The estimated values of transactions are based on the current or estimated contract prices or rates agreed or to be agreed with the suppliers or customers. These prices and rates are negotiated on the normal level of transactions based on reasonable market-competitive prices, or actual cost incurred or to be incurred by the suppliers.

In the event the quotation or comparative pricing from unrelated third parties cannot be obtained (for instance, if there are no unrelated third party vendors/ customers of similar products or services) the transaction price will be determined by and approved based on usual business practices by the respective Board of Directors of both the transacting entities to ensure that the price and terms of the RRPTs are not detrimental to the Group. In addition, the management of the transacting entities shall retain a proper documentation to support the basis in arriving at the relevant transaction prices.

The estimated values are further based on the assumptions that current level of operations will continue and all external conditions remain constant.

The frequency of the transactions will occur with some degree of frequency and could arise at any time.

2.5 REVIEW PROCEDURES FOR RECURRENT RELATED PARTY TRANSACTIONS

Pharmaniaga Group has the following review procedures to ensure that the recurrent related party transactions are based on the normal commercial terms consistent with Pharmaniaga Group's usual business practices and policies, and are undertaken on transaction prices and on terms not more favourable to the Related Parties than those generally available to the public, and are not detrimental to the minority shareholders:

- (a) Pharmaniaga has limits of authority whereby different classes of transactions (based on the nature and amount) including those to be entered into with related parties, will be approved by different authority levels, for example, approval from the Board of Directors for certain transactions above RM1,000,000, approval from the Chief Executive Officer/Executive Committee up to RM1,000,000 and the Head of Division for transactions of RM300,000 and below. The approval process includes the setting up of tender evaluation committees, where necessary;
- (b) Wherever practicable and/or possible, at least two other contemporaneous transactions with unrelated third parties for similar products or services and/or quantities will be used as a comparison to determine whether the prices and terms offered to/by the related parties are fair and reasonable and comparable to those offered to/by other unrelated third parties for the same or substantially similar type of products/ services and/or quantities. This process ensures that Pharmaniaga obtains these items at the best price from the market.
- (c) A register will be maintained to record all recurrent related party transactions which are entered into pursuant to the shareholders' mandate;
- (d) All companies within the Group shall only enter into recurrent related party transactions after being satisfied that the pricing, level of service, quality of products are comparable to market and industry standards;
- (e) The annual internal audit plan shall include the review of all recurrent related party transactions entered into pursuant to the shareholders' mandate to ensure that the relevant approvals have been obtained and the review procedures in respect of such transactions are adhered to;
- (f) The Audit Committee of the Company (Audit Committee) will undertake periodic review of at least twice a year on all past recurrent related party transactions and in their review of such transactions, the Audit Committee may, as they deem fit, request for additional information pertaining to the transactions from independent sources or advisers; and

- (g) If a member of the Audit Committee has an interest, both direct and indirect, in any particular transaction, he or she will abstain from any deliberations (though may be requested to provide relevant information to the other Audit Committee members) and also abstain from voting on the matter at the Audit Committee meeting.

If after the review, the Audit Committee is of the opinion that the review procedures mentioned above are no longer sufficient to ensure all recurrent related party transactions are carried out on terms not more favourable to the Related Parties than those available to the public, and are not detrimental to the minority shareholders, it shall introduce new review procedures to be imposed on all recurrent related party transactions. However, to ensure its independence, the Audit Committee will not be involved in approving any transactions.

- (h) Tracking of the value of Related Party Transaction or Recurrent Related Party Transactions shall be done for the purpose of disclosure in the Integrated Report. Where the transaction value exceeds 10% or more of the mandated amount, the respective Head of operating units is responsible to notify and provide explanation to Group Secretarial so that immediate announcement to Bursa Malaysia can be made.
- (i) For Recurrent Related Party Transactions that are not included in the mandate but are expected to exceed percentage ratio of 1% or RM1 million (whichever is the higher) in a 12 months period, respective Head of operating units is responsible to track transaction values for immediate announcement to Bursa Malaysia.
- (j) The Group Finance shall compile the quarterly RRPT information for reporting to the Audit Committee.

2.6 DISCLOSURE

Disclosure will be made on the breakdown of the aggregate value of transactions conducted pursuant to the Proposal during the financial year in the Company's Integrated Report 2022 and in the integrated reports for the subsequent financial years that the shareholders' mandate continues to be in force.

Paragraph 3.1.5 of Practice Note 12 states that in making the disclosure of the aggregate value of Recurrent Related Party Transactions conducted pursuant to the Mandate in a listed issuer's integrated report, a listed issuer must provide a breakdown of the aggregate value of the Recurrent Related Party Transactions made during the financial year, amongst others, based on the following information:

- (a) the type of the Recurrent Related Party Transactions made; and
- (b) the names of the Related Parties involved in each type of the Recurrent Related Party Transactions made and their relationship with the listed issuer.

3 STATEMENT BY AUDIT COMMITTEE

The Audit Committee of the Company has seen and reviewed the procedures mentioned in Paragraph 2.5 above and is satisfied that:

- (a) the Group has in place adequate procedures and processes to monitor, track and identify recurrent related party transactions in a timely and orderly manner and these procedures and processes are reviewed as and when required; and
- (b) the procedures above are sufficient to ensure the terms of the recurrent related party transactions are fair, reasonable and on normal commercial terms, are not more favourable to the Related Parties than those generally available to the public and the recurrent related party transactions are not detrimental to the minority shareholders and are in the best interest of the Group.

4 RATIONALE AND BENEFITS

4.1 RATIONALE FOR THE PROPOSAL

The Proposal is intended to enhance the Group's ability to pursue business opportunities, which are time-sensitive in nature, and will eliminate the need to announce, or to convene separate general meetings on each occasion to seek shareholders' prior approval for the entry by the relevant company in the Group into such transactions. This will substantially reduce the expenses associated with the convening of the general meetings on an ad hoc basis, improve administrative efficacy considerably, and allow manpower resources and time to be channeled towards attaining other corporate objectives.

4.2 BENEFITS TO THE PHARMANIAGA GROUP FROM TRANSACTING WITH THE RELATED PARTIES

The Recurrent Related Party Transactions entered into by the Pharmaniaga Group are intended to meet business needs at the best possible terms. The Pharmaniaga Group should be able to have access to all available markets and products and services provided by all vendors including its Related Parties. Transacting with its Related Parties also enhances the ability to explore beneficial business opportunities within the Pharmaniaga Group, which will be of benefit to all the companies within the Pharmaniaga Group.

In most instances, companies within the Pharmaniaga Group have a better understanding of each other's business needs, thus providing a platform where all parties can benefit from relatively cheaper transaction costs considering that certain procedures like the supplier pre-qualification procedures, need to be as extensive as if the transactions are conducted with independent third parties.

In respect of the provision of travelling services and provision of corporate and administrative support services to Pharmaniaga Group by Related Parties, the Group can expect prompt and better services than other independent service providers in addition to relatively cheaper costs.

The Proposal is subject to and conditional upon approval of the shareholders of Pharmaniaga at the forthcoming AGM.

7. Astrazeneca Sdn Bhd

Pharmaniaga Berhad's wholly owned subsidiary, Pharmaniaga Lifescience Sdn Bhd ("PLS") was served with the Writ Summon & Statement of Claim by way of a class action in respect of among others, adverse effect of the COVID-19 vaccine. PLS has appointed Messrs Zul Rafique & Partners ("ZRP") to represent PLS in the said class action. It is to note that there was no amount pleaded in the Statement of Claim.

We have been advised by ZRP to request for Further and Better Particulars and Production of Documents from the Plaintiffs' solicitor, after consultation and mutual agreement with the solicitors of other Defendants. Pursuant thereto, ZRP had issued letter to the Plaintiffs' solicitor for Further and Better Particulars and Production of Documents and filed Notice to Produce Documents Referred to in Pleadings to court on 27 January 2023. Plaintiff's solicitor has responded by enclosing the particulars and/or documents requested by the Defendants but the same is found to be lacking.

In light of the above, we have been advised by ZRP to apply for a discovery of documents prior to filing our Defence and to include an "unless order" (which would result in the striking out of the Plaintiffs' claim in the event the Plaintiffs fail to comply with the discovery order). The Executive Committee of Pharmaniaga Berhad has given its mandate on 11 April 2023 to proceed with the discovery of documents application and "unless order" against the Plaintiffs. The case has been fixed for Case Management on 15 May 2023 for Defendants to file Defence.
