B1. REVIEW OF PERFORMANCE

For the period ended 30 June 2020, the Trust recorded a cumulative rental income of RM40.8 million as against preceding corresponding period of RM47.9 million. The major decrease in rental income was mainly due to the decrease in income at Vista Tower and Dana 13. The Covid-19 pandemic and the resulting Movement Control Order (MCO) imposed by the Government of Malaysia also has contributed to the drop of revenue. In this regard, the Trust has provided rental assistance or relief for the affected tenants. Interest income and other income drop to RM0.39 million, a decrease of 32.8% compared with the cumulative preceding quarter.

A total of RM9.3 million was incurred for property expenses during cumulative quarter, an increase of 7.3% as compared to the preceding corresponding period. The increase of the expenses was mainly due to higher property expenses incurred at Dana 13 following the change of lease arrangement earlier this year. The net property income were recorded lower at RM31.6 million in comparison to the cumulative preceding quarter of RM39.3 million resulting from lower rental income and rental assistance or relief provided to affected tenants due to Covid-19 pandemic.

On the other hand, total cumulative non-property expenses for the period fell to RM18.7 million mainly underpinned by lower borrowing cost from RM16.9 million in 2019 to RM14.1 million in 2020 due to the settlement of Affin Term Loan and the decrease in the Overnight Policy Rate (OPR) to 2.0% from 3.0%.

For the cumulative quarter under review, net income drop by 26.4% to RM13.3 million from RM18.0 million mainly due to lower rental income and rental assistance provided to affected tenants due to Covid-19 pandemic.

Gearing ratio was 43.86%, increased from last quarter of 43.62% and well below the regulatory limit of 50.0%.
