# B3 Prospect and Outlook for the Current Financial Year

As disclosed in the Prospectus of the Company dated 21 June 2022, besides continually focusing on its core competencies and markets, the Group will implement the following business strategies and plans:

- (a) to establish new fabrication facility and office in Indonesia; and
- (b) to expand its environmental and energy efficiency business.

According to Bank Negara Malaysia, Malaysia's economy is projected to expand with real gross domestic product between 5.3% and 6.3% in 2022, underpinned by continued expansion in external demand, full upliftment of containment measures, reopening of international borders, and a further improvement in labour market conditions. The recovery of Malaysia's economy will be supported by eight economic stimulus packages provided by the Malaysian government with a total allocation of RM530 billion.

The development in the Indonesia economy, moving forward, including the agriculture industry will be dependent on the effectiveness of the management of the COVID-19 pandemic, as well as monetary and fiscal policies including the National Economic Recovery Programme introduced by the government of Indonesia with a total allocation of Rp744.75 trillion as at the end of 2020 to support the Indonesia economy during the COVID-19 pandemic.

As disclosed in the Prospectus, the Group has a total unrecognised contract value of RM107.0 million as of 27 May 2022, of which RM70.1 million are expected to be recognised in the financial year ending 31 December 2022. In addition, the Group had tendered for 17 projects with an estimated aggregate value of RM781.0 million, of which 6 projects (with an estimated aggregate value of RM543.1 million) are in advanced stage of negotiation. The outcome of the 17 tendered projects are expected to be known by the fourth quarter of 2022.

The Group remains cautiously optimistic of the performance for the following quarters and will continue to tender and secure new projects to sustain its order book.

#### B4 Variance of Actual Profit from Forecast Profit
