3. Current Year Prospects

The Malaysia economy has evidently recovered from easing restriction and is expected to remain resilient for the remaining year. As announced by Bank Negara Malaysia, the economy registered a stronger growth of 14.2% in the third quarter of 2022. Nonetheless, this is mainly spurred from an unusually low base of economic activity curbed by COVID-19 containment measures earlier.

Hence, the Group remains cautious with uncertainties and potential challenges looming over the property industry. It is anticipated that the following economy growth to be lackluster mainly due to global uncertainties arising from prolonged geopolitical tensions, persistent supply chain disruptions, the weakening of Malaysian currencies and the Malaysian general election season.

Despite so, the economy is expected to expand by 4.0 - 5.0% in 2023 from multiple domestic infrastructure projects. The Group's commitment to drive revenue proactively and being responsive to the market enable the Group to navigate through the industry challenges and be opportunistic, higher growth is expected as consumer/investor's confidence in the market improves.

Additionally, the Group has committed its priorities to project completion timeline with effective project management. Vacant possession will be delivered for Priya Kuantan and OCR Selayang Industrial Park in the fourth quarter of the year onwards. With the resumption of economic activities, the Group is preparing to launch significant developments that generate higher sustainable earnings and greater financial stability to the Group.

Pursuant thereto, DSSB had also executed an irrevocable limited power of attorney in favour of ASSB ("**Power of Attorney**").

On 28 August 2019, Ismail Bin Othman, one of the Directors of DSSB ("**Plaintiff**"), filed an originating summons ("**OS**") against DSSB (being the first defendant) and ASSB (being the second defendant) at the Shah Alam High Court, where the Plaintiff sought, amongst others:-
