The actual value of transactions may, however, vary from the estimated value disclosed in Part A and B of Appendix I of this Circular if there are any changes in the business, economic and/or competitive environment.

Apart from the retention sum amounting to RM1.20 million, the management is actively pursuing the remaining Outstanding RRPT receivables which are due more than 1 year by regularly meeting and negotiating with the Related Parties. The Company focuses on credit management and will recover the Outstanding RRPT Receivables progressively.

- (d) Information on the Related Parties and review procedures applicable to the RRPTs which involve the interest, direct or indirect, of such Related Parties have been disseminated to the Company's operating divisions and subsidiaries and will continue to be disseminated from time to time, for their reference in ensuring that all transactions with such Related Parties are undertaken on an arm's length basis and on normal commercial terms which are not or will not be more favourable to the Related Parties than those generally available to the public.

- (k) The AC shall review the internal audit reports to ascertain that the guidelines and procedures established to monitor RRPTs have been complied with and the review may be done together with the review of the quarterly results.
- (l) The Board and the AC have reviewed and shall continue to review the adequacy and appropriateness of the procedures as and when required, with the authority to sub-delegate to individuals or committees within the Company as they deem appropriate.
- (m) If a member of the Board or the AC has an interest in a transaction to be reviewed by the Board or the AC as the case may be, he or she will abstain from any deliberation and decision making by the Board or the AC as the case may be, in respect of such transaction and continue to abstain from voting on the resolution approving the transaction.

2.8 Statement by the AC

The AC has reviewed the procedures on RRPTs mentioned in Section 2.7 above and is of the view that the stipulated procedures and processes are sufficient to ensure that the RRPTs will be carried out on normal commercial terms which are not prejudicial to the interest of shareholders and on terms not more favourable to the Related Party than those generally available to the public and are not to the detriment of the minority shareholders of the Company.

The UEM Edgenta Group has in place adequate procedures and processes to monitor, track and identify RRPTs in a timely and orderly manner, and such procedures and processes are reviewed as and when required.

3. RATIONALE AND BENEFITS OF THE PROPOSED MANDATE

The RRPTs covered under the Proposed Mandate are to meet the business needs of the UEM Edgenta Group. Some of the RRPTs provide the UEM Edgenta Group the support for its operational and business needs and further enhances its ability to explore business opportunities within the UEM Edgenta Group. In some instances, the relationship and co-operation between the UEM Edgenta Group and the Related Parties facilitate better communication and understanding of the UEM Edgenta Group's business needs.

The RRPTs covered by the Proposed Mandate are all entered, to be entered or may be entered into by the UEM Edgenta Group in the ordinary course of business. They are recurring transactions of a revenue or trading nature which are necessary for its day-to-day operations and are/will be in the ordinary course of business of the UEM Edgenta Group which are likely to recur with some degree of frequency and arise at any time and from time to time and are to be made on an arm's length basis and on normal commercial terms which are not prejudicial to the interests of the shareholders. These transactions may be constrained by the time-sensitive nature and it may be impractical to seek shareholders' approval on a case-by-case basis for each such Related Party Transaction.

The procurement of the Proposed Mandate on an annual basis would eliminate the need to convene separate general meetings from time to time to seek shareholders' approval as and when potential RRPTs arise, thereby substantially reducing administrative time and expenses in convening such meetings, without compromising the corporate objectives or adversely affecting the business opportunities available to the UEM Edgenta Group.

4. EFFECTS OF THE PROPOSED MANDATE

The Proposed Mandate is not expected to have any effect on the issued and paid-up share capital and substantial shareholders' shareholdings of the Company. The Proposed Mandate is also not expected to have any material effect on the net assets and earnings of the UEM Edgenta Group for the financial year ending 31 December 2024, save for the contributions from the transactions set out in this Circular.

3.2 RMSB

Parties : RMSB and EK Integrated Construction Sdn Bhd (“**EKICSB**”)

Case Summary : Suit no: WA-22C-10-01/2017
Date of commencement of suit: 26 January 2017

RMSB appointed EKICSB as the main contractor for the piling and building works for Phase 3, mixed development of 191 units of 3 storey houses at Lot H.S.(D) 107003, PT 21706, Jalan Kepong, Mukim Batu, Daerah & Wilayah Persekutuan, Kuala Lumpur (“**Project**”) under two separate contracts i.e. Piling Contract (Letter of Award dated 3 October 2007 for original contract sum of RM5,808,790.34) and Building Contract (Letter of Award dated 29 April 2008 for original contract sum of RM50,195,455,70.00).

Status : On 26 January 2017, RMSB sued EKICSB alleging breach of EKICSB’s obligation as the main contractor for the Project (“**Main Suit**”). RMSB claimed that EKICSB breached its obligations by refusing/neglecting/defaulting in carrying out the rectification works and claimed the amount of RM10,954,030.06 (plus costs and interests thereon) which RMSB had incurred as in January 2017.

Given that on 2 December 2016, EKICSB had earlier served a Notice to Arbitrate against RMSB claiming RM4,018,030.02 for the Building Contract, EKICSB filed its application for stay of application on the Main Suit pending conclusion of its arbitration claim for the Building Contract. RMSB replied to the Notice to Arbitrate, requesting for the consolidation of the disputes arising from the Piling Contract and Building Contract to be heard before a single arbitrator.

After several applications by RMSB to consolidate the two contracts and be heard by a single arbitrator failed, the arbitration proceeding for the Piling Contract arbitration continued to take place. Eventually, on 15 March 2019 the arbitrator for the Building Contract allowed EKICSB’s claim in the sum of RM5,104,567.02 together with interest and cost (“**Award**”).

Given the conclusion of the Building Contract arbitration, RMSB commenced an arbitration proceeding for the Piling Contract on 24 August 2018 and therefore had applied for a stay of execution of the said Award pending disposal of the arbitration proceeding as commenced by them. The Piling Contract arbitration was fixed for hearing on 2, 3, 30 and 31 May 2019 and 25 to 27 June 2019. However, the hearing on 2 and 3 May 2019 were vacated by the arbitrator to allow the parties to file further documents.

On 8 May 2019, EKICSB filed an enforcement application at Kuala Lumpur High Court to enforce the Award, which was contested by RMSB where they filed an application to set aside the Award at Kuala Lumpur High Court on 17 June 2019 on the basis that it is in conflict with the public policy of Malaysia and not in line with the principle of natural justice.

Both enforcement of Award and setting aside applications were fixed for hearing on 1 November 2019. The judge dismissed RMSB's setting aside application but allowed the EKICSB's enforcement application. The judge proceeded to request for both parties to reach an agreement regarding the Award. EKICSB proposed for RMSB to release 50% of the Award to EKICSB and the remaining 50% to be deposited into a stakeholder's account pending conclusion of the Piling Contract arbitration. The payment was made to EKICSB on 31 December 2019.

The parties continue with the Piling Dispute arbitration, fixed for further hearings on 23, 24 and 26 March 2020.

Meanwhile, EKICSB contested that RMSB's Piling Contract arbitration is time barred and requested to refer the issue to the High Court for its determination with RMSB reserving its rights to oppose. The hearing for the application was rescheduled a few times due to Movement Control Order (MCO). A few attempts were made to resolve the dispute amicable via a settlement route but to no avail.

On 11 September 2020, the High Court decided that RMSB's claim is not time-barred and therefore, EKICSB's application is dismissed, with cost of RM10,000. Therefore, the Piling Contract Arbitration proceedings will continue.

EKICSB's subsequent appeals to Court of Appeal and Federal Court were both dismissed on 25 April 2022 and 12 January 2023, respectively.

The arbitration proceedings concluded on 26 May 2023. There were few difference with the notes of proceeding agreed between the parties and the notes of the arbitrator. The arbitrator has gone through the notes and suggested to make some amendments to the parties' notes. In view of this, the submissions cannot be finalised and thus the final dates for submissions are fixed on 6 May 2024 and 6 June 2024 respectively.

Solicitor's Opinion : RMSB's solicitors are of the view that RMSB has good chance of success in the Piling Contract arbitration and thus will be able to recover its costs incurred for the rectification works.
