COVER RATIONALE

Rebounding With Resilience

Al-Salām REIT's commercial asset portfolio, namely the KOMTAR JBCC mall was adversely impacted by Covid-19 in line with retail market performance at large for the past year.

In light of the anticipated recovery, we believe that better times are ahead. We are positioning ourselves to capitalise on the opportunities presented by this new era of growth and change.

The cover depicts the company's properties, emphasising its dynamism and determination during this hard time.

OBJECTIVE, POLICY & STRATEGIES

Objective

The Manager's key objective is to provide Unitholders with regular and stable distributions, sustainable long-term unit price and distributable income and capital growth of Al-Salām REIT. In the long run, through its key investment strategies, Al-Salām REIT maintains an optimum level of financing and equity capital structure.

Policy

Al-Salām REIT is an Islamic REIT established with the principal investment policy of investing, directly and indirectly, in a diversified shariah-compliant portfolio with income producing real estate which are used primarily for commercial retail, office and industrial purposes in Malaysia as well as real estate-related assets.

 @Mart Kempas, Johor

OBJECTIVE, POLICY & STRATEGIES

Strategies

1. Active Asset Management

The Manager will seek to optimise the rental rates, occupancy rates and net lettable area of the subject properties in order to improve the returns from Al-Salām REIT's property portfolio.

2. Acquisition Growth Strategy

The Manager will source for and acquire properties that fit within Al-Salām REIT's investment strategy to enhance returns to Unitholders and capitalise on opportunities for future income and NAV growth.

3. Capital and Risk Management

The Manager will endeavour to employ an appropriate mix of debt and equity in financing acquisitions, seek to manage financing and refinancing risk and to adopt an active financing rate management strategy to manage the risks associated with changes in financing rates.

Malaysian College of Hospitality & Management, Johor.

- KOMTAR JBCC and Menara KOMTAR is strategically located in Johor Bahru's city centre and located directly across from the CIQ & Rapid Transit System (RTS) Station in Singapore, allowing Singaporeans easy access to the properties.

Al-Salām Real Estate Investment Trust (Al-Salām REIT) is a Shariah-compliant fund that invests in diversified Shariah-compliant properties. The properties of Al-Salām REIT, which has a diverse portfolio, are strategically located throughout Malaysia. Al-Salām REIT achieved its first milestone on 29 September 2015, when it was listed on Bursa Malaysia Securities Berhad's Main Market with an initial asset value of RM903.1 million. Al-Salām REIT began with 31 properties in 2015 and has grown to 54 properties across Malaysia, including 3 retail malls, an office building, 43 food and beverage restaurants, and 7 food and beverage non-restaurant assets. Al-Salām REIT's asset value had increased to RM1.18 billion as of 31 December 2021 from its initial investment.

The Manager of Al-Salām REIT, Damansara REIT Managers Sdn Berhad (DRMSB or The Manager), is a subsidiary of the Johor Corporation (JCorp) Group of Companies. DRMSB is licenced to manage Islamic REITs under the Capital Markets and Services Act 2007.

Al-Salām REIT's market capitalisation was RM281.3 million as of 31 December 2021.

- Aerial view of the Johor Bahru Customs, Immigration, and Quarantine Complex (CIQ) in Johor Bahru, as well as the KOMTAR JBCC and Menara KOMTAR.

CORPORATE PROFILE

Al-Salām REIT is a diversified Islamic real estate investment trust in Malaysia with assets strategically located in Johor Bahru as well as in major towns throughout Malaysia.

“

Dear Stakeholders,

On behalf of the Board of Directors of the Manager, I present to you the Annual Report and Audited Financial Statements of Al-Salām REIT (the “Fund”) for the financial year ended 31 December 2021 (“FY2021”).

My first full year as Chairman of the Manager was indeed a challenging one. When I was appointed on 14 February 2020, the pandemic was in full swing across the globe, and Malaysia soon entered lockdown.

We began 2021 with optimism, but that was soon halted as nationwide containment measures were reimplemented (MCO 2.0 in January 2021 and MCO 3.0 in May 2021) to curb the resurgence of the virus, which had already impacted the nation both socially and economically.

LETTER TO STAKEHOLDERS

OVERVIEW OF THE MACRO OPERATING ENVIRONMENT

FY2021 was another challenging year. Businesses and industrial sectors were slowly recovering after a year of restrictions that had brought operations to a standstill. Lives were similarly impacted, and as a result, consumer habits changed to accommodate spending most of our time at home.

Al-Salām REIT’s overall performance was impacted due to the Fund’s exposure to the retail segment.

LETTER TO STAKEHOLDERS

**DATO' HAJI MOHD REDZA
SHAH BIN ABDUL WAHID**

CHAIRMAN

Following the impact of the restrictions on both a domestic and international scale, Malaysia's labour market recovery has been on a slower trajectory compared to most countries, owing to its reliance on external trade.

In October 2021, the International Monetary Fund (IMF) maintained its projected global GDP growth in 2022 at 4.9% but revised its 2021 global GDP forecast downwards to 5.9% from 6.0%. Continued supply chain issues in advanced economies, slow take up of vaccinations and the discovery of newer, more resistant strains of the virus have led to slowed momentum in recovery.

This makes near-term prospects challenging for the Fund, in part due to the supply disruptions. In addition to that, the difficult capital market landscape further hindered the planned placement of units.

At home, the domestic economy is on track to expand by between 3% and 4%, according to Bank Negara Malaysia (BNM). This expansion will be supported by increased economic activity, low-interest rate environment and supportive policies as the nation moves toward the endemic phase. Tourism, particularly interstate travel, is expected to bounce back as vaccination rates increase and restrictions are tapered. Additionally, global demand will continue to support export growth.

REPOSITIONING IN THE FACE OF CHANGE

Al-Salām REIT has taken a longer-term approach to these challenges. As the pandemic continues to dictate the shape of the economic landscape, the Fund has undertaken the strategy of providing rental support/rebates to maintain long-term tenant relationships commensurate with the tenants' financial performance. This is the first step in ensuring the sustainability of the Fund's portfolio of properties while helping secure our relationship with our tenants. As the operating environment improves and business picks up for our tenants, this support will be lowered gradually.

We also continued to undertake Asset Enhancement Initiatives (AEIs) on a case-by-case basis to ensure all our assets are operating at the optimum level. This included working closely with the management of our commercial assets to develop a more attractive and facilitative environment for consumers.

FINANCIAL HIGHLIGHTS

The Fund's overall financial performance in FY2021 is commendable, given the challenging operating landscape. Through prudent cost measures and resource management, earnings improved, despite a reduction in revenue.

Net property income remained positive at RM55.0 million. Total distribution per unit (DPU) was 2.30 sen, totalling RM13.3 million, representing 91% of the income available for distribution. As at 31 December 2021, our cash position stands at RM30.6 million (2020: RM28.8 million). Debts and liabilities have continued to be well managed, and sufficient working capital has been retained to meet operational requirements as well as debt obligations.

Lower revenues of RM71.5 million were recorded (FY2020: RM86.1 million) mainly due to the lower performance of the retail segment, particularly KOMTAR JBCC, as the continuing closure of the Malaysia-Singapore border has a bearing upon the performance.

BUSINESS HIGHLIGHTS

Al-Salām REIT's financial performance was driven by the Fund's sizeable triple nett lease assets portfolio, consisting of Mydin Hypermart Gong Badak and F&B-related properties, which continued to provide a sustained core income.

The continued containment measures, as well as border closure, had significantly affected the footfall in malls under Al-Salām REIT's portfolio - KOMTAR JBCC and @Mart Kempas, to a certain extent. In order to keep the long-term tenant relationship, we chose to take the strategy of providing rental support in accordance with their business performance to ensure long-term tenancy sustainability.

For KOMTAR JBCC, we had expected to field new tenants on the renovated ground floor, but this was delayed due to the current challenging environment. Weekends and weekdays footfall remains low due to the extended MCO implementation. Rental revenues were negatively impacted as many tenants recorded subdued business performance. However, the reopening of the Singapore-Johor Causeway is expected to improve the mall's performance. Meanwhile, Menara KOMTAR, with Johor Corporation being the anchor tenant, had continued to provide good earnings for the property.

@Mart Kempas continued to prove its resilience as a community-centric hypermarket throughout the MCO. Given the strategic location and high convenience factor to property's captive consumer market, @Mart Kempas continued to be a preferred location with both shoppers and retailers alike as evidenced by the improved occupancy rate (FY2021: 97% as compared to FY2020: 96%)

The Fund's sole education property asset, the Malaysian College of Hospitality and Management, has also contributed stable earnings from the master lease agreement with KPJ Group's education arm.

LETTER TO STAKEHOLDERS

“

The Fund's overall financial performance in FY2021 is commendable, given the challenging operating landscape. Through prudent cost measures and resource management, earnings improved, despite a reduction in revenue.

”

Assets under the QSR Brands (M) Holdings Berhad umbrella continued to provide income stability. QSR continued to perform well amidst a challenging business environment given their sizeable market share and robust branding, which continues to see continued traction with consumers, contributing positively to Al-Salām's financial performance.

SUSTAINABLE BUSINESS PRACTICES

The pandemic has proven the importance of sustainable business practices to foster long-term value creation and business longevity. As such, we have embedded Environmental, Social, and Governance ("ESG") aspects into the heart of our operations and recovery plans. The year under review saw Al-Salām REIT form a Sustainability Framework to provide a comprehensive view of the Fund's material sustainability matters and further strengthen our Sustainability Governance Structure.

LOOKING AHEAD

Moving ahead, I am cautiously optimistic of our prospects in FY2022. We will tread with caution, being mindful of the residual impact of the pandemic on the retail, hospitality, and tourism segments.

The major upheaval caused by the pandemic will be taken as an opportunity to reconfigure our assets to meet the requirements of the working place and commercial centres of today and ensure value to stakeholders.

In the immediate term, Al-Salām REIT looks to moderately improve our performance, compared to FY2021, as the nation's anticipated economic recovery, driven by supportive policies and high vaccination rates, will bring about relative stability and create room for growth through transformation.

On our end, Al-Salām REIT plans to diversify our asset class, leveraging on Johor Corporation's position as a major industrial land owner in the state of Johor. We will focus on the industrial spectrum and explore opportunities to undertake sale and leaseback arrangements of assets under Johor Corporation.

APPRECIATION AND ACKNOWLEDGEMENTS

On behalf of the Board, I would like to express my deepest appreciation to the employees of Al-Salām REIT for their perseverance and continued dedication in ensuring our strategies are in motion.

To my fellow Board members, I give my humblest thanks and utmost gratitude for their guidance and counsel during these tough times.

I would also like to take this opportunity to express my gratitude to the previous Directors, Zainah binti Mustafa and Mohd Yusof bin Ahmad for their positive contribution to the Board. Besides, I wish to express my cordial salutation to the newly joined Directors, Encik Abdullah bin Abu Samah and Datuk Hashim bin Wahir as Independent Non-Executive Directors who have been appointed to the Board on 10 March 2021 and 24 January 2022 respectively.

I would also like to extend my gratitude to the Shariah Committee for their guidance and advice in ensuring our assets and operations remained shariah-compliant and true to our principals. The Board is also thankful to our unitholders, trustees, financiers, business partners, regulatory authorities and other stakeholders for their continued trust and support.

With all our combined efforts, Al-Salām REIT has proven again that we can rise to any occasion. We have made it through another challenging year, wiser and more ready than ever to look forward. Together, as we embrace the future, we will continue to ensure the performance and sustainability of the Fund.

Dato' Haji Mohd Redza Shah bin Abdul Wahid
CHAIRMAN

THE SHARIAH COMMITTEE

ABOUT THE SHARIAH ADVISER

IBFIM is a registered Shariah Adviser under the Capital Market Services Act 2007 and has been providing a wide range of Shariah advisory and consultancy services for Islamic financial services industry since 2001. IBFIM is also a lifelong learning institution that specialises in technical certifications for Islamic financial services industry. As Shariah Adviser to Al-Salām REIT, IBFIM is providing necessary advice to ensure that Al-Salām REIT business is Shariah compliant. IBFIM was appointed as the Shariah Adviser for Al-Salām REIT effective 2 July 2020.

Profile of Designated Person responsible for Shariah matters relating to Al-Salām REIT

In relation to Shariah matters, the designated persons responsible for the fund investment activities under Al-Salām REIT are Mohamad Salihin Deris and Irma Namira Missnan.

Mohamad Salihin Deris is the Director, Business Advisory of IBFIM. He brings with him approximately 20 years of blended experience in Islamic finance and Shariah advisory in both roles: as a policy maker in a regulatory authority and as an industry practitioner. At IBFIM, he leads the Shariah advisory and consultancy team helping the clients to achieve a comprehensive and optimal Shariah compliance solution.

Mohamad Salihin started his career with Bank Negara Malaysia's Islamic Banking & Takaful Department. He then served CIMB Islamic Bank, Hong Leong Islamic Bank and Association of Islamic Banking Institutions Malaysia (AIBIM) before joining Bank Pembangunan Malaysia Berhad (BPMB). He had gained experience in Shariah advisory, research, secretariat and review functions, developed and implemented the overall Shariah governance framework. He had involved in conversion into a full-fledged Islamic development bank initiative. Currently he is a Shariah Committee member of Affin Islamic Bank.

Mohamad Salihin holds double-degree in LLB(Hons) and LLB(Shariah)(Hons) from International Islamic University Malaysia. He also holds Associate Qualification in Islamic Finance (AQIF) and has obtained Certified Shariah Advisor (CSA) from the Association of Shariah Advisors in Islamic Finance (ASAS). He is an exco, a trainer and reviewer of contents of the Shariah certification modules for ASAS. Occasionally, he speaks in Islamic finance events on Shariah governance. He is registered with the Securities Commission Malaysia as IBFIM's designated person responsible for Shariah matters in relation to the Islamic capital market-related product and services.

Irma Namira Missnan is currently a Manager, Business Advisory of IBFIM. She brings with her approximately 9 years of experience in Islamic finance and Shariah advisory. At IBFIM, she is responsible to lead and provide relevant inputs for the Shariah advisory, consultancy and research functions with regard to Islamic banking, takaful, Islamic capital market, Islamic REITs and Islamic unit trust funds.

Irma Namira started her career as a Shariah executive in RHB Islamic Bank Berhad since 2012. Specializing in Shariah advisory, governance and management portfolios, she was then entrusted as a Section Head of the Shariah Secretariat of RHB Islamic Bank from May 2015 until March 2020 before joining IBFIM. She is experienced in the Shariah application in Islamic products and services which includes retail banking, non-retail banking and Islamic capital markets.

Irma Namira graduated with Bachelor of Shariah and Laws (Hons) from Universiti Sains Islam Malaysia and obtained Certificate in Islamic Law of Banking & Finance from International Islamic University Malaysia. She is a member of Association of Shariah Advisors in Islamic Finance (ASAS). She is registered with the Securities Commission Malaysia as IBFIM's designated person responsible for Shariah matters in relation to the Islamic capital market-related product and services.

Notes: - None of the Shariah Advisory Committee member have:

- Any family relationship with any Director of Manager and/or major unitholder of Al-Salām REIT;
- Any conflict of interest with Al-Salām REIT;
- Any conviction of interest within the past 5 years (other than traffic offences); and
- Any public sanctions or penalties imposed by the relevant regulated bodies during the financial year ended 31 December 2021

MANAGEMENT DISCUSSION AND ANALYSIS

FINANCIAL AND BUSINESS REVIEW

OVERVIEW OF AL-SALĀM REIT

Al-Salām REIT is a diversified Malaysian REIT with a total portfolio asset value of RM1.18 billion. The asset portfolio comprises retail, office, and F&B restaurants and non-restaurant properties.

The aggregate gross floor area of its investment properties as at 31 December 2021 is 2.70 million sq ft, with 1.96 million sq ft of net lettable area.

FINANCIAL REVIEW

Table 1: Key Financial Highlights

	FY2020 RM' 000	FY2021 RM' 000	Variance (%)
Gross revenue	86,101	71,543	(16.9)
Net Property Income	64,970	54,994	(15.4)
Trust Expenses	46,445	39,396	(15.2)
Profit for the Year (Realised)	14,555	14,643	0.6
Income Available for distribution (Realised)	12,596	14,643	16.3
EPU (Sen) – Realised	2.51	2.54	1.2
DPU (Sen) – Realised	2.08	2.30	10.6

On the back of reductions in revenue by 16.9%, Al-Salām REIT registered a lower net property income (NPI) of RM55.0 million (FY2020: RM65.0 million).

The reduction in revenue and net property income were mainly recorded from the retail segment particularly KOMTAR JBCC due to the continuous impact of the COVID-19 pandemic but the adverse scenario was mitigated by the performance of other segments.

Given the weaker economic climate and reduced consumer consumption especially in the retail segment in FY2021, a vast majority of the Fund's tenants had suffered a slump in business operations since FY2020. As such, the Manager has opted to continue to provide selective rental assistance totalling RM9.5 million and was recognised in the trust expenses. However, this was mitigated by lower trust expenses of RM4.2 million and lower Islamic financing costs of RM2.9 million. As a result, Al-Salām REIT registered higher realised earnings per unit (EPU) of 2.54 sen for FY2021 (FY2020: 2.51 sen).

SEGMENTAL PERFORMANCE

The retail segment reported total revenue of RM34.5 million and net property income of RM22.2 million, a decrease of RM14.9 million and RM10.6 million compared to the preceding year, respectively. The decline in revenue was mainly attributable to the imposition of various MCOs and the closure of the Malaysia-Singapore border which adversely impacted the retail segment particularly KOMTAR JBCC but the decline was mitigated by lower operating expenses of RM4.3 million from all retail outlets.

The office segment reported total revenue of RM8.3 million and net property income of RM4.9 million, a decrease of RM0.9 million and RM0.6 million as compared to FY2020 respectively. The decrease in net property income in FY2021 was due to a lower occupancy rate of 86% (FY2020: 89%) but was mitigated by lower operating expenses of RM0.3 million.

The F&B segment recorded a total revenue and net property income of RM17.4 million and RM17.3 million in FY2021 respectively, both reflecting increases of RM1.2 million each as compared to FY2020. This was due to the full-year contribution from 5 QSR Properties acquired in September 2020 and the higher rental rate from the renewal of 22 QSR properties effective in May and September 2021. The properties are on a triple net arrangement with 100% occupancy rate (2020: 100%).

The F&B non-restaurant segment recorded a slight increase of 0.4% in total revenue and 0.9% in net property income for FY2021. The increase in NPI was mainly due to higher rental rate from the renewal of 5 QSR properties effective in May and September 2021 and lower operating expenses at MCHM.

MANAGEMENT DISCUSSION AND ANALYSIS

FINANCIAL AND BUSINESS REVIEW

Table 2: Segmental Gross Revenue and NPI 2020-2021

	Gross Revenue			Net Property Income		
	FY2020 RM' 000	FY2021 RM' 000	Change %	FY2020 RM' 000	FY2021 RM' 000	Change %
KOMTAR JBCC	27,501	12,756	(53.6)	14,444	3,944	(72.7)
@Mart Kempas	7,750	7,888	1.8	4,209	4,325	2.8
Mydin Hypermart Gong Badak	14,165	13,825	(2.4)	14,149	13,814	(2.4)
Total Retail	49,416	34,469	(30.2)	32,802	22,083	(32.7)
Menara KOMTAR	9,173	8,288	(9.6)	5,520	4,927	(10.7)

MCHM	2,550	2,559	0.4	2,224	2,279	2.5
Total F&B Non-Restaurants	11,348	11,398	0.4	11,000	11,099	0.9
Property Manager Fee	-	-		(484)	(467)	(3.5)
TOTAL PORTFOLIO	86,101	71,543	(16.9)	64,970	54,994	(15.4)

PROFIT FOR THE YEAR

For FY2021, Al-Salām REIT recorded a realised profit of RM14.6 million (FY2020: RM14.6 million) and an unrealised loss of RM11.4 million (FY2020: RM28.1 million).

Realised profit was higher by 0.6% or RM0.1 million mainly attributable to the lower provision of rental support of RM3.9 million, lower Islamic financing costs of RM2.9 million and lower trust expenses of RM0.3 million which cushioned the drop in NPI of RM10.0 million.

The unrealised loss of RM11.4 million was attributed to fair value loss from the revaluation of investment properties of RM12.7 million and allowance for expected credit loss on amount due from receivables of RM2.5 million less unbilled rental income of RM3.7 million.

DISTRIBUTION PER UNIT

Total income available for distribution for FY2021 was RM14.6 million (FY2020 : RM12.6 million). The Fund had distributed interim income distribution of 0.50 sen per unit amounting to approximately RM2.9 million on 20 January 2022.

On 27 January 2022, the Manager, declared a final income distribution of 1.80 sen per unit totalling RM10.4 million.

Total income distribution for FY2021 is 2.30 sen per unit (FY2020: 2.08 sen) totalling RM13.3 million, which represents 91% of the income available for distribution.

STATEMENT OF FINANCIAL POSITION

Al-Salām REIT's total asset value decreased slightly to RM1.253 billion as at 31 December 2021 (FY2020: RM1.255 billion). Total liabilities were higher by 0.9% or RM5.7 million, mainly due to refinancing of RM69.0 million of Sukuk Issue 2 and provision for interim income distribution.

MANAGEMENT DISCUSSION AND ANALYSIS

OVERVIEW OF AL-SALĀM REIT

Table 3: Performance Benchmarks

Performance Benchmarks	FY2020	FY2021	Commentary
i. Management expense ratio (%)	0.66	0.63	Management expense ratio of 0.63% decreased by 5% due to decline in NAV.
ii. Distribution Yield (%)	3.78	4.74	Distribution yield has increased from 3.78% to 4.74% due to higher DPU of 2.30 sen per unit (FY2020: 2.08 sen per unit) offsetted by lower closing price of RM0.485 (FY2020: RM0.55).
iii. Total Return (%)	(28.32)	(7.08)	Total return for the financial year of negative 7.08% (FY2020: negative 28.32%) contributed by 11.82% capital loss (FY2020: capital loss of 32.1%) plus distribution yield of 4.74% (FY2020: 3.78%)
iv. Average annual total return (5 years) (%)	(3.05)	(8.59)	The 5-year average annual total return decreased due to negative return recorded in 2017, 2018, 2020 and 2021.
v. Average annual total return (3 years) (%)	(11.62)	(9.85)	The 3-year average annual total return decreased due to negative return recorded in 2018, 2020 and 2021.
vi. NAV per unit (after income distribution) (RM)	1.0178	1.0003	NAV per unit decreased by 1.7% mainly due to loss in fair value adjustment of investment properties.

Notes:

- The ratio of expenses incurred in operating Al-Salām REIT of RM3.8 million (FY2020: RM4.1 million) to the weighted average NAV of Al-Salām REIT of RM599.3 million (FY2020: RM620.2 million).
- Based on DPU of 2.30 sen (FY2020: 2.08 sen) divided by its closing price as at 31 December 2021 of RM0.485 (FY2020: RM0.55).
- Total return represents the change in unit price during the year plus distribution yield for the year.
- Average annual total return is the sum of the return rates of Al-Salām REIT over a given number of years divided by that number of years.
- Average annual total return is the sum of the return rates of Al-Salām REIT over a given number of years divided by that number of years.
- Net asset value per unit is determined by deducting the value of all Al-Salām REIT's liabilities from the total asset value divided by total issued units.

STATEMENT OF CASH FLOWS

Operating activities

Net cash generated from operating activities was RM36.6 million in FY2021 (FY2020: RM28.4 million). This was mainly due to lower rental support to tenants offsetted by extended collection period from tenants.

Investing activities

Al-Salām REIT spent RM0.3 million for investing activities in FY2021 (FY2020: RM1.7 million). Investing activities relates to acquisition of equipment, capex and pledged deposit with licensed banks.

MANAGEMENT DISCUSSION AND ANALYSIS

Financing activities

Net cash used in financing activities during FY2021 was RM35.2 million, largely due to payment of Islamic financing costs of RM25.4 million and income distribution of RM10.0 million.

Therefore, as at 31 December 2021, the Fund's cash and cash equivalent position stood at RM28.3 million, an increase of RM1.1 million from RM27.2 million.

Fair Value of Investment Properties

As at 31 December 2021, the value of Al-Salām REIT's properties stood at RM1.18 billion (FY2020 RM1.19 billion), a decrease of 1%. The decrease was due to net fair value loss of RM12.7 million.

The portfolio property yield for FY2021 decreased from 5.09% to 4.35% mainly due to lower performance of KOMTAR JBCC during the financial year.

	Fair Value @ 31 Dec 2020 (RM'000)	Fair Value @ 31 Dec 2021 (RM'000)	Property Yield 2020 (%)	Property Yield 2021 (%)
Retail				
KOMTAR JBCC	432,000	429,600	3.34	0.92

TOTAL	1,189,365	1,177,237	5.09	4.35

Notes:

- Appraised value based on valuation carried out by an independent professional valuer, Nawawi Tie Leung Property Consultants Sdn Bhd on 31 December 2021.
- Computed based on NPI (which excludes unbilled rental income).

MANAGEMENT DISCUSSION AND ANALYSIS

RETAIL SEGMENT - KOMTAR JBCC

OVERVIEW OF PROPERTY

Located in the heart of the Central Business District of Johor Bahru City Centre, KOMTAR JBCC offers an array of outlets offering fashion, food and beverage as well as lifestyle-oriented wellness and healthcare shopping experiences.

The 4-storey shopping mall with indoor parking facilities is attached to an existing 25 storey purpose-built office tower known as Menara KOMTAR, a 37-storey purpose built Grade A office tower known as Menara JLand and a family-friendly 4-star hotel known as Holiday Inn Johor Bahru City Centre.

Being adjacent to the CIQ with excellent pedestrian connectivity to the mall allows KOMTAR JBCC to further capitalise on visitors and shoppers from outside its identified catchment.

MANAGEMENT DISCUSSION AND ANALYSIS

RETAIL SEGMENT - KOMTAR JBCC

ASSET PERFORMANCE

The continued closure of the Malaysia-Singapore border has prevented KOMTAR JBCC's Singaporean customers from accessing the mall. In addition to this, the various phases of MCO had caused weekday and weekend footfall from the domestic market to drop drastically compared to pre-MCO levels.

As a result, tenants recorded subdued business performance, and rental reversions were negatively impacted. Tenant occupancy rates declined to 47% (FY2020: 57%). To retain tenants, the mall management opted to provide rental rebates, which subsequently impacted the mall's overall contribution to Al-Salām REIT.

The prevailing operating environment also hampered efforts to fill up the vacant ground floor space, which has been renovated, as well as efforts to attract experiential brands in F&B and wellness.

RESPONSE TO THE COVID-19 PANDEMIC

Al-Salām REIT aims to keep all buildings operating continuously and safely. The main objective of the ongoing pandemic response is to reduce transmission to staff, tenants, and visitors.

The Fund actively coordinates and manages issues arising from the COVID-19 pandemic and has implemented a programme to regularly clean and sanitise all high-risk areas such as common areas, food courts, lifts, toilets etc. Misting works are carried out 4 times a month, while sanitisation works are done on a daily basis.

Visitors are required to scan their body temperature and provide vaccination proof via MySejahtera before entering the mall. If any report of infection of staff or tenants is received, the premises will be closed and sanitisation activities carried out according to the standard operating procedures.

CHALLENGES AND PROSPECTS

As it will take some time for the retail sector to recover, the general outlook for FY2022 remains challenging. Despite the loosening of restrictions and gradual reopening of public spaces, the shift in consumer habits to digital channels and e-commerce looks to be for the long term. The purpose of visiting a mall post-COVID has changed towards experiential shopping such as dining-in, wellness, healthcare, entertainment, social events, and activities, and the Management is actively seeking tenants in these segments. Therefore, Al-Salām REIT intends to implement a repositioning strategy in the mall, which will include changing the tenant mix.

In addition to changing consumer habits, the entry of new shopping malls in the Johor Bahru area has increased competition. As such, we have undertaken AELs to create an attractive experiential retail environment by increasing the tenant mix in this area. The success of this approach hinges on a recovery in consumer confidence to visit shopping malls. We are cautiously optimistic that the current high vaccination and booster rates will lead to an increase in footfall.

Although renovations to the ground floor were completed, we have found it challenging to fill due to the current operating environment. To hopefully counter this, the reopening of the Singapore-Johor Causeway will allow KOMTAR JBCC to tap into the Singaporean market, and this is a key competitive edge.

Al-Salām REIT is also collaborating with e-commerce platforms to provide our current and future tenants with omni-channels which will help bolster sales.

MANAGEMENT DISCUSSION AND ANALYSIS

RETAIL SEGMENT - @MART KEMPAS

OVERVIEW OF PROPERTY

@Mart Kempas is a single-storey purpose-built hypermarket, operational since March 2011. Located within Kempas, Johor Bahru, the hypermarket is surrounded by residential and commercial areas. Its layout includes among others, a fresh market, dry retail lots, a food court and promotion areas.

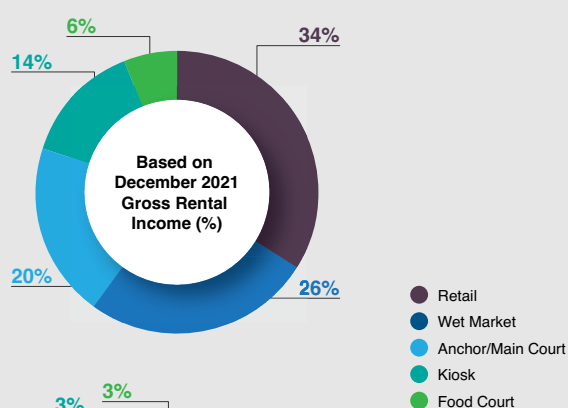

This “one-stop convenience hypermarket” targets the lower and medium market, offering a cleaner and more accessible shopping experience compared to the traditional wet market.

Existing Use	Community Hypermarket

MANAGEMENT DISCUSSION AND ANALYSIS

RETAIL SEGMENT - @MART KEMPAS

ASSET PERFORMANCE

As a community-centric hypermarket, @Mart Kempas has continued to prove its resilience in providing a place to shop for essentials during the MCO period. This was attributable to the large variety of household items available and convenient location.

However, many of the existing tenants continued to face financial issues. As with our approach with KOMTAR JBCC, we provided support/rebates on a case-by-case basis. This strategy has enabled occupancy rates to remain stable at 96%.

MAJOR ASSET ENHANCEMENT INITIATIVE

The Fund is actively implementing ESG initiatives, and as part of Al-Salām REIT's Energy Saving Programme, we have installed rooftop solar panels at zero cost. The expected outcome of this trial project is cost savings of up to 20% on electricity costs for the building. The project is slated for completion in 2nd quarter 2022.

Initial plans for expansion to add 30,000 sq ft of lettable space were deferred given the unfavourable operating environment. The proposal will be relooked in the coming financial year. The expansion will see @Mart Kempas expand from a single storey hypermart into one and half-storey retail asset with extensions of the retail, supermarket and wet market zones as well as additions of drive-thru restaurants. This will meet requirements for sufficient medium and long-term capacity.

CHALLENGES AND PROSPECTS

The macro retail sector remains challenging, but @mart Kempas can leverage on its strategic competitive positioning within the local community. The retail asset's strong branding and consumer familiarity, the presence of reputable tenants and many other compelling factors, cumulatively provide the supermarket with a distinct competitive advantage.

The focus going forward, is to leverage on the inherent strengths of the asset towards pursuing business growth.

The Manager will work closely with tenants, especially the anchor and mini-anchor tenants, to develop strategies to attract footfall to @Mart Kempas. This may include providing extra conveniences, such as free parking during specific operating hours, extending operating hours with the approval of regulatory authorities and other strategies. Focus will also be placed on seeking feedback from all tenants towards developing a more conducive physical environment for retailers as well as consumers.

Other strategies include:

- Continual assessment and if need be, repositioning the lessee trade mix to ensure the community mart is constantly fresh in its commercial space offering
- Diversify and generate more robust non-core income flow including advertising space rental as well as creating new tenanted and promotional areas
- Increasing footfall volume through year-round promotional activities, revenue-maximising events and continuing to offer quality products at affordable prices.

MANAGEMENT DISCUSSION AND ANALYSIS

RETAIL SEGMENT - MYDIN HYPERMART GONG BADAK

Mydin Hypermart Gong Badak

OVERVIEW OF PROPERTY

Mydin Hypermart Gong Badak is a double-storey hypermart housing commercial activities within the robust retail and wholesaling market segments. The mall comprises conventional retail lots, including F&B lots, promotion lots, kiosks, pushcarts, ancillary lots, bazaar lots, and a food court.

Unlike traditional warehouse-type hypermarkets, Mydin Hypermart Gong Badak is constructed as a modern shopping mall that provides a more leisure-like ambience. The strategic location of the hypermart along the eastern side of Jalan Tengku Ampuan Intan Zahrah, one of the main development thoroughfares of Kuala Terengganu town, is the main attraction to locals.

As at 31 December 2021, Mydin Hypermart Gong Badak continues to have a 100% tenancy occupancy rate.

Existing use	Community Hypermarket
GFA (sq ft)	446,381
NLA (sq ft)	253,688
Number of Car Park Bays	805
Market Value	RM165 million
Occupancy Rate	100%

LEASE TERM

As stipulated in the lease agreement dated 26 September 2018, the lease will be for a term of thirty years ending on 20 September 2048, with an option to renew. The period of the renewed lease will be mutually agreed upon by Al-Salām REIT and the lessee.

MAJOR ASSET ENHANCEMENT INITIATIVE

The property is under a triple net lease arrangement and therefore, no major enhancement initiatives were undertaken in FY2021. The Fund will continue to enhance the relationships with the tenants and proactively attend to tenants' needs and requirements.

CHALLENGES AND PROSPECTS

As the asset is under a triple net lease arrangement with Mydin Hypermarket being well positioned as a resilient community hypermarket, the Manager expects Mydin Hypermart Gong Badak to sustain its contribution to Al-Salām REIT's core income.

MANAGEMENT DISCUSSION AND ANALYSIS

OFFICE SEGMENT - MENARA KOMTAR

OVERVIEW OF PROPERTY

The 25-storey, Menara KOMTAR is a purpose-built office tower located in Flagship Zone A of Iskandar Malaysia, which was established with the key development strategy to regenerate Johor Bahru into a vibrant economic centre while preserving its cultural and heritage values.

It is also located strategically within proximity of the world's most dynamic economy at the confluence of important East-West trade routes and part of the Indonesia-Malaysia-Singapore Growth Triangle.

MANAGEMENT DISCUSSION AND ANALYSIS

OFFICE SEGMENT - MENARA KOMTAR

ASSET PERFORMANCE

Menara KOMTAR registered a stable performance in FY2021 on the back of solid tenants who have signed long-term leases. The performance was consistent with the overall performance of the office property segment, which was relatively resilient in FY2021.

Menara KOMTAR was affected by the incoming supply of new office space in Johor Bahru and the rise of serviced offices, Nonetheless co-sharing workspaces, and new commercial trends. Taking into consideration the prevailing challenges, Al-Salām REIT is nevertheless confident in Menara KOMTAR's sustained competitive advantages, including its strategic location in close proximity to the surrounding city centre, excellent connectivity and access to convenient travel, and good building management and supporting services.

The asset is well maintained and in good condition, which is important in attracting and retaining tenants.

MAJOR ASSET ENHANCEMENT INITIATIVES

No major asset enhancement initiative was undertaken in FY2021. The Fund will continue to enhance the relationships with the tenants and proactively attend to tenants' needs and requirements.

CHALLENGES AND PROSPECTS

The office segment is expected to remain stable in FY2022, although pressures remain from increasing competition leading to reduced rental rates.

Additionally, the current landscape of the workplace is shifting towards a hybrid of work from home and on-site, which requires flexibility and agility. In that respect, co-working spaces/formats are ideal workspace format moving forward. In light of this, the Manager is assessing the commercial feasibility of reconfiguring the current space within Menara KOMTAR to incorporate co-working offerings, allowing optimal use of existing facilities such as workspaces and high-speed internet access.

MANAGEMENT DISCUSSION AND ANALYSIS

F&B RESTAURANT SEGMENT- KFC & PIZZA HUT OUTLETS

OVERVIEW OF PROPERTY

The Food & Beverage Restaurant segment comprises 43 restaurant properties located across Malaysia. The properties form part of the crucial downstream segment which houses fast food services operations for the renowned KFC and Pizza Hut household brands under QSR. Al-Salām REIT leases all properties to the QSR Group of Companies.

Description	No of Properties	Market Value (RM)
Restaurant located at shophouses /offices	23	RM75.0 million
Single-storey restaurants building with drive through outlets	16	RM191.0 million
Restaurants at mall	4	RM20.5 million
Total	43	RM286.5 million

LEASE TERM

Pursuant to the master lease agreements, the properties are leased based on a Triple Net Lease for a term of 3 years, renewable every 3 years (Rental Period) up to a maximum of 15 years (Lease Term). Upon expiry, the Lease Term can be extended for a further period of 15 years (Extended Lease Term).

No of Properties (Second Acquisition)

No of Properties (Second Acquisition)	First Rental Period
16	19 March 2019 – 18 March 2022
5	17 September 2020 – 16 September 2023

No of Properties (First Acquisition)	Third Rental Period
11	6 May 2021 – 5 May 2024
10	29 September 2021 – 28 September 2024

Note : 1 property at Megamall Pinang Shopping Complex is currently untenanted since 29 September 2020 and the Manager has appointed a property agent to market the property to a prospect tenant.

MANAGEMENT DISCUSSION AND ANALYSIS

F&B RESTAURANT SEGMENT- KFC & PIZZA HUT OUTLETS

In retaining these long-standing tenants, the Manager opted to provide rental rebates and the rebates have impacted the asset's overall contribution to Al-Salām REIT.

MAJOR ASSET ENHANCEMENT INITIATIVE

No major asset enhancement initiative was undertaken in FY2021. The Fund will continue to enhance the relationships with the tenants and proactively attend to tenants' needs and requirements.

CHALLENGES AND PROSPECTS

The F&B sector is expected to remain resilient for FY2022. As evidenced throughout FY2021, despite the effects of the pandemic the sector continued to perform posting positive growth in FY2021.

The 16 drive-through outlets are expected to record growth in the current and foreseeable pandemic period due to its ability to offer 4 distinct marketing channels, namely drive-through, dine-in, take-away and delivery. The QSR brands such as KFC and Pizza Hut are Malaysian favourites and thus customer traction is expected to remain strong.

The implementation of the MCO has accelerated the use of online platforms for F&B consumption. Accordingly, KFC and PH have pivoted towards e-commerce/contactless channels, enabling QSR to recover losses due to the restrictions on dine-in/operating hours.

Due to the change in consumer behaviour shaped by the pandemic, QSR has identified drive-thru outlets as a key revenue growth area. In line with this, Al-Salām REIT plans to expand its drive-thru portfolio by undertaking potential development of new built-to-suit QSR drive-thru outlets via establishing development partnerships with Johor Corporation Group as well as third party entities.

MANAGEMENT DISCUSSION AND ANALYSIS

F&B NON-RESTAURANT SEGMENT- INDUSTRIAL PREMISES

Industrial Premises

OVERVIEW OF PROPERTY

Al-Salām REIT has 6 industrial/warehouse properties with a cumulative market value of RM141.6 million. The 6 properties located across Malaysia form part of the crucial food and beverage operations supply chain of KFC and Pizza Hut, the fast food brands under QSR.

LEASE TERM

The said properties are leased to QSR based on a Triple Net Lease for a term of 3 years, renewable every 3 years (Rental Period) up to a maximum of 15 years (Lease Term). Upon expiry, the Lease Term can be extended for a further period of 15 years (Extended Lease Term).

No of Properties (Second Acquisition)	First Rental Period
1	19 March 2019 – 18 March 2022

No of Properties (First Acquisition)	Third Rental Period
2	6 May 2021 – 5 May 2024
3	29 September 2021 – 28 September 2024

MAJOR ASSET ENHANCEMENT INITIATIVE

The properties are on a triple net lease arrangement and therefore, no major asset enhancement initiative was undertaken in FY2021.

The Fund will continue to enhance the relationships with the tenants and proactively attend to tenants' needs and requirements.

CHALLENGES AND PROSPECTS

The industrial segment is expected to remain robust on the back of continued strong demand. Hence, Al-Salām REIT will look to grow its portfolio of industrial properties by acquiring warehouse of similar type, yield accretive properties. Specifically targeted industrial assets would be assets related to integrated warehousing and last-mile delivery for retail tenants.

QSR has identified its upstream segment as a key enabler of the group's future revenue expansion. Therefore, Al-Salām REIT's incoming growth of QSR assets will be in line with the group's forward focus on strengthening/optimising its upstream capabilities whilst aiming to be a regional exporter of halal products. The Manager will continue to engage with QSR to identify and undertake development/sale and leaseback of potential assets within this segment.

Al-Salām REIT plans to undertake diversification of asset class with more focus on the industrial spectrum and to take advantage of Johor Corporation as the major industrial land owner in Johor. We will explore opportunities to undertake sale and leaseback arrangements of assets located within Johor Corporation's 4 major industrial parks, namely the Tanjung Langsat Industrial Park, Muar Furniture Park Pengerang Industrial Park and the upcoming Sedenak Tech Valley.

MANAGEMENT DISCUSSION AND ANALYSIS

F&B NON-RESTAURANT SEGMENT - MALAYSIAN COLLEGE OF HOSPITALITY & MANAGEMENT

Malaysian
College of
Hospitality &
Management

OVERVIEW OF PROPERTY

The property is a 4-storey building known as Malaysian College of Hospitality & Management (MCHM) located in Bandar Dato' Onn, a self-contained, residential township located 12 kilometres from Johor Bahru. The 597-hectare (1,474 acre) Bandar Dato' Onn will be home to more than 90,000 residents across 19 neighbourhoods upon expected completion in 2025.

The building has a 100% occupancy rate as at 31 December 2021.

RENTAL TERM

MCHM is currently rented by two tenants. The tenancies for MCHM are for a term of 3 years subject to a compulsory renewal for a further 2 terms of 3 years each per term.

MAJOR ASSET ENHANCEMENT INITIATIVE

Given that the building is in good condition, no major expansion, renovation or asset enhancement initiatives are planned for the near future. Furthermore, there is no requirement from the existing tenants to expand their operations.

CHALLENGES AND PROSPECTS

The education market segment has remained resilient throughout the ongoing pandemic outbreak. Accordingly, MCHM being the Fund's sole college property is expected to continue to provide stable earnings deriving from lease arrangement with KPJ Group's education arm.

MANAGEMENT DISCUSSION AND ANALYSIS

CAPITAL REVIEW

CAPITAL MANAGEMENT

The Manager's capital management strategy for Al-Salām REIT is to maintain an appropriate gearing level and supportive financing rate to ensure that the Fund is able to service its Islamic financings and liabilities. The capital management strategy also seeks to reduce the fund's exposure to fluctuations in financing rates. The approach ensures improved cashflows and cash position while optimising Al-Salām REIT's distributable income.

The following capital management strategies were implemented in FY2021:

- Maintaining a diverse range of sources for debt funding. These include Islamic term financing and Sukuk;
- Retaining sufficient cash flows and cash position to service all financing obligations
- Constantly reviewing the Fund's debt portfolio towards identifying optimal debt refinancing strategy towards reducing cost of financing and
- Actively managing the range of maturities of its various financing obligations such as Sukuk to reduce refinancing risk and to optimise the cost of capital.

As at 31 December 2021, Al-Salām REIT's Islamic financing portfolio comprises the following:

	FY2020	FY2021
Total Islamic Financings (RM mil)	633.9	635.7
Average Cost of Financing (%)	4.27	3.82
Fixed/Floating Ratio	100% floating	100% floating
Average Maturity Period (years)	3	3
Financing Service Cover ratio (times)	2.57	2.45
Gearing ratio (%)	50.5	50.7

	2020 (RM)	2021 (RM)
Non Current:		
Term Financing-i	118,000,000	118,000,000
Business Financing-i	-	70,000,000
Sukuk Ijarah	468,000,000	451,000,000
	586,000,000	639,000,000
Less: Transaction Cost	(4,144,099)	(3,343,062)
	581,855,901	635,656,938
Current:		
Sukuk Ijarah	52,000,000	-
Total Islamic Financing	633,855,901	635,656,938

MANAGEMENT DISCUSSION AND ANALYSIS

CAPITAL REVIEW

SUKUK IJARAH

On 24 August 2020, the Group issued RM520.0 million in nominal value of IMTNs (Issue 2) with a transaction cost amounting RM3.9 million. The issuance was used to refinance the maturity of Issue 1 and CMTF-i amounting to RM162.8 million and RM350.0 million respectively.

The Group is obligated to redeem outstanding Issue 2 of at least 10% of the nominal value of the Issue 2 on the first anniversary of issue date (i.e. 24 August 2021) which amounted to RM52.0 million.

On 24 September 2021, the Group redeemed outstanding Issue 2 of RM69.0 million.

TERM FINANCING-I

On 24 September 2021, Al-Salām REIT obtained the Business Financing (BF-i) of up to RM70.0 million to redeem outstanding Issue 2 of RM69.0 million. The principal amount is expected to be paid in September 2026.

MOVING FORWARD

Given that all the Islamic financings are on floating financing basis, the Manager is considering several options to mitigate financing risk in the near future. Nevertheless, on the upside, the Fund has been enjoying the full year reductions in the OPR by Bank Negara Malaysia from 3.00% in November 2019 to 1.75% in July 2020. This has been reflected in the reduction in the Fund's financing costs from RM28.9 million in FY2020 to RM26.0 million in FY2021.

The gearing of Al-Salām REIT as of 31 December 2021 is 50.7%. Although the SC had previously set the maximum gearing limit at 50%, on 12 August 2020 the SC announced that it will temporarily increase the gearing limit of Malaysian REITs from 50% to 60%, effective immediately until 31 December 2022.

Al-Salām REIT is looking to pare down current debt levels to a more manageable degree with the aim of achieving optimum gearing in the coming year. The Fund plans to attain this target via undertaking issuance of new units as well as assessing other cost-effective financing solutions to obtain the most optimal capital structure moving forward.

Al-Salām REIT will continue to execute proper stewardship of capital and risk in its pursuit to deliver long term and sustainable value to the unitholders as well as all stakeholders involved.

MANAGEMENT DISCUSSION AND ANALYSIS

RISK MANAGEMENT

KEY RISK FACTORS

The Manager promotes a proactive and effective risk management which forms a fundamental part of Al-Salām REIT's business strategy. A sound and robust risk management framework ensures that the Manager is ready to meet challenges and seize opportunities.

The Management consistently identified anticipated or known risks that the group is exposed to which may have a material effect on the group's operations, performance, financial condition, and liquidity and a discussion of the plans or strategies to mitigate such risks.

The assessment and discussion of the risks involved outsourced functions which constitute an integral part of risk profiles of the Fund:

- performing due diligence on the nature, scope and complexity of the outsourcing to identify key risk areas and risk mitigation strategies;
- conducting review of its outsourcing arrangement and identifying new risks which may arise; and
- analysing the impact of the outsourcing arrangement on the overall risk profile of the Fund, and whether there are adequate measures and resources in place to mitigate the risks identified.

Anticipated and Known Risk Profiles

Focus Area	Disclosures
Sustainable Performance and Competitive Returns to Unitholders	
Properties become not yield-accretive due to declining net property income as a result of decreasing demand for retail and office spaces. This leads to lower occupancy rates, rental income & NPI against fixed operation and maintenance costs.	The growth of eCommerce and COVID-19 situation have significantly affected the retail and office space as more people become accustomed to the new norm of online shopping and working from home.
As a result of declining profitability, the returns to unitholders was adversely affected.	In order to mitigate the changes in the industrial trends, the Manager is planning a repositioning exercise for KOMTAR JBCC which involves change in tenancy mix, more attractive and competitive leasing packages and rental rates to existing and on-boarding tenants.
Competition	
The properties under the portfolio face increased competition from other existing properties as well as upcoming properties in the surrounding area.	The Manager undertakes active marketing and promotional strategies with the aim to maximise occupancy rate, which include: refurbishment of the mall to revitalise the mall and to increase footfall.
Financing	
The issuance of strata title for KOMTAR JBCC to enable the financiers to perfect the charge on the property did not meet the timeline set by the financiers on 31 December 2018. Due to the delay in securing perfection of transfer and charge over strata titles of KOMTAR JBCC and Menara KOMTAR, the bank has imposed higher financing rates for the financing of the property. The Fund is currently being charged with a higher interest rate of 15 basis points in connection with the strata title issue.	The Manager is currently undertaking aggressive engagements with regulatory bodies such as the Majlis Bandaraya Johor Bahru, Fire Department (Bomba) and Jabatan Ukur dan Pemetaan Malaysia (JUPEM) to expedite the process.

MANAGEMENT DISCUSSION AND ANALYSIS

RISK MANAGEMENT

Focus Area	Disclosures
Outsourcing Arrangement Risk	
<p>The Manager outsources certain core functions such as property management, maintenance and services and leasing to appointed Property Manager and Service Manager.</p> <p>Rise in tenants' number of complaints, failure in securing good tenants and providing good tenancy mix, inefficiencies property management, data errors in management reports and increase in the frequency of machinery/equipment breakdown are consequences of inadequate monitoring.</p>	<p>Close monitoring services and performance is required to ensure outsourced service providers perform their duties. The monitoring mechanisms include:</p> <ul style="list-style-type: none"> • Annual evaluation of outsourced service providers and tabling the evaluation report to the Board of Directors • Compliance to establish standard operating procedure • Internal audit report • Monitor the number of complaints and time taken to resolve issues • Conduct tenants satisfaction survey
Credit Control	
<p>Debtors ageing has exceeded the 90-days limit. Non-payment of rentals increases the risk of default whilst affecting the cash flow of the Fund.</p>	<p>The Manager has put in place a credit control policy and will enforce its implementation. This include:</p> <ul style="list-style-type: none"> • Having a designated credit control unit • Credit control assessment prior to signing the lease agreement • Securing a higher deposit, depending on asset type and credit control assessment report
Cyber Security Risks	
<p>Cyber security breaches, for example, can damage a company's reputation, which is difficult to insure against.</p>	<p>The Business Continuity Management (BCM) drill/ testing that focuses on IT infrastructure is undertaken annually, and the Company undertook an IT Risk assessment and Penetration Test which was concluded on 12 April 2021.</p>
Human Capital Risk	
<p>Succession risk which refers to the fact that a critical role will become vacant and cannot be filled satisfactorily; thus, poses an unacceptable impact on the organisation. Strategic implementation of activities and processes designed to decrease the likelihood of lengthy vacancies in critical roles, and limiting the impact of vacancies in critical roles when they do occur is critical.</p>	<p>The Manager tabled its succession planning framework at the Board meeting and obtained approval of the Board at the Board meeting on 2 December 2021. The framework includes identification of future successors and leadership training for candidates of critical positions.</p>

MARKET REPORT SUMMARY

1. Economic Overview

The levies imposed on the corporate sector in Budget 2022, especially Cukai Makmur, coupled with the spread of the Omicron variant, derailed what we had initially expected to be a strong finish to 2021 for the laggard KLCI, per our 2H 2021 Strategy report (*Deferred, not derailed, dated July 5*). While 2022 has a prima facie equities-supportive backdrop per sustained economic recovery, continued albeit moderated fiscal and monetary support, strong commodity prices and relative attraction vs. fixed income, the domestic market will need time to 'recuperate' from Budget 2022 measures that are resulting in a GDP-divergent YoY earnings contraction for the KLCI, its' fourth in five years. Coupled with policy risks (i.e. populism, inertia) ahead of general elections (GE15) that must be held by mid-2023, early polls are the best-case scenario for cementing a sustained market recovery into 2H22. We retain a balanced positioning, via a mix of value and growth stocks, and continuing yield focus

The KLCI spent much of 1H21 range-bound as optimism around vaccine availability was offset by the slow pace of vaccinations and political tension. The Aug change in Prime Minister coincided with the peak in pandemic restrictions, with a surge in vaccinations and paced economic reopening supporting the subsequent market uptrend. However, a populist turn in policymaking into Budget 2022 (extended loan moratoriums, Cukai Makmur) deflated sentiment and overshadowed mitigating positives such as robust corporate reporting, undershooting NPLs and strength in the export-oriented manufacturing and commodities sectors. While retail participation remains high, sustained selling by foreign and especially domestic institutional investors resulted in the KLCI being the worst performing benchmark in ASEAN 2021

(Extracted from Maybank Economic Report 2021: Malaysia 2022 Market Outlook)

2. Malaysian REIT

2021 remained a challenging year for M-REITs, especially for those with high exposure to retail and hotel assets, due to the movement restrictions. Earnings were mainly dragged by higher provision of rental assistance to eligible tenants, softer occupancy rates (selected properties) and drop in non-rental income (i.e. car park, advertising). Despite that, earnings were cushioned by lower interest rate environment, which translates into cheaper financing costs for selected borrowings.

We expect an earnings recovery for M-REITs in 2022 following the recent re-opening of the economy and easing of movement restrictions, as we expect lower rental support to tenants, increased footfalls at shopping malls and an improved outlook for domestic tourism. Nevertheless, we believe hospitality segments will still see weaker growth in the absence of foreign tourists due to international border restrictions. Overall, we remain cautious following the emergence of another Covid-19 variant, coupled with the current challenging market which will continue to limit rental growth for M-REITs.

In terms of acquisitions, we continue to favour prime malls with prominent locations, as well as office and industrial assets with long-term tenants. No major acquisitions were announced by the REITs in 2021, save for Axis REIT, which has completed MYR255m worth of new asset acquisitions in YTD-2021. Its' peers, which are mainly retail REITs, did not inject any new assets during the year. Current gearing level for our coverage mostly stands between 0.23x – 0.38x, providing debt headroom for new acquisitions (based on a borrowing limit of 60%).

(Extracted from Maybank Economic Report 2021: Malaysia 2022 Market Outlook)

MARKET REPORT SUMMARY

3. Retail

Iskandar Malaysia (IM) particularly Johor Bahru retail performance was highly dependent on the 400,000 daily travellers of Singapore visitors and commuters who lived in Johor while working in Singapore before the pandemic. This was also the main reason for retail malls in IM to lose footfall since the border closure, leading to some businesses closing down. Other than that, in shop domestic shoppers have mostly turned to online shopping for their daily needs which lead the vacancy rate to 45% over the 16.5 million square feet of retail spaces in IM.

The community mart and small convenient stores receives more footfall as consumers turn to these retail spaces in the neighbourhood for their daily needs. As most of these spaces offers the same essentials as retail malls and is more convenient for visit, retail malls are visited for more leisure activities and non essential purchases.

E-commerce has been adopted as the new shopping medium by most consumers which pushed the sales via this channel sharply. Businesses are re strategising their business model to incorporate online services to stay afloat during this tough time. This has increased the rate of technology adoption in the retail sector.

However, with movement restrictions lifted, prominent retail malls with strong brand records have seen a swift return of footfall. This underscores the relevancy of physical retail stores despite the adoption of technology in the sector as consumers still demand shopping experience for some retail categories, and services prior to their purchases especially big ticket items such as furniture, cars, and home appliances.

Thus, the retail spaces are expected to be ready to address the changing post pandemic consumer expectations i.e. better ventilation, safety, health and cleanliness concerns, and in store digital experiences. This will enhance the shopping experience and indirectly boost visitors' footfall.

Cumulative Supply And Vacancy Rate Of Retail Mall In Iskandar Malaysia

Note: Data for the full year of 2021 is based on estimation.

Abbreviation: mil - million, sq. ft. - square feet

(Extracted from CBRE/WTW Research: 2022 Real Estate Market Outlook Malaysia)

MARKET REPORT SUMMARY

4. Office

The total purpose built office (PBO) space supply in Iskandar Malaysia (IM) stood at about 6 million square feet, with 37% vacancy rate. The majority of older PBOs are well occupied by existing tenants while newer PBOs recorded a slower take up rate. Three PBO office buildings are currently under construction, which its due completion will add a net lettable area of about 1.075 million square feet by 2022

The competitive landscape of PBOs has inevitably created rental competitions among older PBOs to retain tenants and newer PBOs to attract tenants. This comes in the form of among others, rental discounts, rent free periods and capital expenditure investment. Rentals have remained steady with an average gross rental for prime office space ranging from RM2.50 per square foot to RM3.50 per square foot per month for older office buildings, and RM3.50 per square foot to RM4.50 per square foot per month for newer office buildings.

Most businesses are adopting the work from home (WFH) culture in response to health concerns and Standard Operating Procedures (SOPs). However, based on CBRE's survey 1 in October 2020, more than 70% of managers preferred to have office based staff though the employees have option to work remotely. Most have returned to office aided by certainty from the positive vaccination rollout.

Many businesses adopted a hybrid working model that gives employees the flexibility to work both remotely and from the office. This was also implemented as a precautionary step to face uncertainties posed by the pandemic. The hybrid business module will support the growing office space supply. Apart from that, businesses are also required to make some changes to the office layout to implement the health and safety protocols in the workplace, in accordance with the SOPs.

(Extracted from CBRE/WTW Research: 2021 Real Estate Market Outlook Malaysia)

5. Industrial

Iskandar Malaysia's industrial sector continues to attract investments. Johor recorded about RM3.77 billion total approved investments in 2Q 2021, ranked 4th among the states. About 78% was domestic investments and 22% by foreign direct investment. The top 5 industry with highest approved investment in 2Q 2021 contributed 81.6% of the total approved investment. The top 5 industry were in the chemicals & chemical products, electrical & electronics, food manufacturing, machinery & equipment and plastic products industries.

Total supply of industrial units in 2021 stood at 14,304 units of which 4,040 units (28.4%) are semi detached factories and 2,803 units (19.7%) are detached factories. Transaction activity recovered; volume increased 20% to 375 units in 1Q 3Q 2021 (312 units in 9M2020). The transaction value increased by 25% y o y to RM1,313 million. The industrial sector was the least impacted as most operations remained open, being categorised as essential services. Operations capacity was capped at 60%. Despite that, Johor industrial sector stayed resilient.

MARKET REPORT SUMMARY

There has been greater emphasis on Environmental, Social, and Governance (ESG). The termination of a contract in IM underscored an additional challenge labour shortage and catching up to the global standards of ESG. To help resolve the nationwide labour shortage, the Federal Government has announced to allow the entry of 32,000 foreign workers, with priority for the plantation industry.

Several prominent transactions were noted :

- A sale and leaseback of XinHwa Pasir Gudang factory by Axis REIT for RM75 million in March 2021.
- An acquisition of 11.07 acres land by Shengda New Energy Sdn Bhd from MMC Corporation Berhad at Senai Airport City (SAC), for RM24 million, in April 2021, to expand manufacturing of solar panels.
- Tiong Nam Logistics purchase of a warehouse at Port of Tanjung Pelepas for RM30 million, with built up area of 158,013 square feet and 6.6 acres land.
- Land acquisition in Nusajaya Tech Park by China CDS in July 2021, for their data centre.
- Tiong Nam’s acquisition of 60 acres at Senai Airport City (SAC) for RM30 million. At the same time, Tiong Nam signed an agreement to lease 1.1 million square feet of warehouse space at SAC commencing 2023.

In Batu Pahat, the industrial estates are almost fully occupied, mostly owner occupied. The industrial market will be stable in 2022.

ABOUT THIS STATEMENT

Damansara REIT Managers Sdn. Bhd. (“DRMSB” or the “Manager”), the Manager of Al-Salām Real Estate Investment Trust (“Al-Salām REIT” or the “REIT”), is proud to present the REIT’s fourth sustainability statement. The reporting period covered is the financial year ended 31 December 2021 (“FY2021”). This Statement addresses matters that are most material to the REIT’s valued stakeholders and business operations, and provides insight into its management and performance on the Environmental, Social and Governance (“ESG”) aspects of the REIT’s operations.

The year 2021 has been challenging as the COVID-19 pandemic brought about adverse market instability nationally and globally. The real estate market faced unprecedented uncertainty due to lockdowns, cautious consumer sentiment and operating at reduced capacity, all of which have impacted the operations as a REIT. This sudden and unexpected crisis has forced us to rethink the manner in which the REIT operates, particularly in terms of business continuity. Now, more than ever, the importance of sustainable business practices to foster long-term value creation and business longevity is apparent. As such, the REIT strives to adapt to this new norm and are geared towards recovery by integrating ESG aspects into the heart of its operations. Its endeavours have resulted in the formation of a Sustainability Policy and Framework, strengthening of the Sustainability Governance Structure, and a comprehensive review of the material sustainability matters.

SUSTAINABILITY STATEMENT

The Manager ensures that sustainability values are created economically, environmentally and socially by emphasising their core principles throughout the REIT and management.

SUSTAINABILITY STATEMENT

Reporting Scope

This Statement provides an overview of the REIT's sustainability performance for three (3) key properties, namely KOMTAR JBCC, Menara KOMTAR and Pasaraya Komuniti @Mart Kempas. These properties are multi-tenant with management carried out by the REIT's appointed property manager.

Johor Bahru, Johor

Net Lettable Area
382,465 sq ft

KOMTAR JBCC

Johor Bahru, Johor

Net Lettable Area
160,592 sq ft

Menara KOMTAR

Johor Bahru, Johor

Net Lettable Area
102,316 sq ft

**Pasaraya Komuniti
@Mart Kempas**

Reporting Framework

Al-Salām REIT adheres to the Main Market Listing Requirements published by Bursa Malaysia and its Sustainability Reporting Guide (2nd Edition) to provide balanced, comparable and meaningful disclosures. To enhance the REIT's reporting practices and identify disclosures in this statement, the Global Reporting Initiatives ("GRI") Standards are referred to where possible.

Update to the ERM Policy & Framework to include ESG risks

Average tenant satisfaction score of 85%

Average of 10.84 training hours per employee across
21 different training programmes

Installation of a
Solar panel
trial project

SUSTAINABILITY STATEMENT

APPROACH TO SUSTAINABLE DEVELOPMENT

Sustainability Framework

the REIT has strengthened its commitment towards sustainable growth and development through the establishment of the Sustainability Framework. The Framework encapsulates the REIT's principles through four (4) pillars and nine (9) key focus areas which the REIT believes are pertinent towards the nature of the business, and will serve as a guide to drive sustainability across the REIT's operations.

Contribution to the United Nations Sustainable Development Goals

SUSTAINABILITY STATEMENT

The launch of the Twelfth Malaysia Plan, 2021-2025 (the “Twelfth Plan”) in September 2021 has set a new trajectory for the nation to achieve a prosperous, inclusive and sustainable society. Hinging on three (3) overarching themes: Resetting the Economy, Strengthening Security, Wellbeing and Inclusivity, and Advancing Sustainability, the Twelfth Plan is consistent with the objectives of the United Nations Sustainable Development Goals (“UN SDGs”).

To play its role in realising national and global aspirations, the REIT has adopted five (5) out of the 17 UN SDGs which the REIT believes are most suited to its business direction

OUR CONTRIBUTIONS

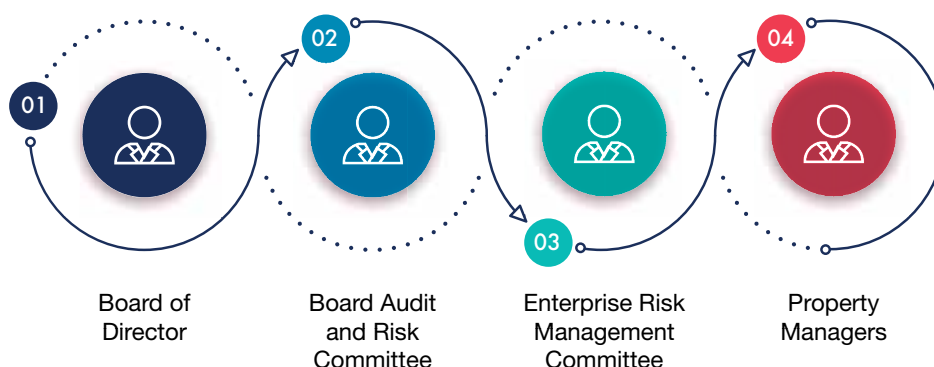

SUSTAINABILITY STATEMENT

Sustainability Governance

The Board of Directors (the “Board”) of DRMSB forms the apex of Al-Salām REIT’s sustainability governance structure. The Board is assisted by the Board Audit and Risk Committee (“BARC”). Discussion of potential ESG risk areas is conducted by the Enterprise Risk Management Committee (“ERMC”), who report to the BARC. Implementation difficulties on ESG issues are reported directly to the Board.

Monitoring of implementation and achievement of targets is discussed at the Property Managers meeting.

ENGAGING STAKEHOLDERS

The REIT defines its key stakeholders as those with a significant interest, impact and influence on its business operations. During these trying times, it is crucial to maintain a trusted and long-lasting relationship with stakeholders to uphold the REIT’s reputation, improve the REIT’s performance and manage their expectations. Driven by its purpose to create value for its stakeholders, the REIT has effectively engaged with them to obtain their views and feedback on areas of interests.

MATERIAL SUSTAINABILITY MATTERS

Materiality Assessment

The principles of materiality assessment have proven to be effective in identifying and prioritising material sustainability matters pertinent to the business and to the stakeholders. In the year under review, Al-Salām REIT has reassessed and reprioritised the material sustainability matters to account for changes across the business landscape due to the pandemic.

The initial stage of the assessment consists of a benchmarking exercise to determine the relevance of the REIT’s FY2021 material sustainability matters. Based on the results of this exercise, the REIT decided to remove, retain and consolidate several matters, as presented in the next page. A total of 15 material matters were then ranked using an online survey platform, and plotted on a materiality matrix.

The material sustainability matters represent Al-Salām REIT’s most pressing ESG risks and opportunities

SUSTAINABILITY STATEMENT

IDENTIFY

An extensive exercise to identify material matters was conducted by benchmarking Al-Salām REIT to its peers in the country and globally, while taking into account relevant risks and opportunities

ASSESS

An online materiality assessment form was created and distributed to respondents, who had to rank the importance of material matters to business operations and key stakeholders.

PLOT

The responses were gathered and plotted on a matrix using the weighted average method

VALIDATE

A workshop was held with representatives from DRMSB and a Board member to discuss and validate the materiality matrix

ROBUST CORPORATE GOVERNANCE

Regulatory Compliance

Some of the key national laws, regulations and guidelines applicable to the REIT's business include:

Capital Market Services Act 2007	Income Tax Act 1967
Main Market Listing Requirements	EPF Act 1991
Guidelines on Listed REITs	Malaysian Code on Corporate Governance ("MCCG")

To ensure the REIT's continues to comply with all relevant legal and statutory requirements, the Manager maintains a comprehensive compliance report which presents the requirements of various acts, risk treatment, the REIT's mitigation plans and risk rating. The Manager also seeks legal advice from professionals, conducts training on legal requirements and requires that internal audits be performed by external consultants.

At REIT-level, it is crucial that the REIT's tenants abide by the necessary legal requirements and agreements such as the Uniform Building By-Laws 1984, the Fire Services Act 1988, and the Lease/ Tenancy Agreement. To manage this, the REIT requests for cover notes for insurance to ensure that the properties are protected in case of hazards such as fire. The REIT also conducts monitoring to ensure firefighting systems are in good condition and fit out works guidelines comply with relevant laws.

To keep abreast with the developments in the regulatory landscape, the Board receives legal and secretarial updates, Management personnel and the Board are required to attend talks and seminars, and the Manager receives alerts from Bursa Malaysia, the Securities Commission and the Malaysia REIT Association.

SUSTAINABILITY STATEMENT

The initiatives taken to ensure compliance with applicable laws and regulations are communicated internally through management meetings, announcements and briefings, and externally through Annual General Meetings, analyst briefings, the REIT's corporate website and annual reports. All queries are directed to a designated person via email. In the year under review, the REIT is pleased to disclose that no incidents of non-compliance have been recorded.

Risk Management

Managing risks appropriately is crucial for long-term strategy planning and futureproofing the business as a REIT. Risk management within the REIT falls under the purview of the Board Audit and Risk Management Committee ("BARC") which is assisted by the Enterprise Risk Management Committee ("ERMC"). These committees are mainly responsible for ensuring risk management is integrated in the Manager's day-to-day operations, and identifying risk parameters, appetite, profiles, treatment options, action plans and indicators. As per the Enterprise-Wide Risk Management ("ERM") Policy and Framework, the Manager reviews risks on a quarterly basis. All findings are compiled in a detailed risk register where the main risk categories are strategic, financial, operational, compliance, IT and integrity risks.

In the year under review, the Manager has decided to update the ERM Policy and Framework, effective 2 December 2021. The updates have considered MCCG's emphasis on ESG-related risks, internal changes to the governance structure, standard operating procedures ("SOPs"), the timely execution of mitigation plans and establishment of the Three Lines of Defence model. The Manager also targets to adopt an ESG Risk Profile in the first quarter of FY2022.

In the Three Lines of Defence models, business line management is the first line, risk management is the second and internal audits are the third

Risks are communicated to employees and risk owners during briefings and training programmes. Risk owners are specified at the Risk Identification stage and are responsible for reporting the progress of mitigation plans at weekly Management Committee meetings. To ensure efficient communication of risks and mitigation plans, the ERMC conducts quarterly meetings. In FY2021, the Manager conducted training on Risk Profiling in February, and held a risk refresher workshop in August.

To manage the risks posed by the pandemic, the Manager has implemented various business continuity measures, particularly in relation to digital transformation.

Corporate Governance and Business Ethics

Day-to-day processes are governed by internal SOPs which address business development, internal controls, risk management, compliance, IT, talent management, finance and operations. The values, principles and expectations of professional conduct within Al-Salām REIT are further upheld through the Manager's Code of Conduct and Business Ethics (the "Code"). The Code contains clear guidelines on how employees and associates are expected to behave, as well as the disciplinary actions in the event of non-compliance. The Code is complimented by policies such as the Whistleblowing Policy and Anti-Bribery and Anti-Corruption Policy ("ABAC Policy") and Manual. These policies and procedures are communicated to employees via email, briefings, training sessions and posters.

SUSTAINABILITY STATEMENT

The Whistleblowing Policy provides a formal channel for employees and other stakeholders to report occurrences of malpractice within the organisation. A disclosure can be made in writing, verbally or via electronic means to the Integrity Officer. If a report is made verbally, it must be followed by a report in writing or via email. When a whistleblowing report is made, an investigation officer will be appointed by the Direct Report. The Direct Report is either the Audit Committee, the Board, or Executive Director, and is selected based on the severity of the report. All findings are reported to the appointed Direct Report. In accordance with the Whistle-Blower Protection Act 2019, all reports received through the whistleblowing channels are treated with confidentiality and impartiality, with no employee or third-party subject to consequence or retaliation for making a report in good faith. In FY2021, the Manager did not receive any whistleblowing reports.

Al-Salām REIT is committed to conducting business in compliance with the Malaysia Anti-Corruption Act 2009. As part of this commitment, the Manager has adopted an ABAC Policy which communicates and details the Manager's principles and guidelines on money laundering, gifts, entertainment and hospitality expenses. This policy is communicated internally via briefing and training, and externally via the corporate website. However, in this reporting period, the REIT did not conduct training related to anti-bribery and corruption due to COVID-19. In FY2021, no employees were dismissed due to non-compliance with the ABAC Policy.

To further enhance the REIT's commitment to anti-bribery and corruption, the Manager established a due diligence procedure for new tenants, and conducted risk assessments on approximately 50% of internal operations in this reporting period. Operations that had undergone the assessment included procurement and outsourcing, acquisitions/divestment, recruitment and training, and valuations. The findings of the risk assessment are compiled in an Integrity Risk register.

SUSTAINABLE TRUST FUND

Financial Performance

Delivering long-term sustainable returns to the REIT's investors is its priority. The REIT also generates economic value and contribute towards nation development by creating direct and indirect employment opportunities.

The COVID-19 pandemic has taken a toll on businesses. One of the main challenges faced by REITs stemmed from the difficulty of tenants to pay their rent due to poor business performance or the complete termination of tenancy agreements due to business closure.

To address these impacts and manage the REIT's cashflow, the REIT implemented a freeze on hiring throughout its operations. the REIT also received assistance from the government through the Perlindungan Ekonomi & Rakyat Malaysia (PERMAI) Assistance Package. With this package, a special tax deduction was received for providing at least 30% rental discounts to REIT tenants. This initiative not only aided the REIT, but also safeguarded the welfare and alleviated the financial stress of its tenants.

Leveraging on these control measures, the REIT generated a total of RM71,543,083 in revenue despite market conditions, and retained a profit of RM14,643,732.

Indirect Economic Impact

Indirect economic impacts are defined as the additional consequences of the direct impact of financial transactions, and addresses the impacts of a company's infrastructure investments and services supported.

As a REIT with multiple types of properties within the REIT's portfolio including office spaces, shopping malls and a supermarket, the REIT has observed various positive indirect economic impacts stemming from its operations. These include the creation of service/maintenance-related jobs within the supply chain, and the stimulation of regional economic development, particularly the growth of restaurants, small to medium enterprises and residential areas.

The Manager has also participated in an urban regeneration project at Bandar Dato' Onn Johor Bahru, in collaboration with Waqaf An-Nur Corporation Berhad. This project aims to regenerate and restore a wetland area by planting a variety of plant species, including flowering plants, herbs and aquatic plants. Once the project has been completed, it is hoped that the area will serve as an edu-tourism centre for the surrounding community.

SUSTAINABILITY STATEMENT

Procurement and Supply Chain Management

Due to the nature of the business as a fund manager and depending on the nature of the leasing agreement, Al-Salām REIT has a minor role in the procurement of contractors and service providers for its properties. For triple net lease agreements, all supply chain decisions and property expenditures are borne by the tenant, whereas for other properties, any construction works or total replacement of assets require the approval of the REIT's trustee, and management services are controlled by the REIT's property managers. However, the REIT is aware that all procurement decisions and supply chain management will ultimately affect operations, and therefore it monitors these decisions wherever possible.

The REIT monitors the progress of any construction works after approval by its trustee, and require that its property managers report on electricity consumption within the properties. The REIT also monitors the supplier/contractor/service provider screening and evaluation process. The screening criteria includes SSM registration, price, work experience, and previous clients. Performance evaluations are conducted twice a year where the stakeholders are ranked on a scale of one (1) to four (4) based on specific criteria. In the event of poor performance, the stakeholder is sent a reminder by letter or email to improve.

PERFORMANCE EVALUATION									
CRITERIA	SCALE OF SCORES								
<ul style="list-style-type: none"> Price Punctuality Quality of Product/ Service After Sales Service Complaints/Comments Received 	<table> <tr> <td>Poor</td><td>0-39%</td></tr> <tr> <td>Moderate</td><td>40-59%</td></tr> <tr> <td>Good</td><td>60-79%</td></tr> <tr> <td>Very Good</td><td>80-100%</td></tr> </table>	Poor	0-39%	Moderate	40-59%	Good	60-79%	Very Good	80-100%
Poor	0-39%								
Moderate	40-59%								
Good	60-79%								
Very Good	80-100%								
Calculation Method (Total Score/20 x 100%)									

Another important aspect of responsible procurement is sourcing services locally where possible. This not only reduces greenhouse gas emissions but also contributes to the development of the local economy. In this reporting period, 100% of Al-Salām REIT's procurement budget was expended locally.

STRONG SOCIAL RELATIONSHIPS

Tenant and Customer Satisfaction

The performance as a REIT heavily relies on the satisfaction of the REIT's tenants and customers. The REIT strives to secure their satisfaction, subsequently securing long-term tenancy. To determine the satisfaction levels of its tenants, the REIT conducts satisfaction surveys twice a year. Tenants are required to rank various categories as sufficient, satisfactory, good or excellent. The categories include cleanliness, security, technical aspects, concierge, car park facilities, food courts, as well as marketing and promotions. In this reporting period, the REIT recorded an average score of 85% across its properties.

Another important facet of managing tenant and customer satisfaction is responding to and resolving complaints efficiently. Within its properties, the REIT uses the ServeDeck system for monitoring and resolving complaints and other issues (mechanical, electrical, cleanliness, etc), submitted by the scanning of a QR Code placed in public areas such as the lift lobby and toilets. In the year under review, most of the complaints/issues received across properties were technical in nature. KOMTAR JBCC also received complaints pertaining the carpark while Pasaraya Komuniti @Mart Kempas received complaints about cleanliness and security. The average percentage of complaints/issues resolved in FY2021 across the REIT's portfolio was 96%. Generally, complaints/issues are addressed and resolved within a day of receiving them.

SUSTAINABILITY STATEMENT

Property	Total No. of Complaints/ Issues Received	Percentage of Complaints/ Issues Resolved (%)
KOMTAR JBCC	767	98
Menara KOMTAR	598	98
Pasaraya Komuniti @Mart Kempas	302	95

In light of the pandemic, the REIT has also had to navigate the effects of the pandemic on its tenants and customers. To support them through these trying times, the REIT implemented various initiatives.

Health and Safety

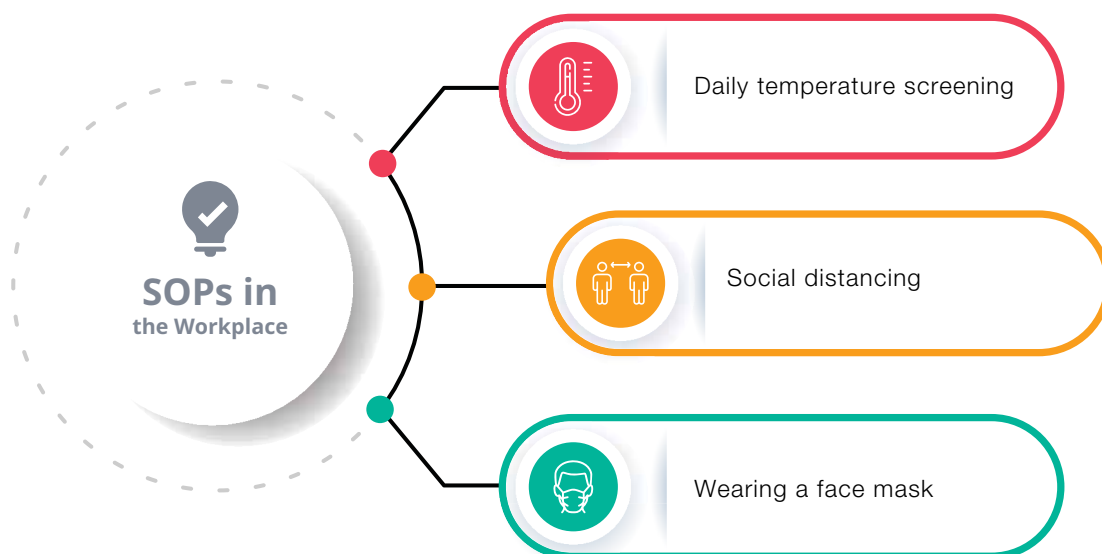

At Al-Salām REIT, the health and safety of employees, tenants and customers is taken seriously, and the REIT strives to embed a culture of accident prevention and risk management throughout operations.

At each property, there is an established an Emergency Response Team (“ERT”). The ERT consists of a chairman, secretary, employer and employee representatives. The employer representatives are further broken down into various categories such as the health, training and investigation bureaus. Under the ERT, there are three (3) main teams, namely the Fire Fighting Team, Search and Rescue, and the First Aid Team. Such a structure allows for an immediate and efficient response in the face of an emergency. The REIT has also established a firefighting system and conducted fire drills once a year before the pandemic. All tenants are notified of emergency and evacuation procedures through letter and email.

The Operations Manager or Head of Technical department from the REIT’s property managers, DASBPM, conducts hazard identification, risk assessment and risk control (“HIRARC”) procedures within their managed properties. The scope of the HIRARC exercise includes electrical risks, machinery, and technical activities. A comprehensive HIRARC register is maintained to understand the risks associated with operations and the corresponding mitigation measures. DASBPM has also adopted various procedures addressing safe work culture when working within rooms of high voltage, and when operating the genset. All workers responsible for these works are expected to wear the appropriate gear and abide by the relevant procedures.

It was also imperative that the Manager safeguard the health of employees from the spread of COVID-19. While most employees worked from home, those who were in the office were required to adhere to all relevant SOPs. Vaccination of all staff at the REIT’s properties was mandatory.

SUSTAINABILITY STATEMENT

As a result of the effective implementation of health and safety measures stated above, the REIT recorded zero reportable incidents in this reporting period.

Human Rights and Labour Standards

The Manager operates in full compliance with the Employment Act 1955, and prohibits all forms of child, forced and bonded labour throughout operations. The Manager also strives to provide a safe and mutually respectful workplace environment that is free from violence, harassment, humiliation and intimidation of a sexual nature. The working hours of DRMSB's employees complies with all applicable laws. However, recognising the need for employees to balance their working life with other interests and responsibilities, the Manager offers flexible working hours and flexible work arrangements.

In this reporting period, one employee received online training on human rights issues prevalent in businesses, (Human Rights Issues in Business: Closing Gaps in Implementation & Reporting).

Human Capital Development

The Manager provides employees with a wide range of attractive benefits such as medical coverage, insurance, dental care, paternal leave and pilgrimage leave. In the face of the pandemic, the Manager also provided employees with an additional incentive to work from home, in order to safeguard the health of its employees. This incentive includes an allowance which covers home internet, establishment of a comfortable work space and electricity consumption.

To further cultivate the skillsets of employees while providing high job satisfaction and retaining key talent, the Manager provides professional training opportunities. This year, REIT's workforce collectively received 271 training hours from 21 different training programmes, averaging 10.84 hours per employee¹. Employees are also given the opportunity to provide feedback on the training they have received to determine the effectiveness of the course. Some of the training programmes conducted this year include:

No.	Title
1	Sustainable and Responsible Investment Series 2021
2	Crisis Management Readiness – Post Pandemic
3	Governance Online Forum #1 – Financial Risk
4	Budget 2022 Tax Updates

* All programmes were conducted online due to COVID-19 restrictions

¹ Average training hours per employee is calculated as total training hours over total number of employees.

SUSTAINABILITY STATEMENT

Regular performance reviews are also offered to all employees contributing to their personal development and skill management. A breakdown of performance reviews by gender and employment category is presented below. In FY2021, 100% of the REIT’s permanent workforce received a performance review.

The Manager recognises the importance of a healthy work-life balance as it helps reduce stress and prevent burnouts in the workplace. Prior to the pandemic, initiatives to promote a work-life balance included staff trips. Unfortunately, due to the current circumstances, these gatherings were put on hold. Flexible work arrangements and “work from anywhere” concept were designed to continue to promote work-life balance despite the pandemic related disruptions to the workplace. Employees were also given a work-from-home allowance, which takes into consideration home internet usage, home space, and home electricity consumption.

In the year under review, the Manager recorded a hiring rate² of 7.7% and a turnover rate³ of 15.4%.

Diversity and Inclusion

Board Diversity Policy

The Board takes cognisant of the MCCG 2021 clauses which specifies that (5.9) the board comprises at least 30% women directors and (5.10) The board discloses in its annual report the company’s policy on gender diversity for the board and senior management.

The company has long understood the importance of diversity and inclusion. The commitment to diversity is embedded in our ESG that set out DRMSB’s values. The composition and quality of the Board shall be optimised, to suit the Fund size, its investment portfolio and business direction. A diverse Board with a range of views enhances decision-making, which is beneficial to the Manager’s/ Fund’s long-term success in the interests of the stakeholders.

When selecting Directors, the process is based on objective criteria and there is no discrimination on any gender, personal or physical attributes that would not speak to such person’s ability to perform as a Director.

All Board appointments are made on merit, in the context of the skills and experience the Board as a whole requires to be effective. The Board Nomination and Remuneration Committee (“BNRC”) reviews and assesses Board composition on behalf of the Board and recommends the appointment of new Directors. In reviewing Board composition, NRC will consider the benefits of all aspects of diversity in order to maintain an appropriate range and balance of skills, experience and background on the Board and with due regard for the benefits of diversity on the Board.

It also oversees the conduct of the annual assessment of Board effectiveness. As part of the annual performance evaluation of the effectiveness of the Board, Board Committees and individual Directors, the BNRC will consider the balance of skills, experience, independence and knowledge on the Board and the diversity representation of the Board.”

Workplace diversity fosters collaboration and drives innovation among employees. The REIT Manager values mutual respect and understanding across its organisation, and encourages employees to report cases of discrimination to the Human Resources department at the earliest possible opportunity.

² Hiring rate is calculated as total number of hires over the average number of employees.

³ Turnover rate is calculated as total number of resignations over the average number of employees.

SUSTAINABILITY STATEMENT

Currently, woman make up 44% of the REIT Manager's team and 25% of the Management team. While there are no women on the REIT Manager's Board of Directors, moving forward, the REIT Manager aims to ensure that the Board consists of at least 30% women directors, in line with the requirements of the updated Malaysia Code of Corporate Governance.

Majority of employees (60%) lie within the 30 to 50-year age bracket. They represent the talented and experienced professionals capable of driving the REIT's business forward. The REIT Manager's workforce is 100% Malaysian.

Employee Breakdown by Gender and Employment Category

Employee Breakdown by Age and Employment Category

SUSTAINABILITY STATEMENT

Community Engagement

The REIT is conscious of its role in societal development and strives to positively impact the communities in which it operates. This reporting period, the REIT Manager collaborated with various organisers and utilised Pasaraya Komuniti @Mart Kempas to alleviate the socioeconomic conditions of the local community. The strategy for this year was to do so by providing food aid to those in need.

No.	Title	Description
1	Yayasan JCorp Food Bank	A relief mission was launched for a period of three (3) months to provide food aid. As year end 2021, a total of 921 people received help
2	'Tautan Kasih' by Penggerak Komuniti Negara	A total of 40 Asnaf families received grocery packs from the NGO.
3	Bubur Lambuk Give Away by Dun Kempas	150 packs of bubur lambuk was distributed to shoppers by the Dun Kempas
4	Donation for Kempas Community	A total of 200 cans of creamer milk were handed over to the Ketua Kampung Kempas to be distributed to those in need.
5	Food Box for Security	Six (6) security personnel received food boxes.
6	Bantuan Susu Bayi	In collaboration with Persatuan Kebajikan Ummah, baby milk formula was distributed to mothers and families in need,
7	Donation for Kempas Community	In collaboration with Parlimen Pulai, a total of 25 food aid packages were distributed to taxi drivers.

SUSTAINABILITY STATEMENT

ENVIRONMENTAL STEWARDSHIP

Climate Change

Climate change is one of the greatest risks to the environment and Al-Salām REIT recognises that buildings and construction contribute nearly 40% of global greenhouse gas (“GHG”) emissions⁴. The rising temperatures will also affect the business as a REIT. Some of the direct impacts such as flooding or forest fires, and indirect impacts including rising insurance costs and demographic changes could become more significant with time.

Al-Salām REIT aims to mitigate climate change risks by improving energy efficiency. The first step in this direction is monitoring the REIT’s electricity consumption to identify the energy intensive operations and consumption patterns. In this reporting period, the REIT has calculated its Building Energy Index using electricity data. This information gives an idea of how much electricity is being used in lettable areas of each property. For the last three financial years, the electricity consumption intensity has been decreasing across the three properties, indicating efficiency improvement.

The REIT has also calculated its scope 2 GHG emissions for the past three (3) years using electricity data respectively.

Property	Scope 2 Emissions (tCO ₂ e)		
	FY2019	FY2020	FY2021
KOMTAR JBCC	12,281.66	6,909.79	4,772.72
Menara KOMTAR	2,759.48	2,302.29	2,136.30
Pasaraya Komuniti @Mart Kempas	795.13	691.47	660.66

⁴ Global Alliance for Buildings and Construction, International Energy Agency and the United Nations Environment Programme (2019): 2019 global status report for buildings and construction: Towards a zero-emission, efficient and resilient buildings and construction sector

SUSTAINABILITY STATEMENT

To manage its impact on climate change, the REIT has installed solar panels as a trial project in Pasaraya Komuniti @Mart Kempas. This project is ongoing and expected to be completed in February 2022. With the installation of these solar panels, the REIT will not only be reducing its GHG emissions, but will also benefit from a 20% discount on tariff rates.

Waste and Effluent Management

Waste most commonly associated with operational buildings is municipal waste consisting of domestic and food waste. From the environmental point of view, the major impacts include potential water contamination, and the release of greenhouse gases such as carbon dioxide, carbon monoxide and methane whereas socially, public health is a concern.

Al-Salām REIT is aware of the impact of improper management of waste. Across its properties, the REIT has engaged licensed contractors to collect and dispose of waste in accordance to relevant legal requirements.

While the REIT understands that a large part of managing waste efficiently is tracking and recording the amount of waste generated from properties, it has not implemented any measures to do so yet.

Water Management

As a REIT, an undisrupted supply of water is crucial for the business. While Malaysia is not a water-stressed region, the nation is no stranger to water shortages and supply disruptions as a result of pollution by industries. Within its properties, the REIT has identified the improper use of water to be a major impact associated with operations. To manage these risks, the REIT is committed to minimising water wastage by reducing total water consumption and water intensity. Efficient water management also translates to less energy which also reduces carbon footprint, and lowers overall operational cost.

Water intensity is the amount of water used in a given area

The REIT’s strategy to manage water within its property portfolio is to raise awareness among tenants, customers/shoppers, service providers and cleaners on responsible water usage. Awareness is created by posters displayed throughout food courts, common areas, and toilets. As a result of these initiatives, the REIT has noticed a year-on-year reduction in water consumption within its properties.

Water Consumption, m³			
	FY2019	FY2020	FY2021
KOMTAR JBCC	153,192	87,426	70,644
Menara KOMTAR	25,780	21,703	19,013
Pasaraya Komuniti @Mart Kempas	19,461	24,815	32,326

* The drastic increase in water consumption from FY2019 to FY2020 for Pasaraya Komuniti @Mart Kempas was caused by a faulty water meter, resulting in lower readings in FY2019.

In this reporting period, the REIT calculated its water use intensity to better understand consumption patterns within lettable areas of its properties. Akin to the water consumption data, the results show a steady decrease in water use intensity at KOMTAR JBCC and Menara KOMTAR, and an increase at Pasaraya Komuniti @Mart Kempas.

SUSTAINABILITY STATEMENT

CONCLUSION

Despite the challenges the REIT has faced in light of COVID-19, it continues to remain resilient and committed in its endeavours to promote sustainable practices and manage ESG risks and opportunities. In the years to come, the REIT aims to strengthen its ESG performance while sustaining positive economic growth and delivering value to its stakeholders.

CORPORATE GOVERNANCE STATEMENT

INTRODUCTION

The Board is pleased to present the Corporate Governance (“CG”) Overview Statement of the Company for the financial year ended 31 December 2021. This CG Overview Statement is prepared pursuant to the Bursa Malaysia Securities Berhad (“Bursa Securities”) Main Market Listing Requirements (“Listing Requirements”).

The Board has been guided by the Malaysian Code on Corporate Governance (“MCCG”) in its implementation of CG practices while ensuring compliance with the Listing Requirements and the Companies Act 2016 in addition to monitoring developments in industry practice and other relevant regulations and other statutory requirements, best practices and guidelines as below:

- Main Market Listing Requirements (MMLR) of Bursa Malaysia Securities Berhad;
- The Guidelines for Listed REITs
- Bursa Malaysia Corporate Governance Guide

The CG Overview Statement provides a summary of the Company’s CG practices during the financial year, with reference to the following 3 principles, intended outcomes and practices of the MCCG, having considered the Company’s structure, processes, business environment and industry practices:

- Principle A: Board Leadership and Effectiveness;
- Principle B: Effective Audit and Risk Management; and
- Principle C: Integrity in Corporate Reporting and Meaningful Relationship with Stakeholders.

This CG Overview Statement should be read together with the CG Report, and also be read in conjunction with other statements in this Annual Report such as the Statement on Risk Management and Internal Control and the Board Audit and Risk Committee (BARC) Report.

CORPORATE GOVERNANCE FRAMEWORK

The governance structure of the Company where the responsibilities of the Board are delegated to the relevant Board Committees and the Management of the Company are illustrated below:

CORPORATE GOVERNANCE STATEMENT

PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS

In its deliberation and review of the CG Overview Statement, the Board is satisfied that the practices set out in the MCCG as defined in the MCCG, in all material respects, have been applied to achieve the intended outcomes for the financial year under review except for the practices mentioned below:

Practice 1.4 : The Chairman of the Board should not be a member of the Audit Committee, Nomination Committee or Remuneration Committee.

During the year under review, the Chairman of the Board, Dato' Haji Mohd Redza Shah bin Abdul Wahid was the Chairman of the Board Remuneration and Nomination Committee (BNRC).

The BOD in its meeting dated 2 December 2021 agreed on the appointment of a new Independent Director, Datuk Hashim bin Wahir as Chairman of the BNRC on 24 January 2022. His appointment as the new Independent Director, however, is subject to the Securities Commission's approval and is expected to be obtained in March 2022.

Practice 5.6 : In identifying candidates for appointment of directors, the Board does not solely rely on recommendations from existing board members, management or major shareholders. The Board utilises independent sources to identify suitably qualified candidates. If the selection of candidates was based on recommendations made by existing directors, management or major shareholders, the Nominating Committee should explain why these source(s) suffice and other sources were not used.

In the event of a need to appoint new member(s) of the Board, nominations will be tabled and deliberated in the Company's BNRC meeting to assess the qualified candidate with the required core competency to effectively discharge his/her role as a Director of the Company.

In practice, upon the need to seek for a candidate for appointment as directors, the BNRC will source for candidates via recommendations from existing Board members or major shareholders.

Candidates are selected based on a specified criteria that are relevant to the industry that the Fund is in and also the outcome of the background check/ due diligence carried out on the potential candidates.

In scouting for suitably qualified candidates for the Company, high regard and emphasis are placed on the ability of the candidate, who shall have the relevant skills and knowledge pertaining to the industry.

Before being appointed as a director, the Board, via the BNRC, assesses each potential candidate regardless of the source of the recommendation, based on among others, the candidate's integrity, independence, diversity in terms of age, gender, cultural background and experience, leadership and ability to exercise sound judgement. The BNRC will then recommend their findings for consideration and approval by the Board. The power to appoint the director(s) nominated is vested wholly on the Board.

Moving forward, the Board will, nonetheless, consider sourcing out the task of scouting qualified & expert candidates to become potential directors of the company to renowned job hunting firm.

Practice 5.9 : The board comprises at least 30% women directors.

The Board of Directors consist of all male directors. Previously, the Board had two female directors. However, both of them had retired in 2020.

The Board is continuously scouting for at least one woman director to sit on board in 2022, taking into account diverse perspectives and insights based on the candidate's integrity, independence, diversity in terms of age, gender, cultural background and experience, leadership and ability to exercise sound judgement.

Target date for full implementation: June 2023

CORPORATE GOVERNANCE STATEMENT

Practice 8.1 : **There is detailed disclosure on named basis for the remuneration of individual directors. The remuneration breakdown of individual directors includes fees, salary, bonus, benefits in-kind and other emoluments.**

The remuneration of the directors is paid by the REIT Manager and not by the Fund. However, the Board ensures that the remuneration policy takes into account the demands, complexities and performance of the Company as well as skills-set and relevant experiences required. For Independent Directors, the Board ensures that the remuneration does not conflict with their obligation to bring objectivity and independent judgment on matters discussed at the Board meetings.

Practice 8.2 : **The Board discloses on a named basis the top five senior management's remuneration component including salary, bonus, benefits in-kind and other emoluments in bands of RM50,000.**

The Board is of the view that such disclosure may not be in the best interest of the Company due to confidentiality and security concerns.

The details on the extent of the application of each CG practice as set out in the MCCG including the explanation for non-adoption of or departure from the abovementioned practices, are available in the CG Report for the financial year ended 31 December 2021.

PRINCIPLE B: EFFECTIVE AUDIT AND RISK MANAGEMENT

The Board Audit and Risk Committee (BARC)

The Board Audit and Risk Committee (BARC) is chaired by an Independent Non-Executive Director and consists of another Independent Non-Executive Director and a Non-Independent Non-Executive Director.

The composition of the BARC, its duties and responsibilities as well as details of meetings attended by each member can be found in the Terms of Reference of the BARC, which is available on the website of Al-Salām REIT at www.alsalamreit.com.my

The BARC assists the Board in carrying out its duties and responsibilities in fulfilling its responsibility for oversight with respect to ensuring the integrity of the Company's financial statements, performance of the Company's independent auditors and internal audit function, risk management practices and internal control of the company.

The Enterprise Risk Management Committee (ERMC)

The Enterprise Risk Management Committee (ERMC) is a management Committee established at the Company Level to identify potential events that may affect the Fund and the REIT Manager adversely, and systematically manage risk within its risk appetite, to provide reasonable assurance regarding the achievement of strategic objectives.

ERMC also supports the BARC in fulfilling its oversight responsibilities with respect to ERM Policy & Framework and its processes, including risk assessment on key strategic, financial, operational and compliance risks.

Other responsibilities of the ERMC include:

- (a) To coordinate the development of risk management policies and procedures and its initiatives to ensure an effective ERM framework is in place;
- (b) To review and deliberate risk reports and, where applicable, recommend mitigation strategies for implementation;
- (c) To provide regular updates to the BARC on respective mitigation measures and action plans relating to the respective residual risk profile and ERM initiatives;
- (d) To monitor, develop, review, assess and recommend to BARC on risk management strategies, policies and risk tolerance limits.

CORPORATE GOVERNANCE STATEMENT

Oversight and Assessment of the Suitability and Independence of External Auditors

The Board has established a transparent relationship with the Company's External Auditors and Internal Auditors via the BARC who has explicit authority to communicate directly with them. The External Auditors confirmed to the BARC of their independency at each financial year and during their presentation of relevant audit Memorandum.

The Board considered the suitability and independence of the External Auditors during the discussion of the Group Audit Plan for the financial year ended 31 December 2021. The factors that take into account including the adequacy of experience and resources of the firm and professional staff assigned to the audit and the level of non-audit services to be rendered by the External Auditors to the Group for the financial year under review.

The BARC had conducted an annual assessment of the timeliness, competence, audit quality and resource capacity of the external Auditor in relation to the audit, the nature and extent of the non-audit services rendered and the appropriateness of the level of fees.

The BARC had also obtained assurance confirming that the External Auditors are independent in accordance with the terms of all relevant professional and regulatory requirements.

Risk Management and Internal Control

The Board has the oversight responsibility of the adequacy and effectiveness of the Manager's system of internal controls which comprises the governance, risks and controls aspects. The Board believes that effective maintenance of the system is important to help the Fund to achieve its various objectives at many levels and having considered the risks that the Fund faces whilst balancing out the interest of its many stakeholders and protecting the assets and investments.

The Board fulfils its oversight function of risk management and internal control system via the BARC. The Enterprise Risk Management ("ERM") Framework provides guidance to both the Board and Management on the risk management reporting structure and governance, processes, assessment methodologies and tools.

The Management of key operating companies adopt and apply the prescribed methodologies to identify, evaluate, treat, control, track and report the Strategic and Business, Financial, Compliance and Operational Risks based on the risk appetite set. In addition to the ERM Framework, the Manager has in place an approved Compliance Framework for management of Compliance Risks which are recognised as part of Operational Risks under the ERM Framework.

An overview of the Board's responsibility and descriptions of the key components of system of internal control which include the conduct of reviews by the Internal Audit Function, risk management and compliance management is set out in the Statement on Risk Management and Internal Control on pages 112 to 118 of this Annual Report.

Internal Audit and Assurance

The Board has established an Internal Audit Function to provide assurance on the effectiveness of risk, control and governance processes. Oversight of the Internal Audit Function is delegated to the BARC to ensure that there are sufficient resources and internal audits are carried out objectively, effectively and independently.

The Internal Audit Function is outsourced to a team of competent and qualified auditors at Crowe Governance Sdn Bhd, who reports directly to the BARC. The Internal Auditors attended all meetings of the BARC during the financial year. The BARC's reviewed the scope of work and reports by the Internal Auditors and the detailed description of the Internal Audit Function are provided in the BARC Report on page 109 of this Annual Report.

The Internal Audit Function discharges its duties in accordance with internationally recognised framework and guidelines as described on page 117 in the Statement on Risk Management and Internal Control and page 109 in the BARC Report of this Annual Report, respectively.

CORPORATE GOVERNANCE STATEMENT

PRINCIPLE C : INTEGRITY IN CORPORATE REPORTING AND MEANINGFUL RELATIONSHIP WITH STAKEHOLDERS

Communication with Stakeholders

The Board believes in providing prompt and accurate disclosure of material information to unitholders. The Board believes that regular engagements will enhance stakeholders' understanding and appreciation of Al-Salām REIT's business strategies, financial performance, current initiatives and prospects of the business. Effective, transparent and regular communication with stakeholders are in line with disclosure obligations as per the Main Market Listing Requirements.

Stakeholders	Engagement and initiatives
 Investment Community (Unitholders, Analysts, Fund Managers)	<ul style="list-style-type: none"> • Statutory announcement • Annual General Meeting • Roadshow • Investors and analysts briefing • Corporate website • Social media
 Media	<ul style="list-style-type: none"> • Media interview • Media release • Corporate website • Social media
 Government, local authorities and regulators	<ul style="list-style-type: none"> • Engagement meeting • Consultation paper • Engagement through MRMA • Maintain rapport with local authorities
 Tenants and lessees	<ul style="list-style-type: none"> • Periodic meeting • Survey and feedback • Rental support programme • Marketing support and promotional activities
 Suppliers and contractors	<ul style="list-style-type: none"> • Request for proposal • Tender interview • Regular meetings • Supplier evaluation and audit
 Employees	<ul style="list-style-type: none"> • Townhall • Employees engagement dialogue • Survey and feedback • Performance appraisal • Recreational activities • Flexible work arrangement • Upskilling and reskilling programmes
 Communities	<ul style="list-style-type: none"> • Customers' survey and feedback • Social media • CSR programme • Loyalty programme • Stringent operational and safety requirements • SOPs during MCOs

CORPORATE GOVERNANCE STATEMENT

The Manager is highly committed to ensure that relevant and material corporate information is shared with Al-Salām REIT's unitholders and investing community effectively. The Manager maintains a corporate website, www.alsalamreit.com.my to disseminate up-to-date and historical information and enhance its investor relations practices. The Investor Relations section on the website provides investor-related information such as financial information, announcements released to Bursa Securities, general meetings materials, circulars and distribution information. Stakeholders will also have access to corporate governance information including but not limited to the Board Charter, Terms of Reference, Whistleblowing Policy and Anti-Bribery & Corruption Policy.

The Manager has in place the Investor Relations team to facilitate effective communication with unitholders, analysts, fund managers and media. The email address, name and contact number of the Manager's designated person also available in Al-Salām REIT's website to enable the public to forward queries relating to Al-Salām REIT to the Manager.

CONDUCT OF GENERAL MEETING

The Annual General Meeting is a vital platform for dialogue and interaction for effective communication and proactive engagement between the Board and unitholders of Al-Salām REIT. As the avenue for dialogue, unitholders are encouraged to participate in raising questions and concerns relating to Al-Salām REIT, exercising their rights relating to resolutions tabled and appointing proxies as per the unitholder's discretion.

A copy of the 2020 Annual Report of Al-Salām REIT and the relevant Circular to unitholders, including the notice of meeting were made available to unitholders before the 6th AGM. The notice of meeting was also advertised in the local daily newspapers and announced to Bursa Securities via Bursa LINK. An Administrative Guide, which furnished useful information regarding the conduct of the 6th AGM, together with the explanatory guide to the use of the electronic polling process were given to the unitholders in advance.

The 6th AGM was held at the broadcast venue with restricted numbers in physical attendance to observe the requirements under SC's Guidance Note and FAQs on Conduct of General Meetings for Listed Issuers. Al-Salām REIT has conducted its 6th AGM on a fully virtual basis via live streaming and online remote voting on 28 April 2021. The Broadcast Venue of the 6th AGM at the Manager's corporate office was strictly for the purpose of complying with Section 327(2) of the Companies Act, 2016 which requires the Chairman of the meeting to be at the main venue. No Unitholders/Proxy(ies) was allowed to be physically present at the Broadcast Venue on the day of the 6th AGM.

The voting of all resolutions set out in the notice of the 6th AGM was conducted by poll in accordance with Paragraph 8.29A of Bursa Malaysia Securities Berhad Main Market Listing Requirements. Al-Salām REIT has appointed Mega Corporate Services Sdn. Bhd. as Poll Administrator to conduct the poll by way of electronic voting and Cygnus IT Solutions PLT as Independent Scrutineers to verify the poll results.

All Directors of the Manager were present at the 6th AGM to engage with unitholders. Besides, the Trustee, the Management Team, external auditors and the advisers were in attendance to address questions or concerns raised by unitholders. The Chairman of the meeting presented the progress and performance of the business and encouraged unitholders to participate in the Q&A session.

RESEARCH COVERAGE

Maybank IB Research	30 May 2021	Sell	0.46
Maybank IB Research	26 August 2021	Sell	0.43
Maybank IB Research	29 November 2021	Sell	0.43

BOARD AUDIT AND RISK COMMITTEE REPORT

The Board Audit and Risk Committee (BARC or the Committee) plays a major role in corporate governance regarding the organisation's direction, control, and accountability. The BARC is set up with the primary objective to assist the Directors (the Board) in carrying out its duties and responsibilities in fulfilling its responsibility for oversight with respect to ensuring the integrity of the Company's financial statements, performance of the Company's independent auditors and internal audit function, risk management practices and internal control of the company.

As a representative of the board of directors and main part of the corporate governance mechanism, the audit committee is involved in the organisation's both internal and external audits, internal control, accounting and financial reporting, regulatory compliance, and risk management

COMPOSITION

For the financial year ended 31 December 2021, the BARC comprised of 3 (three) Directors, all of whom are also members of the Board of the Manager.

The composition of the BARC is as follows:

1. Abdullah bin Abu Samah
Chairman/Independent Non-Executive Director (appointed on 10 March 2021)
2. Zainah binti Mustafa
Chairman/Independent Non-Executive Director (resigned on 10 March 2021)
3. Dato' Wan Kamaruzaman bin Wan Ahmad
Independent Non-Executive Director
4. Datuk Sr. Akmal bin Ahmad
Non-Independent Non-Executive Director (appointed on 29 December 2021)
5. Mohd Yusof bin Ahmad
Non-Independent Non-Executive Director (resigned on 29 December 2021)

On 29 December 2021, Mohd Yusof bin Ahmad resigned from being members of the BARC following the his resignation as a Non-Independent Non-Executive Director on the same date.

Datuk Sr. Akmal Ahmad, a non-independent non-executive Director was appointed as a member of the BARC effective 29 December 2021.

The Board of Directors (the Board), via the Board Nomination and Remuneration Committee (BNRC), annually reviews the terms of office and performance of the BARC and its members through an effectiveness evaluation exercise. The BNRC assessed the BARC's performance for the financial year ended 31 December 2021 and was satisfied that the BARC and its members have discharged their functions, duties and responsibilities in accordance to the BARC's Terms of Reference. The duties and responsibilities of the BARC are set out in its Terms of Reference which is accessible in the Corporate Governance section, on the website at www.alsalamreit.com.my

BOARD AUDIT AND RISK COMMITTEE REPORT

MEETINGS AND ATTENDANCE

Number of Meetings Held and Details of Attendance

The BARC meets at quarterly intervals or such other intervals as the Committee shall decide.

The BARC held four (4) regular meetings and one (1) special BARC meeting during the financial year ended 31 December 2021 which were attended by all members.

During the financial year, the details of attendance are as follows:-

No	Name of Committee Member attended	No of meetings
1	Abdullah Abu Samah (appointed on 10 March 2021)	4 out of 4
2	Dato' Wan Kamaruzaman Wan Ahmad	5 out of 5
3	Datuk Sr. Akmal Ahmad (appointed on 29 December 2021)	-
4	Mohd Yusof bin Ahmad (resigned on 29 December 2021)	5 out of 5

Terms of Reference

The BARC has a set of Terms of Reference that guides the discharge of its roles and responsibilities. Details of the Terms of Reference are available on the corporate website.

SUMMARY OF WORK CARRIED OUT DURING FINANCIAL YEAR

The BARC held five meetings during FYE2021. The meeting dates were predetermined in advance in order to ensure availability of each member. Meeting papers were circulated to all the Committee members prior to the meetings by way of electronic means and hard copy.

The Committee carried out the following work during the financial year ended 31 December 2021 in the discharge of its functions and duties:-

Overseeing Financial Reporting

- (a) Reviewed the audited financial statements of the REIT Manager and the REIT for the financial year ended 31 December 2021 ("FYE2021"), which were prepared in accordance with the Trust Deed, the applicable Securities Commission Malaysia ("SC") rules and guidelines, Malaysian Financial Reporting Standards and Malaysian Financial Reporting Standards (MFRS), prior to recommending the same to the Board for approval. The audited financial statements of the Fund for FYE2021 were issued and circulated to the Unitholders in line with the prescribed requirements.

At the meeting held on 26 January 2021, the External Auditors presented to the BARC the results of the FYE2021 audit conducted on the where significant audit matters listed below are discussed:

- i. Valuation of investment properties
 - ii. Recognition of deferred tax on investment properties
 - iii. Expected credit losses of trade receivables
 - iv. Going concern considerations
- (b) Reviewed at every quarterly meeting held in FYE2021, the quarterly financial results for public release to ensure adherence to legal and regulatory reporting requirements before recommending the same to the Board for approval. The first, second, third and fourth quarters of the quarterly results for the financial year ended 31 December 2021 were reviewed at the BARC meetings held on 20 May 2021, 19 August 2021, 15 November 2021 and 26 January 2022, respectively.
- (c) Reviewed and discussed with Management the quarterly management accounts, taking into consideration that the necessary processes and controls are in place in the preparation of the financial reports.

BOARD AUDIT AND RISK COMMITTEE REPORT

- (d) Reviewed, at each quarterly meeting, the income distributions of the Fund which were made in accordance with the distribution policy, in order to ensure the adequacy of the realised income for each distribution prior to recommending the proposal to the Board.
- (e) Kept abreast on the application of the new accounting standards, i.e. Malaysian Financial Reporting Standard (“MFRS”)
- (f) The Committee was satisfied that adequate impact assessment had been carried out by Management and the accounting policies as shown below had been appropriately updated in the financial statements of the Fund for FYE2021.

Description	Effective for annual period beginning on or after
Amendments to MFRS9, MFRS139 and MFRS 7, MFRS 4 and MFRS 16: Interest Rate Benchmarking Reform – Phase 2	1 January 2021
Amendment to MFRS 16 Leases: Covid-19 Related Rent Concessions beyond 30 June 2021	1 April 2021

External Audit

- (a) Reviewed and discussed with External Auditors the audit planning memorandum covering the audit objectives and approach, audit plan, key audit areas and relevant technical pronouncements and accounting standards issued by MASB, and regulating requirements applicable to the Group; and the processes and controls in place to ensure effective and efficient financial reporting and disclosures under the financial reporting standards.
- (b) Reviewed and discussed with External Auditors the results of the audit and the audit report in particular, significant accounting matters arising from the external audit and their opinion on the financial statements of the Group and of the Company
- (c) Reviewed with External Auditors the memorandum of comments and recommendations arising from their study and evaluation of the system of internal and accounting controls together with Management’s response to the findings of the External Auditors and ensured where appropriate, that necessary corrective actions had been taken by Management.
- (d) Evaluated the performance and assessed the suitability, objectivity and independence of the External Auditors during the year in accordance with the policies and procedures in place, vide a set of questionnaires covering the calibre of the external audit firm; quality of processes and performance; skills and expertise including industrial knowledge; independence and objectivity; audit scope and planning; audit fees; and their communications with the Audit and Risk Management Committee. The Audit and Risk Management Committee had received from the External Auditors written confirmation on their independence and which disclosed their policies on independence, safeguards and procedures to address threats or perceived threats to their independence and objectivity, and that they were in compliance with the independence requirements set out in the By-Laws (On Professional Ethics, Conduct and Practice) of the Malaysian Institute of Accountants.
- (e) Having satisfied with the performance and the assessment on the External Auditors’ suitability, objectivity and independence, recommended to the Board the re-appointment of the External Auditors and their remuneration.
- (f) Reviewed and approved the non-audit fees in respect of services rendered by the External Auditors.
- (g) Met with the External Auditors without executive Board members and Management on 4 February 2021 and 15 November 2021 to discuss matters in relation to their review.

BOARD AUDIT AND RISK COMMITTEE REPORT

Internal Audit

- (a) Provided input on key areas to be included as part of the annual Internal Audit Plan. Deliberated the risk-based Internal Audit Plan to ensure adequate scope and comprehensive coverage of business activities, prior to recommending to the Board for approval. Monitored the progress of the approved Internal Audit Plan, including the status of the planned reviews and approved changes to the Internal Audit Plan due to changes in business and/or risk environment.
- (b) Reviewed and deliberated on internal audit reports, the audit recommendations and adequacy of Management's response to these recommendations. Significant issues were discussed at length with the presence of relevant Management team members to ensure satisfactory and timely remediation actions have been committed by Management to address identified risks. Additional presentations were made at the request of the ARC to ensure adequate actions were taken in addressing the issues raised.
- (c) Monitored the implementation of corrective action plans agreed by the management on outstanding audit findings on a quarterly basis to ensure that all actions have been implemented on a timely basis in the related areas.
- (d) Discussions with the internal audit team, to assure itself of the soundness of internal control systems and internal audit activities, and to provide guidance on ad hoc matters arising from on-going internal audit activities.
- (e) Reviewed the effectiveness of the Internal Audit function through evaluation of its performance and competency, and monitoring the sufficiency of resources and costs, to ensure that it has the required expertise and professionalism to discharge its duties.
- (f) Received updates on the status of investigation cases handled by Internal Audit to provide guidance where relevant.

Risk Management and Internal Control

- (a) Reviewed quarterly top risk profiles which covers Strategic, Finance, Operational and Compliance Risks and deliberated on the significant threats and opportunities, including status and adequacy of mitigation strategies.
- (b) Discussed the improvements to the Enterprise Risk Management framework and process to ensure proactive and holistic risk identification, and monitoring of mitigation actions to reduce risk impact to an acceptable level.
- (c) Evaluated the overall adequacy and effectiveness of internal controls through review of the work performed by both internal and external auditors, other assurance providers and through discussions with Management
- (d) Ensures appropriate controls are in place in management of the Fund, that the Manager has a well defined organisational structure with clear lines of responsibility and a comprehensive reporting system and adequate procedures in financial reporting, risk management, internal control and are in place. Further details in respect of risk management and internal controls are set out on pages 112 to 118 (Statement on Risk Management and Internal Control of this Annual Report). Details in respect of the principal risks and uncertainties are set out on pages 55 to 56 under Management Discussion and Analysis.
- (e) The Committee also reviewed and deliberated on four frameworks relating to compliance and internal controls and recommended to the Board the implementation of the frameworks and policies put forward by the Management, listed as below:

No	Frameworks & Policy	Date of Meeting	Effective Date
1	Procurement Policy (New)	18 Feb 2021	1 March 2021
2	Business Continuity Management Framework (Revised)	18 Feb 2021	18 Feb 2021
3	Investment Policy	18 Feb 2021	1 March 2021
4	Personal Data Protection Policy (New)	28 May 2021	18 June 2021
5	IT Policy (Revised)	2 Dec 2021	2 Dec 2022
6	Limits of Authority (Revised)	2 Dec 2021	2 Dec 2021
7	Enterprise Risk Management Policy & Framework (Revised)	2 Dec 2021	2 Dec 2021
8	Anti-Money Laundering and Terrorism Financing Policy (AMLTF)	2 Dec 2021	1 Jan 2022

BOARD AUDIT AND RISK COMMITTEE REPORT

Compliance

- (a) Monitored the status of internal misconduct cases reported to Board and BARC on a quarterly basis, including on-going investigations, in accordance with the Code of Conduct and Business Ethics (CoBE).
- (b) Deliberated on the results of compliance cases and directed Management to implement and/or enhance controls to prevent recurrence, including conducting education programmes to increase awareness.
- (c) Reviewed the status of the planned mitigation actions developed from the results of the Compliance risk assessment performed in 2021.
- (d) Received updates on the directorships and shareholdings held by the Directors of the Company and persons connected with them in accordance with Section 221 of the Companies Act, 2016 on a quarterly basis. These disclosures enabled an assessment of the potential or actual conflicts of interest which may arise in relation to RPT or RRPT.
- (e) All Directors are required to provide declaration letters of their interest(s) and disclosures of conflict of interest situation(s) on an annual basis, and all declarations are documented and kept in the statutory records of the Manager. The Committee took note that there were no management conflict of interest situations for operational matters (including any transaction, procedure or course of conduct) as reported by the Chief Executive Officer.

Review of Related Party Transactions (“RPT”) and Recurrent RPT of a Revenue or Trading Nature (“RRPT”) & Conflict of Interest Situations

- (a) Reviewed the annual mandate compiled for recurrent related party transactions.
- (b) Reviewed related party transactions as disclosed in the financial statements and performed quarterly monitoring of the mandate for recurrent related party transactions to ensure compliance with the MMLR and policies and procedures.
- (c) Reviewed and deliberated on any new related party transactions to ensure that the terms and conditions of the transactions are commercially based and at arm's length.

Other Activities

Reviewed and recommended to the Board, for inclusion in the Annual Report:

- The BARC Report
- Corporate Governance Overview Statement
- Corporate Governance Report
- Statement on Risk Management and Internal Control

STATEMENT ON RISK MANAGEMENT & INTERNAL CONTROL

INTRODUCTION

This Statement on Risk Management and Internal Control by the Board of Directors ("Board") on the Group is made pursuant to paragraph 15.26(b) of the Main Market Listing Requirements ("MMLR") of Bursa Malaysia Securities Berhad ("Bursa Securities") and the Malaysian Code on Corporate Governance ("MCCG").

This Statement outlines the nature and scope of risk management and internal control of the Group during the financial year under review and up to the date of approval of this statement and covers all of the Fund's operations as guided by the Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Issuers and taking into consideration the recommendations of the MCCG 2017.

BOARD'S RESPONSIBILITIES

The Board recognises and affirms its overall responsibility in maintaining a risk management framework and internal control systems as well as to review the adequacy and integrity of the system. The system of risk management and internal control covers financial, operational, management information systems, organisational and compliance controls. In view of the limitations that are inherent in any systems of internal controls, the internal control and risk management are designed to manage risk within tolerable levels rather than eliminate the risk of failure to achieve business objective. Accordingly, it should be noted that these systems can only provide reasonable but not absolute assurance against material misstatement or loss.

There is an ongoing process for identifying, evaluating and managing the significant risks faced by the Group in its achievement of objectives and strategies. The process has been in place during the year up to the date of approval of the annual report and is subject to review by the Board.

RISK MANAGEMENT AND INTERNAL CONTROL

Risk Management

The Board fully supports the contents of Principle B of the MCCG which calls for the establishment of an effective risk management and internal control framework and the disclosure thereof.

The Board is assisted by the Board Audit and Risk Committee ("BARC") in evaluating, assessing and reviewing the adequacy of the Group's system of risk management.

The oversight role of risk management is carried out by the Board and BARC. Mandate and commitment from the Board and BARC are key contributors to the success factors in the implementation of enterprise risk management programmes. The Board and BARC set the strict direction for risk roles, responsibilities, and risk reporting structures.

The BARC is assisted by the Enterprise Risk Management ("ERM") Committee, which consists of the CEO & Executive Director, and respective heads of department. The function of the ERM Committee is to drive risk management guided by the ERM Policy and Framework to ensure effective identification of emerging risks and management of identified risks through implementation of appropriate controls and risk treatment strategies. Risk owners who are also ERM Committee members are managers or heads from the divisional units to identify and evaluate the risks related to their business objectives or budgets against which performance is measured and to establish the risk profiles during the risk assessment sessions. The discussions relating to ERM, and risk profiles are carried out through the ERM Committee which sits every quarter.

The periodic reporting to both the Board and BARC on the risk management activities undertaken by the ERM Committee, to keep the Board and the BARC apprised and advised of all aspects of the enterprise risk management, and significant risks and risk trends.

STATEMENT ON RISK MANAGEMENT & INTERNAL CONTROL

Enterprise Risk Management (ERM) Policy & Framework

In order to achieve a sound system of risk management and internal control, the board and management ensure that the risk management and control framework is embedded into the culture, processes and structures of the company. The framework was designed to be responsive to changes in the business environment and clearly communicated to all levels.

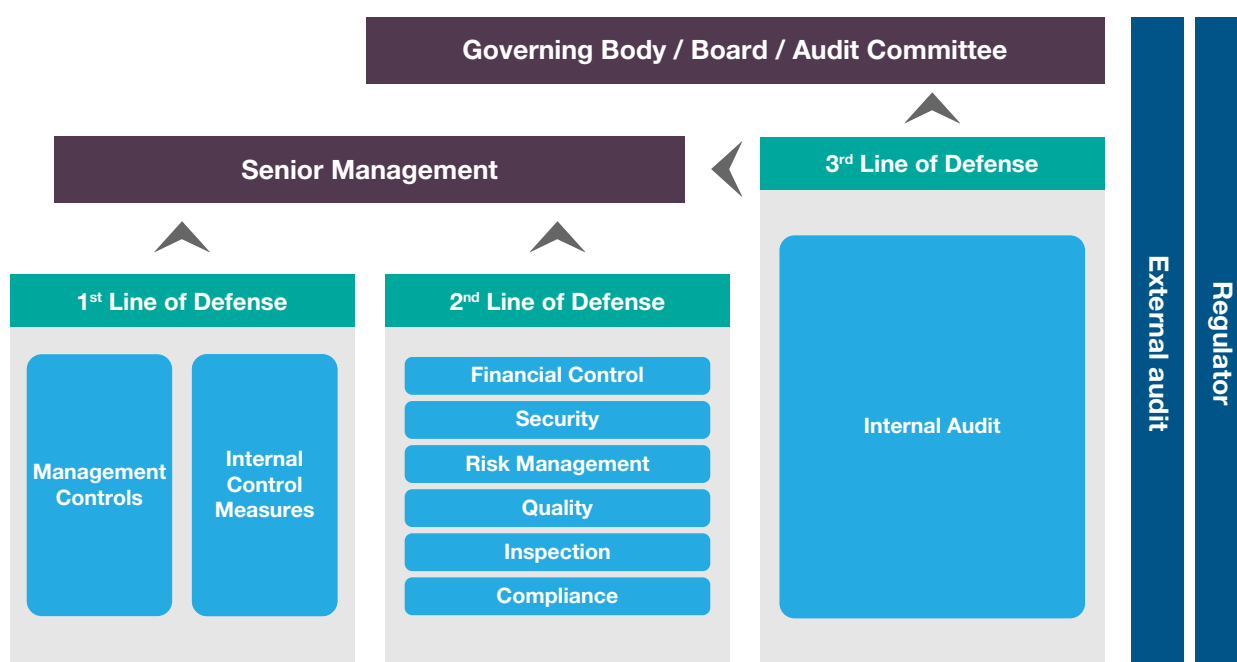

The Manager plans and executes activities to ensure that the risks inherent its management of the Fund are identified and effectively managed to achieve an appropriate balance between realizing opportunities for gains while minimizing losses to the Fund.

The Board adopted the enhanced Enterprise Risk Management : ("ERM") Framework. The ERM Policy & Framework has been enhanced with the Group's risk profiles being updated and action plans formulated and monitored focusing on principal business risks. It also identified the ERM reporting structure and frequency of reporting, the responsibilities of the Board Committees for ERM, the key elements of the risk assessment process and also specifies the level of risk tolerance expressed through the use of a risk consequence and likelihood matrix.

Identified key risks of the group were assessed and recorded in the risk profiles. The risk owners are to monitor and timely update their risk profiles on an on-going basis. The update of the risk profiles includes changes to operational, financial and compliance risks and the identification of emerging risks arising from changing business conditions as well as the adequacy and effectiveness of the related controls. Advice from the Risk management Department, ERM Committee and BARC are updated in the Risk Profiles as a method to improve mitigation plan to address residual risks. Being in the REIT, it is inherent that the Fund is facing with the key risks such as acquisition risks, capital management risks which include management of gearing levels and alternative means of funding expansion of property portfolio and fund growth and ensuring optimisation of returns to unitholders.

The ERM process evaluation are undertaken by the ERM Committee every quarterly a year to assess and evaluate risks that may impede the Group from achieving its strategic and operational objectives, as well as developing action plans to mitigate such risks and to monitor Mitigation Performance. The result of the risk updates was deliberated on the root cause causes, existing controls, severity, impact and action plans to address the top risk of the organisation at the BARC meetings. The updated risk profile was used as a basis to develop a risk-based internal audit plan for the financial year ended 31 December 2021, which was approved by the BARC. Results of the risk review were then reported to the Board for endorsement and approval.

On 15 November and 2 December 2021, the BARC and the Board approved the revision of the ERM to include a more detailed designation of risk management responsibilities across in ERM reporting structure. The designation of responsibilities includes the 3-line defence model by the IIA. The revised ERM reporting structure and designation of responsibilities is as below:

Adapted model of Three Lines of Defence (The Institute of Internal Auditors, 2013)

STATEMENT ON RISK MANAGEMENT & INTERNAL CONTROL

Responsibilities and Processes in the Three Lines of Defence Model

The Board and the BARC	
Responsibilities	Governing overall risk oversight responsibility including defining the appropriate governance structure and risk appetite.
Process	<ul style="list-style-type: none"> • Articulates and provides direction on risk appetite, organisational control environment and risk culture. • Provide an independent view on specific risk and control issues, the state of internal controls, trends and events
▲	
3 rd Level of Defence: Internal Audit	
Responsibilities	<ul style="list-style-type: none"> • Provide independent assurance design and effectiveness on an organisation's risk management, governance and internal control processes are operating effectively. • Assurance about design and effectiveness
Process	Perform risk-based internal audit and independent reporting to Management and BARC
▲	
2 nd Level of Defence: Risk Management and the ERM	
Responsibilities	<ul style="list-style-type: none"> • Oversees the operationalisation of risk management strategies as well as frameworks and policies. • Independent reporting to the management and BARC • Advisor to 1st line/ 1st Level of Defence: Business Line Management/ Risk Owners
Process	Monitors the consistent enforcement of ERM Policy & Framework, reviews and endorses risk parameter, risk appetite, risk profile and treatment options and risk action plans.
▲	
1 st Level of Defence: Business Line Management/ Risk Owners	
Responsibilities	<ul style="list-style-type: none"> • The Senior Management who form the 1st line of defence are primarily responsible for managing process, • They are also responsible for controlling risks by using business control and compliance frameworks, implement internal control processes and adequate control • Manage day-to-day risk inherent in business activities as guided by the established risk strategies, frameworks and policies
Process	Identification and assessment of risk, implementation and monitoring of risk action plans.

In ensuring that there is a consistency to the methods used in managing risks throughout the organisation, both at the strategic and operation level of risk appetites were pre-determined to ascertain that the risk management efforts are aligned with the Fund's business objectives. The risk appetites also outline enhanced and explicit requirements for managing risks and assists in understanding the impact of uncertainties inherent in business decisions especially impacts relating to the Covid-19 outbreak and the Movement Control Order (MCO) in business operations and strategic direction.

An expansion of risk appetite parameters was proposed at the Board Investment Committee (BIC) to further regulate future diversification exercises.

In addition to the above, the revised ERM Policy & Framework also incorporate the ESG risks to provide a holistic approach to risk management.

STATEMENT ON RISK MANAGEMENT & INTERNAL CONTROL

Key Elements of Internal Control

The Board acknowledges that the internal control systems are designed to identify, evaluate, monitor, and manage the risks that may hinder the Group from achieving its goals and objectives.

The Manager's Internal Control Policy and Procedures (ICPP) was designed to provide reasonable assurance regarding the achievement of objectives in the following categories:

- Effectiveness and efficiency of operations
- Reliability of financial reporting
- Compliance with applicable laws and regulations

The ICPP is a reference tool for all employees to identify and assess operating controls, financial reporting, and legal/regulatory compliance processes and to take action to strengthen controls where needed. By developing effective systems of internal control, we can contribute to Damansara REIT Managers Sdn Berhad (DRMSB)'s ability to meet its objectives and reducing the potential liability arising from non-compliance to regulatory requirements, fraud and lack of efficiency and effectiveness in operations.

This guide is designed to satisfy the basic objectives of most business systems as they relate to carrying out the responsibilities of the REIT Manager/ DRMSB. An effective check and balance control environment is fundamental for ensuring a sound internal control system in the Fund's operations. The Board and Management are committed to maintain an effective internal control environment by continuously enhancing the design of internal control systems to ensure that they are relevant and effective to promote operational agility while ensuring corporate governance and compliance to regulatory guidelines.

The key elements and/or features of internal control system established for maintaining strong corporate governance are as follows:

1. The Standard Operating Procedures (SOPs) with specified roles and responsibilities in the reporting structure to incorporate the elements of checks and balances which are aligned to the business and compliance requirements.
2. Limit of Authority (LOA) Policy is in place for approving capital expenditure and matters on financial, treasury, legal and secretarial, audit, Human Resource, Procurement & Contract Management, Investment and Corporate matters - aimed at keeping potential risk exposures under control. A revision in the LOA was tabled to the BARC on 15 November 2021 and approved at the Board on 2 December 2021.

In relation to this, the REIT Manager has formulated the Procurement Policy with the objectives of ensuring alignment of procurement practices across departments and business units within the Johor Corporation Group of companies and adoption of the following best practices which includes transparency in processes and management of integrity risks. The policy was approved by the Board on 18 February 2021.

The Investment Policy was set up with the objectives of:

- To have a framework for disciplined approach to investing
- To establish reasonable expectations and guidelines for investment and divestments
- To create a diversified investment portfolio that can generate acceptable medium-to-long term returns at reasonable risk tolerance levels
- To establish governance for monitoring investment performance

The Investment Policy was approved by the Board on 18 February 2021.

3. Documented policies and procedures are also in place subject to review every now and then to ensure that it maintains its effectiveness to support the REIT's business activities. These include the ERM Framework, Internal Control Policy Manual, Compliance Framework and Policy. The Manager has revised its the Business Continuity Management (BCM) and Disaster Recovery Plan (DRP) Policy, which was approved by the Board on 25 January 2021.
4. The BCM Drill/ testing is undertaken annually, and the results presented to the BARC and the Board for their notation. The Company has also undertaken an IT Risk assessment and Penetration Test which was concluded on 12 April 2021 and presented to the Board on 19 May 2021. Based on the outcome of the IT Risk, the Management has formulated the IT Policy which was recommended by the BARC and approved by the Board on 15 November 2021 and 2 December 2021 respectively.

STATEMENT ON RISK MANAGEMENT & INTERNAL CONTROL

5. Strategic Planning and Annual budgets are prepared by the REIT's operations. Analysis and reporting of variances against budget are presented to the Board and the trustee as required by the Trust Deed which act as a monitoring mechanism and reviewed half-yearly.
6. Quarterly and annual financial statements containing key financial results as well as operational performance results of the Fund are prepared and reported to the BARC and the Board.
7. Timely company briefings with analysts are conducted to apprise the shareholders, stakeholders and general public of the Fund's performance while promoting transparency and open discussion. During the year under review a company briefing was carried out on 13 September 2021.
8. The Chief Executive Officer is involved in the running of the day-to-day business operations by meeting up with both management and operation on a weekly basis to monitor the performance and profitability of the Fund's businesses. This is carried out via the weekly Management Committee Meetings and ad-hoc meetings to discuss progress of high-risk corporate projects and exercises.
9. Quarterly meetings on management accounts results against prior periods are conducted with significant variances explained and appropriate actions taken or plans put in place.
10. Quarterly meetings with the Trustee are carried out to discuss operational and financial performance of the Fund and the properties. During the year under review, four (4) meetings with the Trustee were carried out on 22 February, 1 July, 28 October, and 28 December 2021.
11. The Manager tabled its succession planning framework at the Board meeting and obtained approval of the Board at the Board meeting on 2 December 2021. The framework includes identification of future successors and leadership training for candidates of critical positions.
12. Guidelines on employment, 360 degrees performance appraisal are currently in practice to ensure the Manager's ability to operate in an effective and efficient manner. A comprehensive performance management system that links succession planning with elements of core competencies, training needs analysis and training plan, appraisal and reward system was formalized in 2021.
13. The Human Resource Unit is in charge of the Safety & Health issues at the operating level to address and ensure compliance with Occupational Safety and Health policies and procedures, with a goal to facilitate the provision of a safe working environment for employees. Two (2) designated officers have been appointed to be responsible and act as OSH Officers to ensure compliance with the requirement to Act 514 Occupational Safety and Health Act 1994.
14. In the new normal brought about by the COVID-19 pandemic the REIT Manager has taken a prudent approach in ensuring that where employees are to Work from Home (WFH), where applicable, proper equipment, safety training and policies are provided or be in place, to ensure the employee's health, safety and welfare are accordingly protected in the course of their work.

With the MCO being lifted and working at office was allowed, the Manager has looked at indicators for risk assessment indicators at the workplace and the associated control measures:

- scanning upon entry to office building or daily temperature check
- daily attendance report to the supervisory division of the Securities Commission
- office sanitisation
- monitor vaccination status of employees

15. The Manager undertakes adequate insurance coverage on both its employees and assets to ensure both are sufficiently insured against any losses arising from various perils faced in the Manager's/ Fund's operations.
16. The Manager has, in place the KPI reporting to drive awareness of shared management responsibility on their contribution towards enhancing the operating performance in achieving the business objectives.
17. Internal audit is outsourced to ensure independence in audit function, which include performing regular reviews of business processes to assess the effectiveness of the internal control system and to highlight significant risks impacting the Company with recommendations for improvement. The internal audit team reports directly to the BARC.
18. Evaluations of outsourced service providers on critical business functions are carried out on a yearly basis and presented to the Board.

STATEMENT ON RISK MANAGEMENT & INTERNAL CONTROL

19. Senior management team conducts regular discussions with property, maintenance, and service managers to discuss issues for improvement and to promote better understanding to facilitate cognizance in decision-making capability. During the year under review, eleven (11) meetings with the Property Manager were carried out on 3 February, 25 February, 31 March, 28 April, 3 June, 28 June, 2 August, 24 August, 23 September, 27 October, and 29 December 2021.
20. The Manager launched its Anti-Bribery & Corruption Framework and the Whistleblowing Policy effective 1 June 2020, which is guided by the Guidelines on Adequate Procedures issued under section 17A(5) of the MACC Act to mitigate corruption and integrity risks.
21. On 7 September 2021, the Personal Data Protection (PDP) Policy was tabled and approved by the Board to provide assurance to its data owners – tenants, directors and employees that their personal data will be safeguarded and protected by the Fund.
22. The Board, on 2 December 2021 has also approved the Anti-Money Laundering and Anti-Terrorism Financing Policy and undertakes the following approach:
 - (a) **Compliance with laws:** Service is not provided where there is good reason to suppose that transactions are associated with money laundering (ML) or terrorist financing (TF) activities.
 - (b) **Co-operation with law enforcement agencies:** The Management and the Board must co-operate fully with relevant law enforcement agencies. This includes taking appropriate measures such as timely disclosure of information to relevant law enforcement agencies.
 - (c) **Establishing internal controls:** Issue and adopt policies and procedures which are consistent with the principles set out under the AMLA and these Guidelines, which include ongoing training programmes to keep its board of directors, the management, and employees abreast on matters under the AMLA and SC AMLA Guidelines.
 - (d) **Risk-based approach:** Ensure that the depth and breadth of its policies and procedures to identify, assess, monitor, manage and mitigate risks commensurate with the nature, scale and complexity of its activities.
 - (e) **Customer Due Diligence:** Have an effective procedure to identify its customers and to obtain satisfactory evidence to verify its customers' identity.
23. The Group has established processes and procedures to ensure the quarterly and annual reports, which cover the Group's performance, are submitted to Bursa Malaysia for release to shareholders and stakeholders on a timely basis. All quarterly results are reviewed by the Board prior to their announcements. The Annual Report of the Group is issued to the shareholders within the stipulated time as prescribed under the MMLR of Bursa Securities.

INTERNAL AUDIT

The Manager outsources its Internal Audit function, which reports independently to the BARC to provide the Board with adequate assurance it requires regarding the adequacy and effectiveness of risk management, internal control and governance processes.

The Internal Audit Team (IAT) adopts a risk-based approach in executing the annual audit plan that focuses on major business units and/or operations. The annual audit plan is reviewed and approved by the BARC. The IAT reports directly to the BARC on the outcome of its appraisal of the operational activities. Significant audit findings are presented and deliberated by the BARC on a quarterly basis or as appropriate. The IAT also monitors the implementation of audit recommendations in order to obtain assurance that all major risks and controls measures identified have been reasonably addressed by the management in an effective and timely manner.

STATEMENT ON RISK MANAGEMENT & INTERNAL CONTROL

BOARD ASSURANCE AND LIMITATION

The Board acknowledges its overall responsibility for reviewing the adequacy and integrity of the Group's systems of internal control, identifying principal risks, and establishing appropriate control environment and framework to manage risks. The Board continues to derive its comfort of the state or risk management and internal control of the Fund from the following oversight mechanisms and information compiled for these oversight processes:-

- periodic review of financial information covering financial performance and quarterly financial results;
- BARC's oversight of risk management framework, changes in risk magnitudes and status of management implementation of risk mitigation plan;
- BARC's review and consultation with Management on the integrity of the financial results and audited financial statements;
- audit findings and reports on the review of systems of internal control provided by the internal auditors and status of Management's implementation of the audit recommendations; and
- Management's assurance that the Group's risk management and internal control systems have been operated adequately and effectively, in all material respects.

Executive Director and Head of Finance of the Company ensure that the Group's risk management and internal control system is operating adequately and effectively, in all material aspects, based on the risk management and internal control system of the Company.

For the financial year under review, the Board is satisfied that the existing level of systems of risk management and internal control is effective to enable the Group to achieve its business objectives and there were no material losses resulted from in this Annual Report.

The Board recognises that the systems of risk management and internal control should be continuously improved in line with the evolving business development. Nonetheless, it should be noted that all risk management systems and systems of internal control could only manage rather than eliminate risks of failure to achieve business objectives. Therefore, these systems of risk management and internal control in the Group can only provide reasonable but not absolute assurance against material misstatements, frauds, and losses.

The Board will continue to monitor all major risks affecting the Group and take necessary measures to mitigate them and continue to enhance the adequacy and effectiveness of the risk management and internal control systems of the Group.

REVIEW OF THE STATEMENT BY EXTERNAL AUDITORS

The External Auditors have performed limited assurance procedures on this Statement on Risk Management and Internal Control ("Statement") in accordance with Malaysian Approved Standard on Assurance Engagements, ISAE 3000 (Revised), Assurance Engagements Other Than Audits or Reviews of Historical Financial Information and AAPG 3, Guidance for Auditors on Engagements to Report on the Statement on Risk Management and Internal Control included in the Annual Report.

They have reported to the Boards that nothing has come to their attention that causes them to believe the Statement intended to be included in the Annual Report is not prepared, in all material respects, in accordance with the disclosures required by Paragraphs 41 and 42 of Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Issuers nor is the Statement factually inaccurate.

This Statement is made in accordance with the resolution of the Board of Directors on 24 February 2021.

ADDITIONAL COMPLIANCE INFORMATION

The information set out below is disclosed in compliance with the Main Market Listing Requirements of Bursa Malaysia Securities Berhad and Securities Commission's Guidelines on Listed Real Estate Investment Trusts.

Sanctions or Penalties

There was no public sanction or penalty imposed on the Manager by the relevant Estate Investment Trust.

Status of Utilisation Proceeds Raised From Corporate Proposal

There was no issuance of new units during the FY2021.

Audit and Non-Audit Fees

For information, please refer to page 128

Recurrent Related Party Transactions

At an Annual General Meeting held on 28 April 2021, the Company obtained a mandate from its shareholders ("Shareholders' Mandate") for recurrent related party transactions ("RRPTs") of a revenue or trading nature.

In compliance with Paragraph 10.09(2)(b) and Paragraph 3.1.5 of Practice Note 12 of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad ("MMLR"), such Shareholders' Mandate is subject to annual renewal and the disclosure in the Annual Report of RRPTs conducted pursuant to the mandate during the financial year ended 31 December 2021 where the aggregate value of such RRPTs is equal to or more than RM1 million or 1% of the relevant percentage ratio for such transactions, whichever is the higher.

Set out below are the relevant RRPTs for which Shareholders' Mandate had been obtained together with a breakdown of the aggregate value of the RRPTs which had been conducted pursuant to the Shareholders Mandate and had met the prescribed threshold.

Transacting Party	Nature of transaction	Nature of Relationship	Value incurred from 8 March 2021 (LPD) to 31 Dec 2021 (RM'000)	Aggregate value of transactions during the financial year (RM'000)

SHARIAH ADVISER'S REPORT

To The Unitholders of Al-Salām Real Estate Investment Trust

We have acted as the Shariah Adviser of **AL-SALĀM REAL ESTATE INVESTMENT TRUST** (the "Fund"). Our responsibility is to ensure that the procedures and processes employed by **DAMANSARA REIT MANAGERS SDN BERHAD** (the "Manager") and that the provisions of the Trust Deed are in accordance with Shariah principles.

In our opinion, based on our review of the documents and information made available to us, the Manager has operated and managed the Fund in accordance with applicable guidelines pertaining to Shariah matters, and principles, concepts and rulings endorsed by the Shariah Advisory Council of the Securities Commission ("SACSC") for the financial year ended 31 December 2021.

In addition, we also confirm that:

1. The investment portfolio of the Fund is Shariah compliant, which comprises:
 - a) Rental income from investment properties which complied with the Securities Commission Malaysia's Guidelines on Listed Real Estate Investment Trust. The percentage ratio of Shariah non-compliant rental for the financial year ended 31 December 2021 is within the threshold at 2.9875%; and
 - b) Cash placement and liquid assets, which are placed in Shariah-compliant investments and/or instruments.
2. There was no acquisition of property that is deemed to be during the financial year Shariah non-compliant

For and on behalf of the Shariah Advisory Committee,

DATO' (DR) HAJI NOOH BIN GADOT

Chairman, Shariah Committee

21 February 2022

**TRUSTEE'S
REPORT**

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2021

To the Unit Holders of
AL-SALĀM REAL ESTATE INVESTMENT TRUST

We, AMANAHRAYA TRUSTEES BERHAD, have acted as Trustee of AL-SALĀM REAL ESTATE INVESTMENT TRUST for the financial year ended 31 December 2021. In our opinion, DAMANSARA REIT MANAGERS SDN BERHAD, the Manager, has managed AL-SALĀM REAL ESTATE INVESTMENT TRUST in accordance with the limitations imposed on the investment powers of the management company and the Trustee under the Deed, other provisions of the Deed, the applicable Guidelines on Real Estate Investment Trusts, the Capital Markets and Services Act 2007 and other applicable laws during the financial year then ended.

We are of the opinion that:

- (a) the procedures and processes employed by the Manager to value and/or price the units of AL-SALĀM REAL ESTATE INVESTMENT TRUST are adequate and that such valuation/pricing is carried out in accordance with the Deed and other regulatory requirement; and
- (b) the distribution of returns made by AL-SALĀM REAL ESTATE INVESTMENT TRUST AS DECLARED BY THE MANAGER IS IN ACCORDANCE WITH THE INVESTMENT OBJECTIVE OF AL-SALĀM REAL ESTATE INVESTMENT TRUST.

Yours faithfully
AMANAHRAYA TRUSTEES BERHAD

ZAINUDIN BIN SUHAIMI
Chief Executive Officer

Kuala Lumpur, Malaysia

MANAGER'S REPORT

The Manager of Al-Salām Real Estate Investment Trust (the “Fund”), Damansara REIT Managers Sdn Berhad (the “Manager”) hereby present their report and the audited financial statements of the Group and of the Fund for the financial year ended 31 December 2021.

The Fund and its investment objective

The Fund is a Malaysia-based real estate and investment trust established pursuant to the execution of a Trust Deed dated 26 March 2015 between the Fund, the Manager and AmanahRaya Trustees Berhad (the “Trustee”). The said Trust Deed was registered with the Securities Commission Malaysia on 30 March 2015 which is the Fund’s establishment date. The Fund was listed on the Main Market of Bursa Malaysia Securities Berhad on 29 September 2015.

On 6 June 2019, at the Extraordinary General meeting the unitholders of the Fund has approved the proposed amendments and consolidation of the Trust Deed into Restated Trust Deed was executed and lodged on 25 November 2019 with the Securities Commission Malaysia. The Fund will continue its operations until such time as determined by the Trustee and the Manager as provided under the provision of the Restated Trust Deed (the “Deed”).

The Fund’s key objective is to provide unitholders with regular and stable income distributions, sustainable long term unit prices and distributable income and capital growth, while maintaining an appropriate capital structure.

The principal activity of the subsidiary is as a special-purpose company for the purpose of raising Islamic financing for Al-Salām Real Estate Investment Trust.

This objective is sought to be achieved by optimising the performance and enhancing the overall quality for a large and geographically diversified portfolio of Shariah-compliant real estate assets through various permissible investment and business strategies.

The Manager and its principal activity

The Manager is a company incorporated in Malaysia and is a wholly-owned subsidiary of Damansara Assets Sdn Bhd, a company incorporated in Malaysia. The directors of the Manager consider Johor Corporation as the ultimate holding corporation of the Manager, a body corporate established under the Johor Corporation Enactment No. 4, 1968 (as amended by Enactment No. 5, 1995).

The principal activity of the Manager is that of managing real estate investment trusts. There has been no significant change in the nature of the principal activity during the financial year.

Manager's investment strategies and policies

The Fund is authorised to invest in real estate, special-purpose-vehicles (“SPVs”), real estate- related assets, non-real estate-related assets, cash, Shariah-compliant deposits, Islamic money market instruments and any other investments not specified above but specified as a permissible investment in the Guidelines on Real Estate Investment Trust (the “REIT Guidelines”) and the Guidelines for Islamic Real Estate Investment Trust (the “Islamic REIT Guidelines”) as issued by the Securities Commission Malaysia or as otherwise permitted by the Securities Commission Malaysia.

To achieve the Fund's primary objective, the Manager will seek to achieve the following strategies:

(a) Active asset management strategy

The Manager will seek to optimise the rental rates, occupancy rates and Net Lettable Area (“NLA”) of the Fund’s properties in order to improve the returns from the Fund’s property portfolio.

(b) Acquisition growth strategy

The Manager will source for and acquire properties that fit within the Fund’s investment strategy to enhance returns to unitholders and to capitalise on opportunities for future income and net asset value growth.

MANAGER'S REPORT

Manager's investment strategies and policies (cont'd.)

(c) Capital and risk management strategy

The Manager will endeavour to employ an appropriate mix of debt and equity in financing acquisitions, seek to manage financing and refinancing risk and to adopt an active financing rate management strategy to manage the risks associated with changes in financing rates.

The investments of the Fund are subject to the following investment limits imposed by the REIT Guidelines:

- (a) at least 50% of the Fund's total asset value must be invested in real estate assets at all times; and
- (b) not more than 25% of the Fund's total asset value may be invested in non-real estate-related assets and/or cash, Shariah-compliant deposits and Islamic money market instruments,

The investments of the Fund are limited to instruments in both real estate-related assets and non-real estate-related assets as follows:

- (a) the value of the Fund's investments in securities issued by any single issuer must not exceed 5% of the Fund's total asset value;
- (b) the value of the Fund's investment in securities issued by any group of companies must not exceed 10% of the Fund's total asset value; and
- (c) the Fund's investment in any class of securities must not exceed 10% of the securities issued by any single issuer; or

Such other limits and investments as may be permitted by the Securities Commission Malaysia or the REIT Guidelines.

Directors of the Manager

The directors of the Manager in office since the beginning of the financial year and to the date of this report are:

(Resigned on 10 March 2021)
(Resigned on 29 December 2021)

Directors of the Manager's benefits

Since the date of the previous financial year, no director of the Manager has received or become entitled to receive any benefit (other than benefits which accrue from the fee paid to the Manager or from transactions made with companies related to the Manager) by reason of a contract made by the Manager or the Fund or a related corporation with any director or with a firm of which the director is a member, or with a company in which the director has a substantial financial interest.

Neither at the end of the financial year, nor at any time during that period, did there subsist any arrangement to which the Manager of the Fund is a party, with the object or objects of enabling the directors of the Manager to acquire benefits by means of the acquisition of units in or debentures of the Fund or any other body corporate.

MANAGER'S REPORT

Directors of the Manager's interests

According to the Register of Directors' Shareholding, none of the directors in office at the end of financial year held any interest in shares in the Company during and at the end of the financial year.

None of the directors in office at the end of the financial year had any interest in shares in the Company or its related corporations during the financial year.

Manager's remuneration

Pursuant to the Deed dated 25 November 2019, the Manager is entitled to receive from the Fund:

- (a) A base management fee of up to 1% per annum of total asset value (excluding cash and bank balances) of the Fund calculated on a monthly accrual basis;
- (b) An acquisition fee of 1% of the transaction value (being the total purchase price) of any investment property directly or indirectly acquired from time to time by the Trustee for and on behalf of the Fund pro-rated, if applicable, to the proportion of the Fund's interest and payable to the Manager upon completion of the acquisition of the investment property; and
- (c) A disposal fee of 0.5% of the transaction value (being the total sales price) of any investment property directly or indirectly sold from time to time by the Trustee for and on behalf of the Fund pro-rated, if applicable, to the proportion of the Fund's interest and payable to the Manager upon completion of the disposal of the investment property.

Soft commission

During the year, the Manager did not receive any soft commission from its broker, by virtue of transactions conducted by the Fund.

Reserves and provision

There was no material transfer to and from reserves or provisions during the year, other than those as disclosed in the statement of changes in net asset value.

Holding company and corporation

The immediate holding company is Damansara Assets Sdn. Bhd., the ultimate holding corporation is Johor Corporation, a body corporate established under the Johor Corporation Enactment No. 4, 1968 (as amended by the Enactment No. 5, 1995). Both holding company and corporation are incorporated in Malaysia.

Other statutory information

- (a) Before the statements of comprehensive and statements of financial position of the Group and the Fund were made out, the Manager took reasonable steps:
 - (i) to ascertain that proper action had been taken in relation to the writing off of bad debts and the making of provision for doubtful debts and satisfied themselves that all known bad debts had been written off and that adequate provision had been made for doubtful debts; and
 - (ii) to ensure that any current assets which were unlikely to realise their value as shown in the accounting records in the ordinary course of business had been written down to an amount which they might be expected so to realise.
- (b) At the date of this report, the Manager is not aware of any circumstances which would render:
 - (i) the amount written off for bad debts or the amount of the provision for doubtful debts in the financial statements of the Group and of the Fund inadequate to any substantial extent; and
 - (ii) the values attributed to the current assets in the financial statements of the Group and of the Fund misleading.

MANAGER'S REPORT

Other statutory information (cont'd.)

- (c) At the date of this report, the Manager is not aware of any circumstances which have arisen which would render adherence to the existing method of valuation of assets or liabilities of the Group and of the Fund misleading or inappropriate.
- (d) At the date of this report, the Manager is not aware of any circumstances not otherwise dealt with in this report or financial statements of the Group and of the Fund which would render any amount stated in the financial statements misleading.
- (e) As at the date of this report, there does not exist:
- (i) any charge on the assets of the Group and of the Fund which has arisen since the end of the financial year which secures the liabilities of any other person; or
 - (ii) any contingent liability in respect of the Group and of the Fund which has arisen since the end of the financial year.
- (f) In the opinion of the Manager:
- (i) no contingent or other liability has become enforceable or is likely to become enforceable within the period of twelve months after the end of the financial year which will or may affect the ability of the Group or of the Fund to meet their obligations when they fall due; and
 - (ii) no item, transaction or event of a material and unusual nature has arisen in the interval between the end of the financial year and the date of this report which is likely to affect substantially the results of the operations of the Group or of the Fund for the financial year in which this report is made.

Auditors

The auditors, Ernst & Young PLT, have expressed their willingness to continue in office.

Auditors' remuneration is as follows:

	Group RM	Fund RM
Audit fees		
- Current year	190,000	155,000
- Other service	10,000	10,000
	200,000	165,000

To the extent permitted by law, the Manager of the Fund has agreed to indemnify its auditors, Ernst & Young PLT, as part of the terms of its audit engagement against claims by third parties arising from the audit (for an unspecified amount). No payment has been made to indemnify Ernst & Young PLT during or since the financial year.

Signed on behalf of the Board of the Manager in accordance with a resolution of the directors of the Manager dated 24 February 2022

Dato' Haji Mohd Redza Shah bin Abdul Wahid

Wan Azman bin Ismail

Kuala Lumpur

STATEMENT BY THE DIRECTORS OF THE MANAGER

We, Dato' Haji Mohd Redza Shah bin Abdul Wahid and Wan Azman bin Ismail, being two of the directors of Damansara REIT Managers Sdn Berhad (the "Manager"), do hereby state that, in the opinion of the Manager, the financial statements of Al-Salām Real Estate Investment Trust (the "Fund") set out on pages 134 to 181 are drawn up in accordance with applicable provisions of the Deed dated 25 November 2019, Malaysian Financial Reporting Standards and International Financial Reporting Standards so as to give a true and fair view of the financial position of the Group and of the Fund as at 31 December 2021 and of their financial performance and cash flows for the year then ended.

Signed on behalf of the Board of the Manager in accordance with a resolution of the directors of the Manager dated 24 February 2022

Dato' Haji Mohd Redza Shah bin Abdul Wahid

Wan Azman bin Ismail

STATUTORY DECLARATION

I, Wan Azman bin Ismail, being the Executive Director of the Manager primarily responsible for the financial management of Al-Salām Real Estate Investment Trust, do solemnly and sincerely declare that the accompanying financial statements set out on pages 134 to 181 are in my opinion correct, and I make this solemn declaration conscientiously believing the same to be true, and by virtue of the provisions of the Statutory Declarations Act, 1960.

Subscribed and solemnly declared
by the abovenamed Wan Azman bin Ismail
at Kuala Lumpur in the Federal Territory
on

Wan Azman bin Ismail

Before me,

Commissioner for Oaths
Kuala Lumpur

INDEPENDENT AUDITORS' REPORT

Report on the audit of the financial statements

Opinion

We have audited the financial statements of Al-Salām Real Estate Investment Trust (the "Fund"), which comprise the statements of financial position as at 31 December 2021 of the Group and of the Fund, and statements of comprehensive income, statements of changes in net asset value and statements of cash flows of the Group and of the Fund for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 134 to 181.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Fund as at 31 December 2021, and of their financial performance and their cash flows for the year then ended in accordance with Malaysian Financial Reporting Standards and International Financial Reporting Standards.

Basis for opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence and other ethical responsibilities

We are independent of the Group and the Fund in accordance with the By-Laws (on Professional Ethics, Conduct and Practice) of the Malaysian Institute of Accountants ("By-Laws") and the International Code of Ethics for Professional Accountants (including International Independence Standards) ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the Group and of the Fund for the current year. These matters were addressed in the context of our audit of the financial statements of the Group and of the Fund as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the Auditors' responsibilities for the audit of the financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis of our audit opinion on the accompanying financial statements.

Valuation of investment properties

The Group and the Fund adopt fair value model for their investment properties. As at 31 December 2021, the carrying amount of the Group's and the Fund's investment properties is RM1,177,236,522 which represents 94% of the Group's and of the Fund's total assets.

We have identified this as an important area of our audit given the significance of the investment properties and the complex valuation method which is based on assumptions that are highly judgmental.

INDEPENDENT AUDITORS' REPORT

Key audit matter (cont'd.)

Valuation of investment properties (cont'd.)

Our audit procedures focused on the valuations performed by firms of independent valuers, which included, amongst others, the following procedures:

- We considered the objectivity, independence and expertise of the firms of independent valuers;
- We obtained an understanding of the methodology adopted by the independent professional valuers in estimating the fair value of the investment properties and assessed whether such methodology is consistent with those used in the industry;
- We had discussions with the independent professional valuers to obtain an understanding of the property related data used as input to the valuation models which included, amongst others, rental income data, yield rate and discount rate;
- We tested the accuracy of rental income data applied in the valuation by comparing them with lease agreements and challenged yield rate by comparing them with available industry data, taking into consideration comparability and market factors;
- We assessed whether the discount rate used to determine the present value of the cash flows reflects the estimated market rate of return for comparable assets with similar profile; and
- We also evaluated the Group's and the Fund's disclosures on those assumptions to which the outcome of the valuation is most sensitive. The disclosures on the valuation sensitivity and significant assumptions used are included in Note 3.2 and 10 to the financial statements.

Information other than the financial statements and auditors' report thereon

The Manager of the Fund is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements of the Group and of the Fund and our auditors' report thereon.

Our opinion on the financial statements of the Group and of the Fund does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Group and of the Fund, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Group and of the Fund or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Manager and Trustee for the financial statements

The Manager of the Fund is responsible for the preparation of financial statements of the Group and of the Fund that give a true and fair view in accordance with Malaysian Financial Reporting Standards and International Financial Reporting Standards. The Manager is also responsible for such internal control as the Manager determine is necessary to enable the preparation of financial statements of the Group and of the Fund that are free from material misstatement, whether due to fraud or error. The Trustee is responsible for ensuring that the Manager maintains proper accounting and other records as are necessary to enable true and fair presentation of these financial statements.

In preparing the financial statements of the Group and of the Fund, the Manager is responsible for assessing the Group's and the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Manager either intend to liquidate the Group or the Fund or to cease operations, or have no realistic alternative but to do so.

INDEPENDENT AUDITORS' REPORT

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Group and of the Fund as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements of the Group and the Fund, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Manager.
- Conclude on the appropriateness of the Manager's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's or the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Group and the Fund or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group and the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements of the Group and the Fund, including the disclosures, and whether the financial statements of the Group and the Fund represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial statements of the Group. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Manager regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Manager with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the Manager, we determine those matters that were of most significance in the audit of the financial statements of the Group and of the Fund for the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

INDEPENDENT AUDITORS' REPORT

Other matters

This report is made solely to the unitholders of the Fund, as a body, in accordance with the Securities Commission's Guidelines on Real Estate Investment Trusts in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2021

1. Corporate information

Al-Salām Real Estate Investment Trust (the “Fund”) is a Malaysian domiciled Islamic Real Estate Investment Trust constituted pursuant to a Trust Deed dated 26 March 2015 between the Fund, Damansara REIT Managers Sdn Berhad (the “Manager”) and AmanahRaya Trustees Berhad (the “Trustee”). The Trust Deed was registered with the Securities Commission Malaysia (“SC Malaysia”) on 30 March 2015.

On 6 June 2019, at the Extraordinary General Meeting the unitholders of the Fund has approved the proposed amendments and consolidation of the Trust Deed into Restated Trust Deed was executed and lodged on 25 November 2019 with the Security Commission. The Fund will continue its operations until such time as determined by the Trustee and the manager as provided under the provision of the Restated Trust Deed.

The Fund is regulated by the Capital Markets and Services Act, 2007, SC Malaysia Guidelines on Real Estate Investment Trusts and Islamic Real Estate Investment Trusts (the “SC Guidelines”), the Main Market Listing Requirements of Bursa Malaysia Securities Berhad (“Bursa Malaysia”), the Rules of the Depository, and taxation laws and rulings of Malaysia. The Fund will continue its operations until such time as determined by the Trustee and the Manager as provided under the provisions of the Deed.

The Fund commenced its business operations on 6 May 2015 and was listed on the Main Market of Bursa Malaysia on 29 September 2015.

The immediate holding company is Damansara Assets Sdn. Bhd.. The ultimate holding corporation is Johor Corporation, a body corporate established under the Johor Corporation Enactment No. 4, 1968 (as amended by the Enactment No. 5, 1995). Both holding company and corporation are incorporated in Malaysia.

The immediate holding company is Damansara Assets Sdn. Bhd.. The ultimate holding corporation is Johor Corporation, a body corporate established under the Johor Corporation Enactment No. 4, 1968 (as amended by the Enactment No. 5, 1995). Both holding company and corporation are incorporated in Malaysia.

The principal activity of the Fund is to invest in Shariah-compliant properties with the primary objective of providing unitholders with regular and stable income distributions, sustainable long term unit prices and distributable income and capital growth, while maintaining an appropriate capital structure.

The principal activity of the subsidiary is as a special-purpose company for the purpose of raising Islamic financing for Al-Salām Real Estate Investment Trust.

The registered office of the Manager is located at Level 16, Menara KOMTAR, Johor Bahru City Centre, 80000 Johor Bahru, Johor, Malaysia.

The principal place of business of the Manager is located at Unit 1-19-02, Level 19, Block 1, V SQUARE, Jalan Utara, 46200 Petaling Jaya, Selangor, Malaysia.

NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2021 (CONT'D)

1. Corporate information (cont'd.)

The Fund has entered into several service agreements in relation to the management of the Fund and its property operations. The fees structure of these services is as follows:

(a) Property manager's fees

Under a Property Management Agreement dated between the Fund, the Manager and Exastrata Solution Sdn Bhd (the "Property Manager"), the Property Manager is entitled to receive property manager's fees.

The property manager's fee for the current financial year is RM467,400 (2020: RM483,915).

(b) Manager's fees

Pursuant to the Deed dated 25 November 2019, the Manager is entitled to receive the following fees from the Fund:

- (i) A base management fee of up to 1% per annum of total asset value (excluding cash and bank balances) of the Fund calculated on a monthly accrual basis. The Manager's base management fee for the current financial year is RM2,477,759 (2020: RM2,323,291).
- (ii) An acquisition fee of 1% of the transaction value (being the total purchase price) of any investment property directly or indirectly acquired from time to time by the Trustee for and on behalf of the Fund pro-rated, if applicable, to the proportion of the Fund's interest and payable to the Manager upon completion of the acquisition of the investment property. The Manager's acquisition fee for the current financial year is RMNil (2020: RM283,200).
- (iii) A disposal fee of 0.5% of the transaction value (being the total sales price) of any investment property directly or indirectly sold from time to time by the Trustees for and on behalf of the Fund pro-rated, if applicable, to the proportion of the Fund's interest and payable to the Manager upon completion of the disposal of the investment property. The Manager did not earn any disposal fee for the current and previous financial year.

(c) Trustee's fees

Pursuant to the Deed dated 25 November 2019, the Trustee is entitled to receive a fee of up to 0.02% per annum of the net asset value of the Fund, calculated based on the monthly accrual basis and payable monthly in arrears. The Trustee's fees for the current financial year is RM119,566 (2020: RM124,660).

The financial statements of the Group and of the Fund were authorised by the Board of Directors of the Manager for issuance on 24 February 2022.

2. Significant accounting policies

2.1 Basis of preparation

The financial statements of the Group and of the Fund have been prepared in accordance with the applicable provisions of the Restated Trust Deed dated 25 November 2019, Malaysian Financial Reporting Standards ("MFRS") and International Financial Reporting Standards. These financial statements also comply with the applicable disclosure provisions of the Listing Requirements of Bursa Malaysia Securities Berhad.

The financial statements of the Group and the Fund are prepared under the historical cost basis except for investment properties and applicable financial instruments that have been measured at their fair values.

The financial statements are presented in Ringgit Malaysia ("RM") except when otherwise stated.

NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2021 (CONT'D)

2. Significant accounting policies (cont'd.)

2.2 Changes in accounting policies

The accounting policies adopted are consistent with those of the previous financial year, except in the current period, the Group and the Fund adopted the following new and amended MFRS mandatory for annual financial periods beginning on or after 1 January 2021:

Description	Effective for annual period beginning on or after
Amendments to MFRS 16: Covid-19-Related Rent Concessions	1 June 2020
Amendments to MFRS 9, MFRS 139 and MFRS 7, MFRS 4 and MFRS 16: Interest Rate Benchmark Reform - Phase 2	1 January 2021

The adoption of the above new and amended MFRS did not have any significant financial impact to the Group and the Fund.

2.3 Standards and interpretations issued but not yet effective

The standards and interpretations that are issued but not yet effective are disclosed below. The Group and the Fund intend to adopt these standards, if applicable, when they become effective:

Description	Effective for annual periods beginning on or after
Amendment to MFRS 16 Leases: Covid-19 Related Rent Concessions beyond 30 June 2021	1 April 2021
Annual improvements to MFRS Standards 2018 - 2020	1 January 2022
Amendments to MFRS 3: Reference to the Conceptual Framework	1 January 2022
Amendments to MFRS 116: Property, Plant and Equipment - Proceeds before Intended Use	1 January 2022
Amendments to MFRS 137: Onerous Contracts - Cost of Fulfilling a Contract	1 January 2022
MFRS 17 Insurance Contracts	1 January 2023
Amendments to MFRS 17 Insurance Contracts	1 January 2023
Amendment to MFRS 17 Insurance Contracts: Initial Application of MFRS 17 and MFRS 9 - Comparative Information	1 January 2023
Amendments to MFRS 101: Classification of Liabilities as Current or Non-current	1 January 2023
Amendments to MFRS 101: Disclosure of Accounting Policies	1 January 2023
Amendments to MFRS 108: Definition of Accounting Estimates	1 January 2023
Amendments to MFRS 112: Deferred Tax related to Assets and Liabilities arising from a Single Transaction	1 January 2023
Amendments to MFRS 10 and MFRS 128: Sale or Contribution of Assets between an Investor and its Associate or Joint Venture	Deferred

The Group and the Fund expect that the adoption of the above standards and interpretations will have no material impact on the financial statements in the period of application.

NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2021 (CONT'D)

2. Significant accounting policies (cont'd.)

2.4 Summary of significant accounting policies

(a) Basis of consolidation

The consolidated financial statements comprise the financial statements of the Fund and its subsidiaries as at the end of the reporting period. The financial statements of the subsidiaries used in the preparation of the consolidated financial statements are prepared for the same reporting date as the Fund. Consistent accounting policies are applied to like transactions and events in similar circumstances.

The Fund controls an investee if and only if the Fund has all the following:

- (i) Power over the investee (such as existing rights that give it the current ability to direct the relevant activities of the investee);
- (ii) Exposure, or rights, to variable returns from its involvement with the investee; and
- (iii) The ability to use its power over the investee to affect its returns.

When the Group has less than a majority of the voting rights of an investee, the Fund considers the following in assessing whether or not the Fund's voting rights in an investee are sufficient to give it power over the investee:

- (i) The contractual arrangement with the other vote holders of the investee;
- (ii) Rights arising from other contractual arrangements; and
- (iii) The Fund's voting rights and potential voting rights.

Subsidiaries are consolidated when the Group obtains control over the subsidiary and ceases when the Fund loses control of the subsidiary. All intra-group balances, income and expenses and unrealised gains and losses resulting from intra-group transactions are eliminated in full.

When the Group loses control of a subsidiary, a gain or loss calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets and liabilities of the subsidiary and any non-controlling interest, is recognised in profit or loss. The subsidiary's cumulative gain or loss which has been recognised in other comprehensive income and accumulated in equity are reclassified to profit or loss or where applicable, transferred directly to undistributed income. The fair value of any investment retained in the former subsidiary at the date control is lost is regarded as the cost on initial recognition of the investment.

Business combination

Acquisitions of subsidiaries are accounted for using the acquisition method of accounting. Under the acquisition method, the identifiable assets acquired and liabilities assumed are measured at their fair values at the acquisition date.

Acquisition costs incurred are expensed and included in administrative expenses. The difference between these fair values and the fair value of the consideration (including the fair value of any pre-existing investment in the acquiree) is goodwill or discount on acquisition.

If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Group reassesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the amounts to be recognised at the acquisition date. If the reassessment still results in an excess of the fair value of net assets acquired over the aggregate consideration transferred, then the gain is recognised in profit or loss.

In business combinations achieved in stages, previously held equity interest in the acquiree is re-measured to fair value at the acquisition date and any corresponding gain or loss is recognised in profit or loss.

NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2021 (CONT'D)

2. Significant accounting policies (cont'd.)

2.4 Summary of significant accounting policies (cont'd.)

(a) Basis of consolidation (cont'd.)

Subsidiary

A subsidiary is an entity over which the Group has all the following:

- (i) Power over the investee (such as existing rights that give it the current ability to direct the relevant activities of the investee);
- (ii) Exposure, or rights, to variable returns from its involvement with the investee; and
- (iii) The ability to use its power over the investee to affect its returns.

In the Fund's separate financial statements, investments in subsidiaries are accounted for at cost less impairment losses if any. On disposal of such investments, the difference between net disposal proceeds and their carrying amounts is included in profit or loss.

(b) Revenue recognition

(i) Rental income

The Group and the Fund earn revenue from acting as a lessor in operating leases which do not transfer substantially all of the risks and rewards incidental to ownership of an investment property.

Rental income arising from operating leases on investment property is accounted for on a straight-line basis over the lease term and is included in revenue in the statement of profit or loss due to its operating nature, except for contingent rental income which is recognised when it arises. Initial direct costs incurred in negotiating and arranging an operating lease are recognised as an expense over the lease term on the same basis as the lease income.

(a) Gross rental income

Revenue from rental of investment properties, including service charges, are recognised on a straight line basis over the period of the lease term in accordance with terms and conditions of the tenancy agreement between the Group and its tenants.

(b) Percentage rent

Rental income earned from certain tenants include percentage rent clauses whereby rent received and/or receivable is the higher of base rent and a percentage of sales earned by the tenant during the financial year. Percentage rent is recognised when it can be reliably measured by the Group.

(ii) Other income

Revenue is measured based on the consideration specified in a contract with a customer and exclude amounts collected on behalf of third parties. The Group and the Fund recognise revenue when or as it transfer control over a product or service to customer. An asset is transferred when (or as) the customer obtains control of the asset.

NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2021 (CONT'D)

2. Significant accounting policies (cont'd.)

2.4 Summary of significant accounting policies (cont'd.)

(b) Revenue recognition (cont'd.)

(ii) Other income (cont'd.)

An entity transfer control of a good or service over time and, therefore, satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

- (i) The customer simultaneously receives and consumes the benefits provided by the entity's performance as the entity performs; or
- (ii) The entity's performance creates or enhances an asset (for example, work in progress) that the customer controls as the asset is created or enhanced; or
- (iii) The entity's performance does not create an asset with an alternative use to the entity and the entity has an enforceable right to payment for payment completed to date.

If a performance obligation is not satisfied over time, an entity satisfied the performance obligation at a point in time.

(a) Parking income and event and advertising income

Parking income and events and advertising income are recognised on an accruals basis in the accounting period in which the services are being rendered.

(b) Investment income

Investment income, which comprise income earned from Islamic fixed deposit placements, are recognised on an accrual basis.

(c) Income distribution

Income distributions are recognised as a liability when they are approved by Trustee and the board of directors of the Manager. Interim distributions are deducted from unitholders' funds when they are paid.

Income distribution to unitholders that are declared after the reporting period are not recognised as a liability at the end of the reporting period.

(d) Taxation

(i) Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted, or substantively enacted, at the reporting date in the countries where the Group operates and generates taxable income.

Current income tax relating to items recognised directly in other comprehensive income or equity is recognised in OCI or in equity and not in the statement of profit or loss. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

In accordance with Section 61A(1) of the Income Tax Act 1967, the total income of the Fund will be exempted from income tax provided that at least 90% of the total taxable income of the Fund is distributed to unitholders within two months from the end of the reporting period.

NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2021 (CONT'D)

2. Significant accounting policies (cont'd.)

2.4 Summary of significant accounting policies (cont'd.)

(d) Taxation (cont'd.)

(ii) Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- (a) When the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither accounting profit nor taxable profit or loss
- (b) In respect of taxable temporary differences associated with investments in subsidiaries, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

The Group and the Fund offset deferred tax assets and deferred tax liabilities if, and only if, it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

(e) Investment properties

Property held under a lease is classified as investment property when it is held to earn rentals or for capital appreciation or both, rather than for sale in the ordinary course of business or for use in production or administrative functions.

Investment property comprises principally office building and shopping mall that are not occupied substantially for use by, or in the operations of, the Group and the Fund, nor for sale in the ordinary course of business, but are held primarily to earn rental income and capital appreciation. These buildings are substantially rented to tenants and not intended to be sold in the ordinary course of business.

Investment property is measured initially at cost, including transaction costs. Transaction costs include transfer taxes, professional fees for legal services and (only in case of investment property held under a lease) initial leasing commissions to bring the property to the condition necessary for it to be capable of operating.

NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2021 (CONT'D)

2. Significant accounting policies (cont'd.)

2.4 Summary of significant accounting policies (cont'd.)

(e) Investment properties (cont'd.)

Subsequent to initial recognition, investment property is stated at fair value, which reflects market conditions at the reporting date. The fair values were determined based on the capitalisation of net income method ("investment method") and is premised on the principle that the value of an income-producing property is represented by the "present worth of future rights to income, or utility". The valuation is performed by registered independent valuers having an appropriate recognised professional qualification and recent experience in the location and category of the properties being valued. Gains or losses arising from changes in the fair values of investment property are included in profit or loss in the period in which they arise, including the corresponding tax effect.

For the purposes of these financial statements, in order to avoid double counting, the fair value reported in the financial statements is:

- (i) Reduced by the carrying amount of any accrued income resulting from the spreading of lease incentives and/or minimum lease payments;
- (ii) In the case of investment property held under a lease, increased by the carrying amount of any liability to the head lessor that has been recognised in the statement of financial position as a finance lease obligation.

Investment property is derecognised either when it has been disposed of (i.e. at the date the recipient obtains control of the investment property in accordance with the requirements for determining when a performance obligation is satisfied in MFRS 15) or when it is permanently withdrawn from use and no future economic benefit is expected from its disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of derecognition. In determining the amount of consideration to be included in the gain or loss arising from the derecognition of investment property, the Group and the Fund consider the effects of variable consideration, the existence of a significant financing component, non-cash consideration, and consideration payable to the buyer (if any) in accordance with the requirements for determining the transaction price in MFRS 15.

(f) Equipment

Equipment are stated at cost less accumulated depreciation and any impairment losses.

Equipment are depreciated on the straight-line method at an annual rate of 10% based on its estimated useful lives.

The estimated useful lives, residual values and depreciation method of equipment are reviewed at the end of each reporting period, with the effect of any change in estimates accounted for prospectively.

Gain or loss arising from the disposal of an asset is determined as the difference between the net disposal proceeds and the carrying amount of the asset, and is recognised in profit or loss.

(g) Impairment of non financial assets

At the end of each reporting period, the Group and the Fund review the carrying amounts of their non-financial assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Group and the Fund estimate the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs to sell and value-in-use. In assessing value-in-use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2021 (CONT'D)

2. Significant accounting policies (cont'd.)

2.4 Summary of significant accounting policies (cont'd.)

(g) Impairment of non financial assets (cont'd.)

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

(h) Leases

As a lessor

Leases in which the Group and the Fund do not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms and is included in revenue in the statement of profit or loss due to its operating nature. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

(i) Islamic Financing

Islamic financing are recognised initially at fair value, net of transaction costs incurred. Islamic financing are subsequently stated at amortised cost; any difference between the fair value (net of transaction costs) and the redemption value is recognised in profit or loss over the period of the Islamic financing using the effective interest method.

Islamic financing are classified as current liabilities unless the Group and the Fund have an unconditional right to defer settlement of the liability for at least twelve months after the end of the reporting period.

Debt financing costs incurred arising from extinguishment of Islamic financing are accounted for in profit or loss in the period during which the extinguishment is concluded. Debt financing costs incurred on new Islamic financing are capitalised and amortised over the period of Islamic financing. All other Islamic financing costs are recognised in profit or loss in the period they are incurred. Islamic financing costs consist of financing costs and other costs that the Group and the Fund incurred in connection with the Islamic financing of funds.

(j) Provisions

Provisions are recognised when the Group and the Fund have a present obligation as a result of a past event, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligations, and a reliable estimate can be made.

Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provision is reversed. If the effect of the time value of money is material, provisions are discounted using a current pre tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

NOTES TO THE FINANCIAL STATEMENTS

2. Significant accounting policies (cont'd.)

2.4 Summary of significant accounting policies (cont'd.)

(k) Financial assets

Initial recognition and measurement

Financial assets are classified, at initial recognition and measured either at amortised cost, fair value through other comprehensive income, and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Group's and the Fund's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the Group and the Fund have applied the practical expedient, the Group and the Fund initially measure a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs. Trade receivables that do not contain a significant financing component and therefore are measured at the transaction price determined under MFRS 15.

In order for a financial asset to be classified and measured at amortised cost or fair value through other comprehensive income, it needs to give rise to cash flows that are 'solely payments of principal and interest ("SPPI")' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

The Group's and the Fund's business model for managing financial assets refer to how they manage their financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Group and the Fund commit to purchase or sell the asset.

The Group and the Fund determined the classification of their financial assets as financial assets (debt instruments) at amortised cost at its initial recognition.

Subsequent measurement

Financial assets at amortised cost are subsequently measured using the effective interest (EIR) method and are subject to impairment. Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired.

The Group's and the Fund's financial assets at amortised cost includes trade receivables, other receivables (excluding prepaid expenses and unbilled rental income), amount due from related companies, fixed deposits with licensed banks, and cash and bank balances.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised when:

- (i) The rights to receive cash flows from the asset have expired; or
- (ii) The Group and the Fund have transferred their rights to receive cash flows from the asset or have assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either the Fund has transferred substantially all the risks and rewards of the asset, or the Fund has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2021 (CONT'D)

2. Significant accounting policies (cont'd.)

2.4 Summary of significant accounting policies (cont'd.)

(k) Financial assets (cont'd.)

Derecognition (cont'd.)

When the Group and the Fund have transferred their rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, they have retained the risks and rewards of ownership. When they have neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group and the Fund continue to recognise the transferred asset to the extent of their continuing involvement. In that case, the Group and the Fund also recognise an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group and the Fund have retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group and the Fund could be required to repay.

(l) Impairment of financial assets

The Group and the Fund recognise an allowance for expected credit losses ("ECLs") for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group and the Fund expect to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12- months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

For trade receivables, the Group and the Fund apply a simplified approach in calculating ECLs. Therefore, the Group and the Fund do not track changes in credit risk, but instead recognise a loss allowance based on lifetime ECLs at each reporting date. The Group and the Fund have established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

The Group and the Fund consider factors if a financial asset in default such as the probability of insolvency or significant financial difficulties of the debtor and default or significant delay in payments that indicate that the Group and the Fund are unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group and the Fund. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

(m) Financial liabilities

Recognition and measurement

Financial liabilities are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability.

Financial liabilities are recognised in the statements of financial position when, and only when, the Group and the Fund become a party to the contractual provisions of the financial instruments. Financial liabilities are classified as other financial liabilities.

The Group's and the Fund's other financial liabilities include total payables (non- current and current), Islamic financing, amount due to related companies and amount due to a subsidiary.

Payables are recognised initially at fair value plus directly attributable transaction costs and subsequently measured at amortised cost using the effective interest method.

NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2021 (CONT'D)

2. Significant accounting policies (cont'd.)

2.4 Summary of significant accounting policies (cont'd.)

(m) Financial liabilities (cont'd.)

Derecognition

A financial liability is derecognised when the obligation under the liability is extinguished. When an existing financial liability is replaced by another from the same financier on substantially different terms, or the terms of an existing liability are substantially modified, such as exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in profit or loss.

(n) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

(o) Cash and cash equivalents

Cash and short-term deposits in the statement of financial position comprise cash at banks and on hand and short-term highly liquid deposits with a maturity of three months or less, that are readily convertible to a known amount of cash and subject to an insignificant risk of changes in value.

For the purpose of the consolidated statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of restricted cash as they are considered an integral part of the Group's and the Fund's cash management.

(p) Segment reporting

For management purposes, the Group and the Fund are organised into operating segments based on industry which are independently managed by the respective segment managers responsible for the performance of the respective segments under their charge. The segment managers report directly to the Manager of the Group and the Fund who regularly review the segment results in order to allocate resources to the segments and to assess the segment performance. Additional disclosures on each of these segments are shown in Note 23, including the factors used to identify the reportable segments and the measurement basis of segment information.

(q) Current versus non-current classification

The Group and the Fund present assets and liabilities in the statement of financial position based on current/non-current classification.

An asset is current when it is:

- Expected to be realised or intended to be sold and consumed in the normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within 12 months after reporting period; or
- Cash and cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after reporting period.

All other assets are classified as non-current.

NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2021 (CONT'D)

2. Significant accounting policies (cont'd.)

2.4 Summary of significant accounting policies (cont'd.)

(q) Current versus non-current classification (cont'd.)

A liability is current when:

- It is expected to be settled in the normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within 12 months after reporting period; or
- There is no unconditional right to defer the settlement of the liability; for at least twelve months after reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

(r) Fair value measurement

The Group and the Fund measure financial instruments such as derivatives and investment property at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- (i) In the principal market for the asset or liability; or
- (ii) In the absence of a principal market, in the most advantageous market for the asset or liability

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group and the Fund use valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities, for which fair value is measured or disclosed in the financial statements, are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- (i) Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- (ii) Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- (iii) Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements at fair value on a recurring basis, the Group and the Fund determine whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2021 (CONT'D)

3. Significant accounting judgements and estimates

The preparation of the Group's and the Fund's financial statements requires management to make judgements, estimates and assumptions that effect the reported amounts of the revenue, expenses, assets and liabilities, and the disclosure of contingent liabilities at the reporting date. However, uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amount of the asset or liability affected in the future.

3.1 Critical judgements made in applying accounting policies

There are no critical judgements made by management in the process of applying the Group's and the Fund's accounting policies that have a significant effect on the amounts recognised in the financial statements.

(a) Deferred taxation on investment properties

For the purposes of measuring deferred tax liabilities arising from investment properties that are measured at fair value, the Group and the Fund have concluded that certain investment properties are held under a business model whose objective is to consume substantially all of the economic benefits embodied in the investment properties over time while others are held for eventual sale. As a result, the Group and the Fund have measured deferred tax on changes in fair values of these investment properties using the corporate income tax rate or the real property gains tax rate, as appropriate.

3.2 Key sources of estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period that have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities of the Fund within the next financial year are discussed below:

Fair value of investment properties

The Group and the Fund carry their investment properties at fair value, with changes in fair values being recognised in profit or loss. The Group and the Fund had engaged an independent professional valuer to determine the fair value and there are no material events that affect the valuation between the valuation date and financial year end.

The determined fair value of the investment properties by the independent professional valuer is most sensitive to the estimated yield rate and discount rate. The range of the yield rate and the discount rate used in the valuation is described in Note 10.

The following table demonstrates the sensitivity of the fair value measurement to changes in estimated term yield rate, discount rate and its corresponding sensitivity result in a higher or lower fair value measurement:

	Fair value Increase/(decrease)	
	2021 RM	2020 RM
Yield rate		
- 0.25%	28,732,000	18,717,000
+ 0.25%	(32,363,000)	(15,127,000)
Discount rate		
- 0.25%	10,011,000	25,514,000
+ 0.25%	(15,498,000)	(25,730,000)

NOTES TO THE FINANCIAL STATEMENTS

Income from Islamic deposit placements	329,773	451,867	329,773	451,867

7. Tax credit/(expenses)

	Group		Fund	
	2021 RM	2020 RM	2021 RM	2020 RM
Deferred tax relating to the origination and reversal of temporary differences (Note 15)	16,833	(1,245,581)	16,833	(1,245,581)

Pursuant to Section 61A of the Malaysian Income Tax Act, 1967 ("Act"), income of the Fund will be exempted from tax provided that at least 90% of its total taxable income (as defined in the Act) is distributed to the unitholders' in the basis period of the Fund for that year of assessment within two months after the close of the financial year. If the 90% distribution condition is not complied with or the 90% distribution is not made within two months after the close of the financial year which forms the basis period for a year of assessment, the Fund will be subject to income tax at the prevailing statutory rate on its total taxable income. Income which has been taxed at the Fund's level will have tax credits attached when subsequently distributed to unitholders.

As at the date of this financial statements, the Fund has declared more than 90% of its distributable income to unitholders for the financial year ended 31 December 2021 accordingly. No provision for income tax expense has been made for the year.

NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2021 (CONT'D)

7. Tax credit/(expenses) (cont'd.)

Deferred tax liability has been provided for the investment properties held by Al-Salām REIT at 10% which reflects the expected manner of recovery of the investment properties, i.e. recovered through sale.

Reconciliation of the tax expense is as follows:

	Group		Fund	
	2021 RM	2020 RM	2021 RM	2020 RM
Profit/(loss) before tax	3,187,189	(12,285,065)	2,113,933	(12,225,870)
Tax at the statutory tax rate of 24% (2020: 24%)	764,925	(2,948,416)	507,344	(2,934,209)
Expenses not deductible for tax purposes	4,043,762	8,015,296	4,015,530	8,008,333
Income not subject to tax	(4,808,687)	(5,066,880)	(4,522,874)	(5,074,124)
Deferred tax recognised at different tax rate	16,833	(1,245,581)	16,833	(1,245,581)
	16,833	(1,245,581)	16,833	(1,245,581)

Taxation of the unitholders

Pursuant to Section 109D(2) of the Malaysian Income Tax Act 1967, where 90% or more of the Real Estate Investment Trust's ("REIT") total taxable income is distributed by the REIT, distributions to unitholders (other than resident corporate investors) will be subject to tax based on a withholding tax mechanism at the following rates:

Unitholders	Tax rate
Individuals and all other non-corporate investors such as institutional investors	10%
Non-resident corporate investors	24%

Resident corporate investors are required to report the distributions in their normal corporate tax return and subject to the normal corporate tax rate of 24%.

8. Earnings/(loss) per unit

The gross and net earnings/(loss) per unit, which are calculated based on the profit/(loss) before tax and profit/(loss) for the financial year of the Group and of the Fund, respectively, divided by the weighted average number of units in circulation as of 31 December 2021, are as follows:

	Group		Fund	
	2021 RM	2020 RM	2021 RM	2020 RM
Earnings/(loss) attributable to unitholders:				
Profit/(loss) before tax	3,187,189	(12,285,065)	2,113,933	(12,225,870)
Profit/(loss) for the year	3,204,022	(13,530,646)	2,130,766	(13,471,451)
Number of units	580,000,000	580,000,000	580,000,000	580,000,000
Gross earnings/(loss) per unit (sen)	0.55	(2.12)	0.36	(2.11)
Net earnings/(loss) per unit (sen)	0.55	(2.33)	0.37	(2.32)

NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2021 (CONT'D)

9. Income distribution

	Group and Fund 2021 RM	2020 RM
Income distributions on ordinary shares in respect of the current financial year		
First interim income distribution of 0.86 sen per unit declared on 11 March 2020 and paid on 15 April 2020	-	4,987,945
First interim income distribution of 0.50 sen per unit declared on 26 November 2021 and paid on 20 January 2022	2,900,000	-
	2,900,000	4,987,945
Income distribution on ordinary shares in respect of the previous financial year		
Final income distribution of 1.41 sen per unit declared on 30 January 2020 and paid on 28 February 2020	-	8,177,922
Final income distribution of 1.22 sen per unit declared on 26 January 2021 and paid on 26 February 2021	7,075,967	-
	9,975,967	13,165,867

The Manager had declared a final income distribution of 1.80 (2020: 1.22) sen per unit totalling RM10,440,000 (2020: RM7,076,000) for the financial year ended 31 December 2021 on 27 January 2022 (2020: 26 January 2021).

The financial statements for the current year do not reflect this final income distribution. Such income distribution will be accounted for in equity as an appropriation of profits in the financial year ending 31 December 2021.

The total distributions (including proposed final income distribution) for the financial year ended 31 December 2021 amounting to RM13,340,000 (2020: RM12,063,945). Total income distribution is 2.30 (2020: 2.08) sen per unit.

Distribution to unitholders is derived from the following sources:

	Group		Fund	
	2021 RM	2020 RM	2021 RM	2020 RM

Fair value measurement of the Group's and the Fund's investment properties

The fair values of the Group's and the Fund's investment properties as of 31 December 2021 have been arrived at on the basis of valuation carried out by Nawawi Tie Leung Property Consultants Sdn Bhd, independent valuer not related to the Group and the Fund. The valuer are registered members of the Board of Valuers, Appraisers and Estate Agents, Malaysia, and they have appropriate qualifications and recent experience in the valuation of the properties in the relevant locations. The valuation of the Fund's investment properties were performed in accordance with the Malaysian Valuation Standards issued by the Board of Valuers, Appraisers and Estate Agents, Malaysia.

The fair values were determined based on the capitalisation of net income method and is premised on the principle that the value of an income-producing property is represented by the "present worth of future rights to income, or utility". The values estimated under this method are derived by ascertaining the market rent of the properties; deducting all reasonable annual operating expenses (as would be experienced under typical management) and then capitalising the resultant net operating income by an appropriate rate of capitalisation to obtain the present value of the income stream. In undertaking their assessment of the value using this approach, the market rental income and expected future rental income are taken into consideration. In arriving at the net income, the outgoings i.e. quit rent, assessment, insurance, repairs and maintenance and management, are deducted from gross rental income together with allowance for void.

In estimating the fair values of the investment properties, the highest and best use of the investment properties is their current use.

The following table shows a reconciliation of Level 3 fair values:

	Group		Fund	
	2021 RM	2020 RM	2021 RM	2020 RM
Valuation per valuers' report	1,190,460,000	1,198,854,000	1,190,460,000	1,198,854,000
Less: unbilled rental income	(13,223,478)	(9,489,311)	(13,223,478)	(9,489,311)
	1,177,236,522	1,189,364,689	1,177,236,522	1,189,364,689

NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2021 (CONT'D)

10. Investment properties (cont'd.)

The fair value of the investment properties are classified as Level 3 for fair value hierarchy disclosure purposes. The significant unobservable inputs applied by the independent valuer in applying the investment method above are as follows:

Significant unobservable inputs

Term yield ranging from 5.00% - 6.75%
(2020: 5.80% - 7.50%)
Reversionary yield ranging from 5.50% - 7.25%
(2020: 6.00% - 7.80%)
Discount rate ranging from 5.50% to 7.25%
(2020: 6.00% - 7.80%)
Allowance for void of 2.50% - 10.00%
(2020: 0.00% - 20.00%)

Inter-relationship between significant unobservable inputs and fair value measurement

Higher term yield rates,
lower fair value
Higher reversionary yield rates,
lower fair value
Higher discount rate, lower fair
value
Higher allowance for void rate,
lower fair value

The valuer had adopted market corroborated capitalisation rates, which is the most frequently adopted methodology by the property industry in Malaysia, based on information pertaining to recent comparable sales which are publicly available, adjusted for the location, quality and characteristics of the investment properties.

NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2021 (CONT'D)

10. Investment properties (cont'd.)

A summary of the investment properties of the Group and of the Fund, as required to be disclosed by the SC Guidelines, is as follows:

	33,418,411	21,834,125	33,418,411	21,834,125

Trade receivables comprise rental receivable from lessees. The credit period granted by the Group and the Fund on rental receivable from lessees generally ranges from 1 to 7 days (2020: 1 to 7 days).

(i) Trade receivables (non-current)

In the previous financial year, the Fund entered into a settlement agreement with a customer. Both parties agreed that the outstanding rental of RM5,619,180 is to be paid by the customer through 24 monthly instalments as and when they fall due on 7th day of each month starting January 2021.

(ii) Unbilled rental income

Unbilled rental income relate to the Group's rights to recognise revenue. Rental income is recognised on a straight line basis including rent free period. Rental will be billed in accordance with the billing terms as set out in the tenancy agreements.

The ageing analysis of the Group's and of the Fund's trade receivables is as follows:

	Total gross carrying amount at default RM	Allowance for expected credit losses RM	Total RM

NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2021 (CONT'D)

13. Trade receivables, other receivables and prepaid expenses (cont'd.)

(a) Trade receivables (cont'd.)

(iii) Derecognition loss on lease receivables

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organisation. The rapid spread of ongoing COVID-19 pandemic throughout the country has a significant impact on the overall economy. The Movement Control Order ("MCO") imposed by the Government of Malaysia has caused the reduction in the income generated by the Group's and the Fund's retail and food and beverages ("F&B") tenants.

As at the date of the financial statements, Malaysia's international borders remain closed.

In view of the ongoing COVID-19 pandemic, the Group and the Fund granted rent concession of RM9,527,577 (2020: RM13,404,632) to their tenants.

(b) Other receivables and prepaid expenses

	Group		Fund	
	2021 RM	2020 RM	2021 RM	2020 RM

	36,156,187	34,310,983	30,556,366	28,829,870
Less:				
Restricted cash (Note (a))	(69,821)	(11,113)	-	-
Pledged deposits with licensed banks (Note (b))	(7,782,000)	(7,077,107)	(2,252,000)	(1,607,107)
	28,304,366	27,222,763	28,304,366	27,222,763

At the reporting date, the weighted average deposit rate per annum and average remaining maturity period of fixed deposits with licensed banks are as follows:

	Group		Fund	
	2021	2020	2021	2020
Weighted average deposit rate (%)	1.43%	1.49%	1.43%	1.45%
Average remaining maturity period	33	32	15	5

- (a) The Group has restricted cash which serves as reserve for prepayment of finance cost on Sukuk Ijarah amounting to RM69,821 (2020: RM11,113), which are not available for general use.
- (b) The deposits with licensed banks of the Group and of the Fund of RM7,782,000 and RM2,252,000 (2020: RM7,077,107 and RM1,607,107) respectively are placed as reserve for repayment of finance costs on long-term Islamic financing as mentioned in Note 17 and hence, are not available for general use.

15. Deferred tax liability

	Group and Fund	
	2021 RM	2020 RM
At 1 January	1,245,581	-
Recognised in profit or loss (Note 7)	(16,833)	1,245,581
At 31 December	1,228,748	1,245,581

The deferred tax liability relates to fair value gain on investment properties which is expected to be recovered through sale. The amount of deferred tax recognised is measured using the tax rates that would apply on the sale of those assets at their carrying values at the reporting date unless the property is held with the objective to consume substantially all the economic benefits embodied in the property over time, rather than through sale.

Based on the Finance Act 2019 which was gazetted in December 2019, it was clarified that the RPGT rate of 10% is prescribed for disposal of investment properties held for more than 5 years for a trustee of a trust.

Total financial liabilities carried at amortised cost	661,661,542	655,927,064	656,984,281	650,295,027

(a) Amount due to immediate holding company

Amount due to immediate holding company is non-trade, unsecured, interest-free and repayable on demand.

(b) Amount due to related companies

Amount due to related companies are non-trade, unsecured, interest-free and repayable on demand.

(c) Amount due to a subsidiary

Amount due to a subsidiary represents unsecured advances received from the proceeds raised from Islamic financing by the subsidiary. The finance costs and repayment terms of the unsecured advances mirror the finance costs and repayment terms of the Islamic financing of Sukuk Ijarah raised by the said subsidiary as disclosed in Note 17.

Also included in the amount due to a subsidiary are the accrued profit from the cash reserves of RM4,308,251 (2020: RM5,220,275) which is unsecured, repayable on demand and bears returns of 3.72% to 3.91% (2020: 3.72% to 3.90%) per annum, that are presented as net amount as there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

(a) TF-i

The TF-i profit is payable over a period of 60 months from the date of first disbursement. The effective profit rate for the TF-i will be based on COF which is based on the Bank's COF + 1.45% per annum for the duration of the TF-i.

The average effective profit rate for the TF-i is 3.79% (2020: 4.18%) per annum. The principal amount is to be expected to be paid in March 2024.

The TF-i has a significant covenant in which the subsidiary shall at all times, maintain the following criteria:

- (i) The financing payment cover ratio ("FPCR") of not less than 1.25 times;
- (ii) Total debts and financing over total assets value of not more than 50%; and
- (iii) Minimum security cover of 1.25 times.

The financing is secured by the investment properties amounting to RM152,658,000 (2020: RM152,094,000) as per disclosed in Note 10.

NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2021 (CONT'D)

17. Islamic financing (cont'd.)

(b) BF-i

The BF-i profit is payable over a period of 72 months from the date of first disbursement. The effective profit rate for the BF-i will be based on COF which is based on the Bank's COF + 0.60% per annum for the duration of the BF-i.

The average effective profit rate for the BF-i is 3.56% (2020: nil) per annum. The principal amount is to be expected to be paid in September 2026.

The BF-i has a significant covenant in which the subsidiary shall at all times, maintain the following criteria:

- (i) The financing payment cover ratio ("FSCR") of not less than 1.25 times;
- (ii) Total debts and financing over total assets value of not more than 50%; and
- (iii) Minimum security cover of 1.30 times.

The financing is secured by the investment properties amounting to RM96,900,000 as per disclosed in Note 10.

(c) Sukuk Ijarah

On 24 August 2018, a subsidiary of the Group, ALSREIT Capital Sdn Bhd established a Sukuk Ijarah Programme comprising Islamic Medium Term Notes ("IMTN") of up to RM1,500,000,000.

On 24 August 2020, the Group issued RM520,000,000 in nominal value of IMTNs ("Issue 2") which bears profit rate of 3.72% to 3.91% (2020: 3.72% to 3.90%) per annum.

The Sukuk Ijarah Programme has a significant covenant in which the subsidiary, Al-Salām REIT and its subsidiary shall at all times, maintain the following financial covenants:

- (i) Finance Service Cover Ratio ("FSCR") at Issuer level of not less than 1.5 times;
- (ii) FSCR at Al-Salām REIT level of not less than 1.5 times;
- (iii) Minimum Security Cover Ratio of at least 2.0; and
- (iv) such other financial covenant(s) as may be determined by the Rating Agency and to be mutually agreed to by ALSREIT Capital Sdn Bhd.

The financing is secured by the investment properties amounting to RM911,878,522 (2020: RM1,021,270,689) as per disclosed in Note 10.

Revolving credit:

As of 31 December 2021, the Fund unutilised revolving credit facilities amounting to RM10,000,000 (2020: RM10,000,000) which is granted from a financial institution. The said facility of is secured by investment properties of the subsidiary amounting to RM15,800,000 (2020: RM16,000,000) as mentioned in Note 10.

Changes in liabilities arising from financing activities:

Tenaga Utama (Johor) Berhad	7,688	7,688	3,729	4,228

Market value for purposes of disclosure above is based on the closing price of the Fund as shown on the board of the Main Market of Bursa Malaysia, which was RM0.49 per unit as at 31 December 2021 (2020: RM0.55 per unit).

NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2021 (CONT'D)

19. Management Expense Ratio ('MER')

	Fund	
	2021 %	2020 %
MER	0.63	0.66

The calculation of MER is based on the total fees of the Fund incurred for the year, including the Manager's fees, Trustee's fees, audit fee, tax agent's fee and administrative expenses, to the average net asset value of the Fund during the year calculated on a monthly basis. Since the average net asset value is calculated on a monthly basis, comparison of the MER of the Fund with other Real Estate Investment Trusts ("REIT") which use a different basis of calculation may not be an accurate comparison.

20. Significant related party transactions

For the purposes of these financial statements, related companies are considered to be related to the Group and the Fund if the Group and the Fund have the ability, directly or indirectly, to control the party or exercise significant influence over the party in making financial and operating decisions, or vice versa, or where the Group and the Fund and the party are subject to common control or common significant influence. Related parties may be individuals or other entities.

Significant related party transactions other than those separately disclosed elsewhere in the financial statements are as follows:

	Group		Fund	
	2021 RM	2020 RM	2021 RM	2020 RM
Rental income received/receivable from related companies	34,774,595	34,958,508	34,774,595	34,958,508
Other property management fees charged by related companies of the Manager (including in other operating expenses)	5,902,509	6,104,009	5,902,509	6,104,009
Finance cost paid/payable to a subsidiary	-	-	19,335,023	12,309,689

The related party transactions described above were entered into in the normal course of business and are based on negotiated and mutually agreed terms.

NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2021 (CONT'D)

21. Fair values of financial instruments

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique.

The carrying amount of the various financial assets and financial liabilities reflected in the statements of financial position approximate their fair values other than as disclosed below:

	Carrying amount RM	Fair value RM
Group		
At 31 December 2021		
Financial liability at amortised cost		
Islamic financing - non-current	635,656,938	590,541,852
At 31 December 2020		
Financial liability at amortised cost		
Islamic financing - non-current	581,855,901	529,474,285
Islamic financing - current	52,000,000	52,000,000
Fund		
At 31 December 2021		
Financial liability at amortised cost		
Islamic financing - non-current	186,669,178	166,135,378
Amount due to a subsidiary	445,529,114	424,406,474
	632,198,292	590,541,852
At 31 December 2020		
Financial liability at amortised cost		
Islamic financing - non-current	117,108,795	104,596,005
Amount due to a subsidiary	459,526,831	424,878,280
	576,635,626	529,474,285

The fair value of the non-current Islamic financing was estimated using discounted cash flow analysis based on market equivalent profit rate of 3.68% (2020: 3.77%) per annum for similar type of instruments of similar risk and cash flow profiles. The disclosure of the fair value of the non-current Islamic financing is considered a Level 2 fair value hierarchy disclosure.

NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2021 (CONT'D)

22. Financial risk management objectives and policies

The Group's and the Fund's financial risk management policies seek to ensure that adequate financial resources are available for the development of the Group's and Fund's portfolios whilst managing their credit risks, liquidity risks and financing rate risks. The Group and the Fund have taken measures to minimise their exposure to the risks associated with its financing, investing and operating activities and operates within clearly defined guidelines as set out in the SC Guidelines and the Fund's Trust Deed.

The following sections provide details regarding the Group's and the Fund's exposure to the above-mentioned financial risks and the objectives, policies and procedures for the management of these risks:

(a) Credit risk

Credit risk refers to the risk that a counter party will default on its contractual obligation resulting in financial loss to the Group and the Fund. Credit risk with respect to trade and other receivables is managed through the application of credit approvals, credit limits and monitoring procedures. Credit is extended to the customers based upon careful evaluation of the customers' financial condition and credit history.

At the end of the reporting period, the Group's and the Fund's maximum exposure to credit risk is represented by the carrying amount of each class of financial assets recognised in the statements of financial position.

Information regarding credit enhancements for trade receivables, other receivables and amount due from related companies is disclosed in Note 13.

Credit risk concentration profile

The Group and the Fund determine concentrations of credit risk by monitoring individual profile of their trade receivables on an ongoing basis. At the end of the reporting period, approximately 59% (2020: 82%) of the Group's and Fund's trade receivables was due from third party. The risk of default arising from non-performance by this party is low.

The following sections provide details regarding the Group's and the Fund's exposure to the above-mentioned financial risks and the objectives, policies and procedures for the management of these risks: (cont'd)

(b) Liquidity risk

Liquidity risk is the risk that the Group and the Fund may encounter difficulty in meeting financial obligations on time due to shortage of funds. The Group's and the Fund's exposure to liquidity risk arises from mismatches of the maturities of financial assets and liabilities. The Group's and the Fund's approach are to maintain a balance between continuity of funding and flexibility through the use of their credit and financing facilities.

The Group and the Fund manage liquidity risk by maintaining adequate reserves, banking facilities and financing facilities, by continuously monitoring forecast and actual cash flow from their portfolios, and by matching the maturity profiles of financial assets and liabilities.

NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2021 (CONT'D)

22. Financial risk management objectives and policies (cont'd.)

(b) Liquidity risk (cont'd.)

Maturity analysis

The table below summarises the maturity profile of the Group's and the Fund's financial liabilities as at the reporting date based on undiscounted contractual payments:

	Weighted average effective profit rate %	Carrying amount RM	Contractual cash flows RM	On demand or within 1 year RM	Within 2 to 5 years RM

NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2021 (CONT'D)

22. Financial risk management objectives and policies (cont'd.)

(c) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of the Group's and the Fund's financial instruments will fluctuate because of changes in the market interest rates.

The Group and the Fund manage their interest rate exposure by maintaining matching their cash flows from rental income and fixed rate profit bearing deposits with the Group's and the Fund's variable rate profit bearing Islamic financing. The Group and the Fund place cash deposits on a short-term basis and therefore allows the Group and the Fund to respond to significant changes of interest rate promptly.

Sensitivity analysis for interest rate risk

At the reporting date, if interest rates had been 25 basis points lower/higher, with all other variables held constant, the Group's and Fund's (loss)/profit before tax would have been:

	Group (Decrease)/Increase		Fund (Decrease)/Increase	
	Effect on loss	Effect on profit	Effect on loss	Effect on profit
	before tax	before tax	before tax	before tax
	2021	2020	2021	2020
	RM	RM	RM	RM
Interest rate decreased by 25 basis points	(1,531,620)	1,525,075	(417,945)	238,750
Interest rate increased by 25 basis points	1,531,620	(1,525,075)	417,945	(238,750)

The assumed movement in basis points for interest rate sensitivity analysis is based on a prudent estimate of the current market environment.

The interest rate mentioned above will have an impact on the management of the Group and the Fund, regardless of whether it is an Islamic fund or otherwise. It does not in any way suggest that the Group and the Fund will invest in conventional financial instruments. All the investments and placements carried out for the Group and the Fund are in accordance with the Shariah requirements.

23. Segment reporting

Segment information is presented in respect of the Group's and the Fund's business segments based on the nature of the industry of the Group's and Fund's investment properties, which reflect the Group's and the Fund's internal reporting structure that are regularly reviewed by the Group's and the Fund's chief operating decision maker for the purposes of allocating resources to the segment and assessing its performance.

For management purposes, the Group and the Fund are organised into the following operating divisions:

- Retail outlets
- Office buildings
- Food and beverage ('F&B') properties comprising restaurant and non-restaurant outlets
- Other comprising fund level operations

No information on geographical areas is presented as the Group and the Fund operate solely in Malaysia.

The accounting policies of the reportable segments below are the same as the Group's and the Fund's accounting policies described in Note 2.

NOTES TO THE FINANCIAL STATEMENTS

31 DECEMBER 2021 (CONT'D)

24. Capital management

The Group and the Fund manage their capital to ensure that the Group and the Fund will be able to continue as going concern while maximising the return to unitholders through the optimisation of the debt and equity balance. The Group's and the Fund's overall strategy remain unchanged from 2018.

The capital structure of the Group and the Fund consist of net debt (Islamic financing as detailed in Note 17) offset by cash and cash equivalents in Note 14 and unitholders' fund of the Fund (Note 18) (comprising unitholders' capital and undistributed income).

The Group and the Fund are not subject to any externally imposed capital requirements. However, the Group and the Fund are required to comply with the SC Guidelines on Islamic financing.

The SC Guidelines requires that the total Islamic financing of the Group and the Fund (including Islamic financing through issuance of debt securities) should not exceed 60% of the total asset value of the Group and the Fund at the time the Islamic financing are incurred. Notwithstanding, the Group's and the Fund's total Islamic financing may exceed this limit with the sanction of the unitholders by way of an ordinary resolution.

The Manager's risk management committee reviews the capital structure of the Group and of the Fund on a regular basis to ensure that the SC Guidelines are complied with.

Gearing ratios

The Group's and the Fund's gearing ratios are calculated based on the proportion of total Islamic financing to the total asset value. The gearing ratios at the end of the reporting period is as follows:

	Group		Fund	
	2021 RM	2020 RM	2021 RM	2020 RM
Total Islamic financing (Note 17)	635,656,938	633,855,901	186,669,178	117,108,795
Amount due to a subsidiary	-	-	444,679,509	511,526,831
	635,656,938	633,855,901	631,348,687	628,635,626
Total assets value as per statements of financial position	1,253,499,726	1,254,554,026	1,247,899,643	1,249,072,423
Total Islamic financing to total assets value ratio	50.7%	50.5%	50.6%	50.3%

25. Commitments

The Group and the Fund lease out their investment properties under operating leases. The future minimum lease payments to be received under non-cancellable leases are as follows:

	Group		Fund	
	2021 RM	2020 RM	2021 RM	2020 RM
Less than one year	36,370,801	35,992,210	36,370,801	35,992,210
Between one and five years	186,871,340	184,366,779	186,871,340	184,366,779
More than five years	412,687,998	450,039,591	412,687,998	450,039,591
	635,930,139	670,398,580	635,930,139	670,398,580
