The Group recorded revenue of RM15.68 million for the current financial quarter ended 31 March 2021 ("Q1 2021"), a decrease of 3.2% as compare to the same quarter ended 31 March 2020 ("Q1 2020"). The decrease was mainly due to the temporary suspension of business ordered by Ministry of Health (MOH) to implement the mitigating steps to contain the spread of COVID-19 at the premises as some of the employees have been tested positive on 11 January 2021.

The Group's revenue was derived from the design and development, manufacturing as well as marketing and sales of office furniture, bedroom furniture, living room furniture as well as other types of furniture. Middle East was the largest market contributing to the Group's revenue accounting for approximately 74.00% of the total revenue in current financial quarter.

The Group registered a PBT of RM1.64 million in Q1 2021 as compared to RM2.41 million in Q1 2020. Lower PBT recorded in Q1 2021 was mainly due to the production and shipment of furniture were interrupted by a production halt from 11 January 2021 to 23 January 2021. The COVID-19 related production interruptions have resulted a substantial drop in number of production days during the financial quarter under review.

B2. COMPARISON WITH IMMEDIATE PRECEDING QUARTER RESULTS

	INDIVIDUAL QUARTER		CHANGES	
	Current Year	Preceding Quarter	RM'000	%
	Quarter	Quarter		
	31.03.2021	31.12.2020		
RM'000	RM'000	RM'000	%	
Revenue	15,679	15,335	344	2.24
PBT	1,637	1,669	(32)	(1.92)

The Group recorded revenue of RM15.68 million in Q1 2021 as compared to RM15.34 million in Q4 2020, an increase of RM0.34 million during current financial quarter.

The increase of revenue was due to some of the container's shortage issues have been resolved in Q1 2021. However, the production halt has caused the shipment of furniture interrupted again in Q1 2021.

The lower production level against a relatively fixed labour and factory overhead costs, couple with the incidental costs for the COVID-19 screening had resulted in a lower profit of RM0.03 million for the current reporting quarter compared to RM1.67 million in the previous reporting quarter.

B3. PROSPECT AND OUTLOOK FOR THE CURRENT FINANCIAL YEAR

Ready-to-assemble (RTA) furniture products have become increasingly popular as people will prefer online shopping to avoid crowded area. RTA furniture products are more suitable to online sales compared to assembled furniture products. Assembled furniture is bulky and it caused the storage cost and transportation cost is much higher compare to RTA furniture products. Compared to assembled furniture products, transport companies will prefer RTA furniture products because are easier to handle as they are in flat pack format.

A wholly owned subsidiary, Elisa Home Sdn Bhd has been set up to cater to the demands for online sales in the local market. The official website of Elisa Home has been successfully launched to public on 16 April 2021. This is the first time that the Group is involved in conducting B2C e-commerce business. The Group believes that the new marketing B2C strategy is the business trend in coming years.

The building plan for Factory C has been approved by the Majlis Perbandaran Muar on 2nd May 2021. We expect the construction works to commence in July 2021 and the Factory C will be completed approximately by July 2022. Currently, our total annual production capacity is 393,165 units. With the addition of Factory C, our annual production capacity is expected to increase to approximately 730,169 units.

With the increasing production capacity, the Group is now focused in driving more research and development activities in enhancing our products to better suit the needs of our customers. The Group businesses will continue with their business plans to expand market coverage and product range and at the same time, remain vigilant and responsive to market changes.

In addition, the Board will continue to monitor the status and progress of COVID-19 and will regularly review the performance and progress of the Group's operations and financial performance as well as introduce measures to minimise its operating costs, if required. The Board expects that the Group's prospects for the financial year ending 31 December 2021 to be challenging but satisfactory.
