PART B: EXPLANATORY NOTES PURSUANT TO APPENDIX 9B OF THE LISTING REQUIREMENT OF BURSA MALAYSIA SECURITIES BERHAD

B 1. Review of performance

	RM '000	RM '000	RM '000	%
Revenue	409,852	296,165	113,687	38.4
Gross profit	20,276	17,890	2,386	13.3

(Loss)/Profit after tax	(426)	3,007	(3,433)	(114.2)

1Q2025 vs 1Q2024

The Group's 1Q2025 revenue increased by 38.4% year-on-year ("y-o-y") to RM409.9 million from RM296.2 million in 1Q2024. The revenue growth was chiefly driven by newly added segment metal recycling contributing RM187.2 million or 45.7%. The wholesale segment remained the primary revenue contributor, representing 52.2% million or RM214.0 million, followed by the metal recycling segment. Additionally, revenue from rental segment accounted for 1.2% or RM4.8 million, while manufacturing contributed the remaining 0.9% or RM3.8 million.

In 1Q2025 gross profit ("GP") experienced a y-o-y increase of 13.3% to RM20.3 million from RM17.9 million in 1Q2024. However, the GP margin decreased by 1.1% percentage point to 4.9% in 1Q2025, compared to 6.0% in 1Q2024. The drop in GP margin was mainly due to reduced selling prices, driven by intensified market competition amid current volatility and slowdown in domestic market demand.

During the current quarter under review, the Group recorded other income of RM1.1 million (1Q2024; RM3.0 million) primarily derived from gain on disposal of property, plant and equipment (RM0.9 million) and late payment charges (RM0.2 million). Administrative and general expenses amounted to RM11.8 million (1Q2024; RM10.3 million), largely comprising staff costs, depreciation as well as selling and distribution expenses. In addition, the Group recorded a net impairment loss on trade receivables amounting to RM4.1 million (1Q2024; RM1.6 million). This was premised upon the Group's adoption of allowance matrix to assess the expected credit loss of trade receivables and thereafter taking into account recovery of specific impairments.

Overall, the Group registered a loss before tax of RM0.1 million in 1Q2025, compared with profit before tax of RM4.2 million in 1Q2024. The loss was mainly due to a decrease in other income, higher administrative and general expenses and net impairment loss on trade receivables Correspondingly, the Group reported a loss after tax of RM0.4 million in 1Q2025 as compared to profit after tax of RM3.0 million in 1Q2024.

B 2. Comparison with immediate preceding quarter results

	Current Quarter 30.06.2024	Preceding Quarter 31.03.2024	Changes	
	RM '000	RM '000	RM '000	%
Revenue	409,852	478,247	(68,395)	(14.3)
Gross profit	20,276	21,619	(1,343)	(6.2)
(Loss)/profit before				
tax	(136)	2,744	(2,880)	(105.0)
(Loss)/profit after tax	(426)	972	(1,398)	(143.8)

The Group posted a decrease of 14.3% and 6.2% in revenue and gross profit respectively. This was mainly due to the softening market demand and intensified market competition.

Overall, the Group registered a loss before tax of RM0.1 million in 1Q2025, compared with profit before tax of RM2.7 million in 4Q2024. The loss was mainly due to increase in impairment loss on trade receivables to RM4.1 million, compared to RM1.4 million in the preceding quarter. Additionally, a decrease in rental income from investment properties by RM1 million also contributed to the losses incurred. Correspondingly, the Group's reported a loss after tax of RM0.4 million for the current financial quarter as compared to profit after tax of RM1 million in 4Q2024.

B 3. Prospects

Despite Malaysia's improving economic sentiments and an expanding construction sector in the first half of 2024, Unitrade has faced challenges affecting its overall performance, including lower selling prices, extended collection periods, and subdued market demand. While the industry is poised to benefit from mega infrastructure projects and property market revitalisation, these factors have yet to significantly translate into increased demand for building materials products.

To navigate these challenges, Unitrade is channelling its strategic efforts to expand and diversify its product range and services, including greater emphasis on business that directly promotes sustainability, i.e., the Group's metal recycling and renewable energy businesses. Expanding the metal recycling segment is a key focus in order to solidify its upstream position in the steel value chain, given that recycling activities contribute to overall decarbonisation efforts. Additionally, Unitrade's earlier venture into solar product distribution is expected to benefit from the growing sustainable building and infrastructure needs, as well as Malaysia's large-scale renewable energy projects.

PART B: EXPLANATORY NOTES PURSUANT TO APPENDIX 9B OF THE LISTING REQUIREMENT OF BURSA MALAYSIA SECURITIES BERHAD (CONTINUED)

B 3. Prospects (continued)

Meanwhile, Unitrade's manufacturing and sale of pre-insulated pipes segment is poised for growth with the setting up of a pipe fabrication centre, featuring a robotic arm and painting shop with epoxy powder coating line. This setup provides end-to-end, high-precision pipe solutions with a durable, corrosion-resistant finish, which is critical to semiconductor and data centre facility constructions. Moreover, the Group's rental division is expanding to focus on temporary structural support equipment and modular housing solutions, addressing the industry's demand for cost-effective and ethical worker accommodations.

Fundamentally, the multi-faceted usages of building materials throughout the lifecycle of buildings and infrastructures ensure sustained demand for the Group's products, spanning from new construction projects to refurbishment and retrofitting, as well as repair and maintenance works.

On balance, Unitrade remains cautiously optimistic about the Group's long-term prospects. The Group is focused on executing strategic initiatives, enhancing collection strategies, and prioritising sustainable growth to improve overall performance as broader market conditions strengthen.

INTERIM FINANCIAL REPORT FOR THE FIRST QUARTER ENDED 30 JUNE 2024

PART B: EXPLANATORY NOTES PURSUANT TO APPENDIX 9B OF THE LISTING REQUIREMENT OF BURSA MALAYSIA SECURITIES BERHAD (CONTINUED)

B 10. Material litigations

On 9 January 2024, one of the subsidiaries, Unitrade United Sdn Bhd ("Plaintiff"), filed a Writ of Summons together with the Statement of Claim at the High Court of Malaya at Georgetown against Sequoia Sheet Piles Sdn Bhd and Lye Jit Wei("Defendant").

The circumstances leading to the filing of the Writ of Summons together with the Statement of Claim were that Defendant has failed to settle the outstanding sums of RM1,581,747.01, and should the Defendant fail to return the sheet piles, then the Defendant has to repay an additional amount of RM3,383,543 to the Plaintiff. Subsequently, a sealed order for Judgment in Default has been obtained from the court and extracted.

The outstanding amount was been fully impaired in financial year 2024, and the sheet piles were similarly written off.

The Group does not intend to pursue the case further, as the potential recovery of the debt owed by the Defendants is unlikely and would not justify the additional costs to be incurred by the Plaintiff.

There are no other litigations or arbitrations that have a material effect on the financial position of the Group.

B 11. Dividends

No interim dividend has been declared in the financial period ended 30 June 2024.

Diluted earnings per ordinary share

The calculation of diluted earnings per ordinary share was based on profit attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding after adjustment for the effects of all dilutive potential ordinary shares.

There were no potential dilution effects on ordinary shares of the Group for the current and previous financial years. Accordingly, the diluted earnings per ordinary share for the current and previous years are equal to the basic earnings per ordinary share.
