## Who We Are

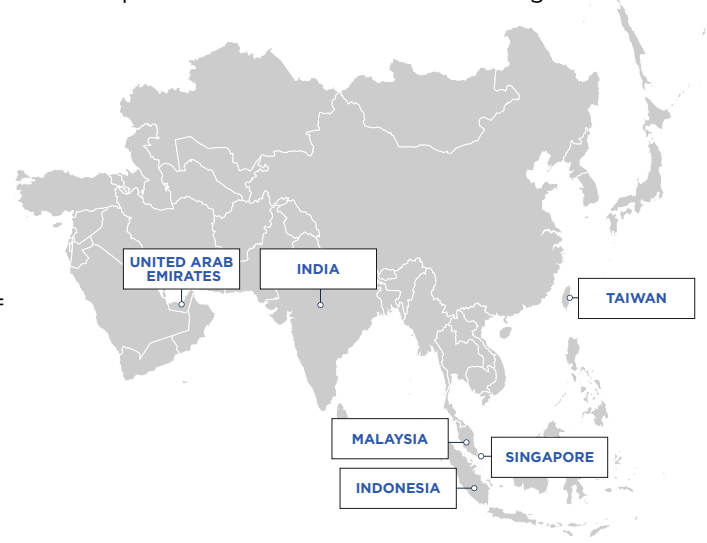

UEM Edgenta is the region's leading Asset Management and Infrastructure Solutions company. We have established our expertise in Healthcare Support and Property & Facility Solutions together with Infrastructure Services covering, but not limited to, Expressways and Rail, including project management & engineering design capabilities via Asset Consultancy.

Today, we have embarked on a vision towards Edgenta of the Future, where we are determined to become a technology-enabled solutions company with a focus on healthcare by 2025; a fundamental shift towards a highly sustainable and future-proof business model.

The adoption of technology and mechanisation in all aspects of our business will be our key differentiator in industries we operate in, where our focus on digital healthcare will be able to provide the market with convenient access to primary healthcare services.
