13. SEGMENTAL REPORTING

The Group segments are reported as the following core businesses.

1. Core 1

Core 1 essentially consolidates HeiTech's brands in the information technology sectors. Activities focus on in serving the public and private sectors with the range of services and products portfolio from system integration and application development, maintenance, managed services, financial and business solutions.

2. Core 2

Core 2 represents various offerings in different sectors by the Group's subsidiaries. The offerings range from engineering works for energy sector, bulk mailing and outsourcing services, automotive/insurance claims platform services, mobile application, cooperative and smart council systems, simulation and training to various customers.

3. Core 3

In light of constant changes and volatility in the social, economic and political climates, the Group understand the needs for a dedicated team to explore and discover new potentials and possibilities. As such, during the quarter under review, the Group has carried out some reclassification to include transport sector under Core 3 as the Group believed the sector has great potentials that require a focus of its own.

14. REVIEW OF PERFORMANCE

The Group recorded lower revenue of RM131,921,000 for the period ended 30 June 2021, a decrease by RM23,778,000 from a revenue of RM155,699,000 for the period ended 30 June 2020. The lower revenue was attributed by the conclusion of some contracts in 2021.

15. COMMENTARY ON PROSPECTS

The Group's business environment is expected to remain challenging in 2021 as the Covid-19 pandemic is still plaguing our nation. However, the Group will continue to implement relevant strategies to overcome the challenges. These include securing recurring business from existing customers while gaining new business from both existing and new markets.

Core 1

Core 1 is essentially the core business of the Group. Over the years, the IT sector has been increasingly competitive with the entrance of more players into the market. Nevertheless, based on the track records, the Group is confident that it will continue to be relevant and remain as one the nation's major player for IT services.

15. COMMENTARY ON PROSPECTS (CONT'D)

Core 2

Core 2 leverages on various sectors within the segment to create a new focus in the Group's strategic direction. It comprises companies that operated in database management for automotive industry, mobile and financial applications, mailing and document processing services, defence and engineering works and renewable energy in the energy sector. Among the main offerings within Core 2 are electronic licensing and billing services for local councils, financial system for cooperatives in Indonesia, training simulations, digital data processing and automotive parts database platform and training methods. Apart from some contracting nature of the services offered, Core 2 main aim is at securing shares in the mass market space via business-to-business and business-to-consumers type of offerings.

Core 3

Initially, Core 3 was planned as the exploration arm of new technology for the Group. However, as the business progresses, it was identified that the transportation sector may have good potentials for the Group. As such, Core 3 has been recalibrated to explore the opportunities within the transportations sector.

16. COMPARISONS WITH PRECEDING QUARTER'S RESULTS

The Group recorded lower revenue at RM61,856,000 for the current quarter ended 30 June 2021 as compared to RM70,065,000 in the preceding quarter ended 31 March 2021.
