A. Explanatory Notes Pursuant to Malaysian Financial Reporting Standard 134 (“MFRS 134”)

A1. Basis of Preparation

The financial statements of the Group have been prepared in accordance with Malaysian Financial Reporting Standards (“MFRSs”), International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia and should be read in conjunction with the audited financial statements for the financial year ended 30 September 2019.

The following are accounting standards, amendments and interpretations that have been issued by the Malaysian Accounting Standards Board (“MASB”) and have been adopted by the Group:

MFRSs, Interpretations and amendments effective for annual periods beginning on or after 1 January 2019

- MFRS 16, *Leases*
- IC Interpretation 23, *Uncertainty over Income Tax Treatments*
- Amendments to MFRS 3, *Business Combinations (Annual Improvements to MFRS Standards 2015-2017 Cycle)*
- Amendments to MFRS 9, *Financial Instruments – Prepayment Features with Negative Compensation*
- Amendments to MFRS 11, *Joint Arrangements (Annual Improvements to MFRS Standards 2015-2017 Cycle)*
- Amendments to MFRS 112, *Income Taxes (Annual Improvements to MFRS Standards 2015-2017 Cycle)*
- Amendments to MFRS 119, *Employee Benefits – Plan Amendment, Curtailment or Settlement*
- Amendments to MFRS 123, *Borrowing Costs (Annual Improvements to MFRS Standards 2015-2017 Cycle)*
- Amendments to MFRS 128, *Investments in Associates and Joint Ventures – Long-term Interests in Associates and Joint Ventures*

MFRSs, interpretations and amendments effective for annual periods beginning on or after 1 June 2020

- Amendment to MFRS 16, *Leases – Covid-19-Related Rent Concessions*

The initial application of the accounting standards, amendments or interpretations is not expected to have any material financial impact to the current period and prior period financial statements of the Group except as mentioned below:

MFRS 16, *Leases*

MFRS 16 replaces the guidance in MFRS 117, *Leases*, IC Interpretation 4, Determining whether an Arrangement contains a Lease, IC Interpretation 115, Operating Leases – Incentives and IC Interpretation 127, Evaluating the Substance of Transactions Involving the Legal Form of a Lease.

MFRS 16 introduces a single, on-balance sheet lease accounting model for lessees. A lessee recognises a right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligations to make lease payments. There are recognition exemptions for short-term leases and leases of low-value items. Lessor accounting remains similar to the current standard which continues to be classified as finance or operating lease.

The right-of-use asset is depreciated in accordance with the principles in MFRS 116 *Property, Plant and Equipment* and the lease liability is accreted over time with interest expenses recognised in the income statement.

A. Explanatory Notes Pursuant to Malaysian Financial Reporting Standard 134 (“MFRS 134”) (continued)

On the date of initial application, the Group applied the modified retrospective approach and did not restate comparative amounts for the period prior to first adoption. The impact of adopting MFRS 16 to opening balances are as follows:

Balance sheet

Impact of adopting MFRS 16 at 1 October 2019:

	RM'000
Right-of-use assets	11,205
Lease liabilities	(7,521)
Property, plant and equipment	(4,990)
Borrowings	1,346
Prepayment	(40)

The finance lease liabilities were measured at the present value of the remaining lease payments, discounted using the incremental borrowing rate as at 1 October 2019. Right-of-use assets were measured at an amount equal to the lease liabilities, adjusted by the amount of the prepaid or accrued lease payments. Accordingly, there is no impact to the accumulated gains of the Group as at 1 October 2019. On the income statement, expenses which previously included operating lease rental within EBITDA were replaced by interest expenses on lease liabilities and depreciation of the right-of-use assets. On the statement of cash flows, operating lease rental outflows previously recorded within “net cash flows from operating activities” were reclassified as “net cash flows used in financing activities” for repayment of principal and interest of lease liabilities.

A2. Auditors’ Report on Preceding Annual Financial Statements

There was no qualification in the audit report of the preceding annual financial statements.

A3. Seasonality or Cyclical Factors
