous years, achieving 81% which is a testament to our dedication to ensure that we provide our customers with quality products to retain their trust and confidence in us.

	FY2021	FY2022	FY2023
Customer satisfaction	85%	82%	82%
Product performance	75%	79%	81%
Staff performance	98%	87%	86%

Our target is to maintain customer satisfaction level of 80% and above in FY2024.

#### SUPPLY CHAIN MANAGEMENT

NHG is committed to being environmentally responsible in the procurement and conduct of our business. As one of the leading stainless steel products manufacturer in Asia, we are cognisant of the importance of using materials sourced from sustainable sources in our products.

We keep our procurement practices fair and transparent. All new and existing suppliers are subjected to a half-yearly supplier performance analysis to assess their services in terms of delivery, quality and on-site inspection. The evaluation outcomes will be discussed and reviewed by management.

In FY2023, 61.5% of our spending on procurement were on local suppliers.

	FY2021	FY2022	FY2023
Proportion of spending on local suppliers	64.5%	62.0%	61.5%

#### CUSTOMER DATA PRIVACY AND SECURITY

Respecting and protecting our customers' data and privacy is our responsibility. Given the rise in cyber threats, leaks and loss of personal data in recent times, the Group takes necessary precautions to ensure that any customer data shared with us is safeguarded against unauthorised use, access, disclosure and loss. We put in place necessary authentication and permission restrictions within our internal system and server rooms. All customer information is retained in accordance with local data protection and confidentiality laws.

Our System and Data Management Principle ensures that access to our computer software system and server room is strictly assigned to relevant persons. The Procedure also sets out guidance on user identification and new user access controls to ensure that data is safeguarded against any unauthorised use, disclosure, modification damage or loss. The Principle is reviewed and updated annually.

(CONT'D)

In FY2023, we recorded zero substantiated complaints concerning breaches of customer privacy or losses of customer data.

#### CORPORATE GOVERNANCE AND ETHICAL BEHAVIOUR

NHG is committed to a robust corporate governance system and high standards of business ethics to protect the trust and confidence of our customers, suppliers, business partners, employees and shareholders. For more information on our corporate governance practices, please refer to our Corporate Governance Overview Statement on pages 25 to 35.

Our Corporate Code of Conduct ("**Code**"), applicable to all directors and employees, outlines the principles and standards in business dealings with stakeholders, ways to recognise and manage ethical issues and mechanisms to report unethical conduct. The Code also provides guidance on acts that may constitute misconduct involving gifts, gratuities, bribes, insider trading, corruption and money-laundering. This ensures that all employees are subject to the same standard of accountability. In addition, our Code of Ethics, reviewed once every two years, is applicable to the Board on areas of ethical risk and mechanisms to report unethical conduct to foster a culture of transparency and accountability among Directors.

NHG maintains a zero-tolerance stance towards fraud and corruption. Our Anti-Bribery and Anti-Corruption Policy and Procedure ("**ABAC Policy**") lays out ways to deal with improper solicitation, bribery and other corrupt activities that could arise in the course of business activities. All employees undergo training and sign a Declaration Letter to ensure that they fully understand the ABAC Policy. The Compliance and Integrity Working Committee ("**CIWC**") comprising key management personnel ensures that the ABAC Policy is well-enforced and regularly reviewed in line with the Malaysian Anti-Corruption Commission ("**MACC**") Act 2009. The CIWC reports to the Board directly.

Percentage of employees who have received anti-corruption training	FY2021	FY2022	FY2023
Senior Management	100%	100%	100%
Middle Management	100%	100%	100%
Other Employees	100%	100%	100%

	FY2023
Percentage of operations that underwent corruption risk assessments	100%

As of 31 December 2023, we recorded zero cases of corruption across the Group. We aim to maintain zero incidents of corruption across our operations in FY2024.

	FY2021	FY2022	FY2023
Number of confirmed incidents of corruption	0	0	0

Guided by our Whistle Blowing Policies and Procedures ("**WPP**"), we have established a whistleblowing channel for employees or any external party to report any improprieties or instances of non-compliance with laws and regulations. All our policies can be readily accessed on our website <u>www.ni-hsin.com</u> and they are reviewed regularly to ensure they reflect the latest changes in legislative requirements.

#### SUSTAINABILITY STATEMENT (CONT'D)

#### COMPLIANCE WITH LAWS AND REGULATIONS

NHG has put in place policies to ensure compliance with local regulatory requirements, especially in relation to environmental and social compliance. We strive to be a trusted partner to our customers, suppliers, shareholders and the communities where we operate.

Guided by our Chemical and Waste Management Principle ("**CWM Principle**"), the Group adheres to the environmental laws and regulations in Malaysia including the Environmental Quality Act 1974 ("**EQA 1974**") and Occupational Safety and Health (Use and Standard of Exposure Chemical Hazardous to Health) Regulations 2000 ("**USECHH Regulations**"). Relevant departments must follow the Group's purchasing process and store management standard procedures. The CWM Principle also sets out regulations mandated by the Department of Environment ("**DOE**") such as the documentation of new chemicals and proper disposal of chemical wastes.

The Group's Corporate Code of Conduct, last reviewed during the year, outlines the need for all Directors and employees to comply with the applicable laws, rules and regulations including those stipulated in the Employee Handbook and Safety and Health Policy. NHG also ensures that employees have open channels for reporting suspected violations of laws or misconduct. No employees have been dismissed and no public cases have been brought against the Group due to violations of labour laws and regulations.

As of FY2023, the Group maintains a record of zero significant instances of non-compliance with laws and regulations that resulted in significant fines or legal actions.

#### **ENERGY MANAGEMENT**

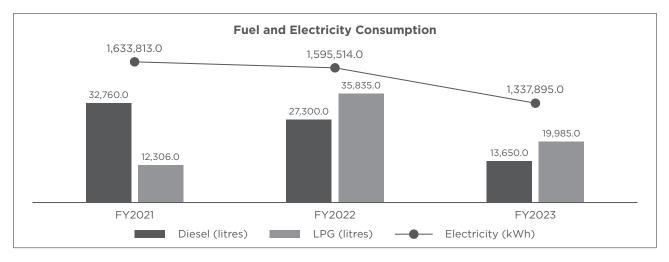

We prioritise the efficient management of energy as a considerable amount of energy is consumed from our manufacturing operations such as electricity consumed at our factory premises and diesel used in forklifts, machinery and equipment. To improve energy efficiency in our operations, we have started replacing old lighting with energy-efficient Light Emitting Diode ("**LED**") lighting in our premises. We plan to progressively install energy-efficient LED lighting in all offices and factories. We are also practise switching off all lights and air-conditioners are to be turned off during non-operational working hours.

Apart from investing in energy-saving lighting on our premises, we are committed to help our customers reduce their energy consumption when using our products. Owing to our continuous research development efforts, NHG has created stainless steel cookware products that are designed to reduce both water usage and energy consumption through even heat distribution and varied thickness design, while maintaining its quality for excellent cooking conditions. These products also require less energy in the manufacturing process and generate less waste, leading to the more efficient use of our resources.

The Group has also diversified its portfolio by venturing into the green technology sector – EV business. Given that the transport sector accounts for a considerable amount of greenhouse gas emissions globally, NHG recognises its integral part in assembling and distributing electric motorcycles in Malaysia amidst the transition to a low-carbon economy. Our employees are also encouraged to switch to electric motorcycles as part of engendering a corporate culture that fosters sustainable practices.

(CONT'D)

In FY2023, our total energy consumption recorded 5,843.1 GJ. Our energy intensity was calculated to be 0.203 GJ per RM1,000 revenue generated.

	Energy amount (GJ)		
Energy source	FY2021	FY2022	FY2023
Diesel <sup>1</sup>	1,254.4	1,045.3	522.7
Liquefied Petroleum Gas ("LPG") <sup>2</sup>	310.4	903.8	504.0
Purchased electricity <sup>3</sup>	5,881.7	5,743.8	4,816.4
Total	7,446.5	7,692.9	5,843.1

1 Energy conversion for diesel is calculated using the U.S. Energy Information Administration (EIA) energy conversion calculators.

2 Energy conversion for LPG is calculated using the IPCC Special Report on Carbon dioxide Capture and Storage – Annex I Properties of CO2 and Carbon-based Fuels.

3 The factor used to convert the amount of electricity consumed from kWh to GJ is 0.0036.

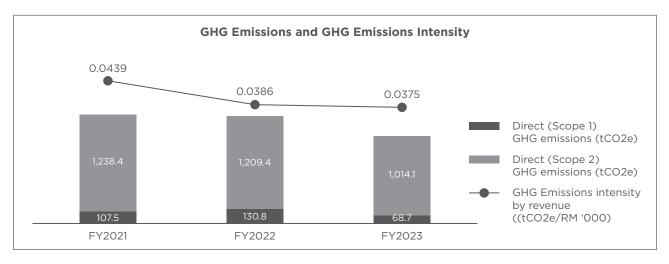

We will continue to track our energy consumption and implement energy-efficient processes in our production to support the transition to a more sustainable future.

#### **GHG EMISSIONS**

In line with Malaysia's aspiration to achieve net zero GHG emissions by 2050, NHG recognises the urgent need to tackle climate change and reduce our carbon footprint. In FY2023, we have started tracking our GHG emissions, specifically for Scope 1 and Scope 2 emissions. Our Scope 1 emissions amounted to 68.7 tonnes of  $CO_2e$  and 1,014.1 tonnes of  $CO_2e$  for Scope 2 emissions. Our emissions intensity was calculated to be 0.0375 tCO<sub>2</sub>e per RM1,000 revenue generated. Our total GHG emissions amounted to 1,082.8 tCO<sub>2</sub>e, a decrease of 19.2% as compared to the FY2022 measurement, owing to our energy-saving efforts and initiatives.

Aligned with our sustainability initiatives, the Group has diversified our portfolio and invested in the green technology sector – assembling and distribution of electric motorcycles. We believe in playing our part to steer the market towards electromobility and zero-emission transport with the aim to reduce emissions in this sector.

Moving forward, we will adopt a phased approach to understand and further refine our carbon inventory for our operations.

	FY2021	FY2022	FY2023
	tCO₂e	tCO₂e	tCO₂e
Direct (Scope 1) GHG emissions <sup>1</sup>	107.5	130.8	68.7
Indirect (Scope 2) GHG emissions <sup>2</sup>	1,238.4	1,209.4	1,014.1

1 Scope 1 emissions are calculated using the World Resources Institute (2015) GHG Protocol tool for stationary combustion (Version 4.1), with emission factors sourced from 2006 IPCC Guidelines for National Greenhouse Gas Inventories.

2 Scope 2 emissions are calculated using Peninsular Malaysia's Grid Emission Factor (GEF) of 0.758 Gg CO2e/ GWh for 2021 sourced from the Malaysia Energy information Hub (MEIH) managed by the Energy Commission of Malaysia.

#### WASTE MANAGEMENT

At NHG, proper waste management is one of our key priorities. We actively focus on reducing waste generated, promoting the reuse and recycling of material inputs and waste to mitigate the negative environmental impacts of waste disposal. Our different types of waste include hazardous waste categorised as scheduled waste, and non-hazardous waste such as stainless steel scrap and general waste.

As a stainless steel products manufacturer, stainless steel scrap represents one of the main types of waste generated in our operations. We ensure that 100% of our stainless steel scrap are recycled by a licensed third-party contractor as they share the inherent quality of recyclability and can be converted into value-added commodities. The recycled stainless steel scrap also forms an additional income stream to compensate our employees via performance bonuses and other benefits.

Adhering to local regulatory requirements under the DOE and guided by our CWM Principle , we ensure that all our scheduled wastes are stored at a designated storage area with proper labelling and managed by an appointed store personnel. Any changes in our scheduled waste inventory are recorded in a Schedule Waste Record Logbook. Scheduled wastes are disposed by appointed licensed contractors within a valid timeframe in accordance to USECHH Regulations from waste generation.

In our office premises, we have also reduced paper usage by using both sides of scrap paper and encouraging our employees to adopt paperless practices in their day-to-day work where possible.

(CONT'D)

In FY2023, we generated 264.1 tonnes of waste. 54.6% of the waste generated were diverted from disposal.

	FY2021	FY2022	FY2023
	Tonnes	Tonnes	Tonnes
Total amount of waste generated	320.2	343.3	264.1

Total waste diverted from disposal	190.2	223.2	144.3
Total waste directed to disposal	130.0	120.1	119.8

#### WATER MANAGEMENT

NHG recognises that water is an essential resource that is used in several stages of our production process. We strive to promote water conservation and enhance water efficiency across our operations.

Our water conservation efforts include replacing old taps with water-efficient fittings in our office and factory premises, detecting water leaks promptly to prevent wastage and monitoring our water usage data closely.

In FY2023, our total water consumption totalled 15.2 megalitres, with an intensity of 526.6 litres per RM1,000 of revenue. We are continually looking into enhancing our water efficiency measures as part of our process optimisation efforts.

	FY2021	FY2022	FY2023
Water consumption (megalitres)	15.6	15.1	15.2

#### OCCUPATIONAL SAFETY AND HEALTH

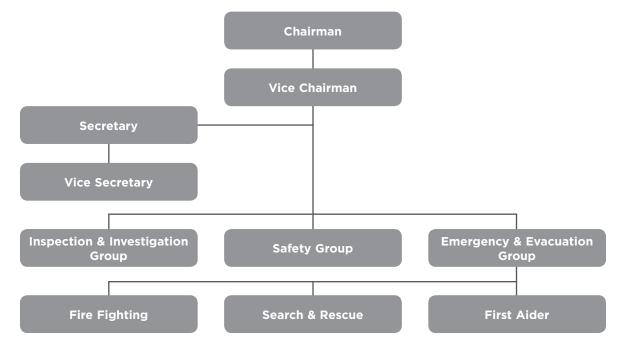

The safety and well-being of our employees is of utmost importance to us as it sets the foundation for the sustainable growth of our business. We are committed to providing a healthy and safe environment for our employees, through complying with relevant laws and regulations including the Occupational Safety and Health Act 1994, Factories and Machinery Act 1967, USECHH Regulations, EQA 1974 and guided by our Safety and Health Principle.

Our Safety and Health Principle lays the foundation of the Group's commitment to safeguard our employees' safety and well-being. It includes the Hazard Identification, Risk Assessment and Risk Control ("**HIRARC**") process to effectively identify and mitigate potential hazards. The Safety and Health Principle also outlines the following objectives:

- to provide our employee with work method, work area, premises and plant, which are safe, thereby reducing the risk of injuries, accidents and damage of properties;
- to train all employees, especially new entrants, to be aware of their own responsibilities in respect of safety and health matters;
- to insist that all instructions and procedures related to safety and health are to be implemented strictly;
- to maintain a proper fire prevention system and first aid facilities to safeguard the safety and health of our employees; and
- to achieve effective cooperation and involvement of all employees through joint consultation in attaining our safety and health objectives.

Our Safety and Health Committee ("**SHC**"), established to coordinate and fulfil the above objectives, is chaired by our factory manager, comprises management, employee representatives and safety and health officers to enable collaborative discussions. The SHC's responsibilities include the development of safety and health programmes, review of the safety and health policy, conduct of safety inspections, investigation of complaints of unsafe practices, analysis of incident statistics and maintenance of the fire prevention system and first aid facilities.

The SHC conducts quarterly meetings to review safety and health performance, discuss workplans and safety audit findings as well as share corrective actions of incidents to prevent recurrences.

In FY2023, we arranged 8 safety trainings to enhance the understanding of the latest health and safety regulations, first aid knowledge and safe handling of chemicals. We also offer health and safety training during induction, on-the-job and refresher sessions to all our employees and contractors. A total of 93 employees were provided trainings on health and safety standards.

In FY2023, we recorded 2 work-related injuries and a lost time of 0.94. Incidents are reported immediately to the relevant supervisor and the SHC shall notify the Department of Occupational Safety and Health ("**DOSH**") of any fatalities or injury cases involving more than 4 days of medical leave. An investigation shall be carried out immediately by the Inspection and Investigation Group to analyse the root cause of the incident. The findings of the investigation will be issued and shared to all employees to raise safety awareness. The SHC shall follow up with corrective actions based on the outcome of the investigation to prevent recurrences in the future.

We have set a target to achieve zero major<sup>1</sup> incident cases in FY2024.

#### **EMPLOYEE MANAGEMENT**

We believe that employees are key assets in driving the sustainable growth of our business. We endeavour to support the development and growth of our employees by providing them with opportunities to advance their career and ensuring a work environment that fulfils their needs.

The Group has 217 employees as of 31 December 2023. A majority of our employees are permanent fulltime employees at approximately 60% while our temporary employees take up about 40% of the workforce.

Number of employees	FY2021	FY2022	FY2023
Permanent employees	92	153	130
Contract-based/temporary employees	77	98	87
Total employees	169	251	217
Percentage of employees that are contractors or temporary staff	45.6%	39.0%	40.1%

<sup>1</sup> A major incident refers to a case where serious bodily injuries sustained by an employee resulted in more than four calendar days of medical leave

We recruit and retain the best talent through offering competitive compensation packages and reviewing existing employees' remuneration to ensure that it remains competitive in the market. We also conduct a performance evaluation periodically for all employees, enabling employees to self-assess, receive necessary support and provide feedback. We also recognise and appreciate the dedication of employees who have displayed long-term commitment to us by awarding long-service employees with the Service Recognition Award.

To ensure that our employees are well-supported, we offer a wide range of benefits depending on job grades, including Group personal accident insurance, medical subsidies for general illnesses of up to RM2,000 yearly, annual leave, marriage leave, compassionate leave, sick leave, medical and hospitalisation leave. Furthermore, we provide a channel for employees to raise any concerns or feedback through an Appeal Form.

As of FY2023, our new hire rate is 38.7% and turnover rate is 40.6%.

#### **Training and Development**

NHG is aware of the importance of training and development in the overall growth and success of our business. To ensure the holistic development of our employees, we regularly assess their training needs and provide diverse training programmes.

We provide induction training for new employees and specific training for existing employees. Employees who wish to improve their knowledge or skills can raise a training proposal through the Annual Training Plan, subject to management approval. Our Human Resource and General Administration ("**HR & GA**") department will draw up an Annual Training Plan that sets out specific training programmes planned for the year, enabling a more effective learning experience that focuses on upskilling employees' capabilities and competencies required at different job levels.

We remain committed to investing in our training and development programmes. In FY2023, we spent a total of 1060 hours on training. We have increased our employee average training hours by 69% compared to the FY2022, from 2.9 hours to 4.9 hours.

#### **DIVERSITY, EQUITY AND INCLUSION**

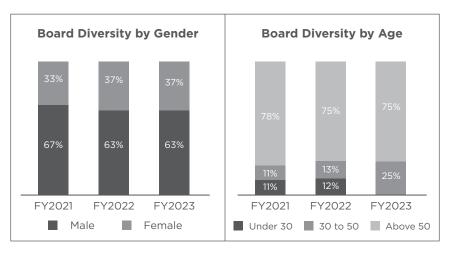

We recognise the importance of diversity in workforce and every employee's right to be treated fairly and equally, without discrimination. We embrace diversity and value the diverse perspectives brought by having employees with different cultural backgrounds, experiences and age groups.

Guided by the Group's Corporate Code of Conduct, we uphold equal employment opportunity practices and do not discriminate anyone on the basis of an individual's gender, race, religion, or age in our employment-related activities such as employment and promotion which are based on the business needs, the candidate's skills, experience, core competencies, and other qualities.

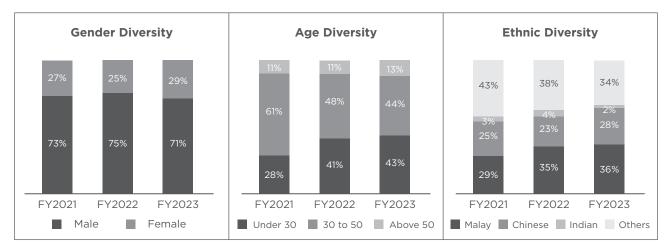

In addition, we respect the fundamental human rights of all employees and adopt acceptable labour practices in accordance with the applicable laws and regulations including the Employment Act 1955. We are pleased to report there has been zero substantiated complaints concerning human rights violations.

	FY2023
Number of substantiated complaints concerning human rights violations	0

As of FY2023, we have a total of 217 employees from different backgrounds in terms of gender, age group and ethnicity. We are also strong advocates for equitable gender representation on our Board, with 37% women Board representation. For our senior management positions, we aim to maintain a 40% women participation in leadership roles.

#### LOCAL COMMUNITIES

NHG is keen to drive positive and sustainable change in our communities. We continue to place our focus on value-added community initiatives and contribute towards the betterment of the areas that we operate in.

Over the course of the year, we continued to contribute to various organisations, namely the Suara Bekas Anggota Jabatan Kastam Diraja, Suara PACSU (Police Administration and Civilian Staff Union), Suara Kesatuan Pegawai Kastam Semenanjung Malaysia and the Kesatuan Bekas Polis Malaysia Negeri Selangor. In FY2023, we contributed a total of RM1,000.

#### **MOVING FORWARD**

NHG will continue its efforts on improving its sustainability framework and assessment of economic, environmental, social and governance impacts in line with the Listing Requirements on sustainability reporting. We will explore to establish relevant goals to reduce our carbon footprint, comply with applicable laws and regulations, and align our business activities with the transition to a low-carbon economy, where appropriate.

## DIRECTORS' REPORT

For the year ended 31 December 2023 (CONT'D)

#### OTHER STATUTORY INFORMATION

Before the financial statements of the Group and of the Company were made out, the Directors took reasonable steps to ascertain that:

- i) all known bad debts have been written off and adequate provision made for doubtful debts, and
- ii) any current assets which were unlikely to be realised in the ordinary course of business have been written down to an amount which they might be expected so to realise.

At the date of this report, the Directors are not aware of any circumstances:

- i) that would render the amount written off for bad debts or the amount of the provision for doubtful debts in the Group and in the Company inadequate to any substantial extent, or
- ii) that would render the value attributed to the current assets in the financial statements of the Group and of the Company misleading, or
- iii) which have arisen which render adherence to the existing method of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate, or
- iv) not otherwise dealt with in this report or the financial statements that would render any amount stated in the financial statements of the Group and of the Company misleading.

At the date of this report, there does not exist:

- i) any charge on the assets of the Group or of the Company that has arisen since the end of the financial year and which secures the liabilities of any other person, or
- ii) any contingent liability in respect of the Group or of the Company that has arisen since the end of the financial year.

No contingent liability or other liability of any company in the Group has become enforceable, or is likely to become enforceable within the period of twelve months after the end of the financial year which, in the opinion of the Directors, will or may substantially affect the ability of the Group and of the Company to meet their obligations as and when they fall due.

In the opinion of the Directors, the financial performance of the Group and of the Company for the financial year ended 31 December 2023 have not been substantially affected by any item, transaction or event of a material and unusual nature nor has any such item, transaction or event occurred in the interval between the end of that financial year and the date of this report.

#### SIGNIFICANT EVENTS DURING THE FINANCIAL YEAR

The significant events during the financial year of the Group are as disclosed in Note 29 to the financial statements.

The consolidated financial statements of the Company as at and for the financial year ended 31 December 2023 comprise the Company and its subsidiaries (together referred to as the "Group" and individually referred to as "Group entities") and the Group's interest in an associate. The financial statements of the Company as at and for the financial year ended 31 December 2023 do not include other entities.

The Company is principally engaged in investment holding activities while the principal activities of the subsidiaries are as stated in Note 7 to the financial statements.

These financial statements were authorised for issue by the Board of Directors on 22 April 2024.

#### 1. BASIS OF PREPARATION

#### (a) Statement of compliance

The financial statements of the Group and the Company have been prepared in accordance with Malaysian Financial Reporting Standards ("MFRSs"), IFRS Accounting Standards as issued by the International Accounting Standards Board ("IFRS Accounting Standards") and the requirements of the Companies Act 2016 in Malaysia.

The following are accounting standards, interpretations and amendments of the MFRSs that have been issued by the Malaysian Accounting Standards Board ("MASB") but have not been adopted by the Group and the Company:

#### *MFRSs, interpretations and amendments effective for annual periods beginning on or after 1 January 2024*

- Amendments to MFRS 16, Leases Lease Liability in a Sale and Leaseback
- Amendments to MFRS 101, Presentation of Financial Statements Non-current Liabilities with Covenants and Classification of Liabilities as Current or Non-current
- Amendments to MFRS 107, Statement of Cash Flows and MFRS 7, Financial Instruments: Disclosures – Supplier Finance Arrangements

(CONT'D)

#### 1. BASIS OF PREPARATION (CONTINUED)

(a) Statement of compliance (continued)

# *MFRSs, interpretations and amendments effective for annual periods beginning on or after 1 January 2025*

• Amendments to MFRS 121, The Effects of Changes in Foreign Exchange Rates - Lack of Exchangeability

# *MFRSs, interpretations and amendments effective for annual periods beginning on or after a date yet to be confirmed*

• Amendments to MFRS 10, Consolidated Financial Statements and MFRS 128, Investments in Associates and Joint Ventures – Sale or Contribution of Assets between an Investor and its Associate or Joint Venture

The Group and the Company plan to apply the abovementioned accounting standards, interpretations and amendments, where applicable:

- from the annual period beginning on 1 January 2024 for the accounting standard and amendments that are effective for annual periods beginning on or after 1 January 2024; and
- from the annual period beginning on 1 January 2025 for the amendments that are effective for annual periods beginning on or after 1 January 2025.

The initial application of the accounting standards, interpretations or amendments are not expected to have any material financial impacts to the current period and prior period financial statements of the Group and of the Company.

#### (b) Basis of measurement

The consolidated financial statements have been prepared on the historical cost basis except for the following items, which are measured based on the measurement bases stated below:

Items	Measurement bases	
Non-derivative financial instruments at FVTPL	Fair value	

#### (c) Functional and presentation currency

These financial statements are presented in Ringgit Malaysia ("RM"), which is the Company's functional currency. All financial information is presented in RM and has been rounded to the nearest thousand, unless otherwise stated.

#### (d) Use of estimates and judgements

The preparation of the financial statements in conformity with MFRSs requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

#### 1. BASIS OF PREPARATION (CONTINUED)

#### (d) Use of estimates and judgements (continued)

There are no significant areas of estimation uncertainty and critical judgements in applying accounting policies that have significant effect on the amounts recognised in the financial statements other than those disclosed in the following notes:

- Note 6 Goodwill
- Note 7 Investments in subsidiaries
- Note 10 Inventories net realisable value of inventories and the adequacy of provision for slow-moving inventories

#### 2. CHANGE IN MATERIAL ACCOUNTING POLICY

#### 2.1 Material accounting policy information

The Group adopted amendments to MFRS 101, *Presentation of Financial Statements* and MFRS Practice Statement 2 – *Disclosures of Accounting Policies* from 1 January 2023. The amendments require the disclosure of 'material', rather than 'significant', accounting policies. The amendments also provide guidance on the application of materiality to disclosure of accounting policies, assisting entities to provide useful, entity-specific accounting policy information that users need to understand other information in the financial statements.

Although the amendments did not result in any changes to the Group's accounting policies, it impacted the accounting policy information disclosed in the financial statements. The material accounting policy information is disclosed in the respective notes to the financial statements where relevant.

## **NOTES TO THE FINANCIAL STATEMENTS** (CONT'D)

(CONT'D)

#### 3. PROPERTY, PLANT AND EQUIPMENT (CONTINUED)

#### 3.1 Property under the revaluation model

Freehold land and factory buildings were revalued in the financial year ended 31 December 2021 by independent professional valuers using comparison approach.

Had the freehold land and factory buildings been carried at cost model, their carrying amounts would have been RM11,445,000 (2022: RM11,445,000) and RM5,829,000 (2022: RM6,114,000) respectively.

#### 3.2 Fair value information

The fair value of the freehold land and factory buildings are categorised as level 3 fair value.

Level 3 fair value was estimated using unobservable inputs for freehold land fair values. The freehold land has been generally derived using the comparison approach. In the comparison approach, sales prices and comparable properties in close proximately were adjusted for differences in key attributes such as property size. The most significant input in this valuation approach was price per square foot of comparable properties.

#### 3.3 Assets under hire purchase arrangement

Included in property, plant and equipment of the Group are motor vehicles with carrying amount of RM891,000 (2022: RM1,219,000) under hire purchase arrangement.

#### 3.4 Material accounting policy information

#### (i) Recognition and measurement

Items of property, plant and equipment, except for freehold land and factory buildings are measured at cost less any accumulated depreciation and any accumulated impairment losses.

Purchased software that is integral to the functionality of the related equipment is capitalised as part of that equipment.

#### Property, plant and equipment under the revaluation model

The Group revalues its property comprising freehold land and factory buildings every 5 years or at shorter intervals whenever the fair value of the revalued assets is expected to differ materially from their carrying value.

Surpluses arising from revaluation are dealt with in the property revaluation reserve account. Any deficit arising is offset against the revaluation reserve to the extent of a previous increase for the same property. In all other cases, a decrease in carrying amount is recognised in profit or loss. When revalued assets are sold, the amounts included in the revaluation surplus reserve are transferred to retained earnings.

#### (ii) Depreciation

Depreciation is based on the cost or revalued amount of an asset less its residual value.

Depreciation is recognised in profit or loss on a straight-line basis over the estimated useful lives of each component of an item of property, plant and equipment from the date that they are available for use. Leased assets are depreciated over the shorter of the lease term and their useful lives unless it is reasonably certain that the Group will obtain ownership by the end of the lease term. Freehold land is not depreciated. Property, plant and equipment under construction are not depreciated until the assets are ready for their intended use.

#### 3. PROPERTY, PLANT AND EQUIPMENT (CONTINUED)

#### 3.4 Material accounting policy information (continued)

#### (ii) Depreciation (continued)

The estimated useful lives for the current and comparative periods are as follows:

• • •	Factory buildings Hostels Plant and machinery Moulds Factory equipment	33 years 50 years 14 years 14 years 10 years
•	Office equipment, furniture, fixtures and fittings Motor vehicles Renovation	5 - 10 years 5 years 10 years

At 31 December 2022/1 January 2023	1,076
Additions	1,451
Depreciation	(277)
At 31 December 2023	2,250

The Group leases properties that run between 1 year and 3 years, with an option to renew the lease after that date.

#### 4.1 Material accounting policy information

#### (a) Recognition and measurement

All right-of-use assets are measured at cost less any accumulated depreciation and any accumulated impairment losses.

#### (b) Lease and non-lease components

At inception or on reassessment of a contract that contains a lease component, the Group allocates the consideration in the contract to each lease and non-lease component on the basis of their relative stand-alone prices. However, for leases of properties in which the Group is a lessee, it has elected not to separate non-lease components and will instead account for the lease and non-lease components as a single lease component.

#### (c) Recognition exemption

The Group has elected not to recognise right-of-use assets and lease liabilities for shortterm leases that have a lease term of 12 months or less and leases of low-value assets. The Group recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

#### 6. GOODWILL (CONTINUED)

#### Impairment testing for cash-generating unit containing goodwill

For the purpose of impairment testing, goodwill is allocated to the Group's operating divisions which represent the lowest level within the Group at which the goodwill is monitored for internal management purposes.

The aggregate carrying amounts of goodwill allocated to each unit are as follows:

		G	roup
	Note	2023	2022
		RM'000	RM'000
Stainless steel products	6.1	5,105	5,105
Logistics services	6.2	528	528
Electric vehicles	6.3	1,894	-
		7,527	5,633

6.1 The recoverable amount of the cash-generating unit relating to stainless steel products was based on its value-in-use. The carrying amount of the unit was determined to be lower than its recoverable amount and no impairment loss was recognised.

Value-in-use was determined by discounting the future cash flows generated from the continuing use of the unit and was based on the following key assumptions:

- Cash flows were projected based on past experience, actual operating results and the 5-year business plan. Cash flows for period after the 5th year were extrapolated using a constant growth rate of 3% (2022: 3%), which represent management's assessment on the growth rate for clad metals and convex mirrors industries using both external and internal sources (historical data).
- Revenue growth rate in the 5-year business plan ranges from 3% to 40% per annum (2022: 3% to 29% per annum) averaging out to be 11% annually (2022: 7.32% annually).
- Gross profit margin in the 5-year business plan is 32% (2022: 24.5%).
- A pre-tax discount rate of 12.2% (2022: 11.6%).

The values assigned to the key assumptions represent management's assessment of future trends in the clad metals and convex mirrors industry and are based on both external sources and internal sources (historical data).

The above estimates are particularly sensitive in the following area:

• A decrease to 9.2% (2022: 6.5%) (annual average) in the future planned revenues would result in an impairment loss of RM3,127,000 (2022: RM355,000).

(CONT'D)

#### 6. GOODWILL (CONTINUED)

#### Impairment testing for cash-generating unit containing goodwill (continued)

6.2 The recoverable amount of the cash-generating unit relating to logistic services was based on its value-in-use. The carrying amount of the unit was determined to be lower than its recoverable amount and no impairment loss was recognised.

Value-in-use was determined by discounting the future cash flows generated from the continuing use of the unit and was based on the following key assumptions:

- Cash flows were projected based on past experience, actual operating results and the 5-year business plan. Cash flows for period after the 5th year were extrapolated using a constant growth rate of 3% (2022: 3%), which represent management's assessment on the growth rate for logistic industry using both external and internal sources (historical data).
- Revenue growth rate in the 5-year business plan ranges from 3% to 23% per annum (2022: 3% to 16% per annum) averaging out to be 7.5% annually (2022: 3.53% annually).
- Gross profit margin in the 5-year business plan is 39% (2022: 20%).
- A pre-tax discount rate of 12.9% (2022: 10.45%).

The values assigned to the key assumptions represent management's assessment of future trends in the logistic industry and are based on both external sources and internal sources (historical data).

The above estimates are particularly sensitive in the following area:

- A decrease to 5.8% (2022: 0.0%) (annual average) in the future planned revenues would result in an impairment loss of RM87,000 (2022: RM726,000).
- 6.3 The recoverable amount of the cash-generating unit relating to electric vehicles was based on its value-in-use. The carrying amount of the unit was determined to be lower than its recoverable amount and no impairment loss was recognised.

Value-in-use was determined by discounting the future cash flows generated from the continuing use of the unit and was based on the following key assumptions:

- Cash flows were projected based on the 5-year business plan. Cash flows for period after the 5th year were extrapolated using a constant growth rate of 3%, which represent management's assessment on the growth rate for electric vehicles industry using both external and internal sources (historical data).
- Revenue growth rate in the 5-year business plans is ranging from 30% to 427% per annum averaging out to be 107.9% annually.
- Gross profit margin in the 5-year business plans is ranging from 28% to 36%.
- A pre-tax discount rate of 12.3%.

The values assigned to the key assumptions represent management's assessment of future trends in the electric vehicles industry and are based on both external sources and internal sources (historical data).

#### 7.1 Amount due from a subsidiary

The amount due from a subsidiary is non-trade in nature, unsecured and interest free. The settlement of the amount is neither planned nor likely to occur in the foreseeable future. As this amount is a part of the Company's net investment in the subsidiary in substance, it was stated at cost less accumulated impairment.

#### 7.2 Impairment loss on investments in subsidiaries and amount due from a subsidiary

The total impairment loss as of 31 December 2023 amounting to RM13,747,000 (2022: RM5,467,000) is attributable to the following:

- Investment and amount due from an overseas subsidiary amounting to RM3,677,000 (2022: RM3,398,000) as the management is of the view that the business is affected by geopolitical factors in Europe which is beyond the management's control thus the recoverable amount of the investment in the subsidiary was RM Nil (2022: RM Nil) which was based on the fair value less cost to disposal by reference to the underlying assets and liabilities of the subsidiaries; and
- Investments in local subsidiaries amounting to RM11,070,000 (2022: RM2,069,000) as the management is of the view that the recoverable amount of the investments in subsidiaries was RM10,000,000 (2022: RM Nil) which were based on the fair values less costs to disposal by reference to the underlying assets and liabilities of the subsidiaries and value in use method. For the subsidiary where recoverable amount was based on value in use method, the estimated value in use was determined by discounting cash flows expected to be generated from the subsidiary for a period of five years and was based on the following key assumptions:
  - revenue growth rate of between 5% to 507%;
  - cost of sales growth rate of between 5% to 103%;
  - terminal growth rate of 3%; and
  - pre-tax discount rate of 12.9%.
- Reversal of impairment loss on investment in a subsidiary of RM1,000,000 (2022: Nil) as the management is of the view that the performance of the subsidiary is be better than expected.

During the financial year, impairment loss on investments in subsidiaries and amount due from a subsidiary of RM9,280,000 (2022: RM2,233,000) and a reversal of impairment loss on investment in a subsidiary of RM1,000,000 (2022: Nil) were recognised in profit or loss. Following the impairment of costs of investments in subsidiaries and amount due from a subsidiary, the recoverable amount is equal to the carrying amount.

#### 23. OPERATING SEGMENTS

The Group has five main reportable segments, as described below, which are the Group's strategic business units. The strategic business units offer different products and services, and are managed separately because they require different technology and marketing strategies. For each of the strategic business units, the Chief Operating Decision Maker ("CODM") (i.e. the Managing Director) reviews internal management reports at least on a quarterly basis. The following summary describes the operations in each of the Group's main reportable segments:

(i)	Cookware	Design,	manufacture	and	sale	of	stainless	steel	kitchenware	and
		cookwar	e							

- (ii) Stainless steel products Research, development and manufacture of stainless steel products
- (iii) Food and beverages Manufacture and trading in all kinds of food and beverages, café and restaurant business
- (iv) Logistics services Logistics services
- (v) Electric vehicles Assembling, promoting and marketing of all kinds of electric vehicles

Performance is measured based on segment profit before tax, interest, depreciation and amortisation, as included in the internal management reports that are reviewed by the CODM. Segment profit is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries.

#### Segment assets

The total of segment assets is measured based on all assets (including goodwill) of a segment, as included in the internal management reports that are reviewed by the CODM. Segment total assets is used to measure the return on assets of each segment.

#### 23. OPERATING SEGMENTS (CONTINUED)

#### **Segment liabilities**

The total of segment liabilities is measured based on all liabilities of a segment, as included in the internal management reports that are reviewed by the CODM. Segment total liabilities is used to measure the operating liabilities that are attributable to or can be allocated to each segment.

#### **Geographical segments**

In presenting information on the basis of geographical segments, segment revenue is based on the geographical location of customers.

#### 24.3 Financial risk management

The Group has exposure to the following risks from its use of financial instruments:

- Credit risk
- Liquidity risk
- Market risk

#### 24.4 Credit risk

Credit risk is the risk of a financial loss if a customer or counterparty to a financial instrument fails to meet its contractual obligations. The Group's exposure to credit risk arises principally from the individual characteristics of each customer. The Company's exposure to credit risk arises principally from loans and advances to subsidiaries and financial guarantees given to banks for credit facilities granted to subsidiaries. There are no significant changes as compared to prior periods.

#### **Trade receivables**

Risk management objectives, policies and processes for managing the risk

Management has an informal credit policy in place and the exposure to credit risk is monitored on an ongoing basis.

#### Exposure to credit risk, credit quality and collateral

As at the end of the reporting period, the maximum exposure to credit risk for the Group is arising from trade receivables that are represented by the carrying amounts in the statement of financial position.

Management has taken reasonable steps to ensure that trade receivables that are neither past due nor impaired are stated at their realisable values. A significant portion of these receivables are regular customers that have been transacting with the Group. The Group uses aging analysis to monitor the credit quality of the receivables. Any receivables having significant balances past due more than 60 days, which are deemed to have higher credit risk, are monitored individually.

Japan and Korea	109	204	
China, Taiwan and Hong Kong	-	30	
Europe	209	189	
	1,109	945	

#### Recognition and measurement of impairment losses

In managing credit risk of trade receivables, the management has taken reasonable steps to ensure that trade receivables that are neither past due nor impaired are stated at their realisable value. Generally, trade receivables will pay within 60 days.

The management measures loss allowance on an individual basis.

The following table provides information about the exposure to credit risk for trade receivables as at 31 December 2023 and 31 December 2022.

	Gross carrying amount	Individual impairment	Net balance
Group	RM'000	RM'000	RM'000

As at the end of the reporting period, there was no indication that the receivables are not recoverable.

#### 24. FINANCIAL INSTRUMENTS (CONTINUED)

#### 24.4 Credit risk (continued)

#### **Cash and cash equivalents**

The cash and cash equivalents are held with banks and non-financial institution. As at the end of the reporting period, the maximum exposure to credit risk is represented by their carrying amounts in the statement of financial position.

These banks and non-financial institution have low credit risks.

#### Other receivables

Credit risks on other receivables are mainly arising from deposits paid for office buildings and fixtures rented. These deposits will be received at the end of each lease terms. The Group manages the credit risk together with the leasing arrangement.

As at the end of the reporting period, the maximum exposure to credit risk is represented by their carrying amounts in the statement of financial position.

As at the end of the reporting period, the Group did not recognise any allowance for impairment losses.

#### **Financial guarantees**

Risk management objectives, policies and processes for managing the risk

The Company provides unsecured financial guarantees to banks in respect of banking facilities granted to certain subsidiaries. The Company monitors on an ongoing basis the results of the subsidiaries and repayments made by the subsidiaries.

As at the end of the reporting period, the Company provided total corporate guarantees amounting to RM26,140,000 (2022: RM26,140,000).

#### Exposure to credit risk, credit quality and collateral

The maximum exposure to credit risk amounts to RM595,000 (2022: RM2,433,000) representing the outstanding banking facilities of the subsidiaries as at the end of the reporting period.

As at the end of the reporting period, there was no indication that any subsidiary would default on repayment.

The financial guarantees have not been recognised since the fair value on initial recognition was immaterial.

#### Inter-company loans and advances

*Risk management objectives, policies and processes for managing the risk* 

The Company provides unsecured loans and advances to subsidiaries. The Company monitors the ability of the subsidiaries to repay the loan and advances on an individual basis.

#### Exposure to credit risk, credit quality and collateral

As at the end of the reporting period, the maximum exposure to credit risk is represented by their carrying amounts in the statement of financial position.

Loans and advances are not secured by any collateral or supported by any other credit enhancements.

Recognition and measurement of impairment losses

Generally, the Company considers advances to subsidiaries have low credit risk. The Company assumes that there is a significant increase in credit risk when a subsidiary's financial position deteriorates significantly. As the Company is able to determine the timing of payments of the subsidiaries' advances when they are payable, the Company considers the advances to be in default when the subsidiaries are not able to pay when demanded. The Company considers a subsidiary's loan or advance to be credit impaired when:

- The subsidiary is unlikely to repay its loan or advance to the Company in full;
- The subsidiary's loan or advance is overdue for more than 365 days; or
- The subsidiary is continuously loss making and is having a deficit shareholders' fund.

The Company determines the probability of default for these loans and advances individually using internal information available.

The following table provides information about the exposure to credit risk for subsidiaries' advances as at 31 December 2023.

Company	Gross carrying amount	Impairment loss allowances	Net balance

#### 24.5 Liquidity risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they fall due. The Group's exposure to liquidity risk arises principally from its various payables, loans and borrowings.

The Group maintains a level of cash and cash equivalents and bank facilities deemed adequate by the management to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they fall due.

It is not expected that the cash flows included in the maturity analysis could occur significantly earlier, or at significantly different amounts.

#### Maturity analysis

#### 24.6 Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and other prices will affect the Group's financial position or cash flows.

#### 24.6.1 Currency risk

The Group is exposed to foreign currency risk arising from transactions that are denominated in currencies other than the respective functional currencies of Group entities. The currencies giving rise to this risk are primarily U.S. Dollar ("USD"), Japanese Yen ("JPY") and Euro ("EUR").

Risk management objectives, policies and processes for managing the risk

The Group does not have a fixed policy to hedge its sales and purchases via forward contracts. However, the exposure to foreign currency risk is monitored from time to time by management.

#### Exposure to foreign currency risk

The Group's exposure to foreign currency (a currency which is other than the functional currency of the Group entities) risk, based on carrying amounts as at the end of the reporting period was:

#### Company

The Company does not have any exposure to foreign currency risk at the end of the reporting period.

#### Currency risk sensitivity analysis

Foreign currency risk arises from Group entities which have a RM functional currency. The exposure to currency risk of Group entities which do not have a RM functional currency is not material and hence, sensitivity analysis is not presented.

A 10% (2022: 10%) strengthening of the RM against the following currencies at the end of the reporting period would have increased/(decreased) equity and post-tax profit or loss by the amounts shown below. This analysis is based on foreign currency exchange rate variances that the Group considered to be reasonably possible at the end of the reporting period. This analysis assumes that all other variables, in particular interest rates, remained constant and ignores any impact of forecasted transactions.

Group		
USD	14	21
JPY	-	7
EUR	(15)	(13)

A 10% (2022: 10%) weakening of RM against the above currencies at the end of the reporting period would have had equal but opposite effect on the above currencies to the amounts shown above, on the basis that all other variables remained constant.

#### 24. FINANCIAL INSTRUMENTS (CONTINUED)

#### 24.6 Market risk (continued)

#### 24.6.2 Interest rate risk

The Group's fixed deposits and its fixed rate borrowings are exposed to a risk of change in their fair value due to changes in interest rates. Short term receivables and payables are not significantly exposed to interest rate risk.

Risk management objectives, policies and processes for managing the risk

The Group has an informal policy in place and the exposure to interest rate risk is monitored on an ongoing basis.

#### Exposure to interest rate risk

The interest rate profile of the Group's and the Company's significant interest-bearing financial instruments based on carrying amounts as at the end of the reporting period was:

		Group	c	Company
	2023	2022	2023	2022

Fixed rate instruments				
Financial assets	233	218	202	196
Financial liabilities	595	2,433	-	-

Interest rate risk sensitivity analysis

#### Fair value sensitivity analysis for fixed rate instruments

The Group does not account for any fixed rate financial assets and liabilities at fair value through profit or loss, and the Group does not designate derivatives as hedging instruments under a fair value hedge accounting model. Therefore, a change in interest rates at the end of the reporting period would not affect profit or loss.

In February 2023, the Group, via its wholly-owned subsidiary, NHEVT acquired 1 ordinary share in Ni Hsin EV Mobility Sdn. Bhd. (formerly known as EV Mobility Sdn. Bhd.) ("NHEVM"), representing the remaining 50% equity interest in EVM for a total cash consideration of RM1. Consequently, NHEVM became a wholly-owned subsidiary of NHEVT, which in turn is a wholly-owned subsidiary of the Company. The effect of changes in equity interest in NHEVM is not material to the Group.

#### 28.4 Acquisition of non-controlling interests - Pride Logistics Alliance Sdn. Bhd.

In the previous financial year, the Company's wholly-owned subsidiary, NHECO acquired the remaining 40% equity interest in PLA via a share swap agreement between NHECO and a third party individual whereby NHECO issued 400,000 new ordinary shares of RM1.00 each as consideration for the remaining 40% equity interest in PLA. The carrying amount of PLA net assets in the Group's financial statements on the date of the acquisition was RM514,000. The Group recognised a decrease in non-controlling interests of RM147,000 and a decrease in retained earnings of RM253,000. Subsequent to the acquisition, PLA became a wholly owned subsidiary of NHECO with an effective ownership of 71% to the Group.

#### 28.5 Acquisition of a subsidiary – EV Mobility Sdn. Bhd.

In the previous financial year, the Company's wholly-owned subsidiary, Ni Hsin EV Tech Sdn. Bhd. ("NHEVT") acquired 50% equity interest in EV Mobility Sdn. Bhd. ("EVM"). The issued and paid-up capital of EVM is RM2.00 only comprising of 2 ordinary shares. The principal activity of EVM is distribution, marketing, trading, leasing and retailing of all kinds of electric vehicles. The Directors have determined that EVM is a subsidiary of NHEVT, which in turn is a subsidiary of the Company, as NHEVT controls EVM on the basis that NHEVT has the current ability to direct EVM activities that most significantly affect the returns.

#### 29. SIGNIFICANT EVENTS DURING THE YEAR

#### 29.1 Memorandum of Understanding ("MOU") between VMOTO Limited and Ni Hsin EV Tech Sdn. Bhd.

Ni Hsin EV Tech Sdn. Bhd. ("NHEVT"), a wholly-owned subsidiary of the Company had on 24 July 2023 entered into a Memorandum of Understanding ("MOU") with VMOTO Limited ("VMOTO") with the intention to enter into a strategic business cooperation for NHEVT to assemble, promote and distribute VMOTO high powered EV motorcycles branded F01, CPX Pro and TC Max models through Business-to-Consumer (B2C) sales, Business-to-Business (B2B) and Business to Government (B2G) marketing channels in Malaysia.

NHEVT had on 18 September 2023 entered into an Exclusive Assembly and Distribution Agreement ("EADA") with Nanjing Vmoto Manufacturing Co, Ltd, a wholly-owned subsidiary of VMOTO for the exclusive rights to assemble, stock, advertise, rent/leasing and distribute VMOTO electric motorcycles model CPX-Pro and TC-Max in Malaysia, subject to and upon the terms and conditions of the EADA.

#### **REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS**

#### Opinion

We have audited the financial statements of Ni Hsin Group Berhad, which comprise the statements of financial position as at 31 December 2023 of the Group and of the Company, and the statements of profit or loss and other comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the year then ended, and notes to the financial statements, including material accounting policy information, as set out on pages 74 to 135.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Company as at 31 December 2023, and of their financial performance and their cash flows for the year then ended in accordance with Malaysian Financial Reporting Standards, IFRS Accounting Standards as issued by the International Accounting Standards Board ("IFRS Accounting Standards") and the requirements of the Companies Act 2016 in Malaysia.

#### **Basis for Opinion**

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our auditors' report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Independence and Other Ethical Responsibilities

We are independent of the Group and of the Company in accordance with the *By-Laws* (on *Professional Ethics, Conduct and Practice*) of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' *International Code of Ethics for Professional Accountants (including International Independence Standards)* ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the Group and of the Company for the current year. These matters were addressed in the context of our audit of the financial statements of the Group and of the Company as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

#### Information Other than the Financial Statements and Auditors' Report Thereon

The Directors of the Company are responsible for the other information. The other information comprises the information included in the Directors' Report and Statement on Risk Management and Internal Control (but does not include the financial statements of the Group and of the Company and our auditors' report thereon), which we obtained prior to the date of this auditors' report, and the remaining parts of the annual report, which are expected to be made available to us after that date.

Our opinion on the financial statements of the Group and of the Company does not cover the annual report and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Group and of the Company, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Group and of the Company or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed on the other information that we obtained prior to the date of this auditors' report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

When we read the remaining parts of the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to the Directors of the Company and take appropriate actions in accordance with approved standards on auditing in Malaysia and International Standards on Auditing.

To the members of Ni Hsin Group Berhad (CONT'D)

#### **Responsibilities of the Directors for the Financial Statements**

The Directors of the Company are responsible for the preparation of financial statements of the Group and of the Company that give a true and fair view in accordance with Malaysian Financial Reporting Standards, IFRS Accounting Standards and the requirements of the Companies Act 2016 in Malaysia. The Directors are also responsible for such internal control as the Directors determine is necessary to enable the preparation of financial statements of the Group and of the Company that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Group and of the Company, the Directors are responsible for assessing the ability of the Group and of the Company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Group or the Company or to cease operations, or have no realistic alternative but to do so.

#### Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Group and of the Company as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements of the Group and of the Company, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control of the Group and of the Company.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.
- Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group or of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Group and of the Company or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group or the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements of the Group and of the Company, including the disclosures, and whether the financial statements of the Group and of the Company represent the underlying transactions and events in a manner that gives a true and fair view.

To the members of Ni Hsin Group Berhad (CONT'D)

#### Auditors' Responsibilities for the Audit of the Financial Statements (continued)

• Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial statements of the Group. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the Directors, we determine those matters that were of most significance in the audit of the financial statements of the Group and of the Company for the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our auditors' report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

In accordance with the requirements of the Companies Act 2016 in Malaysia, we report that the subsidiaries of which we have not acted as auditors are disclosed in Note 7 to the financial statements.

#### **OTHER MATTER**

This report is made solely to the members of the Company, as a body, in accordance with Section 266 of the Companies Act 2016 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

#### **NOTES:-**

- 1. A member of the Company entitled to attend and vote at the meeting is entitled to appoint a proxy or proxies to attend and vote in his stead. A proxy may but need not be a member of the Company. There shall be no restriction as to the qualification of the proxy.
- 2. A member of the Company may appoint up to two (2) proxies to attend and vote at the same meeting. Where a member of the Company appoints two (2) proxies, the appointment shall be invalid unless the member specifies the proportion of his shareholdings to be represented by each proxy.
- 3. Where a member of the Company is an exempt authorised nominee which holds ordinary shares in the Company for multiple beneficial owners in one securities account ("omnibus account"), there is no limit to the number of proxies which the exempt authorised nominee may appoint in respect of each omnibus account it holds.
- 4 The instrument appointing a proxy shall be in writing under the hand of the appointor or of his attorney duly authorised in writing or, if the appointor is a corporation, the instrument appointing a proxy must be executed under its Common Seal or under the hand of an officer or attorney duly authorised.
- The instrument appointing a proxy, with the power of attorney or other authority (if any) under which 5. it is signed or a notarially certified or office copy of such power or authority, shall be deposited at the office of the Company's Share Registrar, Bina Management (M) Sdn. Bhd. at Lot 10, The Highway Centre, Jalan 51/205, 46050 Petaling Jaya, Selangor Darul Ehsan, Malaysia not less than 48 hours before the time appointed for holding the AGM or any adjournment thereof, otherwise the instrument of proxy should not be treated as valid. Any notice of termination of person's authority to act as a proxy must be forwarded to the Company prior to the commencement of the AGM or Adjourned AGM.
- 6. Pursuant to Paragraph 8.29A(1) of the MMLR of Bursa Securities, all the resolutions set out in the notice of the general meeting will be put to vote by way of poll. Poll Administrator and Independent Scrutineers will be appointed to conduct the polling process and verify the results of the poll respectively.
- 7. For the purpose of determining who shall be entitled to attend this meeting, the Company shall be requesting Bursa Malaysia Depository Sdn. Bhd. to make available to the Company a Record of Depositors as at 19 June 2024 and only a Depositor whose name appears in such Record of Depositors shall be entitled to attend and vote at this meeting and entitled to appoint proxy or proxies.
- The Board wishes to highlight that the Twentieth AGM may be re-scheduled and/or postponed in 8. view of the current Covid-19 situation and the Malaysian Government's announcements or guidelines made from time to time. Rest assured, all members/proxies including attendees shall be kept informed of any unexpected changes.
- The Audited Financial Statements in Agenda 1 is meant for discussion only as approval from 9. shareholders is not required pursuant to the provision of Section 340(1)(a) of the Act. Hence, this Agenda is not put forward for voting by shareholders of the Company.

#### **10. EXPLANATORY NOTES**

#### (i) Ordinary Resolution 1 on Directors' fees and benefits payable to Directors

Payment of Directors' fees and benefits under Section 230(1) of the Act provides amongst others, that the Directors' fees and any benefits payable to the Directors of the Company and its subsidiaries shall be approved at a general meeting. There is no revision to the amount proposed.

The amount of Directors' fees and benefits payable to each Director of the Company are as follows:-

Directors	Amount (RM)		
Encik Sofiyan Bin Yahya	126,000		
Ms Poo Chii Miin @ Chermaine Poo	72,000		
Mr Tung Fook Heng	63,000		
Dato' Shamsuddin Bin Mohd Mahayidin	3,000		
Ms Ng Shwu Ching	-		
Encik Rizvi Bin Abdul Halim	-		
Mr Lai Kian Huat	-		
Ms Khoo Wuan Ru	-		

In determining the estimated total amount of Directors' fees and benefits payable to the Directors of the Company, the Board has considered various factors including the number of scheduled meetings for the Board and Board Committees, current Board size and provisional sum as a contingency for future appointment of Director on the Board.

The Executive Directors have voluntarily waived their entitlement for Directors' fees and benefits payable.

#### (ii) Ordinary Resolutions 2 and 3 on Re-election of Directors

Pursuant to Malaysian Code on Corporate Governance, the profiles of the Directors who are standing for re-election as per Agenda item 3 are set out in the Board of Directors' profile of the Annual Report 2023.

The performance, contribution, effectiveness and independence (as the case may be) of the retiring Directors, namely Encik Rizvi Bin Abdul Halim and Mr Lai Kian Huat (collectively "**Retiring Directors**") have been assessed by the Nomination Committee ("**NC**"). In addition, the NC has also conducted an assessment on the fitness and propriety of the Retiring Directors including the review of their fit and proper declarations and results of their background checks in accordance with the Fit & Proper Policy. The Retiring Directors have abstained from deliberations and decision on their own eligibility and suitability to stand for re-election.

Based on the recommendation of NC, the Board endorsed the same, having been satisfied with performance as well as fitness and propriety of the Retiring Directors.

#### (iii) Ordinary Resolution 5 - Authority under Section 76 of the Act for the Directors to allot and issue shares

The Company had, during its Nineteenth AGM held on 21 June 2023, obtained its shareholders' approval for the general mandate for issuance of shares pursuant to the Section 76 of the Act. As at the date of this notice, the Company did not issue any shares pursuant to this mandate obtained.

The Ordinary Resolution 5 proposed under item 5 of the Agenda is to seek shareholders' approval of the general mandate for issuance of shares by the Company under Section 76 of the Act.

This proposed Ordinary Resolution 5, if passed, will provide additional flexibility for the Company for fund raising and enable the Company, should it required to allot and issue new shares in the Company up to an amount not exceeding in total ten per centum (10%) of the total number of issued shares of the Company to meet its funding requirements for working capital or strategic development of the Group and operational expenditure, expeditiously and efficiently during this challenging time to ensure the long-term sustainability of the Company and safeguard the interest of the Company and the shareholders. This would eliminate any delay arising from and cost involved in convening a general meeting to obtain approval of the shareholders for such issuance of shares.

This authority, unless revoked or varied by the Company at a general meeting, will expire at the next AGM.

The waiver of pre-emptive rights pursuant to Section 85 of the Act and Clause 10 of the Company's Constitution will allow the Directors of the Company to issue new shares of the Company which rank equally to existing issued shares of the Company, to any person without having to offer the new shares to all existing shareholders of the Company prior to the issuance of new shares in the Company under the general mandate.

At this juncture, there is no decision to issue new shares. If there should be a decision to issue new shares after the general mandate is sought, the Company will make an announcement in respect thereof.

#### (iv) Ordinary Resolution 6 - Proposed Renewal of Authority for the Company to Purchase its own **Ordinary Shares**

The explanatory notes on Ordinary Resolution 6 are set out in the Statement to Shareholders dated 26 April 2024.
