A12. Material Events Subsequent to the End of the Financial Period

There are no material events subsequent to the end of the financial period ended 31 March 2020 that have not been reflected in this interim financial report.

A13. Changes in the Composition of the Group

On 15 August 2019, the Company paid RM14.23 million as investment into a company, Kasi Palani Development Sdn Bhd ("KP Co"). KP Co is a property developer which owns two parcels of contiguous freehold commercial land totalling to 6.70 acres in Cyberjaya. The said investment was converted into 65% equity interest in KP Co on 15 November 2019. Consequently, KP Co became a 65% subsidiary of the Group. KP Co was renamed as Elite Land Development Sdn. Bhd. on 12 March 2020.

On 27 December 2019, Lang Education Sdn Bhd, a wholly owned subsidiary of the Group incorporated a 70% owned subsidiary known as Bestari Elsa Sdn Bhd.

A14. Other Investments

This refers to the Group's investments in Vietnam Industrial Investments Ltd ("VII"), which is a quoted investment in the Australian Stock Exchange ("ASX"). The said investment is marked to market and valued at fair value through profit and loss account.

VII went into voluntary suspension of its shares after 12 September 2019 and the last traded price was AUD0.31 per share. On 28 February 2020, VII announced the suspension of trading of its shares due to material uncertainties on going concern in relation to this valuation of loans, advances and receivables to Nam Thuan Investment Development Company and the valuation of SSESTEEL Ltd cash generating unit.

Hence, in the absence of available market price due to the suspension, management had estimated the fair value of the said investments at year end based on the movement in ASX index since 12 September 2019 up to year end (31 March 2020) with a 6% discount made due to the shares being suspended. This has contributed to a fair value loss of RM3.94 million charged to the profit and loss during the year.

As this is a Level 3 fair value measurement which involves significant unobservable inputs and judgement, any changes in the said inputs would have a material impact on the investment and also the results for the year.

In the previous year, the fair value of VII shares was a Level 1 measurement.

Property division

The property division registered a revenue of RM12.82 million (4Q2019: RM41.33 million) and an operating profit of RM0.46 million (4Q2019: RM20.44 million). The lower revenue and operating profit in the quarter was due to slow sales arising from the soft property market.

Education division

The education division recorded a revenue of RM5.54 million (4Q2019: RM4.72 million) and an operating profit of RM2.35 million (4Q2019: RM1.03 million). The increase in revenue and operating profit was due to the increased student enrolment particularly for its international school with the opening of additional classes for upper primary and secondary following the completion of the new school building.

Other divisions

Other divisions recorded an operating gain of RM4.05 million (4Q2019: RM11.40 million) on the back of a revenue of RM1.06 million (4Q2019: RM1.48 million) mainly from the writeback of financial obligation of RM6.24 million as compared to the writeback of RM20.81 million in corresponding quarter of the preceding year.

Also contributing to the Group's lower pre-tax profit of RM7.29 million (4Q2019: RM34.58 million) was the loss on fair value changes of RM4.03 million on our investment in VII as mentioned in A14 offset by the share of profit from our associated company, Country Garden Properties (M) Sdn Bhd ("CGPM") during the quarter.

Education division

The education division posted a revenue of RM19.43 million (4Q2019: RM15.67 million) and an operating profit of RM6.26 million (4Q2019: RM4.57 million) attributed to the increase in fees and the increase in students' enrolment for both its private school and international school as mentioned earlier.

The Group's operating profit for the current quarter was higher compared to the previous quarter mainly due to the said writeback of financial obligation of RM6.24 million mentioned earlier.

The Group recorded an increase in profit before tax for the quarter due to the share of profit from CGPM, offset by the loss on fair value changes of RM4.03 million on our investments in VII as mentioned in A14.

B3. Prospects

The COVID-19 pandemic had adversely impacted the global economy due to the unprecedented preventive measures of lockdown across the world resulting in suspensions of businesses, imposition of travel restrictions and limited movement of people.

In Malaysia, the various Movement Control Orders (MCO) imposed by the government since 18 March 2020 have brought most businesses to a standstill. As the country slowly eased into a recovery mode with the opening of more businesses from 10 June 2020, all businesses are to implement new Standard Operating Procedures (SOPs) issued by the National Security Council.

The Group's property development activities have since recommence construction works at a slower pace as a result of compliance with the various SOPs imposed by the various Ministries. In the meantime, online learnings are being conducted to all our students since the lockdown on 18 March 2020 by both our private and international schools. The school is set to reopen on 24 June 2020 for Form 5 classes.

While the Group's prospects for the coming financial year ended 31 March 2021 will remain challenging with the ongoing pandemic, the Group believes that the recent short-term Economic Recovery Stimulus Package such as the uplifting of 70% margin financing limit for third residential property valued at RM600,000 and above, the re-introduction of the Home Ownership Campaign (HOC), the stamp duty exemption on the first RM1 million of residential property value and the full stamp duty exemption on loan agreements in relation to sales and purchase agreements signed between 1 June 2020 to 31 May 2021 may mitigate partly some of the adverse impact of the pandemic. In view of these challenges, the Group expects its results for the coming year to remain flat. The Group is constantly monitoring to ensure timely and appropriate actions to be taken in line with the market changes.
