#### A11. SIGNIFICANT EVENTS DURING THE FINANCIAL PERIOD AND SUBSEQUENT EVENTS

There were no significant events during the financial period and subsequent to the end of the quarter under review, except for the following:-

- (a) On 30 December 2024, RUSB - Hotrend Joint Consortium, a joint venture comprising Regional Utilities Sdn Bhd ("RUSB"), a wholly-owned subsidiary of Gadang, and Hotrend Corporation Sdn Bhd ("Hotrend"), had on even date accepted the Letter of Notification on Acceptance of Offer from the Energy Commission of Sabah for the development of a Large Scale Solar PV Plant of 15.0 MWa.c. in Tawau, Sabah ("the Project").

The Letter of Notification on Acceptance of Offer requires the JVC to satisfy certain obligations, compliance, including submission and execution of the Project documents to confirm the acceptance.

On 10 April 2025, RUSB and Hotrend formed an incorporated joint venture company known as Tenaga Aspirasi Sdn. Bhd ("TASB") under the Companies Act, 2016, to undertake the development of the Project. RUSB subscribed for a 60% equity interest, representing 60 ordinary shares in TASB, for a total purchase consideration of RM60.

On 18 December 2025, TASB signed the Power Purchase Agreement for Large Scale Solar with Sabah Electricity Sdn Bhd.

- (b) On 6 June 2025, the Company and its wholly-owned subsidiary, Hillstrand Development Sdn Bhd ("HDSB"), accepted a Letter of Mutual Termination from Cyberview Sdn Bhd ("CSB") and CSB Land Sdn Bhd ("CSBL") to mutually terminate the Joint Development Agreement ("JDA") dated 23 May 2014 with respect to the undeveloped Phase 4 of the project on a parcel of freehold land identified as HS(D) 33156, PT No. 47223, situated in the Mukim of Dengkil, District of Sepang, Selangor Darul Ehsan, and to apportion the shared common costs accordingly.

HDSB has incurred approximately RM40 million in development expenditure for the undeveloped Phase 4. Following negotiations, both parties reached an agreement that CSB/CSBL's portion of the shared common costs payable to HDSB shall be RM21.0 million only. HDSB charged out the remaining common costs of approximately RM19.0 million for the financial year ended 31 May 2025.

Following further deliberation and mutual agreement between the Company, HDSB, CSB and CSBL (collectively, "the Parties"), it was agreed that instead of mutually terminating the JDA dated 23 May 2014, the Parties would proceed by entering into a Fourth Supplementary Joint Development Agreement ("Fourth Supplementary JDA") to revoke the implementation rights for Phase 4 of the project only.

On 23 October 2025, the Parties entered into a Fourth Supplementary JDA to revoke the Company and/or HDSB's implementation rights in relation to the undeveloped Phase 4 of the project (comprising sub-phases 4A, 4B, and 4C). The revocation shall not constitute a termination of the JDA in its entirety. The Parties agree that the JDA and its previous supplementary agreements remain valid and enforceable in respect of the developed phases of the project, and the Company and/or HDSB shall continue to perform all outstanding obligations in accordance with the terms of the JDA until fully discharged. The total reimbursement of Phase 4 common infrastructure costs payable by CSB and/or CSBL shall be RM21.0 million only.

INTERIM REPORT FOR THE QUARTER ENDED 30 NOVEMBER 2025

### PART B - EXPLANATORY NOTES PURSUANT TO PART A OF APPENDIX 9B OF THE MAIN MARKET LISTING REQUIREMENTS OF BURSA MALAYSIA SECURITIES BERHAD

#### B1. OPERATING SEGMENTS REVIEW (Continued)

##### Property Division

In the current quarter, revenue decreased to RM55.53 million as compared to RM65.80 million in the corresponding quarter of the preceding year. Correspondingly, profit before tax declined to RM8.08 million from RM12.22 million in the preceding year's corresponding quarter.

Revenue for the current year to date increased to RM145.10 million as compared to RM122.50 million in the preceding year to date. In line with the higher revenue, profit before tax rose to RM25.29 million compared to RM19.53 million in the preceding year to date. This was mainly due to higher work progress from the current development projects.

##### Utilities Division

Revenue for the current quarter decreased to RM7.79 million as compared to RM8.41 million in the corresponding quarter of the preceding year. Accordingly, profit before tax also reduced to RM1.12 million from RM1.56 million in the corresponding quarter of the preceding year.

Revenue for the current year to date decreased to RM15.44 million compared to RM17.57 million in the preceding year to date. Profit before tax similarly reduced to RM1.80 million compared to RM2.75 million in the preceding year to date, mainly due to lower contribution from the power plant in Indonesia and partly offset by the gains on foreign exchange translation arising from the weakening Indonesian Rupiah.

The Group's revenue decreased to RM198.71 million in the current quarter compared to RM297.22 million in the preceding quarter, mainly due to lower construction work progress on certain construction projects, and lower progress on current development projects. Correspondingly, the Group recorded a loss before tax of RM3.31 million in the current quarter compared to a profit before tax of RM17.57 million in the preceding quarter, mainly due to additional costs incurred for certain on-going construction projects and provision made for foreseeable losses in the Construction Division.

### PART B - EXPLANATORY NOTES PURSUANT TO PART A OF APPENDIX 9B OF THE MAIN MARKET LISTING REQUIREMENTS OF BURSA MALAYSIA SECURITIES BERHAD

#### **B3. BUSINESS PROSPECTS FOR THE FINANCIAL YEAR ENDING 31 MAY 2026**

The Construction Division continues to prioritise the completion of its ongoing projects, as efforts to secure new contracts in the infrastructure, renewable energy, and data centre sectors are increasingly constrained by challenging industry conditions. Despite an outstanding order book of approximately RM468.0 million as at the reporting date, the Division remains exposed to heightened risks arising from industry-wide pressures, such as rising material costs, labour shortages, regulatory complexities, and intense competition. These factors may affect project execution and future order inflows.

The Property Division continues to face persistent challenges amidst an uncertain property market outlook. The overall market continues to see a significant number of affordable housing units remain unsold, particularly in less attractive locations or where pricing is misaligned with prevailing household income levels. Additionally, stringent loan approval processes and challenges in buyer qualification continue to hamper sales performance. The industry is also grappling with rising construction and labour costs, compounded by the reinstatement and expansion of the Sales and Services Tax (SST), which has further intensified cost pressures across the sector. In light of this, the Division will maintain its focus on targeted marketing efforts and strategic initiatives to support upcoming launches, particularly in key developments such as Kwasa Damansara and Gelang Patah Phase 3 in the coming quarters. Backed by total unbilled sales of RM164.1 million, the Division remains committed to strengthening its portfolio through selective land acquisitions and strategic joint ventures, with the objective of ensuring long-term sustainability and growth.

Under the Utilities Division, the concession water treatment assets in Indonesia continue to provide stable and sustainable recurring revenue for the Group. The 5.9 MWac solar photovoltaic plant in Tawau, Sabah, was completed in December 2025 and is scheduled to commence commercial operations in the third quarter of FYE 2026. Furthermore, the Group's successful bid to develop a 15 MWac large-scale solar photovoltaic plant in Tawau represents another important milestone in expanding our renewable energy portfolio. Collectively, these energy-generating facilities not only support the national green energy transition agenda but are also expected to contribute positively to the Group's revenue in the coming years upon commissioning.

The Group will continue to closely monitor its operating environment through regular assessments to ensure prudent financial management and operational efficiency, particularly in anticipation of increasing compliance requirements and expected revision and expansion of the tax regime. Concurrently, the Group remains focused on replenishing its construction order book and expanding the landbank of its Property Division to support the Group's sustainable long-term growth and earnings.

The Group's effective tax rate (excluding the results of joint ventures, which are equity accounted net of tax) for the current quarter was higher than the statutory tax rate, mainly due to the non-recognition of deferred tax assets on unutilised tax losses of certain subsidiaries and certain expenses not deductible for tax purposes.

Bank borrowings for the current year to date decrease to RM161.94 million compared to RM200.33 million at the beginning of the financial year. The decrease was mainly due to the repayments of revolving credit for the project Rapid Transit System Link Antara Johor Bahru and Singapura ("RTS Link Project"), and after the drawdown of term loan facility for Kwasa Land.
