ESG & Sustainability

In FY2023

- Continued to focus and improve on the Seven “Core Areas for Action on Sustainability” including responsible management, responsible innovation and service, responsible green production, responsible workplace, responsible supply chain, responsible climate change, and responsible inclusion and diversity.
- Benchmark our sustainability development with GRI Framework, United Nations Sustainable Development Goals (SDGs), Responsible Business Alliance Framework (RBA), Bursa Malaysia FTSE Russell ESG Model Framework.
- Key Accomplishments:
 - strengthen innovation platform and increased innovation value creation;
 - more updated greener products and production process and specialised capabilities;
 - greener and safer regulatory chemical usage and management policy;
 - increased transparency, reduced risk, and increased actions linked to solving sustainability challenges, including climate change and pollution control.

For our full sustainability report, please visit <http://frontken.com/sustainability/>

Our sources of renewable energy include on-site generation: renewable power generated by renewable energy sources (ie solar).

Continue to improve on the optimisation of energy conservation for our scrubbers, which are our single biggest user of electricity.

Key Achievements on ESG & Sustainability

Innovation projects, from 2018 to 2023:

- Adopted the equivalent of 3,183,631 KW of electricity using solar energy.
- Achieved accumulated savings of 394,517 tons of DI-Water recycling.
- Achieved accumulated savings of 460,807 kg of waste recycling.

Award and Recognition:

- Won The Edge Malaysia ESG Awards 2022 and 2023 for “Most Improved Performance Over Three Years” for RM800m to RM5b Market Capitalisation (Gold).
- Achieved the top 25% (4 stars) by ESG Ratings amongst PLCs in FBM EMAS that have been assessed by FTSE Russell.
- Included in the FTSE4Good Bursa Malaysia Index.
- Included in the FTSE4Good Bursa Malaysia Shariah Index.
